The annual report of GreenGo Energy M65 K/S for 2024 has been presented in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B.

The Financial Statements for 2024 are presented in DKK.

The accounting policies applied remain unchanged from last year.

General information

Basis of recognition and measurement

Revenues are recognised in the income statement as earned. Furthermore, value adjustments of financial assets and liabilities measured at fair value or amortised cost are recognised. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognized in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

Assets and liabilities are initially measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Recognition and measurement take into account predictable losses and risks occurring before the presentation of the Annual Report which confirm or invalidate affairs and conditions existing at the balance sheet date.

Translation policies

DKK is used as the presentation currency. All other currencies are regarded as foreign currencies.

Transactions in foreign currencies are translated at the exchange rates at the dates of transaction. Exchange differences arising due to differences between the transaction date rates and the rates at the dates of payment are recognised in financial income and expenses in the income statement. Where foreign exchange transactions are considered hedging of future cash flows, the value adjustments are recognised directly in equity.

Receivables, payables and other monetary items in foreign currencies that have not been settled at the balance sheet date are translated at the exchange rates at the balance sheet date. Any

Accounting Policies

differences between the exchange rates at the balance sheet date and the rates at the time when the receivable or the debt arose are recognised in financial income and expenses in the income statement.

Fixed assets acquired in foreign currencies are measured at the transaction date rates.

Income statement

Gross profit/loss

Gross profit or loss comprises revenue, direct costs and external expenses.

The Company has decided to aggregate certain items of the income statement in accordance with the provisions of Section 32 of the Danish Financial Statements Act.

Direct costs

Direct costs comprises electricity cost, insurance, and maintenance that has incurred to achieve the company's net revenue.

External expenses

External expenses include expenses related to distribution, sales, administration, premises etc.

Other financial income and expenses

Other financial income and expenses are recognised in the income statement with the amounts concerning the financial year.

Other financial income and expenses consists of intercompany and bank interests and realised and not realised exchange rate adjustments.

Balance sheet

Property, plant and equipment

Plant and machinery are measured at cost less accrued depreciation and write-down for impairment.

The cost comprises acquisition cost and costs directly associated with the acquisition until the time when the asset is ready for use.

The useful life and residual value are reassessed annually.

Impairment of fixed assets

The carrying amount of property, plant and equipment is subject to an annual test for indications of impairment other than the decrease in value reflected by depreciation or amortisation.

Write-down is made to the recoverable amount if this is lower than the carrying amount.

Accounting Policies

Receivables

Receivables are measured at amortised cost, which usually corresponds to nominal value. In order to meet expected losses, they are written down for impairment to the net realisable value.

Cash and cash equivalents

Cash and cash equivalents comprise cash at bank.

Equity

Equity comprises the working capital and a number of equity items that may be statutory or stipulated in the articles of association.

Other payables

Other payables are measured at amortized cost, which usually corresponds to the nominal value.
