**STATEMENT OF FINANCIAL POSITION (CONTINUED)**  
**AS AT 31 DECEMBER 2021**

---

The Company has taken advantage of section 444(1) of the Companies Act 2006 and opted not to deliver to the registrar a copy of the company's Profit and Loss Account and Director's report. The directors consider that the Company is entitled to exemption from audit under section 477 of the Companies Act 2006 and members have not required the Company to obtain an audit for the year in question in accordance with section 476 of the Companies Act 2006.

The directors acknowledge their responsibilities for complying with the requirements of the Companies Act 2006 with respect to accounting records and the preparation of financial statements.

The Company's financial statements have been prepared in accordance with the provisions applicable to companies subject to the small companies regime.

The financial statements were approved and authorised for issue by the board and were signed on its behalf on 30 June 2022.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

---

**1. General information**

SHL Product Limited ("the Company") (registered number 06549573) provides solutions for clients as they assess candidates when making hiring decisions (talent acquisitions) and current employees to make talent development, promotion and restructuring decisions (Talent Mobility).

SHL Product Limited is a private company limited by shares, incorporated in England with its Registered Office being The Pavilion, 1 Atwell Place, Thames Ditton Surrey, KT7 ONE, UK. The Company is a wholly owned subsidiary of SHL International Management Limited and the Ultimate Parent Company being SHL Global Management Limited (the "Group" or "the SHL Group").

**2. Accounting policies****2.1 Basis of preparation of financial statements**

The financial statements have been prepared under the historical cost convention unless otherwise specified within these accounting policies and in accordance with Financial Reporting Standard 102, the Financial Reporting Standard applicable in the UK and the Republic of Ireland and the Companies Act 2006.

The preparation of financial statements in compliance with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise judgment in applying the Company's accounting policies (see note 3).

The following principal accounting policies have been applied:

**2.2 Financial reporting standard 102 - reduced disclosure exemptions**

The company has taken advantage of the following disclosure exemptions in preparing these financial statements, as permitted by the FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland":

- the requirements of Section 7 Statement of Cash Flows;
- the requirements of Section 3 Financial Statement Presentation paragraph 3.17(d);
- the requirements of Section 11 Financial Instruments paragraphs 11.42, 11.44 to 11.45, 11.47, 11.48(a)(iii), 11.48(a)(iv), 11.48(b) and 11.48(c);
- the requirements of Section 12 Other Financial Instruments paragraphs 12.26 to 12.27, 12.29(a), 12.29(b) and 12.29A;
- the requirements of Section 26 Share-based Payment paragraphs 26.18(b), 26.19 to 26.21 and 26.23;
- the requirements of Section 33 Related Party Disclosures paragraph 33.7.

This information is included in the consolidated financial statements of SHL Global Holdings 2 Limited as at 31 December 2021 and these financial statements may be obtained from 1 Atwell Place, Thames Ditton, Surrey, KT7 ONE, UK.

**2. Accounting policies (continued)****2.3 Going concern**

The Directors have prepared cash flow forecasts for the Group for a period through to 31 December 2023. These forecasts reflect an assessment of current and future market conditions and their impact on the Group's future trading performance. The Directors have considered sensitivities to this forecast trading performance.

On the basis of the exercise described above and the Group's available committed borrowing facilities, the Directors consider that the Group and Company have adequate resources to continue in operational existence and support its growth and investment plans for a period of at least 12 months from the date of signing of these accounts.

SHL Global Holdings 2, one of the wholly owned subsidiaries of the Group, provides a guarantee on all outstanding liabilities (Note 12) of its UK subsidiaries as at 31 December 2021, which include SHL Product Limited. On this basis, the Directors consider that the Company has adequate resources to continue in operational existence for the foreseeable future. Accordingly, the directors are adopting a going concern basis in preparing the financial statements of the Company.

**2.4 Foreign currency translation****Functional and presentation currency**

The Company's functional and presentational currency is Euros and rounded to the nearest thousand. The functional currency of each of the branches is as follows: Finland (Euro), Sweden (Swedish Krona), Denmark (Danish Krona) and Abu Dhabi (AED).

**Transactions and balances**

Foreign currency transactions are translated into the functional currency using the spot exchange rates at the dates of the transactions.

At each period end foreign currency monetary items are translated using the closing rate. Non-monetary items measured at historical cost are translated using the exchange rate at the date of the transaction and non-monetary items measured at fair value are measured using the exchange rate when fair value was determined.

**2. Accounting policies (continued)****2.5 Revenue**

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured as the fair value of the consideration received or receivable, excluding discounts, rebates, value added tax and other sales taxes.

Turnover in the profit and loss account represents the value of goods and services provided to external clients net of VAT and trade discounts. Turnover is recognised as follows in accordance with Section 23 of FRS 102:

Unit usage product revenue: revenue from web-based unit sales is recognised on usage.

Subscriptions and Licence fees: subscription and licence contracts provide access to use of the Group's on-line offering, generally for a period of 12 months. Revenue from these contracts is recognised on a straight line basis over the life of the contract, which best reflects the usage pattern by the client and satisfaction of the performance obligations in the contract.

Professional Services revenue: includes consulting, training and outsourced assessment revenue. Consulting revenue is recognised over the life of the project according to the stage of completion. In some cases, clients receive access to a defined number of consulting days when they purchase units or a subscription contract. In this situation the consulting revenue is recognised when the consultant performs the work. Training revenue is recognised on delivery of the training to the client. Outsourced assessment revenue is recognised over the life of the project according to the stage of completion

Non-unit usage product revenue: non-unit usage product revenue includes sales of paper and pencil and PC based products. Revenue from these sales is recognised on delivery to the customer

**2.6 Leases : the Company as lessee**

Rentals under operating leases are charged on a straight line basis over the lease term, even if the payments are not made on such a basis. Benefits received and receivable as an incentive to sign an operating lease are similarly spread on a straight line basis over the term of the lease.

Leases of fixed assets, where substantially all the risks and benefits associated with the ownership of the asset are transferred to the Company, are classified as finance leases. Finance leases are capitalised, recording an asset and a liability equal to the present value of the minimum lease payments, including any guaranteed residual value. Leased assets are amortised over their estimated useful lives. Lease payments are allocated between the reduction of the lease liability and the lease interest expense for the period.

Leases have been recognised in accordance with Section 20 of FRS 102.

**2.7 Impairment of non-financial assets**

The Company assesses at each reporting date whether an asset may be impaired. If any such indication exists the Company estimates the recoverable amount of the asset. The recoverable amount of an asset is the higher of its fair value less costs to sell and its value in use. If the recoverable amount is less than its carrying amount, the carrying amount of the asset is impaired and is reduced to its recoverable amount through an impairment in profit and loss.

An impairment loss recognised is only reversed in a subsequent period if the reasons for the impairment loss have ceased to apply. A reversal of an impairment loss is recognised in profit and loss.

**NOTES TO THE FINANCIAL STATEMENTS  
FOR THE YEAR ENDED 31 DECEMBER 2021**

---

**2. Accounting policies (continued)****2.8 Interest income**

Interest income is recognised in profit or loss using the effective interest method.

**2.9 Finance costs**

Finance costs are charged to profit or loss over the term of the debt using the effective interest method so that the amount charged is at a constant rate on the carrying amount. Issue costs are initially recognised as a reduction in the proceeds of the associated capital instrument.

**2.10 Pensions****Defined contribution pension plan**

The Company operates a defined contribution plan for its employees. A defined contribution plan is a pension plan under which the Company pays fixed contributions into a separate entity. Once the contributions have been paid the Company has no further payment obligations.

The contributions are recognised as an expense in profit or loss when they fall due. Amounts not paid are shown in accruals as a liability in the Statement of Financial Position. The assets of the plan are held separately from the Company in independently administered funds.

**2.11 Taxation**

Tax is recognised in profit or loss except that a charge attributable to an item of income and expense recognised as other comprehensive income or to an item recognised directly in equity is also recognised in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of tax rates and laws that have been enacted or substantively enacted by the reporting date in the countries where the Company operates and generates income.

Deferred tax balances are recognised in respect of all timing differences that have originated but not reversed by the Statement of Financial Position date, except that:

- The recognition of deferred tax assets is limited to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits; and
- Any deferred tax balances are reversed if and when all conditions for retaining associated tax allowances have been met.

Deferred tax balances are not recognised in respect of permanent differences except in respect of business combinations, when deferred tax is recognised on the differences between the fair values of assets acquired and the future tax deductions available for them and the differences between the fair values of liabilities acquired and the amount that will be assessed for tax. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted by the reporting date.

**2.12 Tangible fixed assets**

Tangible fixed assets under the cost model are stated at historical cost less accumulated depreciation and any accumulated impairment losses. Historical cost includes expenditure that is directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management.

**2. Accounting policies (continued)****2.12 Tangible fixed assets (continued)**

Depreciation is charged so as to allocate the cost of assets less their residual value over their estimated useful lives, using the straight-line method.

Depreciation is provided on the following basis:

Leasehold improvements	- Over the remaining life of the lease
Fixtures and fittings	- Between 3 to 5 years

The assets' residual values, useful lives and depreciation methods are reviewed, and adjusted prospectively if appropriate, or if there is an indication of a significant change since the last reporting date.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss.

Equipment and fixtures includes office equipment, furniture, fittings, computer equipment and computer software, which excludes internally developed software.

**2.13 Cash and cash equivalents**

Cash is represented by cash in hand and deposits with financial institutions repayable without penalty on notice of not more than 24 hours. Cash equivalents are highly liquid investments that mature in no more than three months from the date of acquisition and that are readily convertible to known amounts of cash with insignificant risk of change in value.

**2.14 Financial instruments**

The Company only enters into basic financial instrument transactions that result in the recognition of financial assets and liabilities like trade and other debtors and creditors, loans from banks and other third parties, loans to related parties and investments in ordinary shares.

Short-term debtors and creditors

Debtors and creditors with no stated interest rate and receivable or payable within one year are recorded at transaction price, any losses arising from impairment are recognised in the profit and loss in other operating expenses.

**3. Judgments in applying accounting policies and key sources of estimation uncertainty**

The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

**4.1 Judgements**

The most significant judgements made by management in the process of applying the Company's accounting policies relate to the measurement of the stage of completion of certain professional services project work, where project milestones may be used to recognise revenue. Management believe the resulting revenue recognised is not materially different from the revenue that would be recognised using a percentage completion approach.

**4.2 Assumptions and estimation uncertainty**

Information is provided below about the assumptions and other sources of estimation uncertainty that could have the greatest risk of resulting in material adjustments to the carrying value of assets or liabilities in the next financial year.

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

**Impairment of non-financial assets**

Where there are indicators of impairment of individual assets, the Company performs impairment tests based on fair value less costs to sell or a value in use calculation. The fair value less costs to sell calculation is based on available data from binding sales transactions in an arm's length transaction on similar assets or observable market prices less incremental costs for disposing of the asset. The value in use calculation is based on a discounted cash flow model. The recoverable amount is most sensitive to the discount rate used for the discounted cash flow model as well as the expected future cash flows and growth rate used for extrapolation purposes.

**4. Pension Scheme**

The Company operates a number of defined contribution pension schemes. The cost of the schemes for the year ended 31 December 2021 was €175,525 (2020: €168,000). At 31 December 2021 and 2020, there were no accruals in respect of pension contributions.
