Management's Statement

The Executive Board and Board of Directors have today considered and adopted the Annual Report of Thorco Sapphire K/S for the financial year 1 January - 31 December 2018.

The Annual Report is prepared in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the financial position at 31 December 2018 of the Company and of the results of the Company operations for 2018.

We recommend that the Annual Report be adopted at the Annual General Meeting.

Hellerup, 31 May 2019

Executive Board

Thomas Nørballe Mikkelsen

Board of Directors

Thor Stadil
Chairman

Thomas Nørballe Mikkelsen

Jesper Malik Møller Ringsholm

The Annual General Meeting has decided that the Financial Statements for next year are not to be subject to any audit.

Independent Auditor's Report

To the Limited Partners of Thorco Sapphire K/S

Adverse Opinion

In our opinion, because of the significance of the matter discussed in the Basis for adverse opinion paragraph, the Financial Statements do not give a true and fair view of the financial position of the Company at 31 December 2018 and of the results of the Company's operations for the financial year 1 January - 31 December 2018 in accordance with the Danish Financial Statements Act.

We have audited the Financial Statements of Thorco Sapphire K/S for the financial year 1 January - 31 December 2018, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("the Financial Statements").

Basis for Adverse Opinion

The Company has a significant negative equity. Negotiations with the Company's investors are being conducted about contribution of capital, making financing available for the continued operations of the Company. No binding capital or financing agreements have been entered into. Thus, the assumption that Company is able to continue on a going concern basis is subject to uncertainty.

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants (IESBA Code) and the additional requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our adverse opinion.

Management's responsibilities for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are consi-

Independent Auditor's Report

dered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Equity at 31 December	500,000	-11,433,787	-10,933,787

Notes to the Financial Statements

1 Key activities

The Company's main activity is shipping.

2 Capital resources

The company is financed by group and external loans. In order for the company to continue as a going concern, it must be possible to extend the existing financing agreements and to procure liquidity for continued operations. At this time, no agreements securing continued operations have been made. Consequently, the Company's ability to continue as a going concern, and thus its ability to meet its commitments as they fall due, is subject to uncertainty. Management expects financing to be procured to continue planned activities.

3 Subsequent events

No events materially affecting the assessment of the Annual Report have occurred after the balance sheet date.

	<u>2018</u> USD	<u>2017</u> USD
4 Financial income		
Financial income from group enterprises	54,662	0
Exchange adjustments	<u>85,213</u>	<u>0</u>

Exchange adjustments, expenses	<u>132,968</u>	<u>75,333</u>
	<u>151,431</u>	<u>98,631</u>

Notes to the Financial Statements

6 Long-term debt

Payments due within 1 year are recognised in short-term debt. Other debt is recognised in long-term debt.

The debt falls due for payment as specified below:

	<u>2018</u> USD	<u>2017</u> USD
Credit institutions		
Between 1 and 5 years	0	1,969,857
Long-term part	0	1,969,857
Within 1 year	2,017,554	0
	<u>2,017,554</u>	<u>1,969,857</u>

7 Contingent assets, liabilities and other financial obligations

There are no security and contingent liabilities at 31 December 2018.

8 Related parties

The Company is included in the Group Annual Report of the Parent Company:

<u>Name</u>	<u>Place of registered office</u>
Thornico A/S	Odense, Denmark

Notes to the Financial Statements

9 Accounting Policies

The Annual Report of Thorco Sapphire K/S for 2018 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B as well as selected rules applying to reporting class C.

The accounting policies applied remain unchanged from last year.

Financial Statements for 2018 are presented in USD with exchange rate as at 31 December 2018 - USD 651,94 (31 December 2017 - USD 620,77)

Recognition and measurement

Revenues are recognised in the income statement as earned. Furthermore, value adjustments of financial assets and liabilities measured at fair value or amortised cost are recognised. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortisation and impairment losses.

Assets are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

Assets and liabilities are initially measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Certain financial assets and liabilities are measured at amortised cost, which involves the recognition of a constant effective interest rate over the maturity period. Amortised cost is calculated as original cost less any repayments and with addition/deduction of the cumulative amortisation of any difference between cost and the nominal amount. In this way, capital losses and gains are allocated over the maturity period.

Recognition and measurement take into account predictable losses and risks occurring before the presentation of the Annual Report which confirm or invalidate affairs and conditions existing at the balance sheet date.

Translation policies

Transactions in foreign currencies are translated at the exchange rates at the dates of transaction. Exchange differences arising due to differences between the transaction date rates and the rates at the dates of payment are recognised in financial income and expenses in the income statement. Where foreign exchange transactions are considered hedging of future cash flows, the value adjustments are recognised directly in equity.

Notes to the Financial Statements

9 Accounting Policies (continued)

Receivables, payables and other monetary items in foreign currencies that have not been settled at the balance sheet date are translated at the exchange rates at the balance sheet date. Any differences between the exchange rates at the balance sheet date and the rates at the time when the receivable or the debt arose are recognised in financial income and expenses in the income statement.

Fixed assets acquired in foreign currencies are measured at the transaction date rates.

Income Statement

Revenue

Revenue from sales (chartering income) is recognised in the income statement when the charter is finalised based on the following criteria:

- finalization of the charter before year end
- the charter income has been determined and payment has been received or may with reasonable certainty be expected to be received.

Revenue is recognised exclusive of VAT.

Chartering in progress is recognised at the rate of completion of the charter, which means that revenue equals the charter income from the travelling activity for the year. This method is applied when total revenues and expenses in respect of the charter at the balance sheet date can be measured reliably, and it is probable that the economic benefits, including payments, will flow to the Company.

Vessel operating costs

Vessel operating costs comprise the raw materials and consumables consumed to achieve revenue for the year.

Other external expenses

Other external expenses comprise office expenses, etc.

Gross profit/loss

With reference to section 32 of the Danish Financial Statements Act, revenue has not been disclosed in the Annual Report.

Notes to the Financial Statements

9 Accounting Policies (continued)

Other operating income and expenses

Other operating income and other operating expenses comprise items of a secondary nature to the main activities of the Company, including gain and losses on sale of vessels.

Financial income and expenses

Financial income and expenses are recognised in the income statement at the amounts relating to the financial year.

Tax on profit/loss for the year

The Company is not an independent tax subject, consequently no tax has been included in the annual report.

Balance Sheet

Receivables

Receivables are measured in the balance sheet at the lower of amortised cost and net realisable value, which corresponds to nominal value less provisions for bad debts.

Financial debts

Debts are measured at amortised cost, substantially corresponding to nominal value.

Deferred income

Deferred income comprises payments received in respect of income in subsequent years.
