# Management's Statement

Today the Board of Directors and Management have discussed and approved the Annual Report of K/S Obton REIT Terzo for the financial year 1 January - 31 December 2024.

The Annual Report is presented in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the Company's assets, liabilities and financial position at 31 December 2024 and of the results of the Company's operations for the financial year 1 January - 31 December 2024.

The Management Commentary includes in our opinion a fair presentation of the matters dealt with in the Commentary.

We recommend the Annual Report be approved at the Annual General Meeting.

# The Independent Auditor's Report

To the Partners of K/S Obton REIT Terzo

## Conclusion

We have performed an extended review of the Financial Statements of K/S Obton REIT Terzo for the financial year 1 January - 31 December 2024, which comprise income statement, Balance Sheet, statement of changes in equity and notes, including a summary of significant accounting policies. The Financial Statements are prepared under the Danish Financial Statements Act.

Based on the work performed in our opinion, the Financial Statements give a true and fair view of the Company's financial position at 31 December 2024 and of the results of the Company's operations for the financial year 1 January - 31 December 2024 in accordance with the Danish Financial Statements Act.

## Basis for Conclusion

We conducted our extended review in accordance with the Danish Business Authority's Assurance Standard for Small Enterprises and FSR - Danish Auditors' standard on extended review of Financial Statements prepared in accordance with the Danish Financial Statements Act. Our responsibilities under those standards and requirements are further described in the "Auditor's Responsibilities for the Extended Review of the Financial Statements" section of our report. We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), together with the ethical requirements that are relevant to our audit of the financial statements in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the evidence we have obtained is sufficient and appropriate to provide a basis for our conclusion.

## Management's Responsibilities for the Financial Statements

Management is responsible for the preparation of Financial Statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such Internal control as Management determines is necessary to enable the preparation of Financial Statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

## Auditor's Responsibilities for the Extended Review of the Financial Statements

Our responsibility is to express a conclusion on the Financial Statements. This requires that we plan and perform procedures in order to obtain limited assurance for our conclusion on the Financial Statements and in addition perform specifically required supplementary procedures to obtain further assurance for our conclusion.

An extended review comprises procedures that primarily consist of making inquiries of Management and others within the Company, as appropriate, analytical procedures and the specifically required supplementary procedures as well as evaluation of the evidence obtained.

The procedures performed in an extended review are less than those performed in an audit, and accordingly, we do not express an audit opinion on the Financial Statements.

# The Independent Auditor's Report

## **Statement on the Management Commentary**

Management is responsible for the Management Commentary.

Our conclusion on the Financial Statements does not cover the Management Commentary, and we do not express any form of assurance conclusion thereon.

In connection with our extended review of the Financial Statements, our responsibility is to read the Management Commentary and, in doing so, consider whether the Management Commentary is materially inconsistent with the Financial Statements or our knowledge obtained during the extended review, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management Commentary provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management Commentary is in accordance with the Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in the Management Commentary.

	<b>2.518.958</b>	<b>115.549</b>

## 4 | Financial non-current assets

K/S Lombardo PV Secondo have invested in foreign units. The investments are partly made via deposits in the companies as equity and partly granted as loans to the companies. Equity and loans are considered by K/S Lombardo PV Secondo as a total investment that must provide a total return for the company. The loans granted will be repaid as the underlying companies generate free liquidity, which can either be used as dividends or as repayment of the loans granted.

## 5 | Long-term liabilities

DKK	31/12 2024 total liabilities	Repayment next year	Debt outstanding after 5 years	31/12 2023 total liabilities
Payables to group enterprises	66.283.173	0	3.800	289.400.362
	<b>66.283.173</b>	<b>0</b>	<b>3.800</b>	<b>289.400.362</b>

Payables to group enterprises consists of loans from the company's general partner and loans from K/S Lombardo PV Secondo. The parent company regards the total investment (debt and equity) as a total investment that is repaid as free liquidity is generated in the underlying companies, which can be paid out to the capital owner (the parent company) on the same terms as free equity. Due to the consideration of a total investment, debts to affiliated companies are presented as long-term liabilities.

The loan from the general partner is irrevocable from the lender's side, which is why the debt is listed without installments and with a term of more than 5 years.

## Accounting Policies

The Annual Report of K/S Obton REIT Terzo for 2024 has been presented in accordance with the provisions of the Danish Financial Statements Act for enterprises in reporting class B and certain provisions applying to reporting class C.

The format of the income statement has been adjusted to the Company's activities as a holding Company.

The Annual Report is prepared consistently with the accounting principles applied last year.

### Income Statement

#### Income from investments in subsidiaries

Dividend from subsidiaries is recognised in the financial year in which the dividend is declared. In connection with transfers, potential profits are recognised when the economic rights related to the sold equity interests are transferred, however, at the earliest when the profit has been realised or is regarded as realisable. Moreover, realised losses other than impairments are included where identified.

#### Other external expenses

Other external expenses include cost of administration etc.

#### Financial income and expenses

Financial income and expenses include interest income and expenses, financial expenses of finance leases, realised and unrealised gains and losses arising from securities, debt and transactions in foreign currencies, as well as charges and allowances under the tax-on-account scheme, etc. Financial income and expenses are recognised by the amounts that relate to the financial year. Interest income and expenses are calculated on amortised cost prices.

#### Tax

As the entity is not an independent tax subject, the taxable result of the entity is included in the owner's total income and assets for the financial year. The income taxes for the year are not recognised in the Income Statement.

### Balance Sheet

#### Financial non-current assets

Investments in subsidiaries are measured at cost. If the cost exceeds the net realisable value, this is written down to the lower value.

#### Impairment of fixed assets

The carrying amount of fixed assets are valued on an annual basis for indications of impairment other than that reflected by amortisation and depreciation.

In the event of impairment indications, an impairment test is made for each asset or group of assets, respectively. If the recoverable amount is lower than the carrying amount, the asset is written down to the carrying amount.

The recoverable amount is calculated at the higher of the capital value and the sales value less expected costs of a sale. The capital value is determined as the Company's share in the current value of the net cash flows which the subsidiary is expected to generate through its activities and from sale of assets after the end of their useful lives. A discount rate is used which reflects the risk-free market rate and the owners' minimum return on interest requirements for similar assets. The growth rate in the terminal period is determined in accordance with the standards within the industry.

## Accounting Policies

### **Cash and cash equivalents**

Cash and cash equivalents include cash at bank.

### **Tax payable and deferred tax**

As the entity is not an independent tax subject, the taxable result of the entity is included in the owner's total income and assets for the financial year. The income taxes for the year are not recognised in the Income Statement.

### **Liabilities**

Financial liabilities are recognised at the time of borrowing by the amount of proceeds received less transaction costs. In subsequent periods, the financial liabilities are measured at amortised cost equal to the capitalised value when using the effective interest, the difference between the proceeds and the nominal value being recognised in the Income Statement over the loan period.

The amortised cost of current liabilities corresponds usually to the nominal value.
