Statement by Management

The Board of Directors and the Executive Board have today considered and approved the annual report of Aberdeen Property Copenhagen Beta ApS for the financial year 01.10.2024 - 30.09.2025.

The annual report is presented in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Entity's financial position at 30.09.2025 and of the results of its operations for the financial year 01.10.2024 - 30.09.2025.

We believe that the management commentary contains a fair review of the affairs and conditions referred to therein.

We recommend the annual report for adoption at the Annual General Meeting.

Copenhagen, 26.03.2026

Executive Board

Independent auditor's report

To the shareholders of Aberdeen Property Copenhagen Beta ApS

Opinion

In our opinion, the Financial Statements give a true and fair view of the financial position of the Company at 30 September 2025, and of the results of the Company's operations for the financial year 1 October 2024 - 30 September 2025 in accordance with the Danish Financial Statements Act.

We have audited the financial statements of Aberdeen Property Copenhagen Beta ApS for the financial year 01.10.2024 - 30.09.2025, which comprise the income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies ("the Financial Statements").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of this auditor's report. We are independent of the Entity in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Statement on the management commentary

Management is responsible for the management commentary.

Our opinion on the financial statements does not cover the management commentary, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the management commentary and, in doing so, consider whether the management commentary is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the management commentary provides the information required by relevant law and regulations.

Based on the work we have performed, we conclude that the management commentary is in accordance with the financial statements and has been prepared in accordance with the requirements in the relevant law and regulations. We did not identify any material misstatement of the management commentary.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Entity's ability to continue as a going concern, for disclosing, as applicable, matters related to going concern, and for using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements, and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such

disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Entity to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures in the notes, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Management commentary

Primary activities

During the financial year, the Company's main activity has been the lease and management of a danish investment property.

The property is located at the address: Frederiksberggade 23, 1459 København K, Denmark.

Development in activities and finances

The income statement of the Company for 2024/25 shows a loss of DKK 17,746,259, of which value adjustments amount to DKK (9,691,705), and at 30 September 2025 the balance sheet of the Company shows negative equity of DKK 65,559,152.

Capital resources

The company has lost more than half of the share capital. The share capital is expected to be reestablished through debt conversion on the debt to Aberdeen Property Deninvest Alpha ApS. We refer to the statement in note 1.

Uncertainty relating to recognition and measurement

Management must draw attention to the fact that due to the general uncertainty on the property market, there is an uncertainty related to the value assessment and hereby to the recognition and measurement in the Financial Statements at 30 September 2025.

The valuation of the Company's investment property of DKK 163.951.071 is based on an independent valuation report from an internationally recognized firm of chartered surveyors, prepared at 30 September 2025.

Events after the balance sheet date

No events materially affecting the assessment of the Annual Report have occurred after the balance sheet date.

Notes

1 Judgements regarding going concern

The company has lost more than half of the share capital. The share capital is expected to be re-established through debt conversion, on the debt to the parent company, in 2026. The parent company has issued a letter of support with commitment to provide necessary liquidity to ensure that the company will be able to fulfil its obligations as they are due. On this basis, management have assessed that the entity has sufficient capital to continue as going concern.

2 Other financial income

	2024/25 DKK	2023/24 DKK
Financial income from group enterprises	0	23,161
Exchange rate adjustments	143	0
Other financial income	18,303	0
	18,446	23,161

3 Other financial expenses

	2024/25 DKK	2023/24 DKK
Financial expenses from group enterprises	11,857,212	11,936,988
Exchange rate adjustments	1,551	0
Other financial expenses	2,065,087	3,331,464
	13,923,850	15,268,452

4 Tax on profit/loss for the year

	2024/25 DKK	2023/24 DKK
Current tax	0	(247,667)
Change in deferred tax	0	2,003,587
Adjustment concerning previous years	4,286,765	(685,981)
Refund in joint taxation arrangement	(4,988,978)	0
	(702,213)	1,069,939

5 Property, plant and equipment

	Investment property DKK
Cost beginning of year	212,588,801
Cost end of year	212,588,801
Fair value adjustments beginning of year	(38,946,025)
Fair value adjustments for the year	(9,691,705)
Fair value adjustments end of year	(48,637,730)
Carrying amount end of year	163,951,071

The investment property is measured at fair value. The determination of fair value is based on a DCF model, and Management uses accounting estimates when determining the fair value. The use of accounting estimates implies that the statement of fair value is subject to some uncertainty. The fair value is stated based on assumptions that Management considers probable and realistic. Management reassesses assumptions on a current basis, and any changes to the assumptions are reflected in the fair value.

The property is located at the address: Frederiksberggade 23, 1459 København K, Denmark.

The key assumptions applied when determining the fair value are stated below:

	2024/25 DKK	2024/25 DKK
Expected idle rent	0 months	2 months
Maintenance costs per square meter	59 DKK	50 DKK
Property type	Retail	Retail

Administrative expenses in % of rental income	2,00%	2,00%
Inflation	2,00%	2,00%
Rate of return*	5,70%	4,50%

* Rate of return has in previous years been calculated as an Equivalent Yield. However, in the current year the rate of return is a capitalisation rate which has been deemed the nearest equivalent metric. Therefore, the rate of returns is not directly comparable.

6 Joint taxation contribution receivable

Of the total joint tax contribution receivables, 4.881 t.DKK falls due more than one year after the balance date

7 Contributed capital

The company has lost more than half of the share capital. The share capital is expected to be re-established through debt conversion, on the debt to the parent company, in 2026. The parent company has issued a letter of support with commitment to provide necessary liquidity to ensure that the company will be able to fulfil its obligations as they are due. On this basis, management have assessed that the entity has sufficient capital to continue as going concern.

8 Non-current liabilities other than provisions

	Due within 12 months 2024/25 DKK	Due after more than 12 months 2024/25 DKK	Outstanding after 5 years 2024/25 DKK
Mortgage debt	1,170,662	58,384,349	48,568,882
Deposits	0	2,322,522	2,322,522
Payables to group enterprises	0	42,677,400	42,677,400
	1,170,662	103,384,271	93,568,804

9 Employees

The Entity has no employees other than the Executive Board. The Executive Officer has not received any remuneration.

	2024/25	2023/24
Average number of full-time employees	0	0

10 Contingent liabilities

The Danish group companies are jointly and severally liable for tax on the Group's jointly taxed income. The total corporate tax payable appears in the annual report for Aberdeen Property Deninvest ApS, which is the management company in relation to the jointly tax. The Group companies are jointly and severally liable for both withholding taxes on dividends, interest and royalties. Any subsequent corrections in relation to the corporate taxes and withholding taxes may result in the company's liability amounting to a larger amount.

11 Assets charged and collateral

The following assets have been placed as security with mortgage credit institutes:
Investment property with a carrying amount of 163.951.071 DKK (2023/24: 173.642.776 DKK).

Accounting policies

Basis for financial statements

This annual report has been presented in accordance with the provisions of the Danish Financial Statements Act governing reporting class B enterprises with addition of a few provisions for reporting class C.

The accounting policies applied to these financial statements are consistent with those applied last year.

Recognition and measurement

Assets are recognised in the balance sheet when it is probable as a result of a prior event that future economic benefits will flow to the Entity, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when the Entity has a legal or constructive obligation as a result of a prior event, and it is probable that future economic benefits will flow out of the Entity, and the value of the liability can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Measurement subsequent to initial recognition is effected as described below for each financial statement item.

Anticipated risks and losses that arise before the time of presentation of the annual report and that confirm or invalidate affairs and conditions existing at the balance sheet date are considered at recognition and measurement.

Income is recognised in the income statement when earned, whereas costs are recognised by the amounts attributable to this financial year.

Income statement

Gross profit or loss

With reference to section 32 of the Danish Financial Statements Act, gross profit/loss is calculated as a summary of rental income and other external expenses.

Revenue

Rental income is recognised on a straight line-basis over the term of the lease.

Revenue is measured at the consideration received and is recognised exclusive of VAT and net of discounts relating to sales.

Fair value adjustments of investment property

Fair value adjustments of investment property comprise adjustments for the financial year of the Entity's investment properties measured at fair value at the balance sheet date.

Other operating income

Other operating income comprises income of a secondary nature as viewed in relation to the Entity's primary activities, including profit from the sale of intangible assets and property, plant and equipment.

Other external expenses

Other external expenses comprise expenses for premises and fee for advisors and consultants etc.

Property costs

Property costs include costs incurred to operate the Entity's properties in the financial year, including repair and maintenance costs, property tax and electricity, water and heating, which are not charged directly from the lessee.

Other financial income

Other financial income comprises dividends etc. received on other investments, interest income, including interest income on receivables from group enterprises, net capital or exchange gains on securities, payables and transactions in foreign currencies, amortisation of financial assets, and tax relief under the Danish Tax Prepayment Scheme etc.

Other financial expenses

Other financial expenses comprise interest expenses, including interest expenses on payables to group enterprises, net capital or exchange losses on securities, payables and transactions in foreign currencies, amortisation of financial liabilities, and tax surcharge under the Danish Tax Prepayment Scheme etc.

Tax on profit/loss for the year

Tax for the year, which consists of current tax for the year and changes in deferred tax, is recognised in the income statement by the portion attributable to the profit for the year and recognised directly in equity by the portion attributable to entries directly in equity.

The Entity is jointly taxed with all Danish group enterprises. The current Danish income tax is allocated among the jointly taxed entities proportionally to their taxable income (full allocation with a refund concerning tax losses).

Balance sheet

Investment property

Investment properties constitute land and buildings held to earn a return on the invested capital by way of current operating income and/or capital appreciation on sale.

On acquisition investment properties are measured at cost comprising the acquisition price and costs of acquisition. The cost of own constructed investment properties comprises the acquisition price and expenses directly related to the acquisition, including costs of acquisition and indirect expenses for labour, materials, components and suppliers up until the time when the asset is ready for use.

After the initial recognition investment properties are measured at fair value. Value adjustments of investment properties are recognised in the income statement.

In Management's opinion the classification of the properties as investment properties did not cause any difficulties.

Fair value is the amount for which the property could be exchanged between knowledgeable, willing parties in an arm's length transaction on the balance sheet date. The determination of fair value involves material accounting estimates.

The fair value of investment properties has been assessed by the independent assessor firm Colliers at 30 September 2025.

The estimates applied are based on information and assumptions considered reasonable by Management but which are inherently uncertain and unpredictable. Actual events or circumstances will probably differ from the assumptions made in the calculations as often assumed events do not occur as expected. Such difference may be material. The assumptions applied are disclosed in the notes.

Discounted Cash Flow model

The fair value of investment properties has been determined at 30 September 2025 for each property by using a Discounted Cash Flow model under which expected future cash flows are discounted to present value. The calculations are based on property budgets for the coming years. Allowance has been made for developments in rentals, vacancies, operating expenses, maintenance and administration, etc. The individual, budgeted cash flows are discounted at an individually fixed discount rate added a terminal value. The value thus calculated is adjusted for any non-operating assets such as cash and cash equivalents, deposits, etc if they are not shown separately in the balance sheet.

The financial year's adjustments of the properties' fair value are recognised in the income statement.

Receivables

Receivables are measured at amortised cost, usually equalling nominal value less writedowns for bad and

doubtful debts.

Joint taxation contributions receivable or payable

Current tax liabilities and receivables are recognised in the balance sheet as the expected taxable income for the year adjusted for tax on taxable incomes for prior years and tax paid on account. Extra payments and repayment under the onaccount taxation scheme are recognised in the income statement in financial income and expenses.

Prepayments

Prepayments comprise prepaid expenses concerning property tax.

Cash

Cash comprises cash in hand and bank deposits.

Mortgage debt

At the time of borrowing, mortgage debt to mortgage credit institutions is measured at cost which corresponds to the proceeds received less transaction costs incurred. Mortgage debt is subsequently measured at amortised cost. This means that the difference between the proceeds at the time of borrowing and the nominal repayable amount of the loan is recognised in the income statement as a financial expense over the term of the loan applying the effective interest method.

Other financial liabilities

Other financial liabilities are measured at amortised cost, which usually corresponds to nominal value.

Prepayments received from customers

Prepayments received from customers comprise amounts received from customers prior to delivery of the goods agreed or completion of the service agreed.
