Management's Statement

Today the Board of Directors and Executive Board have discussed and approved the Annual Report of Major Precious Greenland A/S for the financial year 1 March - 30 September 2024.

The Annual Report is presented in accordance with the Greenlandic Financial Statements Act.

In our opinion the Financial Statements give a true and fair view of the Company's assets, liabilities and financial position at 30 September 2024 and of the results of the Company's operations for the financial year 1 March - 30 September 2024.

The Management Commentary includes in our opinion a fair presentation of the matters dealt with in the Commentary.

The Board of Directors and Executive Board remain of the opinion that the conditions for opting out of audit have been fulfilled.

We recommend the Annual Report be approved at the Annual General Meeting.

Auditor's report on compilation of financial information

To the Shareholder of Major Precious Greenland A/S

We have compiled these Financial Statements of Major Precious Greenland A/S for the financial year 1 March - 30 September 2024 based on the Company's accounting records and other information provided by Management.

These Financial Statements comprise income statement, balance sheet, statement of changes in equity, notes and accounting policies.

We performed this compilation engagement in accordance with the International Standard, Compilation Engagements.

We have applied our professional expertise to assist Management in the preparation and presentation of these Financial Statements in accordance with the Greenlandic Financial Statements Act. We have complied with relevant statutory provisions of the Danish Audit Act and International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), including principles of integrity, objectivity, professional behaviour, and due care.

These Financial Statements and the accuracy and completeness of the information used to compile these Financial Statements are Management's responsibility.

Since an engagement to compile financial information is not an assurance engagement, we are not required to verify the accuracy or completeness of the information provided by Management to us to compile these Financial Statements. Accordingly, we do not express an audit opinion or a review conclusion on whether these Financial Statements are prepared in accordance with the Greenlandic Financial Statements Act.

Accounting Policies

The Annual Report of Major Precious Greenland A/S for 2024 has been presented in accordance with the provisions of the Greenlandic Financial Statements Act for enterprises in reporting class B and certain provisions applying to reporting class C.

The Annual Report is prepared with the following accounting principles.

Income Statement

Tax

The tax for the year, which consists of the current tax for the year and changes in deferred tax, is recognised in the Income Statement by the share that may be attributed to the profit for the year, and is recognised directly in equity by the share that may be attributed to entries directly to equity.

Balance Sheet

Receivables

Receivables are measured at amortised cost which usually corresponds to nominal value. The value is written down to meet expected losses.

Write-off is performed to provide for losses when an objective indication has been assessed to have incurred that a receivable or a portfolio of receivables are impaired. If there is an objective indication that an individual receivable is impaired, the write-off is performed at individual level.

Receivables for which there are no objective indication of impairment at individual level are assessed at portfolio level for objective indication of impairment. The portfolios are primarily based on the debtors' registered office and credit rating in accordance with the Company's policy for credit risk management. The objective indicators, which are applied for portfolios, are determined based on the historical loss experiences.

Write-off is determined as the difference between the carrying amount of receivables and the present value of the expected cash flows, including realisable value of any received collaterals. The effective interest rate is used as discount rate for the single receivable or portfolio.

Tax payable and deferred tax

Current tax liabilities and receivable current tax are recognised in the Balance Sheet as the calculated tax on the taxable income for the year, adjusted for tax on the taxable income for previous years and taxes paid on account.

Deferred tax is measured on the temporary differences between the carrying amount and the tax value of assets and liabilities.

Deferred tax assets, including the tax value of tax loss carryforwards, are measured at the amount at which the asset is expected to be used within a reasonable number of years, either by setoff against tax on future earnings or by setoff against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that under the legislation in force on the Balance Sheet date will be applicable when the deferred tax is expected to crystallise as current tax. Any changes in the deferred tax resulting from changes in tax rates, are recognised in the income statement, except from items recognised directly in equity.
