### **Management's review**

#### **The company's main activities**

The main activities of Better Energy Hune P/S are directly or indirectly to acquire, own and operate solar parks as well as related activities including to own and/or to lease real estate.

#### **Development in activities and financial matters**

Better Energy Hune P/S' income statement for the financial year 1 January 2024 - 31 December 2024 shows a result of DKK -1,220,338 and the balance sheet at 31 December 2024 a balance sheet total of DKK 26,829 and an equity of DKK -841,446.

At the balance sheet date, the company has lost more than 50% of its share capital.

The management assesses that the going concern assumption is appropriate. This assessment is based on expectations that the capital base can be reestablished through future operating profits, a capital injection, or conversion of intra-group debt to equity.

On this basis, the financial statements are prepared under the going concern assumption.

## **Accounting policies**

### **Reporting class**

The annual report of Better Energy Hune P/S for 2024 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B with addition of certain provisions for reporting class C.

The accounting policies applied remain unchanged from last year.

### **Reporting currency**

The annual report is presented in Danish kroner (DKK).

### **Recognition and measurement**

Assets are recognised in the balance sheet when it is probable as a result of a prior event that future economic benefits will flow to the company, and the value of the assets can be measured reliably.

Liabilities are recognised in the balance sheet when the company has a legal or constructive obligation as a result of a prior event, and it is probable that future economic benefits will flow out of the company, and the value of the liabilities can be measured reliably.

On initial recognition, assets and liabilities are measured at cost. Measurement subsequent to initial recognition is affected as described below for each financial statement item. Anticipated risks and losses that arise before the time of presentation of the annual report and that confirm or invalidate affairs and conditions existing at the balance sheet date are considered at recognition and measurement.

Income is recognised in the income statement when earned, whereas costs are recognised by the amounts attributable to this financial year.

### **Foreign currency translation**

On initial recognition, foreign currency transactions are translated applying the exchange rate at the transaction date. Receivables, payables and other monetary items denominated in foreign currencies that have not been settled at the balance sheet date are translated using the exchange rate at the balance sheet date.

Exchange differences that arise between the rate at the transaction date and the one in effect at the payment date or the rate at the balance sheet date are recognised in the income statement as financial income or financial expenses. Property, plant and equipment, intangible assets, inventories and other non-monetary assets that have been purchased in foreign currencies are translated using historical rates.

## **Income statement**

### **Gross profit/loss**

The company has decided to aggregate certain items of the income statement in accordance with the provisions of Section 32 of the Danish Financial Statements Act.

Gross profit or loss comprises other external expenses.

### **Other external expenses**

Other external expenses include expenses for operation and administration.

### **Depreciation, amortisation and impairment of tangible and intangible assets**

Depreciation, amortisation and impairment losses relating to property, plant and equipment and intangible assets comprise depreciation, amortisation and impairment losses for the financial year, calculated on the basis of the residual values and useful lives of the individual assets and impairment testing as well as gains and losses from the sale of intangible assets as well as property, plant and equipment.

## **Better Energy Hune P/S**

### **Accounting policies**

#### **Financial income**

Financial income comprises interest income, including interest income on receivables from group enterprises, amortisation of financial assets, payables and transactions in foreign currencies as well as fair value adjustments of financial interests.

#### **Financial expenses**

Financial expenses comprise interest expenses, including interest expenses on payables to group enterprises, amortisation of financial liabilities, payables and transactions in foreign currencies as well as fair value adjustments of financial interests.

### **Balance sheet**

#### **Current assets**

##### **Receivables**

Receivables are measured at amortised cost, usually equalling nominal value, less writedowns for bad and doubtful debts.

Impairment of accounts receivables past due is established on individual assessment of receivables.

##### **Cash and cash equivalents**

Cash and cash equivalents comprise cash.

#### **Equity**

##### **Proposed dividends**

Proposed dividends for the year are recognised as a separate item under equity. Proposed dividends are recognised as a liability when approved by the Annual General Meeting.

##### **Liabilities**

Financial liabilities are recognised initially at the proceeds received net of transaction expenses incurred. In subsequent periods, financial liabilities are measured at amortised cost, corresponding to the capitalised value using the effective interest method, so that the difference between the proceeds and the nominal value is recognised in the Income Statement over the life of the financial instrument.

Other liabilities, comprising deposits, trade payables and other accounts payable, are measured at amortised cost, which usually corresponds to the nominal value.
