The Partnership's accounting year expenses have been assessed according to the accruals principle, which means that expenses are attributed to the relevant period.

Balance sheet

Assets

Current assets

Receivables are included in the balance sheet at face value less depreciations to meet losses.

Loss depreciations are assessed on the basis of an individual estimate of each receivable.

Liabilities

Current liabilities.

At the time of being set up liabilities are measured at cost price. Subsequently, liabilities are measured at amortized cost price which normally corresponds to face value in relation to current and non interest paying liabilities as well as liabilities with floating interest.
