DECLARATION REGARDING A COMPLIMENTARY REVIEW OR CORRECTION ASSIGNMENT

The managing board declares that no audit or correction assignment has been given to a person who was not authorised to do so by law, pursuant to art. 5 of the law of 17th March 2019 concerning the professions of accountant and tax advisor.

The annual accounts ~~were~~ / **were not*** audited or corrected by a certified accountant or by a company auditor who is not the statutory auditor.

If affirmative, mention hereafter: surname, first names, profession and address of each certified accountant or company auditor and his membership number with his Institute as well as the nature of his assignment:

- A. Bookkeeping of the enterprise **,
- B. Preparing the annual accounts **,
- C. Auditing the annual accounts and/or
- D. Correcting the annual accounts.

If the tasks mentioned under A. or B. are executed by accountants or tax accountants, you can mention hereafter: surname, first names, profession and address of each accountant or tax accountant and his/her affiliation number with the Institute of Tax Advisers and Accountants (ITAA) and the nature of his/her assignment.

Surname, first names, profession and address	Affiliation number	Nature of the assignment (A, B, C and/or D)

* Strike out what is not applicable.

** Optional information.

NATURE AND FINANCIAL IMPACT OF SIGNIFICANT EVENTS AFTER THE CLOSING DATE NOT INCLUDED IN THE BALANCE SHEET OR THE INCOME STATEMENT

After the sale of the Film Business to Shen Zen Brother Optical Ltd, ECO3 Brasil Ltda agreed a distributorship agreement on 1 January 2025 with Shen Zen Brother Optical Ltd. This distributorship agreement grants distributor rights to ECO3 for the LATAM region as from January 1st 2025 onwards. After the sale of the Film Business in 2024, ECO3 has been providing transitional services and acted as an agent from 1 July 2024 for Film Business activities in certain regions. In the LATAM area the provision of transitional services ceased as per 31 December 2024. Under the distributorship agreement ECO3 will act as a principal and will purchase products from Brother in its own name and for its own account. From 1 July 2024 until 31 December 2024, ECO3 provided transitional services for Brother to assure continuation of the business towards the end customer but for the account of Brother. During this period, ECO3 worked as an agent while Brother had full responsibility for the business. As per 31 December 2024 the transitional services agreement ceased for the LATAM-region. For all other regions the transitional services will end at the latest on 30 June 2025.

ECO3 BV concluded a lease agreement with Agfa-Gevaert on 03/04/2023, covering offices and parking spaces in Morstel. This agreement can be terminated at the earliest after a period of 3 years. Until the end of the mandatory three-year term, ending on 02/04/2026, ECO3 BV has an outstanding rental debt of 2.060.000 EUR on 31/12/2024.

ECO3 BV has a credit facility with BNP of up to 70.000.000 EU. As at 31/12/2024, the outstanding amount was 33.000.000 EUR of which 8.500.000 EUR was drawn on the financing line of the stock (recourse) and 24.500.000 EUR was drawn on the financing line of the AR (Mixed facility Recourse / Non recourse). A drawing on this facility is subject to covenants that were met as at 31/12/2024.

Eco3 signed a multi-year agreement for a purchase of offset printing plates. As of 31.12.2024, the outstanding amount was 244 Mio EUR.

TRANSACTIONS WITH ENTERPRISES LINKED BY PARTICIPATING INTERESTS OUT OF MARKET CONDITIONS
Mention of these transactions if they are significant, including the amount of the transactions, the nature of the link, and all information about the transactions which should be necessary to get a better understanding of the situation of the company

The Board of Directors notes that there are no objective or legal criteria that clearly define what is meant by transactions outside normal market conditions as defined in the Royal Decree of 10 August 2009. For this reason, the Board of Directors has chosen the options to disclose all significant transactions with related parties in this note. This position is also in line with international practice, which expects all significant transactions with related parties to be disclosed in the financial statements. Hereafter is a list of all important transactions with related parties, with the exception of transactions with related parties that are fully part of a group as included in the Royal Decree of 10 August 2009: not applicable.

VALUATION RULES

SUMMARY OF THE VALUATION RULES

- The establishment costs are activated and written off linearly at a rate of 20% per annum, except for the goodwill acquired in 2021 through the acquisition of the Offset business of permanent establishments of Agfa NV. This goodwill was immediately written off in full.
- Intangible assets acquired from third parties or obtained by contribution are valued at the purchase value, with deduction of the write-offs and depreciations concerned. The intangible fixed assets with a limited use life are written off linearly across their economic lifetime, with a minimum of 3 a maximum of 16 years. The activated research costs are written off immediately.
- Tangible fixed assets are included in the balance sheet at their purchase value and are written off linearly: buildings 5%; installations, plant and equipment 20%; furniture and office equipment 20%, cars/rolling stock 25%; internal transport 20%; machinery under lease 33 1/3 % (36 months); EDP equipment 33 1/3 %
- Financial assets are included in the balance sheet at their purchase price. Where necessary, depreciations are recognised.
- Inventories are valued at its purchase value. The purchase value is determined according to the weighted average prices method, which are calculated monthly, or at market value if this is lower than the purchase value on the balance sheet date. (For raw materials that are subject to currency and price fluctuations, a value adjustment may be applied).
- Additional depreciations are reported to account for either the development of the realisation or market value, or risks inherent to the nature of the products concerned or of the activity performed.
- Receivables and payables are included in the balance sheet at their nominal value, depreciations are recognised where necessary.
- Pursuant to recommendation 2018/02 of the Belgian Accounting Standards Board (CBN) on the accounting treatment of the R&D tax credit, at least the amount of the one-time tax credit is reported as recoverable tax. The amounts made payable are reported as other short-term receivables (#41), while amounts to be received after 01/01/2026 are reported as other long-term receivables (#291).
- Provisions for risks and expenses are examined individually and adjusted to the actual conditions.
- Currency exchange rates used for the valuation of balance sheet items, expressed in foreign currencies, are the official exchange rates on the balance date. Conversion differences, both positive and negative, are charged to the profit and loss account.
- Valuation of pension plans:

ECO3 BV, on the one hand, has a "defined benefit" type pension plan, for which the contributions are reported as expenses and an additional provision is made in case an additional payment is required on the balance date due to deficits in the plan. On the other hand, ECO3 BV has a "defined contribution" type pension plan for its employees, with a legally guaranteed minimum gain, which also characterises these plans as "defined benefit". The company treats these "defined contribution" pension plans in accordance with the intrinsic value method. Using this method, the pension obligation to be reported is based on the sum of the positive differences between the legally guaranteed minimum reserve at the calculation date (calculated by accruing past contributions in accordance with the guaranteed minimum gain up to the calculation date) and the actually accrued reserve (reserve calculated by accruing the past contributions in accordance with the technical interest rate, taking profit shares into account, up to the calculation date).

- Continuity:

In accordance with article 3:6re§1 6° of the Code of Companies and Associations, the directors of the company must justify the application of the valuation rules as a going concern in the event of a loss carried forward.

The directors decide to maintain the valuation rules on the assumption of going concern, for the reasons set out below.

ECO3 is a global leader in the world of offset printing. It offers commercial, newspaper and packaging printers the most comprehensive range of integrated prepress and printing solutions. These include the entire prepress workflow all the way to the press with computer-to-plate systems that use digital offset printing plates, pressroom supplies, and state-of-the-art software for workflow optimization, colour management, raster and print normalization. The sustainable innovations for offset printing bring value to printing companies in terms of ecology, economy and extra comfort, or ECO3 for short.

To improve profitability and address the decline in market demand, ECO3 is reviewing its offset business model. With this in mind, measures are being taken to optimise the group's organisation internationally and to prepare it for the future.

The increase in revenue, which is planned for the next financial years, is based on innovation and the expansion of the product range (prepress software, new generation DOP or 'development on press' offset printing plates), the increase of the market share with a focus on value regions and the packaging market segment, and the introduction of a complete solution for flexography application in the growing market segment of packaging printing.

ECO3 has a positive operational cashflow generation and has access to sufficient financing sources. ECO3 has an outstanding credit facility of 70 million euro of which 33 million euro was drawn at the end of 2024. Furthermore, ECO3 has performed a liquidity test at the end of 2024 in preparation of the capital decrease in December 2024. This liquidity test was based on management estimates of future performance on which management concluded that ECO3 has sufficient means, cashflow generation potential and access to financing to continue for the foreseeable future.

ECO3 is supported in these plans by its shareholder Aurelius.

The Board of Directors determines that the Company has sufficient resources to meet all its obligations and that the immediate continuity of the Company is not jeopardized.

- Classification Financing/Factoring

Based on the information in the CBN advice 2011/23 and the assessment by ECO3, the following presentation method is applied to the financing credit of BNP:

The amounts covered by the factoring agreement with respect to trade receivables have been deducted from the outstanding trade receivables on the assets side of the balance sheet and are no longer presented on the liabilities side as a debt to credit institutions. As of 31.12.2024, this is EUR 24,500,000 out of a total of EUR 33,000,000 financing.

However, the amount covered by the factoring agreement that exceeds the credit insurance ("recourse") is stated in the section 'rights and obligations outside the balance sheet' of the annual accounts. As of 31.12.2024, this is EUR 7.615.402 ("AR recourse"). The amounts covered by the factoring agreement with respect to inventories are presented as a loan to credit institutions. The costs attributed to the factoring are booked under 'financial expenses' in accordance with the CBN advice 2011/23.

- Social balance sheet

The number of employees mentioned in the financial statements - both in the social balance sheet and in the notes - includes only the number of employees of ECO3 BV. The amounts presented in the social balance sheet relate only to ECO3 BV, while in the notes the personnel costs of the 15 permanent establishments are also included. Furthermore, the financial data of the permanent establishments are included in full in the financial statements.

Nr.	0762.496.610
-----	--------------

F-con 6.19

- Equity

The available contribution at the end of the financial year amounted to EUR 180.805.447,06. On 6 December 2024, the sole shareholder decided to distribute EUR 28.794.552,94 by repaying part of the available contribution in order to bring it from EUR 209.600.000,00 to EUR 180.805.447,06.

- Sale film business

ECO3 has decided to transfer its global film business to its business partner Shenzhen Brother Optical (HK) Limited. The transfer of activities has taken place effectively as from 1 July 2024. As part of the agreement with Brother, during a limited transition period following the completion of the sale, ECO3 will provide Transitional Distribution Services to Brother. The transitional services concern the purchase and sale of the film products on behalf of Brother, where Brother retains all primary responsibility to complete the promise to the client, the inventory risk and discretion in establishing the price towards the client. Eco3 act as an agent. The revenues and costs of sales are offset.

<p>OTHER DOCUMENTS TO BE FILED UNDER BELGIAN COMPANY LAW</p>

See next page.

ANNUAL REPORT OF THE BOARD OF DIRECTORS TO THE SHAREHOLDERS

ECO3 BV
Septestraat 27
2640 Mortsel

REPORT OF THE BOARD OF DIRECTORS

ANNUAL REPORT 2024

Report of the Board of Directors, in accordance with the provisions of articles 3:5 and 3:6 of the Belgian Code of Companies and Associations (CCA).

1. Comments on the financial statements

On 6 December 2024 the board of directors of ECO3 decided to decrease the capital contribution of the Company by 28.795 thousand euro by repayment of the full amount to the shareholder. The Board of Directors prepared a liquidity test according to article 5:142 of the Belgian Code of Companies and Associations (CCA) and concluded that the Company has sufficient means and access to financing to execute the intended decrease of the capital contribution. The statutory auditor reviewed and issued a report according to article 5:143. As a consequence the company's available contribution at the end of the 2024 financial year amounted to EUR 180.805.447,06 compared to EUR 209.600.000,00 thousand euro one year earlier.

ECO3 has decided to transfer its global film business to its business partner Shenzhen Brother Optical (HK) Limited. The transfer of activities has taken place effectively as from 1 July 2024. As part of the agreement with Brother, during a limited transition period following the completion of the sale, ECO3 will provide Transitional Distribution Services to Brother. The transitional services concern the purchase and sale of the film products on behalf of Brother, where Brother retains all primary responsibility to complete the promise to the client, the inventory risk and discretion in establishing the price towards the client.

The financial statements, as they will be submitted to the General Meeting, have been tested against the valuation rules and approved in that form.

For the financial year ending 31 December 2024, the balance sheet total of the financial statements amounts to EUR 297.275.476,85 and closes the financial year with a loss of EUR 17.682.310,31 .

The gross profit margin of ECO3 was 24,42% of the turnover compared to 25,52% last year.

In 2024, ECO3 BV's revenue increased by EUR 1.966.081,99 (0,48%) compared to 2023. This increase in turnover is mainly explained by higher sales volumes in offset printing plates. The sale of the film business, which also have an impact on turnover, has been disposed as per 1 July 2024. After this date ECO3 continue to perform some continuity services for the Film business in the capacity of an agent till 30.06.2025. Under other operating income, an amount of 7.000.000 EUR was included for the sale of the film activity.

In the financial year ended December 31, 2024, Europe provided 65% of sales. North America accounted for 15% of sales, Asia/Oceania/Africa 17% and Latin America 3%.

The loss for the year decreased from -29.248.091,42 EUR to -17.682.310,31 EUR due to:

- Higher turnover, which translated into an increase in operation profit from -27.923.663,89 EUR to -25.352.422,85 EUR, higher (volume-driven) gross margin that compensates for the higher costs in salaries, social security contributions and pensions as well as in depreciation
- Income from financial fixed assets of 10.754.391,90 EUR driven by dividends from the participations of Eco3 BV

2. Permanent Establishments of ECO3 BV

Eco3 BV has 15 permanent establishments in the Czech Republic, the Netherlands, Denmark, Portugal, Hungary, Finland, Sweden, Spain, Austria, Poland, Germany, Switzerland, Italy, United Kingdom and France.

3. Description of the main risks and uncertainties facing the company

Market, Technology and Competition Risks

Like any company, ECO3 BV is constantly confronted with market and competitive risks. In all its activities, ECO3 BV is confronted with rapid changes in technology. The Offset business is characterized by challenging market conditions and price erosion. Successfully managing these risks is particularly relevant to maintaining our leading market position in order to secure the long-term success of the company. To meet these challenges and to ensure a competitive offer to our customers, ECO3 BV continues to improve its technological offering, invests in Research and Development and continuous innovation, and in market analysis for a relevant view of its competitors' offerings.

Raw material costs

ECO3 BV relies on other companies for the supply of certain basic raw materials. The main raw material is aluminium. Changes in raw material prices and problems in the supply of the necessary raw materials could adversely affect ECO3 BV's operations, results of operations and financial condition. ECO3 BV may choose to hedge part or all of its dependency on raw material prices if it deems it appropriate.

Product Liability

The Company's activities may expose ECO3 BV to product liability claims, as the Company must comply with regulatory systems in many different countries and in a wide range of market segments, each with its own regulatory requirements.

In order to limit the risks of product liability, ECO3 BV has implemented a strict product stewardship and quality policy that is complemented by a continuous follow-up of legislation development and structured controls. The company has taken out a combined liability insurance that covers all activities of ECO3 BV. ECO3 BV has never suffered significant losses in relation to product liability, but there can be no assurance that this will not happen in the future.

Environment

ECO3 BV is subject to a large number of environmental requirements in the various countries in which it operates, including in the areas of air emissions and wastewater discharge, hazardous substances and the prevention and clean-up of discharges. Significant business and capital investments are made to comply with the applicable standards. Provision shall also be made for current and reasonably foreseeable compliance and remediation costs.

Social and personnel-related issues

Among the social and staff-related risks, the inability to attract the relevant talents and the potential to manage management and staff in key positions are crucial to enable ECO3 BV to achieve its strategic ambition, build further expertise and, above all, manage the other risks facing the organisation.

ECO3 BV also makes every effort to offer a competitive remuneration package as well as the opportunity to grow and develop further within the organization, so that it can retain talents for as long as possible.

Intellectual Property

ECO3 BV has pending applications for and licenses for numerous patents covering a multitude of products and software systems. The Company relies on a combination of patent, copyright and trademark law, confidentiality procedures, trade secrets, contractual provisions and licensing arrangements to establish and protect proprietary rights. On the other hand, ECO3 BV pursues a policy aimed at strictly respecting the intellectual property rights of third parties. ECO3 BV is not aware that its products would violate the intellectual property rights of others. However, it can never be ruled out that third parties may claim such infringements in the future.

Disputes

ECO3 BV is not currently involved in any major dispute.

Various

ECO3 has no assets and no personnel in Ukraine affected by the ongoing crisis. Indirect effects of the situation in Russia and Ukraine are mainly related to expected credit losses on trade debtors and restrictions on cash for ECO3 Asia.

In addition to the risks listed above, there are a few other risks that must be taken into account, as they can have a negative impact on the company and its operations. Examples include risks related to security of supply, cybersecurity risks, exceptional asset impairment, corruption and bribery, pension liabilities, changes in exchange rates and acquisitions.

Failure to comply with our obligations to authorities and stakeholders on any of the points described may result in reputational damage that may jeopardise the future of the company. Although it is difficult to assess the impact of such damage, as it would depend greatly on the type of issue that arises, we

make every effort to prevent it by putting in place a clear and effective governance for the conduct of all our activities.

4. Events after the balance sheet date

After the sale of the Film Business to Shen Zen Brother Optical Ltd., ECO3 Brasil Ltda agreed a distributorship agreement on 1 January 2025 with Shen Zen Brother Optical Ltd. This distributorship agreement grants distributor rights to ECO3 for the LATAM region as from January 1st 2025 onwards. After the sale of the Film business in 2024, ECO3 has been providing transitional services and acted as an agent from 1 July 2024 for Film Business activities in certain regions. In the LATAM area the provision of transitional services ceased as per 31 December 2024.

Under the distributorship agreement ECO3 will act as a principal and will purchase products from Brother in its own name and for its own account. From 1 July 2024 until 31 December 2024, ECO3 provided transitional services for Brother to assure continuation of the business towards the end customer but for the account of Brother. During this period, ECO3 worked as an agent while Brother had full responsibility for the business. As per 31 December 2024 the transitional services agreement ceased for the LATAM-region. For all other regions the transitional services will end the latest on 30 June 2025.

5. Information on research and development activities

Innovation is part of our DNA and is essential to us to achieve our growth strategy. To support the various processes that ensure continuous innovation, ECO3 BV invested 20,3 EUR in its own development in the financial year ending 31 December 2024. Product and technological innovation at ECO3 BV strives for sustainable value creation for our customers and other stakeholders, an objective that is embedded in our ideas processes.

Innovation at ECO3 BV is characterized by the establishment of a continuous ideas process that selects, validates and ranks proposals. The ideas are assessed on the basis of a tailor-made scoring method that takes into account the attractiveness of the market segments, commercial success factors, technical feasibility and sustainability criteria in terms of People & Planet. The evaluation of changing business models is also an important assessment criterion. A relevant example for us in this regard is digitalization and Software as a Service.

Innovation teams continue to look at societal and market trends to identify where ECO3 BV can develop new business in adjacent and less adjacent markets and technologies, in line with current business strategy. This is done either by leveraging existing core competencies or by developing new markets and technologies.

We also involve our customers and other industry stakeholders in our innovation process through our sales and service teams, as they are best placed to understand the needs of our customers and, by extension, society.

6. Going concern

In accordance with article 3:6re§1 6° of the Code of Companies and Associations, the directors of the company must justify the application of the valuation rules as a going concern in the event of a loss carried forward.

The directors decide to maintain the valuation rules on the assumption of going concern, for the reasons set out below.

ECO3 is a global leader in the world of offset printing. It offers commercial, newspaper and packaging printers the most comprehensive range of integrated prepress and printing solutions. These include the entire prepress workflow all the way to the press with computer-to-plate systems that use digital offset printing plates, pressroom supplies, and state-of-the-art software for workflow optimization, colour management, raster and print normalization. The sustainable innovations for offset printing bring value to printing companies in terms of ecology, economy and extra comfort, or ECO3 for short.

To improve profitability and address the decline in market demand, ECO3 is reviewing its offset business model. With this in mind, measures are being taken to optimise the group's organisation internationally and to prepare it for the future.

The increase in revenue, which is planned for the next financial years, is based on innovation and the expansion of the product range (prepress software, new generation DOP or 'development on press' offset printing plates), the increase of the market share with a focus on value regions and the packaging market segment, and the introduction of a complete solution for flexography application in the growing market segment of packaging printing.

ECO3 has a positive operational cashflow generation and has access to sufficient financing sources. ECO3 has an outstanding credit facility of 70 million euro of which 33 million euro was drawn at the end of 2024. Furthermore, ECO3 has performed a liquidity test at the end of 2024 in preparation of the capital decrease in December 2024. This liquidity test was based on management estimates of future performance on which management concluded that ECO3 has sufficient means, cashflow generation potential and access to financing to continue for the foreseeable future.

ECO3 is supported in these plans by its shareholder Aurelius.

The Board of Directors determines that the Company has sufficient resources to meet all its obligations and that the immediate continuity of the Company is not jeopardized.

7. Conflict of interest

No conflicts of interest arose during the financial year ended December 31, 2024.

8. The company's use of financial instruments

The Company uses to a limited extend financial instruments to limit exchange risk.

9. Discharge of the Directors and Statutory Auditor

We request you to approve the submitted – financial statements – and to grant discharge to the directors and the statutory auditor for the exercise of their mandate during the past financial year. The mandate of the statutory auditor expires on the coming annual general shareholders meeting, the Board proposes to grant a new mandate to KPMG Bedrijfsrevisoren for accounting years 2025, 2026 and 2027. The mandate will expire in 2028, after the annual general shareholders meeting over the accounts of 2027. KPMG Bedrijfsrevisoren will appoint Frederic Poesen (IBR Nr. AO2331) as permanent representative.

10. Other

Consolidated annual accounts

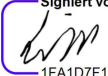

The consolidated annual accounts, the audit report and the information document of the consolidated annual accounts of the consolidated company ECO3 BV will be filed with the National Bank of Belgium.

Statutory auditor's report to the general meeting of ECO 3 BV on the annual accounts as of and for the year ended December 31, 2024

FREE TRANSLATION OF UNQUALIFIED STATUTORY AUDITOR'S REPORT ORIGINALLY PREPARED IN DUTCH

In the context of the statutory audit of the annual accounts of ECO3 BV ("the Company"), we provide you with our statutory auditor's report. This includes our report on the annual accounts and the other legal and regulatory requirements. Our report is one and indivisible. This statutory auditor's report follows our deficiency report, dated April 29, 2025, that was addressed to you as the supporting documents necessary to issue our auditor's report were not available within the required deadlines.

We were appointed as statutory auditor by the general meeting of January 25, 2021, in accordance with the proposal of the board of directors and as presented by the workers' council. Our mandate will expire on the date of the general meeting deliberating on the annual accounts for the year ended December 31, 2024. We have performed the statutory audit of the annual accounts of ECO3 BV for three consecutive financial years.

Report on the annual accounts

Unqualified opinion

We have audited the annual accounts of the Company as of and for the year ended December 31, 2024, prepared in accordance with the financial reporting framework applicable in Belgium. These annual accounts comprise the balance sheet as at December 31, 2024, the income statement for the year then ended and notes. The balance sheet total amounts to EUR 297.275.476,85 and the income statement shows a loss for the year of EUR 17.682.310,31.

In our opinion, the annual accounts give a true and fair view of the Company's equity and financial position as at December 31, 2024 and of its financial performance for the year then ended in accordance with the financial reporting framework applicable in Belgium.

Basis for our unqualified opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs") as adopted in Belgium. In addition, we have applied the ISAs as issued by the IAASB and applicable for the current accounting year while these have not been adopted in Belgium yet. Our responsibilities under those standards are further described in the "Statutory auditors' responsibility for the audit of the annual accounts" section of our report. We have complied with the ethical requirements that are relevant to our audit of the annual accounts in Belgium, including the independence requirements.

Statutory auditor's report to the general meeting of ECO 3 BV on the annual accounts as of and for the year ended December 31, 2024

We have obtained from the board of directors and the Company's officials the explanations and information necessary for performing our audit.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Board of directors' responsibilities for the preparation of the annual accounts

The board of directors is responsible for the preparation of these annual accounts that give a true and fair view in accordance with the financial reporting framework applicable in Belgium, and for such internal control as board of directors determines, is necessary to enable the preparation of annual accounts that are free from material misstatement, whether due to fraud or error.

In preparing the annual accounts, the board of directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the board of directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Statutory auditor's responsibilities for the audit of the annual accounts

Our objectives are to obtain reasonable assurance as to whether the annual accounts as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of the users taken on the basis of these annual accounts.

When performing our audit we comply with the legal, regulatory and professional requirements applicable to audits of the annual accounts in Belgium. The scope of the statutory audit of the annual accounts does not extend to providing assurance on the future viability of the Company nor on the efficiency or effectivity of how the board of directors has conducted or will conduct the business of the Company. Our responsibilities regarding the going concern basis of accounting applied by the board of directors are described below.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also perform the following procedures:

- Identify and assess the risks of material misstatement of the annual accounts, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;

Statutory auditor's report to the general meeting of ECO 3 BV on the annual accounts as of and for the year ended December 31, 2024

- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by board of directors;
- Conclude on the appropriateness of board of directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the annual accounts or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- Evaluate the overall presentation, structure and content of the annual accounts, including the disclosures, and whether the annual accounts represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Other legal and regulatory requirements

Responsibilities of the Board of directors

The board of directors is responsible for the preparation and the content of the board of directors' annual report on the annual accounts, for the preparation and content of the documents required to be filed in accordance with the legal and regulatory requirements, for maintaining the Company's accounting records in compliance with the applicable legal and regulatory requirements, as well as for the Company's compliance with the Companies' and Associations' Code and the Company's articles of association.

Statutory auditor's responsibilities

In the context of our engagement and in accordance with the additional Belgian standard which is complementary to the International Standards on Auditing as applicable in Belgium, our responsibility is to verify, in all material respects, the board of directors' annual report on the annual accounts, certain documents to be filed in accordance with legal and regulatory requirements, as well as compliance with certain requirements of the Companies' and Associations' Code and with the Company's articles of association, and to report on these matters.

Statutory auditor's report to the general meeting of ECO 3 BV on the annual accounts as of and for the year ended December 31, 2024

Aspects concerning the board of directors' annual report on the annual accounts

Based on specific work performed on the board of directors' annual report on the annual accounts, we are of the opinion that this annual report is consistent with the annual accounts for the same period and has been prepared in accordance with articles 3:5 and 3:6 of the Companies' and Associations' Code.

In the context of our audit of the annual accounts, we are also responsible for considering, in particular based on the knowledge gained throughout the audit, whether the board of directors' annual report on the annual accounts contains material misstatements, that is information incorrectly stated or misleading. In the context of the procedures carried out, we did not identify any material misstatements that we have to report to you.

Information regarding the social balance sheet

The social balance sheet, which is to be filed with the National Bank of Belgium in accordance with article 3:12 §1 8° of the Companies' and Associations' Code, includes, with respect to form and content, the information required by law, including the information regarding salaries and training, and does not present any material inconsistencies with the information that we became aware of during the performance of our engagement.

Information about the independence

- Our audit firm and our network have not performed any engagement which is incompatible with the statutory audit of the annual accounts and our audit firm remained independent of the Company during the term of our mandate.
- The fees for the additional engagements which are compatible with the statutory audit of the annual accounts referred to in article 3:65 of the Companies' and Associations' Code were correctly stated and disclosed in the notes to the annual accounts.

Other aspects

- Without prejudice to formal aspects of minor importance, the accounting records were maintained in accordance with the legal and regulatory requirements applicable in Belgium.
- Except for complying with the legal and statutory provisions related to the deadlines with respect to the provision of the required documents to the statutory auditor and to the shareholders, we do not have to inform you of any other transaction undertaken or decision taken in breach of the Company's articles of association or the Companies' and Associations' Code.
- The appropriation of results proposed to the general meeting complies with the legal provisions and the provisions of the articles of association.

Statutory auditor's report to the general meeting of ECO 3 BV on the annual accounts as of and for the year ended December 31, 2024

- We reviewed the historical and prospective accounting and financial data included in the special report of the board of directors in the context of the proposed distribution decided by the general meeting of December 6, 2024 in accordance with article 5:143 of the Companies' and Associations' Code.
