Management's statement on the annual report

The management has today discussed and approved the annual report for Danske PEP 2018 Danica Co-Investment K/S for the financial year October 1, 2024 - September 30, 2025.

The annual report has been prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Limited Partnership's assets, liabilities and financial position as of September 30, 2025, as well as of the result of the Limited Partnership's activities for the financial year October 1, 2024 - September 30, 2025.

Furthermore, in our opinion, the Management's review gives a fair review of the development in the Limited Partnership's operations and financial matters and the results of the Limited Partnership's operations and financial position as a whole.

The annual report is recommended to be approved at the Annual General Meeting.

Independent auditor's report

To the Limited Partners of Danske PEP 2018 Danica Co-Investment K/S

Opinion

We have audited the financial statements of Danske PEP 2018 Danica Co-Investment K/S for the financial year October 1, 2024 - September 30, 2025, which comprise accounting policies, income statement, balance sheet and notes. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the financial position of the Company at September 30, 2025 and of the results of the Company's operations for the financial year October 1, 2024 - September 30, 2025 in accordance with the Danish Financial Statements Act.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

Management's responsibilities for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Pdole

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

Independent auditor's report

As part of an audit conducted in accordance with ISAs and additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- ▶ Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- ▶ Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- ▶ Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- ▶ Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- ▶ Evaluate the overall presentation, structure and contents of the financial statements, including the note disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Statement on the Management's review

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of the Management's review.

Accounting policies

Balance sheet

Investment assets

Co-investments are measured in accordance with the IPEV Valuation Guidelines or similar guidelines depending on the country of origin of the investments according to which investments are measured at the fair value. Revaluations are included in the profit and loss account.

Investments in unlisted co-investments are valued on the basis of the latest reporting received from the respective sub co-investments. The reports from the co-investments contain a valuation of each individual portfolio company. The value of a co-investments consists of the sum of the values of the portfolio companies in which the fund has invested in, and the value of other net assets.

Other receivables

Other receivables are measured at amortised cost after deduction of write-downs for anticipated losses.

Other liabilities

Financial liabilities are recognised at the date of borrowing and are measured at amortised cost, corresponding to the outstanding debt.

Other liabilities are measured at cost, usually corresponding to nominal value.

Other payables include a performance fee to the Manager, Danske Private Equity A/S and administration costs due.

Foreign currency translation

Transactions in foreign currency are translated into EUR according to the currency rate ruling on the transaction date.

Accounts receivable and accounts payable in foreign currency are translated into EUR according to currency rate rulings on the balance sheet date.

Investments in co-investments

The Company has ownership of mainly unquoted co-investments. The Company has no controlling or significant influence on the co-investments in which the Company has invested.

Common accepted guidelines are used for measuring the fair value. The measuring of the fair value of the co-investments in underlying companies are made by the managers of the co-investments.

The valuation of a company is based on the industry, market position and earnings capacity, and the (i) the peer group multiple, i.e. the market value of comparable listed companies, (ii) transaction multiple in recent M&A transactions involving comparable companies, (iii) value indications from potential buyers of the company, (iv) market value if the company is publicly traded, and or (v) future expected proceeds, if there is a concluded agreement on the sale of the company.

Usually the Company has no or very little information about specific methods and assumptions used by the managers of the co-investments when measuring the fair value of the underlying companies. At the assessment of the fair value of the underlying companies reported by the managers, information about the market conditions, company specific information as well as information received through dialog with the managers of the co-investments are used.

Financial statements October 1, 2024 – September 30, 2025

Notes

Note 1 – Investments in co-investments (continued)

The Company invests in co-investments. The investments made by the co-investments are classified within the fair value hierarchy based on the lowest level of input that is significant to the fair value measurement. The three levels of the fair value hierarchy are described below:

Level 1 - Inputs based upon quoted prices for identical assets and liabilities in active markets

Level 2 - Inputs other than quoted prices that are observable for the asset or liability either directly or indirectly, including inputs in markets that are not considered to be active

Level 3 - Unobservable input

Fair value measurements as of September 30, 2025

| EUR 1,000 | Quoted prices Level 1 | Observable input Level 2 | Unobservable input Level 3 | Total |
|----------------|--------------------------|-----------------------------|-------------------------------|--------|
| Co-investments | 0 | 0 | 57,710 | 57,710 |
| Total | 0 | 0 | 57,710 | 57,710 |

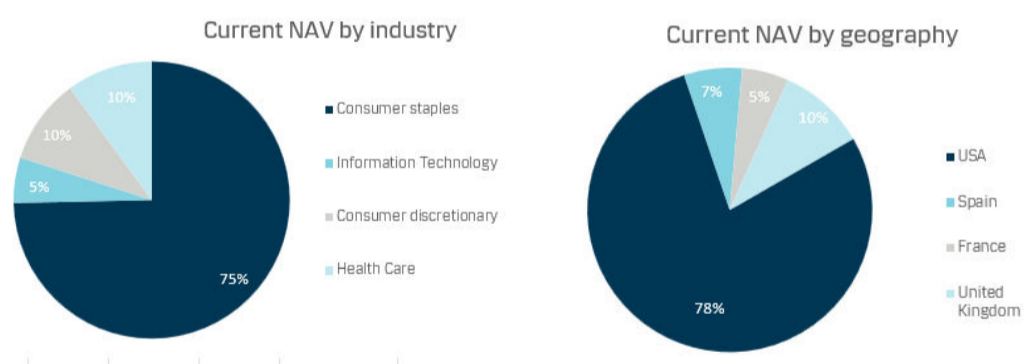

The above measurement is based on the fair value of the co-investments underlying companies. The value of other net assets is classified as level 3.

Fair value measurements as of September 30, 2024
