## **Management's Statement**

Today, Management has considered and adopted the Annual Report of P/S Trælastholmen Nordhavn for the financial year 1 January 2021 - 31 December 2021.

The Annual Report is presented in accordance with the Danish Financial Statements Act.

In our opinion, the Financial Statements give a true and fair view of the assets, liabilities and financial position of the Company at 31 December 2021 and of the results of the Company's operations for the financial year 1 January 2021 - 31 December 2021.

In our opinion, the Management's Review includes a true and fair account of the matters addressed in the review.

We recommend that the Annual Report be adopted at the Annual General Meeting.

## Independent Auditors' Report

To the shareholders of P/S Trælastholmen Nordhavn

### Opinion

We have audited the financial statements of P/S Trælastholmen Nordhavn for the financial year 1 January 2021 - 31 December 2021, comprising income statement, balance sheet and notes, including accounting policies. The financial statements are prepared in accordance with the Danish Financial Statements Act.

In our opinion, the financial statements give a true and fair view of the Company's assets, liabilities and financial position at 31 December 2021 and of the results of the Company's operations for the financial year 1 January 2021 - 31 December 2021 in accordance with the Danish Financial Statements Act.

### Basis of opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report.

We are independent of the Company in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Management's responsibility for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and for such internal control that Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

### The auditor's responsibility for the audit of the financial statements

Our objectives are to obtain reasonable assurance as to whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements in Denmark will always detect a material misstatement when it exists. Misstatements may arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of financial statement users made on the basis of these financial statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- \* Identify and assess the risks of material misstatement of the company financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.

## Independent Auditors' Report

- \* Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- \* Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- \* Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- \* Evaluate the overall presentation, structure and contents of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

### Statement on Management's Review

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, we conclude that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statement Act. We did not identify any material misstatement of the Management's review.

## Management's Review

### The Company's principal activities

The company's activity has during 2021 changed due to acquisition of an investment property.

The principal activities are investment, ownership, administration and development of properties and any business related hereto.

### Development in activities and the financial situation

The Company's Income Statement of the financial year 1 January 2021 - 31 December 2021 shows a result of DKK 15.614.668 and the Balance Sheet at 31 December 2021 a balance sheet total of DKK 834.815.291 and an equity of DKK 482.167.202.

The financial year was in line with forecast, and the results for the year are considered to be in accordance with expectations.

### Post financial year events

After the end of the financial year, no events have occurred which may change the financial position of the entity substantially.

## Accounting Policies

### Reporting Class

The Annual Report of P/S Trælastholmen Nordhavn for 2021 has been presented in accordance with the provisions of the Danish Financial Statements Act applying to enterprises of reporting class B with options from higher reporting classes.

The accounting policies applied remain unchanged from last year.

### Reporting currency

The Annual Report is presented in Danish kroner.

## General Information

### Basis of recognition and measurement

Income is recognised in the Income Statement as it is earned, including value adjustments of financial assets and liabilities that are measured at fair value or amortised cost. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the Income Statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the Income Statement.

Assets are recognised in the Balance Sheet when it is probable that future economic benefits attributable to the asset will accrue to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the Balance Sheet when it is probable that future economic benefits attributable to the asset will flow out of the Company, and the value of the liability can be measured reliably.

At initial recognition, assets and liabilities are measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

Certain financial assets and liabilities are measured at amortised cost, which involves the recognition of a constant effective interest rate over the term. Amortised cost is calculated as original cost less repayments and with the addition/deduction of the accumulated amortisation of the difference between the cost and the nominal amount. This way, exchange losses and gains are allocated over the term.

In connection with recognition and measurement, consideration is given to predictable losses and risks occurring prior to the presentation of the Annual Report, i.e. losses and risks which prove or disprove matters which exist at the balance sheet date.

## Income Statement

### Revenue

Rental revenue from operating leases is recognised as income on a straight line basis over the lease period.

### Other external expenses

Other external costs include costs for administration, etc.

### Fair value adjustment of investment assets and debts

Adjustments of investment assets and debts measured at fair value are recognised as a separate item in the Income Statement.

### Financial income and expenses

Financial income and expenses are recognised in the Income Statement based on the amounts that concern the financial year. Financial income and expenses include interest revenue and expenses and transactions in foreign currencies, repayment on mortgage loans, and surcharges and allowances under the tax prepayment scheme.

## Accounting Policies

### Balance Sheet

#### Investment property

Investment property includes investment in land and buildings for the purpose of obtaining a return on it invested capital in the form of current operating returns and capital gains on resale.

Investment properties are recognized at the time of acquisition at cost plus costs directly caused by the procurement. Interest and other borrowing costs during the construction period are recognized in the cost price.

Investment properties are subsequently measured at fair value, which corresponds to the amount provided by the individual property assessed to be sold for on the balance sheet date to an independent buyer. The fair value is calculated when used of the DCF model as the calculated capital value of the expected cash flows from the individual properties.

In determining the expected cash flows, the starting point is the individual property's budgeted cash flows for the next 10 years, including rent and price increases, as well as a calculated terminal value that expresses the value of the normalized cash flows that the property is expected to generate according to budget period. The cash flows thus calculated are discounted back to present value using a discount factor, which is assessed to reflect the market's current return requirements for similar properties including expected inflation.

The financial year's adjustment of the properties' fair value is recognized in the income statement.

#### Receivables

Receivables are measured at amortised cost which usually corresponds to the nominal value. The value is reduced by write-downs for expected bad debts.

Impairment of accounts receivables past due is established on individual assessment of receivables.

#### Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and in hand as well as short-term securities with a term of less than three months which can be converted directly into cash at bank and in hand and involve only an insignificant risk of value changes.

#### Equity

##### *Dividends*

Proposed dividends are recognised as a liability at the date when they are adopted at the annual general meeting. The expected payment for the year is disclosed as a separate item under equity.

#### Liabilities

Financial liabilities are recognised initially at the proceeds received net of transaction expenses incurred. In subsequent periods, financial liabilities are measured at amortised cost, corresponding to the capitalised value using the effective interest method, so that the difference between the proceeds and the nominal value is recognised in the Income Statement over the life of the financial instrument.

Mortgage debt is accordingly measured at amortised cost, corresponding to the outstanding balance in case of cash loans. In case of bond loans, amortised cost corresponds to the outstanding balance determined as the underlying cash value of the loans at the time of borrowing adjusted for amortisation of capital losses on the loans over the repayment period.

Other liabilities, comprising deposits, trade payables and other accounts payable, are measured at amortised cost, which usually corresponds to the nominal value.

## **Accounting Policies**

### **Prepayments**

Prepayments consist of payments received regarding income in the subsequent financial years.

### **Contingent assets and liabilities**

Contingent assets and liabilities are not recognised in the Balance Sheet but appear only in the notes.

The company's investment properties consist of one commercial property of 25.129 m2 located in Copenhagen. The investment property is in accordance with the description of the accounting policies, measured at fair value using the DCF model.

The value of the investment property is determined at fair value on the basis of a "discounted cash flow" valuation model. The fair value is calculated on the basis of the discounted value of cash flows provided a price indexation of income, expenses and inflation of 2%.

A weighted return requirement of 5,00% has been used in the valuation. A change of -0,25% -point in required rate of return means approx. 41 million DKK in changed market value and a change of +0,25 %-points in required rate of return means approx. -37 million DKK in changed market value.

In addition, the following significant assumptions have been used in the fair value measurement:

In the terminal year, it is assumed that vacancy, rent discounts, costs, maintenance, etc. corresponds to an average of a 10-year budget period.

**4. Long-term liabilities**

	Total debt at 31.12.2021 kr.	Due within 2-5 year kr.	Due after 5 years kr.
Mortgage debt	329.852.239	19.788.264	310.063.975
	<b>329.852.239</b>	<b>19.788.264</b>	<b>310.063.975</b>

## Notes

### 5. Contingent liabilities

No contingent liabilities exist at the balance sheet date.

### 6. Collaterals and securities

As collateral for its mortgage debt, DKK 329.852 thousand, the company has provided collateral in the investment property with a carrying amount of DKK 776,059 thousand at 31 December 2021.
