## Aller Aqua Norway AS

### Årsberetning 2021

#### Virksomhetens art og hvor den drives

Selskapets virksomhet er import og salg av fiskefor. Selskapet driver sin virksomhet fra sitt forretningskontor i Bergen.

#### Rettsvisende oversikt over utvikling og resultat

Selskapet har hatt en omsetningsøkning fra 168 062 tkr til 309 584 tkr. Resultat ble et overskudd på 4 938 tkr i 2021 mot et underskudd på kr. -15 452 tkr i 2020. Selskapet har en egenkapitalandel på 10 % og likviditeten og gjeldsgraden i selskapet er god. Utviklingen i omsetning, resultatgrad og egenkapitalandel er som forventet.

Styret mener at årsregnskapet gir et rettsvisende bilde av selskapets eiendeler og gjeld, finansielle stilling og resultat.

#### Sentrale risikoer og usikkerhetsfaktorer

Myndighetene kommer stadig med nye krav rundt driften av sjøbasert oppdrett. Dette krever oppgraderinger av både utstyr og mannskap, slik at alle deler av driften har de godkjente sertifikater. Dette medfører høyere kostnader per kilo produsert fisk. Miljøkravene til driften blir stadig hardere. Det er derfor alltid en mulighet for innstramninger på volum av matfisk anlegg.

#### Finansielle risiko

Selskapets finansielle risiko er først og fremst knyttet til valutasvingninger. Selskapet har pr. i dag ingen eksterne lån, men vil ved eventuelt behov for finansiering, være endel av morselskapets lånefinansiering. Kredittrisikoen på faste kunder anses begrenset, da konsernet ikke har noen dominerende kunder. Kundene på de store leveransene er store og solide selskapene. Likviditetsrisikoen anses også svært begrenset.

#### Forsknings- og utviklingsaktiviteter

Det har vært utført spesielle forsknings- og utviklingsaktiviteter i løpet av året knyttet til foruttesting. Aller Aqua Norway AS har fått tildelt FoU konsesjoner for laks og ørret. Vi driver utprøving av for med slimdannete råvarer for å forhindre lakselus.

#### Fortsatt drift

Årsregnskapet for 2021 er satt opp under forutsetning av fortsatt drift. Det bekreftes herved at forutsetningen for fortsatt drift er tilstede.

#### Arbeidsmiljø

Selskapet har 2 ansatte i selskapet. Daglig leder har sitt arbeidssted i Bergen.

## Likestilling

Styret er kjent med de retningslinjer og bestemmelser som gjelder likestilling mellom kjønnene på arbeidsplassen, og vil sørge for at alle medarbeidere behandles etter gjeldende rett. Styret består av 3 menn. Der er 2 ansatte i selskapet en mann og kvinne.

## Forsikringer

Det er tegnet ansvarsforsikringsavtale for styrets medlemmer og daglig leder. Forsikringsavtalen innebærer en dekning for mulig erstatningsansvar for styrets medlemmer og daglig leder overfor selskapet og tredjeparter.

## Redegjørelse for årsregnskapet og resultatdisponering

Etter styrets oppfatning gir fremlagte resultatregnskap og balanse med noter uttrykk for virksomhetens resultat for 2021 og økonomisk stilling ved årsskiftet.

Det er ikke Inntrådt forhold etter regnskapsårets slutt som er av betydning for bedømmelsen av regnskapet.

Virksomheten har for 2021 hatt et overskudd på kr. 4 938 tkr, som foreslås disponert som følger:

Sturle Skeidsvoll

daglig leder

Til generalforsamlingen i Aller Aqua Norway AS

## Uavhengig revisors beretning

### Konklusjon

Vi har revidert Aller Aqua Norway AS sitt årsregnskap som viser et overskudd på kr. 4 938 756. Årsregnskapet består av balanse per 31. desember 2021, resultatregnskap og kontantstrømpstilling for regnskapsåret avsluttet per denne datoen og noter til årsregnskapet, herunder et sammendrag av viktige regnskapsprinsipper.

Etter vår mening

- oppfyller årsregnskapet gjeldende lovkrav,
- gir årsregnskapet et rettviseende bilde av selskapets finansielle stilling per 31. desember 2021 og av dets resultat og kontantstrømmer for regnskapsåret avsluttet per denne datoen i samsvar med regnskapslovens regler og god regnskapskikk i Norge.

### Grunnlag for konklusjonen

Vi har gjennomført revisjonen i samsvar med de internasjonale revisjonsstandardene International Standards on Auditing (ISA-ene). Våre oppgaver og plikter i henhold til disse standardene er beskrevet nedenfor under "Revisors oppgaver og plikter ved revisjonen av årsregnskapet". Vi er uavhengige av selskapet slik det kreves i lov, forskrift og International Code of Ethics for Professional Accountants (inkludert internasjonale uavhengighetsstandarder) utstedt av the International Ethics Standards Board for Accountants (IESBA-reglene), og vi har overholdt våre øvrige etiske forpliktelser i samsvar med disse kravene. Innhentet revisjonsbevis er etter vår vurdering tilstrekkelig og hensiktsmessig som grunnlag for vår konklusjon.

### Øvrig informasjon

Styret og daglig leder (ledelsen) er ansvarlige for informasjonen i årsberetningen. Vår konklusjon om årsregnskapet ovenfor dekker ikke informasjonen i årsberetningen.

I forbindelse med revisjonen av årsregnskapet er det vår oppgave å lese årsberetningen. Formålet er å vurdere hvorvidt det foreligger vesentlig inkonsistens mellom årsberetningen og årsregnskapet og den kunnskap vi har opparbeidet oss under revisjonen av årsregnskapet, eller hvorvidt informasjon i årsberetningen ellers fremstår som vesentlig feil. Vi har plikt til å rapportere dersom årsberetningen fremstår som vesentlig feil.

Vi har ingenting å rapportere i så henseende.

# revisjon

Basert på kunnskapen vi har opparbeidet oss i revisjonen, mener vi at årsberetningen

- er konsistent med årsregnskapet og
- inneholder de opplysninger som skal gis i henhold til gjeldende lovkrav.

## Ledelsens ansvar for årsregnskapet

Ledelsen er ansvarlig for å utarbeide årsregnskapet og for at det gir et rettviseende bilde i samsvar med regnskapslovens regler og god regnskapsskikk i Norge. Ledelsen er også ansvarlig for slik intern kontroll som den finner nødvendig for å kunne utarbeide et årsregnskap som ikke inneholder vesentlig feilinformasjon, verken som følge av misligheter eller utilsiktede feil.

Ved utarbeidelsen av årsregnskapet må ledelsen ta standpunkt til selskapets evne til fortsatt drift og opplyse om forhold av betydning for fortsatt drift. Forutsetningen om fortsatt drift skal legges til grunn for årsregnskapet så lenge det ikke er sannsynlig at virksomheten vil bli avvirket.

## Revisors oppgaver og plikter ved revisjonen av årsregnskapet

Vårt mål er å oppnå betryggende sikkerhet for at årsregnskapet som helhet ikke inneholder vesentlig feilinformasjon, verken som følge av misligheter eller utilsiktede feil, og å avgi en revisjonsberetning som inneholder vår konklusjon. Betryggende sikkerhet er en høy grad av sikkerhet, men ingen garanti for at en revisjon utført i samsvar med ISA-ene, alltid vil avdekke vesentlig feilinformasjon som eksisterer. Feilinformasjon kan oppstå som følge av misligheter eller utilsiktede feil. Feilinformasjon blir vurdert som vesentlig dersom den enkeltvis eller samlet med rimelighet kan forventes å påvirke økonomiske beslutninger som brukerne foretar basert på årsregnskapet.

## Regnskapsprinsipper

Årsregnskapet er satt opp i samsvar med regnskapslovens bestemmelser og god regnskapsskikk.

### Bruk av estimater

I utarbeidelse av årsregnskapet har man brukt estimater og forutsetninger som har påvirket resultatregnskapet og verdsettelsen av eiendeler og gjeld, samt usikre eiendeler og forpliktelser på balansedagen i henhold til god regnskapsskikk. Områder som i stor grad inneholder slike skjønsmessige vurderinger, høy grad av kompleksitet, eller områder hvor forutsetninger og estimater er vesentlige for årsregnskapet, er beskrevet i notene.

### Valuta

Pengeposter i utenlandsk valuta omregnes til norske kroner ved å benytte balansedagens kurs.

### Inntekter

Inntekt regnskapsføres når den er opptjent, altså når både risiko og kontroll i hovedsak er overført til kunden. Dette vil normalt være tilfelle når varen er levert til kunden. Inntektene regnskapsføres med verdien av vederlaget på transaksjonstidspunktet.

### Skatt

Skattekostnaden i resultatregnskapet omfatter både periodens betalbare skatt og endring i utsatt skatt. Utsatt skatt er beregnet med 22% på grunnlag av de midlertidige forskjeller som eksisterer mellom regnskapsmessige og skattemessige verdier, samt ligningsmessig underskudd til fremføring ved utgangen av regnskapsåret. Skatteøkende og skattereduserende midlertidige forskjeller som reverserer eller kan reverseres i samme periode er utlignet og nettoført. Netto utsatt skattefordel balanseføres i den grad det er sannsynlig at denne kan bli utnyttet.

### Klassifisering av balanseposter

Eiendeler bestemt til varig eie eller bruk klassifiseres som anleggsmidler. Eiendeler som er tilknyttet varekretsløpet klassifiseres som omløpsmidler. Fordringer for øvrig klassifiseres som omløpsmidler hvis de skal tilbakebetales innen ett år. For gjeld legges analoge kriterier til grunn. Første års avdrag på langsiktige fordringer og langsiktig gjeld klassifiseres likevel ikke som omløpsmiddel og kortsiktig gjeld.

### Anskaffelseskost

Anskaffelseskost for eiendeler omfatter kjøpesummen, med fradrag for bonuser, rabatter og lignende, og med tillegg for kjøpsutgifter (frakt, toll, offentlige avgifter som ikke refunderes og andre direkte kjøpsutgifter). Ved kjøp i utenlandsk valuta balanseføres eiendelen til kursen på transaksjonstidspunktet. For varige driftsmidler og immaterielle eiendeler omfatter anskaffelseskost også direkte utgifter for å klargjøre eiendelen for bruk, for eksempel utgifter til testing av eiendelen.

### Immaterielle eiendeler

Utgifter til utvikling balanseføres i den grad det kan identifiseres en fremtidig økonomisk fordel knyttet til utvikling av en identifiserbar immateriell eiendel og utgiftene kan måles pålitelig. I motsatt fall kostnadsføres slike utgifter løpende. Balanseført utvikling avskrives lineært over økonomisk levetid.

### Varige driftsmidler

Tomter avskrives ikke. Andre varige driftsmidler balanseføres og avskrives lineært til restverdi over driftsmidlenes forventede utnyttbare levetid. Ved endring i avskrivningsplan fordeles virkningen over gjenværende avskrivningstid ("knekkpunktmetoden"). Vedlikehold av driftsmidler kostnadsføres løpende som driftskostnader. Påkostninger og forbedringer tillegges driftsmidlets kostpris og avskrives i takt med driftsmidlet. Skillet mellom vedlikehold og påkostning/forbedring regnes i forhold til driftsmidlets stand på anskaffelsestidspunktet. Leide (leasede) driftsmidler balanseføres som driftsmidler hvis leiekontrakten anses som finansiell.

## **Datterselskap og tilknyttet selskap**

Investeringer i datterselskap vurderes etter kostmetoden. Investeringen er vurdert til anskaffelseskost for aksjene med mindre nedskrivning har vært nødvendig. Det er foretatt nedskrivning til virkelig verdi når verdifall skyldes årsaker som ikke kan forventes å være forbigående og det må anses nødvendig etter god regnskapsskikk. Nedskrivninger er reversert når grunnlaget for nedskrivning ikke lenger er til stede..

## **Varer**

Varer er vurdert til det laveste av anskaffelseskost og netto salgsverdi. Netto salgsverdi er estimert salgspris ved ordinær drift etter fradrag for beregnede nødvendige utgifter for gjennomføring av salget. Anskaffelseskost inkluderer utgifter påløpt ved anskaffelse av varene og kostnader for å bringe varene til nåværende plassering og tilordnes ved bruk av FIFO - prinsippet.

## **Fordringer**

Kundefordringer og andre fordringer oppføres til pålydende etter fradrag for avsetning til forventet tap. Avsetning til tap gjøres på grunnlag av en individuell vurdering av de enkelte fordringene. For øvrige kundefordringer utføres en uspesifisert avsetning for å dekke forventet tap på krav.

## **Pensjoner - Innskuddsbasert ordning**

Kostnaden til innskuddsbasert pensjonsordning tilsvarer periodens premie til forsikringsselskapet.

## Note 1 Lønnskostnader, antall ansatte, godtgjørelser, lån til ansatte mm.

Lønnskostnader	2021	2020

## Management's Statement

The Executive Board and Board of Directors have today considered and adopted the Annual Report of Aller Aqua Group A/S for the financial year 1 January - 31 December 2021.

The Annual Report is prepared in accordance with the Danish Financial Statements Act.

In our opinion the Financial Statements and the Consolidated Financial Statements give a true and fair view of the financial position at 31 December 2021 of the Company and the Group and of the results of the Company and Group operations and of consolidated cash flows for 2021.

In our opinion, Management's Review includes a true and fair account of the matters addressed in the Review.

We recommend that the Annual Report be adopted at the Annual General Meeting.

## Independent Auditor's Report

To the Shareholder of Aller Aqua Group A/S

### Opinion

In our opinion, the Consolidated Financial Statements and the Parent Company Financial Statements give a true and fair view of the financial position of the Group and the Parent Company at 31 December 2021 and of the results of the Group's and the Parent Company's operations and of consolidated cash flows for the financial year 1 January - 31 December 2021 in accordance with the Danish Financial Statements Act.

We have audited the Consolidated Financial Statements and the Parent Company Financial Statements of Aller Aqua Group A/S for the financial year 1 January - 31 December 2021, which comprise income statement, balance sheet, statement of changes in equity and notes, including a summary of significant accounting policies, for both the Group and the Parent Company, as well as consolidated statement of cash flows ("the Financial Statements").

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) and the additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the Financial Statements" section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Statement on Management's Review

Management is responsible for Management's Review.

Our opinion on the Financial Statements does not cover Management's Review, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read Management's Review and, in doing so, consider whether Management's Review is materially inconsistent with the Financial Statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether Management's Review provides the information required under the Danish Financial Statements Act.

Based on the work we have performed, in our view, Management's Review is in accordance with the Consolidated Financial Statements and the Parent Company Financial Statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement in Management's Review.

## Independent Auditor's Report

### Management's responsibilities for the Financial Statements

Management is responsible for the preparation of consolidated financial statements and parent company financial statements that give a true and fair view in accordance with the Danish Financial Statements Act, and for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, Management is responsible for assessing the Group's and the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the Financial Statements unless Management either intends to liquidate the Group or the Company or to cease operations, or has no realistic alternative but to do so.

### Auditor's responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit conducted in accordance with ISAs and the additional requirements applicable in Denmark, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's and the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the Financial Statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Financial Statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the

## Independent Auditor's Report

audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and contents of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that gives a true and fair view.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the Consolidated Financial Statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

## Management's Review

### Key activities

The activities of the group primarily include development, production and sale of fish feed as well as trading with raw materials related to the production.

### Development in the year

The income statement of the Group for 2021 shows a profit of TDKK 25,884, and at 31 December 2021 the balance sheet of the Group shows equity of TDKK 294,797.

Production facilities and units in general are improved on a continuous basis. This means that investments are continuously made in existing as well as new production equipment and techniques. In 2021 Aller Aqua Group focused on the increase of its sales and efficiency all over.

The COVID-19 pandemic did also affect the group in various ways in 2021, however not critically. Some of our clients have not been able to deliver their fish to the HORECA markets, hence we have faced a slowdown in payments. Several Countries especially on the African continent have been hit by weaker economy, which has led to devaluation and loss of buying power, which indirectly have affected our sales volume as well as slowed down payments.

The turmoil on the financial markets has also led to turmoil on the currency rates which will also affect our business in selected markets.

### The past year and follow-up on development expectations from last year

In 2021 the Group realized a result of TDKK 25,884 against TDKK 18,762 in 2020. The 2021 result didn't live up to expectations.

### Operating risks

The group's most significant operating risk is attached to the ability to be strongly positioned in the markets where the products are sold and to ensure that production prices are always competitive.

### Foreign exchange risks

The existing price and currency risk are within the standard for the business. The Group is continuously entering into contracts and forward foreign exchange contracts to cover the risks.

### Targets and expectations for the year ahead

Profit expectations for the coming years are positive and the expectations is minimum a result as in 2019.

## Management's Review

### Research and development

Research is ongoing to develop and improve the products of the company.

### External environment

The Group is continuously working on securing a safe and healthy work environment in a way where environmental and climate conditions are included in the processes.

### Statutory statement on corporate social responsibility in accordance with section 99a of the Danish Financial Statements Act

#### *Business model*

Aller Aqua ("The Group") is a Danish founded company, which globally including associates employs approximately 550 people at seven different production facilities in seven different countries (Denmark, Germany, Poland, Serbia, Egypt, Zambia and China). The Group's primary activity is the production and manufacturing of fish feed and related trading with raw materials. The Group has sales in 60 different countries and is the third largest fish feed producer in EU in the freshwater segment.

The Group is aware of its environmental, ethical and societal responsibility, which is an integrated part of our business. Additionally, to our work within the area of CSR, the Group has during the past years entered a program supporting the United Nations Sustainable Development Goals (UN SDG) where we have specific focus on goals no. 2, 8, 13 & 14. The UN SDG goals have been incorporated into our strategy for all entities to maintain focus.

#### *Climate change and environmental approach*

The work around climate change and environmental issues is an important part of Aller Aqua's activities. As we source many raw materials and have several production sites, there is a risk of unintended impact on the surrounding environment. We address this risk by working on ISO 22000 certification of our production sites.

During 2021 we have fulfilled our target of sourcing 100% of our soya products from the European region. By doing so we abandon imports from any country where deforestation could be an issue. We aim to source raw materials regionally to minimize transportation and in our product line we also have ecological feed products to meet customer demands. During 2021 appx. 90% of our raw materials to the European factories come from the region.

Further, in 2021 we have aligned our efforts for lower environmental impact with the UN SDG's focusing on goals no. 13 – Climate Actions and no. 14 – Life below water to further enhance the global sustainability development by further improving aquaculture since aquaculture is the least carbon emitting meat production.

Our fish feed reduces the discharge to water; hence it positively impacts life below water and can provide

## Management's Review

a source of feed for aquaculture that may reduce the pressure on natural fish stocks.

We have introduced systematic training programs towards our clients, in order to secure best practice and performance, which leads to the lowest environmental impact. Furthermore, we have continued our focus to reduce our environmental impact from production facilities and have thus implemented activities to reduce energy consumption and thereby CO<sub>2</sub> emissions across all entities.

We have in 2021 finalized a dedicated process of CO<sub>2</sub> labeling of all our feed types. Since majority of the CO<sub>2</sub> input in fish feeds comes from raw materials, we have decided, as probably the first fish feed company worldwide to give our clients the opportunity to choose products according to CO<sub>2</sub> impact.

Aller Aqua Group will continue the work with climate labeling of products, which will initially be launched at the 3 European factories in 2021.

Going forward, more of the company's factories will be covered by this work as well. Efforts are continuing to increase the use of locally produced raw materials to achieve an even lower CO<sub>2</sub> load

### *Human rights and social relations approach*

As our activities are spread across the world, and since we have activities that involves a multiple number of stakeholders, we acknowledge the need for addressing human rights related issues. We know that the protection and support of international accepted human rights guidelines are very important to us stakeholders, and we acknowledge the risk of not living up to these expectations.

We are working by a "code of conduct" towards our suppliers. This code of conduct is a part of the approval of all suppliers. In the code of conduct we address among others:

- Compliance with applicable laws
- Accurate and honest recordkeeping
- Protection of information, assets and interests
- Business obligations
- Respect and dignity
- Conducting business with integrity
- Responsibility

The "code of conduct" is sent to all suppliers and is a part of the supplier approval to the group. During 2021 numerous supplier audits have taken place across the group factories, however many of these has been virtual due to the COVID-19 pandemic.

Based on these audits we have not seen any critical incidences at our suppliers during the year.

At the Zambian factory a new governmental "employment code act" has been implemented.

In 2022, we expect to teach and train employees, throughout the group, in the same code of conduct that

## Management's Review

applies to our suppliers. This includes, among other things, requirements to respect international human rights, ensure safe jobs, respect for the individual, etc.

### *Employee relations*

We value our employees highly, and we are aware of the need to be able to attract and maintain competent employees on the staff. Therefore, we have a focus on providing proper working conditions for our employees worldwide.

At our production facility in Zambia and Egypt we have introduced busses that employees can use to get to work since the population is scarce in the near proximity of our production site and in Egypt challenges with transport are huge. This practice has continued in 2021.

Our work related to the SDG goal no. 8 implies advocating for an increase in the aquaculture sector as this will support economic growth in areas where other forms of agricultural activities are not possible and where it will create decent work for locals. We wish to provide our employees with a decent and stable workplace, which can support a sustainable development in the area where we are present.

In the financial year 2021, we have increased the workforce at group level and have contributed to a greater diversity in these appointments.

We have continued to focus on transferring knowledge through training with our customers and employees, in order to increase the opportunity to create better results and a better environment.

Aller Aqua Group will continue to work with the UN's global goals, including goal no. 8 "decent work and economic growth" where we will continue to ensure that we through training and knowledge transfer with our customers can contribute to creating sustainable growth in the local areas we work in.

There is also a focus on creating attractive workplaces with opportunities for development internally in the company, as well as internationally.

### *Anti-corruption and bribery approach*

The Group have a zero tolerance towards corruption and the Group maintain high ethics and integrity in all business relations. Aller Aqua is aware of how corruption, bribery and poor business ethics may harm the business.

Therefore, the Board of Directors have maintained a close relationship with top management throughout the companies of the Group and make sure that the Group's position and values are known and complied in all places. In the employee handbook, the Group's guidelines on e.g., gifts and ethical conduct are described to secure that the requirements are communicated across geographical areas.

In 2021, we have continued our process to screen our suppliers and apply guidelines that they are required to implement and comply with and which contain requirements regarding anti-corruption and bribery as well as human rights. We have not identified any material issues related to corruption in 2021.

## Management's Review

We will teach and inform all employees about our code of conduct that does not accept corruption, bribery or other financial conflicts of interest. We will also, through direct control, ensure that our transactions take place in accordance with applicable rules.

### **Statutory statement on gender diversity in accordance with section 99b of the Danish Financial Statements Act**

#### *Target for the Board of Directors*

Among the seven members of our Board of Directors there is one female. Thereby, Aller Aqua Group reached its target to have one woman on the Board by 2018. Consequently, the Group has set a new target to have two women on the Board by 2023. The goal was not met yet, as the general assembly did not find any need for replacement of the board member. For 2023 the goal is still to have two women on the Board.

#### *Policy for other management levels*

It is Group's policy to increase the number of women in our management team, but under the primary condition always to hire the most competent candidate for the job.

In 2021 we have continued to ensure that both genders are offered the same opportunities to further educate themselves as well as we have continued to nudge female talent within our organization to seek out career opportunities when relevant. When using external recruiters, we require receiving a shortlist with both male and female candidates, and we generally strive for more women to enter management. However, in 2021 too few management positions were vacant to show significant change in the overall gender split in our management team. We will continue our efforts in the years to come.

### **Statement of policy for data ethics in accordance with the Danish financial statements act section 99 d**

It is the Group's assessment, that it does not have data that has not been adequately handled within GDPR legislation, why it is considered that there currently is no need of a data ethics policy.

## Notes to the Financial Statements

### 1 Subsequent events

Due to the war in Ukraine we have faced unprecedented price increases on especially vegetable raw materials. Ukraine and Russia stands for >30% of the World exports of wheat and appx. 60% of sunflower production.

Not only has the prices increased dramatically but also availability is also at stake.

The side effects of the war with huge energy cost and problematic logistics has an impact on nearly all raw materials.

The challenges we face is coming on top of many of the COVID effects, which also brought disruption on prices and supply chains.

<b>Deferred tax asset at 31 December</b>	<b>19.830</b>	<b>16.547</b>	<b>0</b>	<b>37</b>

Provision for deferred tax relates to difference between the carrying amount and the tax value of tangible fixed assets, prepayments, inventories and tax loss carried forward.

The deferred tax asset is recognised as it is expected that the company can utilise the tax loss within a few years. The prepared budgets, including the expectations for the future, show that the tax loss is expected to be utilised within a period of 3-5 years.

## 15 Other provisions

Other provisions for liabilities comprise provisions related to expected local tax claims regarding the group's activities abroad.

## Notes to the Financial Statements

### 22 Accounting Policies

The Annual Report of Aller Aqua Group A/S for 2021 has been prepared in accordance with the provisions of the Danish Financial Statements Act applying to large enterprises of reporting class C.

The accounting policies applied remain unchanged from last year.

The Consolidated and Parent Company Financial Statements for 2021 are presented in TDKK.

### Recognition and measurement

Revenues are recognised in the income statement as earned. Furthermore, value adjustments of financial assets and liabilities measured at fair value or amortised cost are recognised. Moreover, all expenses incurred to achieve the earnings for the year are recognised in the income statement, including depreciation, amortisation, impairment losses and provisions as well as reversals due to changed accounting estimates of amounts that have previously been recognised in the income statement.

Assets are recognised in the balance sheet when it is probable that future economic benefits attributable to the asset will flow to the Company, and the value of the asset can be measured reliably.

Liabilities are recognised in the balance sheet when it is probable that future economic benefits will flow out of the Company, and the value of the liability can be measured reliably.

Assets and liabilities are initially measured at cost. Subsequently, assets and liabilities are measured as described for each item below.

### Basis of consolidation

The Consolidated Financial Statements comprise the Parent Company, Aller Aqua Group A/S, and subsidiaries in which the Parent Company directly or indirectly holds more than 50% of the votes or in which the Parent Company, through share ownership or otherwise, exercises control. Enterprises in which the Group holds between 20% and 50% of the votes and exercises significant influence but not control are classified as associates.

On consolidation, items of a uniform nature are combined. Elimination is made of intercompany income and expenses, shareholdings, dividends and accounts as well as of realised and unrealised profits and losses on transactions between the consolidated enterprises.

The Parent Company's investments in the consolidated subsidiaries are set off against the Parent Company's share of the net asset value of subsidiaries stated at the time of consolidation.

## Notes to the Financial Statements

### 22 Accounting Policies (continued)

#### Minority interests

Minority interests form part of the Group's total equity. Upon distribution of net profit, net profit is broken down on the share attributable to minority interests and the share attributable to the shareholders of the Parent Company. Minority interests are recognised on the basis of a remeasurement of acquired assets and liabilities to fair value at the time of acquisition of subsidiaries.

Minority interests are initially measured at their proportionate share of the fair value of the acquired entity's identifiable net assets. In this way, only goodwill related to the Parent Company's share of the entity acquired is recognised.

On subsequent changes to minority interests where the Group retains control of the subsidiary, the consideration is recognised directly in equity.

To the extent that the parent company's shareholders have assumed a legal obligation to settle the minority interests by cash payment, this obligation is recognized as a debt obligation and not as a minority interest. The debt obligation is measured at fair value corresponding to the expected redemption amount. Value adjustments are entered as a financial item in the income statement.

#### Leases

Leases in terms of which the Group assumes substantially all the risks and rewards of ownership (finance leases) are recognised in the balance sheet at the lower of the fair value of the leased asset and the net present value of the lease payments computed by applying the interest rate implicit in the lease or an alternative borrowing rate as the discount rate. Assets acquired under finance leases are depreciated and written down for impairment under the same policy as determined for the other fixed assets of the Group.

The remaining lease obligation is capitalised and recognised in the balance sheet under debt, and the interest element on the lease payments is charged over the lease term to the income statement.

All other leases are considered operating leases. Payments made under operating leases are recognised in the income statement on a straight-line basis over the lease term.

#### Translation policies

Transactions in foreign currencies are translated at the exchange rates at the dates of transaction. Exchange differences arising due to differences between the transaction date rates and the rates at the dates of payment are recognised in financial income and expenses in the income statement. Where foreign exchange transactions are considered hedging of future cash flows, the value adjustments are recognised directly in equity.

Receivables, payables and other monetary items in foreign currencies that have not been settled at the

## Notes to the Financial Statements

### 22 Accounting Policies (continued)

balance sheet date are translated at the exchange rates at the balance sheet date. Any differences between the exchange rates at the balance sheet date and the rates at the time when the receivable or the debt arose are recognised in financial income and expenses in the income statement.

Fixed assets acquired in foreign currencies are measured at the transaction date rates.

### Revenue

Information on business segments and geographical segments based on the Group's risks and returns and its internal financial reporting system. Business segments are regarded as the primary segments.

## Income Statement

### Revenue

Revenue from the sale of goods is recognised when the risks and rewards relating to the goods sold have been transferred to the purchaser, the revenue can be measured reliably and it is probable that the economic benefits relating to the sale will flow to the Group.

Services are recognised at the rate of completion of the service to which the contract relates by using the percentage-of-completion method, which means that revenue equals the selling price of the service completed for the year. This method is applied when total revenues and expenses in respect of the service and the stage of completion at the balance sheet date can be measured reliably, and it is probable that the economic benefits, including payments, will flow to the Group. The stage of completion is determined on the basis of the ratio between the expenses incurred and the total expected expenses of the service.

## Notes to the Financial Statements

### 22 Accounting Policies (continued)

Revenue is measured at the consideration received and is recognised exclusive of VAT and net of discounts relating to sales.

#### Expenses for raw materials and consumables

Expenses for raw materials and consumables comprise the raw materials and consumables consumed to achieve revenue for the year.

#### Other external expenses

Other external expenses comprise indirect production costs and expenses for premises, sales and distribution as well as office expenses, etc.

#### Staff expenses

Staff expenses comprise wages and salaries as well as payroll expenses.

#### Amortisation, depreciation and impairment losses

Amortisation, depreciation and impairment losses comprise amortisation, depreciation and impairment of intangible assets and property, plant and equipment.

#### Other operating income and expenses

Other operating income and other operating expenses comprise items of a secondary nature to the main activities of the Group.

#### Income from investments in subsidiaries and associates

The items "Income from investments in subsidiaries" and "Income from investments in associates" in the income statement include the proportionate share of the profit for the year.

#### Financial income and expenses

Financial income and expenses are recognised in the income statement at the amounts relating to the financial year.

#### Tax on profit/loss for the year

Tax for the year consists of current tax for the year and changes in deferred tax for the year. The tax attributable to the profit for the year is recognised in the income statement, whereas the tax attributable to equity transactions is recognised directly in equity.

## Notes to the Financial Statements

### 22 Accounting Policies (continued)

The Company is jointly taxed with Hans Erik Bylling Holding ApS. The tax effect of the joint taxation is allocated to enterprises in proportion to their taxable incomes.

## Balance Sheet

### Intangible assets

Patents and licences are measured at the lower of cost less accumulated amortisation and recoverable amount. Patents are amortised over the remaining patent period, and licences are amortised over the licence period; however not exceeding 5 years.

### Property, plant and equipment

Property, plant and equipment are measured at cost less accumulated depreciation and less any accumulated impairment losses.

Cost comprises the cost of acquisition and expenses directly related to the acquisition up until the time when the asset is ready for use.

Interest expenses on loans raised directly for financing the construction of property, plant and equipment are recognised in cost over the period of construction.

Depreciation based on cost reduced by any residual value is calculated on a straight-line basis over the expected useful lives of the assets, which are:

Buildings	20-50 years
Plant and machinery	5-15 years
Other fixtures and fittings, tools and equipment	5-15 years

Depreciation period and residual value are reassessed annually.

### Impairment of fixed assets

The carrying amounts of intangible assets and property, plant and equipment are reviewed on an annual basis to determine whether there is any indication of impairment other than that expressed by amortisation and depreciation.

If so, the asset is written down to its lower recoverable amount.

## Notes to the Financial Statements

### 22 Accounting Policies (continued)

#### Investments in subsidiaries and associates

Investments in subsidiaries and associates are recognised and measured under the equity method.

The items "Investments in subsidiaries" and "Investments in associates" in the balance sheet include the proportionate ownership share of the net asset value of the enterprises calculated on the basis of the fair values of identifiable net assets at the time of acquisition with deduction or addition of unrealised inter-company profits or losses and with addition of the remaining value of any increases in value and goodwill calculated at the time of acquisition of the enterprises.

The total net revaluation of investments in subsidiaries and associates is transferred upon distribution of profit to "Reserve for net revaluation under the equity method" under equity. The reserve is reduced by dividend distributed to the Parent Company and adjusted for other equity movements in the subsidiaries and the associates.

Subsidiaries and associates with a negative net asset value are recognised at DKK 0. Any legal or constructive obligation of the Parent Company to cover the negative balance of the enterprise is recognised in provisions.

#### Fixed asset investments

Fixed asset investments, which consist of listed bonds and shares, are measured at their fair values at the balance sheet date. Fair value is determined on the basis of the latest quoted market price.

Investments which are not traded in an active market are measured at the lower of cost and recoverable amount.

#### Inventories

Inventories are measured at the lower of cost under the FIFO method and net realisable value.

The net realisable value of inventories is calculated at the amount expected to be generated by sale of the inventories in the process of normal operations with deduction of selling expenses. The net realisable value is determined allowing for marketability, obsolescence and development in expected selling price.

The cost of goods for resale, raw materials and consumables equals landed cost.

The cost of finished goods and work in progress comprises the cost of raw materials, consumables and direct labour with addition of indirect production costs. Indirect production costs comprise the cost of indirect materials and labour as well as maintenance and depreciation of the machinery, factory buildings and equipment used in the manufacturing process as well as costs of factory administration and management.

## Notes to the Financial Statements

### 22 Accounting Policies (continued)

#### Receivables

Receivables are measured in the balance sheet at the lower of amortised cost and net realisable value, which corresponds to nominal value less provisions for bad debts.

#### Prepayments

Prepayments comprise prepaid expenses concerning rent, insurance premiums, subscriptions and interest.

#### Equity

##### Dividend

Dividend distribution proposed by Management for the year is disclosed as a separate equity item.

#### Provisions

Provisions are recognised when - in consequence of an event occurred before or on the balance sheet date - the Group has a legal or constructive obligation and it is probable that economic benefits must be given up to settle the obligation.

#### Deferred tax assets and liabilities

Deferred income tax is measured using the balance sheet liability method in respect of temporary differences arising between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes on the basis of the intended use of the asset and settlement of the liability, respectively.

Deferred tax assets are measured at the value at which the asset is expected to be realised, either by elimination in tax on future earnings or by set-off against deferred tax liabilities within the same legal tax entity.

Deferred tax is measured on the basis of the tax rules and tax rates that will be effective under the legislation at the balance sheet date when the deferred tax is expected to crystallise as current tax. Any changes in deferred tax due to changes to tax rates are recognised in the income statement or in equity if the deferred tax relates to items recognised in equity.

#### Current tax receivables and liabilities

Current tax liabilities and receivables are recognised in the balance sheet as the expected taxable income for the year adjusted for tax on taxable incomes for prior years and tax paid on account. Extra payments and repayment under the on-account taxation scheme are recognised in the income statement in financial income and expenses.

## Notes to the Financial Statements

### 22 Accounting Policies (continued)

#### Financial debts

Loans, such as loans from credit institutions, are recognised initially at the proceeds received net of transaction expenses incurred. Subsequently, the loans are measured at amortised cost; the difference between the proceeds and the nominal value is recognised as an interest expense in the income statement over the loan period.

Mortgage loans are measured at amortised cost, which for cash loans corresponds to the remaining loan. Amortised cost of debenture loans corresponds to the remaining loan calculated as the underlying cash value of the loan at the date of raising the loan adjusted for depreciation of the price adjustment of the loan made over the term of the loan at the date of raising the loan.

Other debts are measured at amortised cost, substantially corresponding to nominal value.

#### Cash Flow Statement

The cash flow statement shows the Group's cash flows for the year broken down by operating, investing and financing activities, changes for the year in cash and cash equivalents as well as the Group's cash and cash equivalents at the beginning and end of the year.

##### Cash flows from operating activities

Cash flows from operating activities are calculated as the net profit/loss for the year adjusted for changes in working capital and non-cash operating items such as depreciation, amortisation and impairment losses, and provisions. Working capital comprises current assets less short-term debt excluding items included in cash and cash equivalents.

##### Cash flows from investing activities

Cash flows from investing activities comprise cash flows from acquisitions and disposals of intangible assets, property, plant and equipment as well as fixed asset investments.

##### Cash flows from financing activities

Cash flows from financing activities comprise cash flows from the raising and repayment of long-term debt as well as payments to and from shareholders.

##### Cash and cash equivalents

Cash and cash equivalents comprise "Cash at bank and in hand".

The cash flow statement cannot be immediately derived from the published financial records.
