Auditors' report

The Board of Director's report 2023 for Onyx Norway Holding AS

Operations and locations

Onyx Norway Holding AS ("the Company") main business is investment in companies. The Company is situated in Tønsberg, Norway, where also the subsidiary is located. Onyx Norway Holding AS is a part of the consolidated financial statement of Paycom Intermediate Holdings, Inc. The company is situated in Dallas, Texas, US.

Going concern

In accordance with the Accounting Act § 3-3a, we confirm that the financial statements have been prepared under the assumption of going concern.

Future prospects

The expectations for 2024 are positive. The market recouped from the effects of the Corona virus and now has minimal impact on the business. 2024 seems to be a year where business is back at the same level as we saw before the Corona virus outbreak. There will always be uncertainty related to future events.

Financial position, capital structure and risk

The Company was established in 2014 with the purpose of investing in other companies. Currently, the only investment is the fully owned subsidiary, Onyx CenterSource AS. Onyx CenterSource AS offers a commission tracking reconciliation and payment solution for travel management companies, travel agencies and other accommodation bookers.

The company has paid interest of NOK 5,2 mill for a long-term loan based on a NOK 200 mill dividend decided in 2020 and a NOK 58 mill dividend from 2022. High income from subsidiaries has resulted in a profit of NOK 100,0 mill. in 2023, compared to a profit of NOK 64,4 mill. in 2022.

The Company has no liquidity reserve as of 31.12.2023. The business activity does not require significant payment of operating expenses. Further repayment of the loan and interest on the loan will be performed through group contribution from Onyx CenterSource AS. The Company's financial position is sound and adequate to settle short-term debt as of 31.12.2023 with its most liquid assets.

Main risk for the company is the business of its wholly owned subsidiary Onyx CenterSource AS. In its regular business operations Onyx CenterSource AS is exposed to a variety of risks, and the Board of Directors is committed to ensuring that risk is managed in a systematic and structured manner. Key operational risks relate to system process failure, corporate compliance and reputation. From a financial perspective, the main risk is related to currency exchange rates. The risk for losses on receivables is low and the Company has not yet experienced such losses.

The working environment, diversity and discrimination

The Company has no employees. The board has four members, three men and one woman. The company will provide information related to the "Transparency Act" at its website by the end of 2024.

There is no insurance in place for board members.

Environmental report

The Company's operations do not result in pollution or spillage harmful to the external environment.

Onyx Norway Holding AS

Org.nr: 913 250 508

Note 1 Accounting principles

The financial statements have been prepared in accordance with the Norwegian Accounting Act of 1998 and generally accepted accounting principles in Norway.
The Company is part of the consolidated financial statement of Pegasus Business Intelligence (UK) Limited.
Group report can be collected at Two Lincoln Centre, Suite 900, 5420 LBJ Freeway, Dallas.

Valuation and classification of assets and liabilities

Assets intended for permanent ownership or use in the business are classified as non-current assets.
Other assets are classified as current assets. Receivables due within one year are classified as current assets. The classification of current and non-current liabilities is based on the same criteria.

Current assets are valued at the lower of historical cost and fair value.

Other long-term liabilities, as well as short-term liabilities, are valued at nominal value.

Shares in subsidiaries

Subsidiaries investments are carried at cost. A write-down to fair value will be performed if the impairment is not considered to be temporary, and an impairment charge is deemed necessary according to generally accepted accounting principles. Received dividends and group contributions are recognised as other financial income.

Foreign currency

All balance sheet items denominated in foreign currencies are translated into NOK at the exchange rate prevailing at the balance sheet date.

Receivables

Other receivables are recognised at nominal value.

Income taxes

Tax expenses are matched with operating income before tax. Tax related to equity transactions e.g. group contribution, is recognised directly in equity.

Tax expense consists of current income tax expense and change in net deferred tax. Deferred tax liabilities and deferred tax assets are presented net in the balance sheet.

Note 2 Payroll costs, number of employees, benefits, loans to employees etc.

The Company has no employees and in accordance with the Norwegian legislation on occupational pensions ("lov om obligatorisk tjenestepensjon") the Company is not required to have an occupational pension plan.

No payroll or other benefits are paid to the board in 2023.

Auditor

Remuneration to Deloitte AS and their associates is as follows:

	2023	2022
Statutory audit	35,750	9,375

Value added tax is included in the auditors fee.

To the General Meeting of Onyx Norway Holding AS

INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the financial statements of Onyx Norway Holding AS (the Company), which comprise the balance sheet as at 31 December 2023, the income statement, statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion

- the financial statements comply with applicable statutory requirements, and
- the financial statements give a true and fair view of the financial position of the Company as at 31 December 2023, and its financial performance and its cash flows for the year then ended in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company as required by relevant laws and regulations in Norway and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Board of Directors (management) is responsible for the information in the Board of Directors' report. Our opinion on the financial statements does not cover the information in the Board of Directors' report.

In connection with our audit of the financial statements, our responsibility is to read the Board of Directors' report. The purpose is to consider if there is material inconsistency between the Board of Directors' report and the financial statements or our knowledge obtained in the audit, or whether the Board of Directors' report otherwise appears to be materially misstated. We are required to report if there is a material misstatement in the Board of Directors' report. We have nothing to report in this regard.

Based on our knowledge obtained in the audit, it is our opinion that the Board of Directors' report

- is consistent with the financial statements and
- contains the information required by applicable statutory requirements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern. The financial statements use the going concern basis of accounting insofar as it is not likely that the enterprise will cease operations.

Deloitte AS and Deloitte Advokatfirma AS are the Norwegian affiliates of Deloitte NSE LLP, a member firm of Deloitte Touche Tohmatsu Limited, a UK private company limited by guarantee ("DTTL"). DTTL and each of its member firms are legally separate and independent entities. DTTL and Deloitte NSE LLP do not provide services to clients. Please see www.deloitte.com/about to learn more about our global network of member firms.

Deloitte Norway conducts business through two legally separate and independent limited liability companies; Deloitte AS, providing audit, consulting, financial advisory and risk management services, and Deloitte Advokatfirma AS, providing tax and legal services.

Independent auditor's report
Onyx Norway Holding AS

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error. We design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- conclude on the appropriateness of management's use of the going concern basis of accounting, and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves a true and fair view.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

INDEPENDENT AUDITOR'S REPORT

Board of Directors
Onyx CenterSource, Inc.
Dallas, Texas

Opinion

We have audited the accompanying consolidated financial statements of Onyx CenterSource, Inc. (a Delaware corporation) and Subsidiaries (the "Company"), which comprise the consolidated balance sheets as of December 31, 2023 and 2022, and the related consolidated statements of operations, changes in stockholders' deficit and comprehensive loss, and cash flows for the year ended December 31, 2023 and for the period from July 20, 2022 (Successor Period), and for the period from January 1, 2022 to July 19, 2022 (Predecessor Period) and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Onyx CenterSource, Inc. and Subsidiaries as of December 31, 2023 and 2022, and the results of their operations and their cash flows for the year ended December 31, 2023 and for the period from July 20, 2022 (Successor Period), and for the period from January 1, 2022 to July 19, 2022 (Predecessor Period) in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Onyx CenterSource, Inc. and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Onyx CenterSource, Inc.'s ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Onyx CenterSource, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Onyx CenterSource, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 1 – Business Description and Summary of Significant Accounting Policies

Business description

Onyx CenterSource, Inc. is a Delaware corporation formed in April 2013 which acts as a holding company over the principal operating subsidiaries in our relevant jurisdictions. Onyx CenterSource, Inc.'s direct or indirect subsidiaries conduct all of our businesses worldwide. In these consolidated financial statements, references to "Onyx," the "Company," "we," "our," "ours," and "us" refer to Onyx CenterSource, Inc. and its consolidated subsidiaries unless otherwise stated or the context otherwise requires.

The leading provider of commission solutions to the hospitality industry, Onyx assists hotels and travel distributors by offering an end-to-end solution for their business-to-business payments, including data analytics and business insights that help improve their business performance and profitability.

Principles of consolidation

The consolidated financial statements include all accounts of the Company and its wholly-owned subsidiaries. All significant intercompany accounts and transactions have been eliminated in consolidation.

Basis of presentation and use of estimates

The accompanying consolidated financial statements are prepared in conformity with accounting principles generally accepted in the United States of America (GAAP). These principles require management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Significant estimates include, but are not limited to, the useful lives of long-lived assets, recoverability of deferred tax assets, impairment of long-lived assets, and certain accrued liabilities. Actual results could differ from those estimates. The following paragraphs of Note 1 summarize the more significant accounting policies used in preparing the consolidated financial statements.

Foreign currencies, currency translation and re-measurement

The Company's functional currency for each significant operating location is as follows:

- United States of America: U.S. Dollar
- Norway: Norwegian Krone
- Spain: Euro

Due to the nature of the business, the Company transacts in many currencies, but its reporting currency is the U.S. Dollar. Assets and liabilities held by the foreign subsidiaries are translated into U.S. Dollars using exchange rates in effect at the balance sheet date. Results of operations and cash flows are translated into U.S. Dollars using average exchange rates during the reporting period. All translation gains and losses that result from translating the financial statements of the Company's foreign subsidiaries from their respective functional currencies into the U.S. dollar reporting currency are recognized within the cumulative translation adjustment (CTA) account, which is a component of accumulated comprehensive income (loss) within stockholders' equity (deficit).

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 1 – Business Description and Summary of Significant Accounting Policies – (Continued)

Foreign currencies, currency translation and re-measurement - continued

Where applicable, fluctuations in currency exchange rates relative to the business' functional currency result in the realization of foreign exchange gains and losses when assets and liabilities are re-measured and settled in rates different than those that the assets and liabilities were originally recorded. These foreign currency gains and losses are included in the consolidated statements of operations.

The Company has intercompany debt with its subsidiaries that is denominated in the U.S. Dollar, which is a currency other than the subsidiaries' functional currency. As such, the intercompany debt transactions create foreign currency gains and losses that survive consolidation, while the intercompany debt eliminates upon consolidation. As a result, the Company recognized a gain from intercompany debt remeasurement of approximately \$106,000 for the year ended December 31, 2023. The Company recognized a gain of \$338,000 and a loss of \$2,322,000 from intercompany debt remeasurement for the periods from July 20, 2022 through December 31, 2022 (Successor) and January 1, 2022 to July 19, 2022 (Predecessor), respectively. The loss or gain is presented within other expense in the accompanying consolidated statements of operations.

Cash flow from the Company's operations included in the consolidated statements of cash flows is calculated based upon the functional currencies using the average translation rates. As a result, amounts related to assets and liabilities reported on the consolidated statements of cash flows will not necessarily agree with arithmetical changes in the corresponding balances on the consolidated balance sheets and statements of operations.

Cash

In the ordinary course of business, depending on the timing of the commission cycle, the Company may have significant cash on-hand which represents commissions to be paid within 30 days associated with the services the Company provides. The balance of this cash at December 31, 2023 and 2022 was approximately \$66,800,000 and \$54,500,000 respectively.

Additionally, the Company houses certain cash balances in a separate for-benefit-of (FBO) account over which the Company has limited control, and which acts as a pass-through for commission payments from hotels to agents. The balance of this cash is recorded as part of commissions receivable rather than cash on-hand, and was approximately \$13,790,000 and \$12,450,000 at December 31, 2023 and 2022, respectively.

The Company also had approximately \$127,000 and \$155,000 of restricted cash at December 31, 2023 and 2022, respectively, primarily related to cash securitization of certain letters of credit and payroll taxes to be passed on to local tax jurisdictions on behalf of employees in Norway.

Concentrations

Financial instruments that potentially subject the Company to concentrations of credit risk consist of cash and commissions receivable. The nature of the Company's business requires that the Company regularly have cash balances in excess of any insurance, such as FDIC coverage, that would protect deposits from loss. The Company has not experienced any losses in such accounts and does not believe it is exposed to any significant risk on cash.

While no one hotel or agency customer provides an individually significant portion of earnings, the Company has natural concentrations by the fact that it operates in one market (commissions paid by hotels to agencies) which has its own concentrations.

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 1 – Business Description and Summary of Significant Accounting Policies – (Continued)

Commissions receivable and payable

As part of the normal business cycle, the Company records commissions receivable from hotels and the associated commissions payable to agencies. A majority of the amounts presented as such on the consolidated balance sheets at any time largely represent the activity of the current cycle of commissions that are collected from hotels and subsequently passed through to agencies.

Due to the pass-through nature of the Company's business, the impact for losses on un-collected amounts has historically been immaterial.

The Company does periodically assess all receivables for collectability and maintains reserves based on historical experiences, specific situations as they arise, current economic conditions, and reasonable and supportable forecasts of future events. The total allowance for current expected credit losses was \$125,000 at both December 31, 2023 and 2022.

Capitalized software costs

The Company has incurred costs to both acquire and develop software for internal use. Research and development (R&D) costs related to these efforts, including any product discovery and pre-application development, are expensed as incurred. Software developed for internal use may be capitalized for the full costs incurred during the software development stage. The Company's capitalized costs for internally developed software consist substantially of personnel-related costs associated with the development and enhancement of core applications as well as costs paid to third party resources for project management and development. Capitalized software costs are amortized using the straight-line method over three to five years, which approximates the estimated economic life of that version of the product. Software costs of approximately \$6,100,000 were capitalized during the year ended December 31, 2023. Software costs of approximately \$2,300,000 and \$2,200,000 were capitalized during the periods from July 20, 2022 through December 31, 2022 (Successor) and January 1, 2022 through July 19, 2022 (Predecessor), respectively.

Property and equipment

Property and equipment are recorded at cost and depreciated using the straight-line method over their estimated useful lives, ranging from three to seven years. Leasehold improvements are amortized over the shorter of their estimated useful lives or the life of the lease. Any gain or loss resulting from the retirement or sale of an asset is credited or expensed to operations.

Goodwill and intangibles

Goodwill represents the excess of purchase price over the fair value of identified tangible and intangible assets acquired, less liabilities assumed. During 2022, following the Exchange and resulting goodwill, the Company adopted the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 350, *Intangibles – Goodwill and Other*, whereby the Company's applicable goodwill balance is amortized on a straight-line basis over an estimated useful life of 10 years.

Intangible assets consist of customer and banking relationships, technology, trademark and trade names, and non-compete agreements and are amortized over their respective estimated useful lives, which range from 2 to 10 years. Amortization is computed on a straight-line basis, which approximates the timing of the economic benefits generated by the assets.

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 1 – Business Description and Summary of Significant Accounting Policies – (Continued)

Long-lived assets

The Company reviews its long-lived assets, such as property, equipment, and software and intangible assets for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of the asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized for the amount by which the carrying amount of the asset exceeds the fair value of the asset. Assets to be disposed of, if material, would be separately presented in the consolidated balance sheets and reported at the lower of the carrying amount or fair value less costs to sell, and are no longer depreciated. Upon review, the Company determined that no impairment existed on its long-lived assets for the years ended December 31, 2023 and 2022.

Revenue recognition

The Company earns revenue by charging each participating travel agency a fee equal to a percentage of that agency's commission volumes from the Company's hotel customers. In many cases, those travel agencies purchase commission reconciliation and tracking services as well, revenues of which are typically recognized on a per confirmed, commissionable room-night basis. The Company also earns a fee from contracted hotels which is typically associated with the number of commissionable transactions processed.

Revenues from travel agency fees can vary substantially from period to period based on a number of factors, including but not limited to, the types of hotels at which reservations are made, fluctuations in overall room rates and commission percentages paid by hotels to travel agencies as well as currencies involved in the underlying hotel stay. The Company recognizes revenues when the commission is calculated, processed, and or reconciled.

Advertising

Advertising is expensed as incurred. Advertising costs for the year ended December 31, 2023 were approximately \$540,000. Advertising costs for the periods from July 20, 2022 through December 31, 2022 (Successor) and from January 1, 2022, through July 19, 2022 (Predecessor) were approximately \$217,000 and \$245,000, respectively.

401(k) and defined contribution pension plans

The Company maintains a 401(k) Plan, whereby eligible US employees may contribute up to 92% of their eligible compensation, subject to limitations established by the Internal Revenue Code. The Company may contribute a discretionary matching contribution semi-monthly equal to 50% of each participant's deferred compensation up to the first 6% of their annual eligible compensation.

The Company has a Group Personal Pension Plan (GPPP) for employees in the UK, whereby eligible employees may contribute a portion of their compensation, subject to their age and other limitations established by HM Revenue & Customs. The Company contributes 6% of the employee's annual compensation as long as the individual contributes a minimum of 3% of their annual compensation to the plan.

The Company is required by Singapore government regulation to pay a certain percentage, approximately 15% of gross salary, to the Central Provident Fund for the benefit of the Company's Singapore employees.

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 1 – Business Description and Summary of Significant Accounting Policies – (Continued)

The Company has an agreement regarding mandatory pension with Nordea Liv for its Norwegian employees. The agreement meets the minimum Norwegian statutory requirements for such an arrangement. The Company contributed 5% of each Norwegian employee's base salary for those associated with the pension program in both 2023 and 2022.

The Company is required by Spanish government regulation to pay a certain percentage, approximately 32% of gross salary, to the Social Security System for the benefit of its Spanish employees. This amount covers regular taxes as well as the retirement and pension benefit.

The Company has a benefit plan in Manila which was converted from a defined benefit to a hybrid plan and fully funded in 2018. Both the ongoing cost and liability associated with this plan are immaterial to the consolidated financial statements at December 31, 2023.

All expenses incurred by the Company in conjunction with the plans and agreements described above were immaterial to the consolidated financial statements for the years ended December 31, 2023 and 2022.

Leases

The Company leases office space in Norway, Manila, Spain, and Dallas – each under non-cancelable operating leases. The Company determines if an arrangement is a lease at inception. Operating leases are included in operating lease right-of-use (ROU) assets, current liabilities, and operating lease liabilities on the consolidated balance sheets. The Company does not have any finance leases.

ROU assets represent the Company's right to use an underlying asset for the lease term, and lease liabilities represent its obligation to make lease payments arising from the lease. Operating lease ROU assets and liabilities are recognized at commencement date based on the present value of lease payments over the lease term. As the lease agreement does not provide an implicit rate, the Company uses an incremental borrowing rate based on the information available at the commencement date in determining the present value of lease payments. The operating lease ROU asset also includes any lease payments made and excludes lease incentives. The lease terms may include options to extend or terminate the lease when it is reasonably certain that the Company will exercise that option. Lease expense for lease payments is recognized on a straight-line basis over the lease term.

The Company's lease agreements do not contain any material or residual value guarantees or material restrictive covenants.

Income taxes

Deferred income tax assets and liabilities are recognized for the differences between the financial and income tax reporting bases of assets and liabilities based on enacted tax rates and laws. The deferred income tax expense or benefit generally reflects the net change in deferred income tax assets and liabilities during the year. The current income tax provision reflects the tax consequences of revenues and expenses currently taxable or deductible on income tax returns for the year reported. A valuation allowance is established when it is more likely than not that deferred tax assets will not be realized.

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 1 – Business Description and Summary of Significant Accounting Policies – (Continued)

The Company accounts for uncertain tax positions, when applicable, through the provisions of ASC Topic 740-10-25, *Income Taxes*, which prescribes a recognition threshold and measurement attribute for the recognition and measurement of tax positions taken or expected to be taken in income tax returns. ASC 740 also provides guidance on de-recognition of income tax assets and liabilities and accounting for interest and penalties associated with tax positions. At December 31, 2023 and 2022, no uncertain tax positions have been identified and the Company is no longer subject to tax examinations by tax authorities for years prior to 2019. If applicable, interest and penalties related to uncertain tax positions will be recognized in income tax expenses as incurred. No such amounts were recognized during 2023 or 2022.

Adoption of New Accounting Rules

On January 1, 2023, the Company adopted Accounting Standards Update (ASU) No. 2016-13, *Financial Instruments – Credit Losses (Topic 326): Measurement of Credit Losses on Financial Instruments*, which modifies the measurement of expected credit losses on certain financial instruments. The Company adopted ASU 2016-13 utilizing the modified retrospective transition method. The adoption of ASU 2016-13 did not have a material impact on the Company's consolidated financial statements.

In February 2016, the FASB issued ASC Topic 842, *Leases*, (ASC 842) to increase transparency and comparability among organizations by requiring the recognition of ROU assets and lease liabilities on the balance sheet. Most prominent among the changes in the standard is the recognition of ROU assets and lease liabilities by lessees for those leases classified as operating leases. Under the standard, disclosures are required to meet the objective of enabling users of financial statements to assess the amount, timing, and uncertainty of cash flows arising from leases.

The Company adopted the standard effective January 1, 2022, and recognized and measured leases existing at, or entered into after, January 1, 2022 (the beginning of the period of adoption) through a cumulative effect adjustment, with certain practical expedients available.

As a result of the adoption of the new lease accounting guidance, on January 1, 2022, the Company recognized an operating lease liability of \$1,356,286, discounted using an incremental borrowing rate of 10.18%, and a right-of-use asset of \$1,356,286.

The standard had a material impact on the Company's consolidated balance sheets but did not have a material impact on its consolidated income statements or consolidated statements of cash flows. The most significant impact was the recognition of ROU assets and lease liabilities for operating leases.

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 2 – Exchange Agreement

On July 19, 2022, an Exchange Agreement (the Exchange) and accompanying third amendment to the existing Senior Secured Loan Agreement governing the remaining balance of outstanding debt, was executed. The Exchange Agreement constituted a debt-for-equity exchange which resulted in a change in control from the previous majority investor H.I.G to FitzWalter Capital, the Company's majority debt holder at the time of the Exchange. At the time of the Exchange, the Company's total outstanding debt and accrued interest was \$266,918,451. Upon execution of the Exchange Agreement, \$103,653,410 of the total current debt was converted to equity, while the remaining \$163,265,041 remained outstanding with the existing lender group.

This transaction was considered a purchase under ASC 805, *Business Combinations*, whereby FitzWalter Capital obtained majority control of Onyx CenterSource from H.I.G. The total consideration value in the transaction was approximately \$276,200,000 which consisted of a combination of debt and equity, including certain working capital adjustments. The following table summarizes the recognized amounts of identifiable assets acquired and liabilities assumed:

Current Assets	\$	85,298,000
Property, Plant, & Equipment		12,540,000
Goodwill		151,976,000
Intangible Assets		109,300,000
Other Noncurrent Assets		955,000
Current Liabilities		(83,450,000)
Noncurrent Liabilities		(419,000)
Total consideration value:	\$	276,200,000

The excess of purchase price over the fair value of the net assets acquired is reflected as goodwill. Goodwill arising from the Exchange consists primarily of assembled workforce and customer related intangible assets that do not qualify for or require separate recognition.

Subsequent to the date of the Exchange, measurement period adjustments in accordance with ASC 805 were made to goodwill associated with the fair value of the Company's deferred taxes and debt totaling approximately \$13,500,000. The resulting adjusted balance of goodwill was approximately \$165,500,000.

The Exchange was not taxable and therefore any new goodwill and intangible assets that arose out of the exchange were not deductible for tax purposes.

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 3 – Property, Equipment and Software

Property, equipment and software consisted of the following as of December 31, 2023 and 2022:

	Estimated Useful Life	2023	2022
Software	3 to 5 years	\$ 20,478,773	\$ 14,227,300
Computer and network equipment	3 years	1,470,504	779,687
Leasehold improvements	Term of Lease	396,186	273,156
Furniture and fixtures	7 years	143,768	77,447
Total property, equipment and software		22,489,231	15,357,590
Less accumulated depreciation and amortization		(8,120,714)	(2,733,323)
Total property, equipment and software, net		\$ 14,368,517	\$ 12,624,267

Depreciation and amortization expense for the year ended December 31, 2023 was approximately \$5,460,000. Depreciation and amortization expense for the periods from July 20, 2022 through December 31, 2022 (Successor) and from January 1, 2022 through July 19, 2022 (Predecessor) was approximately \$2,733,000 and \$3,340,000, respectively.

Note 4 – Goodwill and Intangible Assets

Goodwill

The Company has generated goodwill from its historical business combinations, the balance of which was approximately \$141,500,000 and \$158,000,000 at December 31, 2023 and 2022, respectively.

As a result of the Exchange which closed on July 19, 2022 (referenced in Note 2), all existing goodwill was written-off and replaced by an allocated portion of the consideration value as part of that transaction which totaled \$165,500,000. The Company subsequently adopted ASC Topic 350, *Intangibles – Goodwill and Other*, whereby this balance is amortized on a straight-line basis over an estimated useful life of 10 years. Accordingly, the Company recognized amortization expenses of approximately \$16,550,000 for the year ended December 31, 2023 and \$7,500,000 during the period from July 20, 2022 through December 31, 2022 (Successor).

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 4 – Goodwill and Intangible Assets – (Continued)

Estimated amortization expense related to goodwill for each of the next five years and thereafter is as follows for the years ending December 31:

2024	\$	16,549,548
2025		16,549,548
2026		16,549,548
2027		16,549,548
2028		16,549,548
Thereafter		<u>58,713,114</u>
Total future amortization	\$	<u>141,460,854</u>

Intangible Assets

The Company has recorded identifiable intangible assets in connection with its historical acquisitions which are amortized on a straight-line basis over their respective estimated useful lives.

Intangible assets consisted of the following as of December 31, 2023 and 2022:

	<u>Estimated Useful Life</u>	<u>2023</u>	<u>Successor 2022</u>
Customer relationships	15 years	\$ 45,700,000	\$ 45,700,000
Banking relationships	10 years	32,400,000	32,400,000
Developed technology	8 years	28,000,000	28,000,000
Trade name	10 years	<u>3,200,000</u>	<u>3,200,000</u>
		109,300,000	109,300,000
Less accumulated amortization		<u>(14,677,736)</u>	<u>(4,571,074)</u>
		\$ <u>94,622,264</u>	\$ <u>104,728,926</u>

Amortization expense related to these intangible assets for year ended December 31, 2023 and for the period from July 20, 2022 through December 31, 2022 (Successor) was approximately \$10,107,000 and \$4,571,000, respectively.

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 4 – Goodwill and Intangible Assets – (Continued)

Estimated amortization expense related to these intangible assets for each of the next five years and thereafter is as follows for the years ending December 31:

2024	\$	10,106,667
2025		10,106,667
2026		10,106,667
2027		10,106,667
2028		10,106,667
Thereafter		44,088,929
Total future amortization	\$	94,622,264

Amortization expense for the period from January 1, 2022 through July 19, 2022 (Predecessor) related to intangibles assets recognized prior to the Exchange transaction was approximately \$3,457,000.

Note 5 – Debt

Senior Secured Loan Agreement

In 2018, the Company had a Senior Secured Loan Agreement (Term Loan) that was secured by substantially all assets of the Company and provided for a term loan of \$225,000,000 and a revolver of \$7,500,000. The Term loan bore interest at a rate of LIBOR with a 1% floor plus a margin of 6.25%, required quarterly principal and interest payments, and an additional annual principal payment based on excess cash flow through maturity in December 2021.

During 2020 and due to the onset of the Covid pandemic, the Company stopped servicing this debt and was therefore considered in default with respect to the loan agreement. In December 2020, the Company reached a contingent agreement with its lenders whereby the lenders agreed in principle to convert a portion of the outstanding balance of the Term Loan and revolver plus any accrued interest to an equivalent amount of equity. In connection with this agreement, the maturity date of any remaining balance on the Term Loan and revolver was extended through 2024.

In July 2021, the Company entered into a separate loan agreement, the New Money Term Loan, whereby it secured additional funds for operations and paid expenses associated with the debt issuance. The agreement stipulated an additional \$3,750,000 in principal, bore interest at a rate of LIBOR with a 1% floor plus a margin of 10.0%, and had a maturity date of September 20, 2024.

At the time of the Exchange, the Company's total outstanding debt and accrued interest was \$266,918,451. Upon the Exchange, \$103,653,410 of the total current debt was converted to equity, while the remaining \$163,265,041 remained outstanding with the existing lender group under the existing Term Loan, as amended.

In November 2022, the Company settled in cash all outstanding principal and paid-in-kind interest related to the New Money Term Loan, totaling approximately \$4,200,000. In conjunction with this, the remaining unamortized capitalized loan origination costs of approximately \$500,000 associated with this borrowing were written-off to interest expense.

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 5 – Debt – (Continued)

In December 2022, the Company entered into a new Senior Secured Loan Agreement (New Term Loan) with a third-party lending group which refinanced a portion of the then-outstanding debt and accrued interest, and paid expenses associated with the debt issuance. The remaining amount of \$36,563,662 which was not refinanced was converted to equity.

The New Term Loan stipulated a principal of \$125,000,000, provided for \$10,000,000 of revolver availability and was secured by substantially all the assets of the Company. The New Term Loan bore interest at LIBOR plus a margin of 7.75% (effectively 12.04% as of December 31, 2022), required interest to be paid quarterly, and matured on December 6, 2027. Principal payments starting at 1% (and increasing annually) of the original New Term Loan principal balance commenced March 31, 2023, and were to continue through maturity. An additional annual principal payment based on excess cash flow was to be required beginning in 2024 through maturity in December 2027.

The New Term Loan contained certain quarterly financial covenants to which the Company must adhere. Management believes that the Company was in compliance with all such financial covenants at December 31, 2022.

There was no outstanding balance on the revolver and the full \$10,000,000 was available to the Company as of December 31, 2022.

In connection with the issuance of the New Term Loan, the Company incurred total loan origination costs of approximately \$5,569,670 which were capitalized. The Company amortized \$69,000 of this cost to interest expense during the year ended December 31, 2022.

Below is a summary of the Company's outstanding debt at December 31, 2022:

	Successor 2022
Short-term debt:	
Current portion of New Term Loan	\$ 1,250,000
Revolver	-
Less: Current portion of capitalized loan cost, net	<u>(890,229)</u>
Total short-term debt	359,771
Long-term debt:	
Long-term portion of New Term Loan	123,750,000
Less: Long-term portion of capitalized loan cost, net	<u>(4,563,384)</u>
Total long-term debt	<u>119,186,616</u>
Total debt	\$ <u>119,546,387</u>

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 5 – Debt – (Continued)

In July 2023, the Company entered into a joinder agreement (Incremental Senior Loan) with its lenders, the proceeds of which were used to pay expenses associated with the debt issuance as well as a dividend to its ownership group. The agreement stipulated an additional \$30,000,000 in principal and retained the same interest rate, payment requirements, and maturity date as the New Term Loan.

In connection with the issuance of the Incremental Senior Loan, the Company incurred total loan origination costs of \$1,110,365 which were capitalized. The Company amortized \$178,000 of this cost to interest expense during the year ended December 31, 2023.

In addition, the Company amortized \$819,000 of capitalized loan origination costs related to the New Term Loan during the year ended December 31, 2023.

In December 2023, the Company entered into an amended and restated credit and guaranty agreement (Amended New Term Loan) with its lenders which refinanced the then-outstanding debt and accrued interest, and paid both expenses associated with the debt issuance and a dividend to its ownership group. The Amended New Term Loan stipulates a principal of \$200,000,000 and provides for \$15,000,000 of revolver availability. The loan bears interest at SOFR plus a margin of 6.75% (effectively 12.25% as of December 31, 2023), requires interest to be paid quarterly, and matures on December 15, 2028. Principal payments starting at 1% (and increasing starting in 2026) of the original Amended New Term Loan balance are required beginning March 31, 2024 through maturity, and an additional annual principal payment based on excess cash flow is required beginning in 2025 through maturity in 2028.

In conjunction with this amended agreement, all remaining unamortized capitalized loan origination costs associated with the refinanced debt and totaling approximately \$5,614,000 were written-off to interest expense.

The Amended New Term Loan contains certain quarterly financial covenants to which the Company must adhere. Management believes that the Company was in compliance with all these covenants at December 31, 2023.

There was a \$5,000,000 outstanding balance on the revolver and another \$10,000,000 available to the Company as of December 31, 2023.

In connection with the issuance of the Amended New Term Loan, the Company incurred total loan origination costs of \$5,564,712 which were capitalized. The Company amortized \$68,000 of this cost to interest expense during the year ended December 31, 2023.

Note 5 – Debt – (Continued)

Below is a summary of the Company's outstanding debt at December 31, 2023:

	2023
Short-term debt:	
Current portion of Amended New Term Loan	\$ 2,000,000
Revolver	5,000,000
Less: Current portion of capitalized loan cost, net	<u>(879,136)</u>
Total short-term debt	6,120,864
Long-term debt:	
Long-term portion of Amended New Term Loan	198,000,000
Less: Long-term portion of capitalized loan cost, net	<u>(4,616,926)</u>
Total long-term debt	193,383,074
Total debt	\$ <u>199,503,938</u>

Future scheduled principal payments on the above debt are as follows for the years ended December 31:

2024	\$ 7,000,000
2025	2,000,000
2026	4,000,000
2027	6,000,000
2028	<u>186,000,000</u>
Total future scheduled principal payments	\$ <u>205,000,000</u>

Note 6 – Income Taxes

The Company and its subsidiaries' primary tax jurisdictions are the U.S., Spain, and Norway. Certain other subsidiaries included in these financial statements are subject to income taxes in the U.K., the Philippines and Singapore.

Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 6 – Income Taxes – (Continued)

The allocation of income (loss) from continuing operations before taxes is as follows:

		Successor	Predecessor
	Year ended December 31, 2023	Period from July 20, 2022 to December 31, 2022	Period from January 1, 2022 to July 19, 2022
Domestic loss before tax	\$ (37,553,473)	\$ (14,990,290)	\$ (14,602,241)
Foreign income (loss) before taxes	\$ 14,983,157	\$ 3,929,629	\$ (1,074,176)
Total loss before taxes	\$ (22,570,316)	\$ (11,060,661)	\$ (15,676,417)

The components of income tax (expense) benefit were as follows:

		Successor	Predecessor
	Year ended December 31, 2023	Period from July 20, 2022 to December 31, 2022	Period from January 1, 2022 to July 19, 2022
Current expense:			
Federal	\$ (52,570)	\$ (31,533)	\$ (4,992)
State	(13,324)	(4,592)	(3,704)
Foreign	(2,794,138)	(571,198)	(591,897)
Total current expense	(2,860,032)	(607,323)	(600,593)
Deferred (expense) benefit:			
Federal	47,281	219,601	(188,963)
Foreign	(708,946)	(306,087)	103,294
Total deferred (expense) benefit	(661,665)	(86,486)	(85,669)
Income tax (expense) benefit	\$ (3,521,697)	\$ (693,809)	\$ (686,262)

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 6 – Income Taxes – (Continued)

The reconciliation of the U.S. federal statutory income tax provision to the income tax provision on continuing operations is as follows:

	Year ended December 31, 2023	Successor	Predecessor
		Period from July 20, 2022 to December 31, 2022	Period from January 1, 2022 to July 19, 2022
Expected statutory income tax benefit	\$ 4,739,764	\$ 2,322,701	\$ 3,291,685
Permanent differences	(3,858,613)	(1,497,853)	(958,856)
Return to provision true-ups	(40,146)	(2,063)	25,916
State taxes, net of the federal benefit	(10,526)	(3,628)	(2,926)
Impact of foreign rate differential	(250,049)	(57,031)	39,353
Effect of non-US branch operations	(8,562)	(2,243)	(1,259)
Credits generated (mostly foreign and R&D credits)	741,725	106,535	(46,515)
Other change in valuation allowance	(4,835,290)	(1,560,227)	(3,033,660)
Income tax (expense) benefit, net	\$ (3,521,697)	\$ (693,809)	\$ (686,262)

In 2022 and 2023, our effective tax rate was lower than the 21% statutory rate primarily due to the generation of net operating losses during the COVID-19 pandemic and subsequent utilization of loss carryforwards.

As of December 31, 2023 and 2022, the significant components of our deferred tax assets and deferred tax liabilities were as follows:

	2023	Successor 2022
Deferred tax assets:		
Interest limitation (163j)	\$ 15,175,411	\$ 10,889,367
Tax credit carryforwards	6,489,235	6,117,217
Purchased intangibles		
Charitable contributions	269	770
Net operating loss carryforwards	5,100,129	7,187,746
Total deferred tax assets	26,765,044	24,195,100
Less valuation allowance	(12,015,119)	(7,179,829)
Net deferred tax assets	14,749,925	17,015,271

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 6 – Income Taxes – (Continued)

Deferred tax liabilities:

Purchased intangibles	(17,115,130)	(18,642,287)
Property and equipment	(202,800)	(823,177)
Accrued expenses	(302,022)	1,899
Goodwill	(328,344)	(88,411)

Total deferred tax liabilities (17,948,296) (19,551,976)

Deferred income tax assets (liabilities), net \$ (3,198,371) \$ (2,536,705)

The Company records a valuation allowance to reduce the carrying value of deferred tax assets if, based on the weight of available evidence, it is more likely than not that some portion or all of the deferred tax assets will not be realized. In evaluating its ability to realize the net deferred tax assets, the Company considered all available positive and negative evidence, including its past operating results and the forecast of future market growth, forecasted earnings, future taxable income, and prudent and feasible tax planning strategies.

At December 31, 2023, the Company has U.S. federal net operating loss carryforwards of approximately \$19,283,000. Additionally, the Company has approximately \$2,355,000 of R&D credits and \$1,934,000 of foreign tax credits available to be used and carried forward for use until the year 2035. The Company also generated an additional \$20,409,000 in deferred tax assets associated with a limitation on the deductibility of interest provision contained in the Tax Act. All operating losses and tax credit carryforwards may be subject to limitations under provisions in the Internal Revenue Code. Current evidence available, including the results of the COVID pandemic, is not deemed sufficient to overcome the need for a valuation allowance in the U.S. at this time. The valuation allowance recorded for the U.S. deferred tax assets is approximately \$11,896,000 and \$7,064,000 at December 31, 2023 and 2022, respectively. As the Company is a historical taxpayer in foreign jurisdictions, no other significant valuation allowance was deemed necessary.

Note 7 – Commitments and Contingencies

Operating leases

The Company leases office space in Norway, Manila, Spain, and Dallas – each under non-cancelable operating leases. In addition to the base rent, the Company is also responsible for a portion of the operating expenses associated with these facilities. Where operating leases contain rent escalation clauses or certain types of landlord concessions, the financial effect of these items are included in the determination of the straight-line expense over the lease term.

The current lease terms, if not extended, for our respective locations are as follows:

Manila, Philippines	2026
Tønsberg, Norway	2026
Seville, Spain	2027
Dallas, USA	2031

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES
Notes to Consolidated Financial Statements
December 31, 2023 and 2022

Note 7 – Commitments and Contingencies – (Continued)

The components of lease costs and additional lease information for the year ended December 31, 2023 and 2022 are as follows:

	<u>2023</u>	<u>2022</u>
Operating lease cost	\$ 871,179	\$ 1,164,000
Operating cash flows used in operating leases	\$ 623,869	\$ 365,179
Weighted average remaining lease term	6.63 years	7.43 years
Weighted average discount rate	10.18%	10.18%

Future minimum lease payments required under the non-cancelable operating leases are as follows:

Years ending December 31:		
2024	\$	883,679
2025		900,129
2026		845,737
2027		601,732
2028		576,406
2028 and thereafter		<u>1,647,603</u>
		5,455,286
Less: discount to present value		<u>(1,520,908)</u>
	\$	<u>3,934,378</u>

Base rent expense totaled approximately \$871,000 for the year ended December 31, 2023. Base rent expense for the periods from July 20, 2022 through December 31, 2022 (Successor) and from January 1, 2022 through July 19, 2022 (Predecessor) totaled approximately \$428,000 and \$736,000, respectively.

Other service agreements

The Company has entered into service agreements with initial minimum commitments ranging between one and three years that expire between the fiscal years 2024 and 2026 primarily related to software and technologies, the hosting of datacenters and disaster recovery. In addition to the base terms, there are certain options that extend the terms of the service agreements. Payments are fixed for the initial terms and are subject to change in the event that the Company elects to extend the service.

ONYX CENTERSOURCE, INC. AND SUBSIDIARIES

Notes to Consolidated Financial Statements

December 31, 2023 and 2022

Note 8 – Related-Party Transactions

Associated with H.I.G.'s equity investment in the Company in April 2013, there was an executed management agreement whereby H.I.G. provided general business, financial and management advice to the Company. In consideration for these and other services, the Company would pay H.I.G. a quarterly management fee of \$250,000. Following the Company's default position on the Term Loan in the second half of 2020, and pursuant to a recapitalization support agreement reached with its lenders in November 2020, the Company agreed to make no further payments to H.I.G. in connection with this management agreement. As such, no management fees were paid to H.I.G. for the year ended December 31, 2022.

There is no similar management fee agreement following the Exchange.

Note 9 – Subsequent Events

The Company evaluated all events or transactions that occurred subsequent to December 31, 2023 through March 28, 2024, the date the consolidated financial statements were available to be issued.

Net Trans Services as
Rambergveien 1
3115 TØNSBERG

Tillatelse til å utarbeide årsregnskap og årsberetning på engelsk for Onyx Norway Holding AS med datterselskaper, samt fritak for konsernregnskapsplikten for underkonsernet Onyx Norway Holding AS

Vi viser til deres brev av 4. mai 2015 hvor dere søker om dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk for

Onyx Norway Holding AS,	org.nr. 913 250 508
Net Trans Services Americas AS,	org.nr. 998 641 187
Net Trans Online Travel AS,	org.nr. 987 096 985
Net Trans Services AS,	org.nr. 883 430 972

I tillegg søkes det om fritak fra plikten til å utarbeide konsernregnskap for Onyx Norway Holding AS.

Skattedirektoratet finner med hjemmel i regnskapsloven av 17. juni 1998 nr. 56 § 3-7 fjerde ledd å kunne gi tillatelse til at det gjøres unntak for konsernregnskapsplikten for Onyx Norway Holding AS. Skattedirektoratet gir videre på bakgrunn av en konkret helhetsvurdering de ovennevnte selskapene tillatelse til å utarbeide årsregnskap og årsberetning på engelsk språk, jf. regnskapsloven § 3-4 tredje ledd. Dispensasjonen forutsetter at opplysningene som vedtaket baserer seg på ikke endres vesentlig.

Kopi av dette brevet må sendes Regnskapsregisteret i Brønnøysund sammen med årsregnskapet. Det påligger den regnskapspliktige å dokumentere ved dette brev at tillatelsen er gitt.

Bakgrunn

Onyx Norway Holding AS ble etablert i 2014 som et ledd i overtagelse av Net Trans Services AS, Net Trans Online Travel AS og Net Trans Services Americas AS i september 2014 hvor Paycom Intermediate Holdings Inc var overtagende part gjennom Pegasus Business Intelligence Limited. Paycom Intermediate Holdings Inc er et privat eid selskap tilhørende i Dallas, USA, og utarbeider konsernregnskap som omfatter Onyx Norway Holding AS og dets datterselskaper. Dette konsernregnskapet er avgitt i henhold til US GAAP og blir utarbeidet på engelsk.

Som følge av oppkjøpet, består det norske konsernstyret i hovedsak av utenlandske styremedlemmer og den løpende finansielle rapportering og øvrig kommunikasjon foregår på

kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Som nevnt ovenfor er det særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I denne vurderingen har Skattedirektoratet lagt vekt på at det norske konsernstyret i hovedsak består av utenlandske styremedlemmer og at den løpende finansielle rapporteringen og øvrig kommunikasjon foregår på engelsk. Videre er det vektlagt at markedene til selskapene i hovedsak er i utlandet.

Vennligst oppgi vår referanse ved henvendelser i saken.
