Att. Marius Alfredsen

Tillatelse til å utarbeide årsregnskap og årsberetning på engelsk for UNION Real Estate Fund IV Holding AS, org.nr. 928 339 467

Vi viser til deres brev av 26. august 2022 der det søkes om dispensasjon fra kravet til å utarbeide årsregnskap (inkl. konsernregnskap) og årsberetning på norsk for UNION Real Estate Fund IV Holding AS.

Skattekontoret gir på bakgrunn av en konkret helhetsvurdering UNION Real Estate Fund IV Holding AS dispensasjon fra kravet til å utarbeide årsregnskap (inkl. konsernregnskap) og årsberetning på norsk, jf. regnskapsloven § 3-4 tredje ledd. Dispensasjonen gjelder så lenge opplysningene som danner grunnlaget for vedtaket ikke endres vesentlig.

Kopi av dette brevet må sendes til Regnskapsregisteret i Brønnøysund sammen med årsregnskapet. Den regnskapspliktige må selv dokumentere ved dette brev at tillatelse er gitt.

Bakgrunn

UNION Real Estate Fund IV Holding AS er et eiendomsfond for investering i forretningseiendommer. Fondet vil være rettet mot både norske og internasjonale investorer. Arbeidsspråket i selskapet er engelsk, og regnskapet rapporteres etter IFRS.

Skattekontorets vurdering

Etter regnskapsloven § 3-4 tredje ledd skal "årsregnskapet og årsberetningen [...] være på norsk. Departementet kan ved [...] enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk."

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap mv., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

"Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i

samfunnsøkonomien skal bli best mulig. Gode regnskaper vil også gjøre det vanskeligere for markedsdeltakere å ta ut spekulasjonsgevinster med basis i skjevt fordelt informasjon.”

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til "informative regnskaper for ulike grupper av regnskapsbrukere". Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte og lokalsamfunnet.

Det er etter skattekontorets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Det er særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I denne vurderingen har skattekontoret lagt særlig vekt på at selskapet har en begrenset eierkrets og at virksomheten er rettet mot internasjonale investorer/markeder. Videre er det vektlagt at alle sentrale aktører og samarbeidspartnere behersker og benytter engelsk.

Vennligst oppgi vår referanse ved henvendelse i saken.

Med hilsen

Lars Waalorp

The board of directors' report 2023 for UNION Real Estate Fund IV Holding AS

UNION Real Estate Fund IV Holding AS

Operational review

UNION Real Estate Fund IV Holding AS ("the Fund") was established in 2021 as an alternative investment fund to focus on the acquisition of commercial real estate properties primarily in Norway with the potential for value-add asset management through re-leasing, repositioning, refurbishment, or expansion. The Fund will seek to continue the successful value-add investment strategy of UNION Eiendomskapital ("UNION") and is managed by UNION Eiendomskapital UREF AS. The Fund's investment strategy is to make investments in mid-sized, multi-tenant, commercial properties that are located primarily in the larger Norwegian cities and display value creation potential over an expected two to five year holding period.

UNION Real Estate Fund IV Holding AS had as of December 2023 six investments consisting of commercial properties, student residential housing, and a residential development company. No properties were sold during 2023. The investment operations through 2023 were based on the Funds investment strategy outlined above in accordance with the investment committee and the Board of Director.

Going concern

In accordance with the Accounting Act § 3-3a, the board of directors confirm that the financial statements have been prepared under the assumption of going concern. The investee's economic and financial position is sound.

Comments related to the financial statements

As of 31.12.2023 a total of 18 250 449 shares have been issued in the Fund.

UNION Real Estate Fund IV Holding AS had an operating profit of MNOK 56.8 (-16.4 in 2022), profit before tax was positive with MNOK 57.5 (-16.3 in 2022), and the net profit for the year was MNOK 57.5 (-16.3 in 2022).

The Board of UNION Real Estate Fund IV Holding AS proposes that the total comprehensive income of positive MNOK 57.5 is allocated as follows:

- | | |
|--|------------------|
| • Transferred to Share premium reserve | NOK (37 245 000) |
| • Fund for unrealised gains | NOK 94 732 000 |
| • Net change in equity | NOK 57 487 000 |

The company's liquid assets are invested in a bank and considered to be low risk.

As per 31.12.2023 the company had a bank balance of MNOK 21.6 (8.5 in 2022).

The total capital pr. 31.12.2022 was MNOK 883.711. The company has no long-term debt and short-term debt equals 0,01% of total capital. The equity ratio for the Company is 99.99%.

Environment and equality

The investees do not pollute the environment beyond what is normal for the operations. Waste and emissions arising from operations are treated under applicable laws and regulations. The investees do not discriminate between the sexes and believe that equality is safeguarded thus no specific measures is implemented.

Financial risk

Market risk

The company is exposed to effects related to macro-economic conditions and local market conditions. This could lead to changes in rent levels, occupancy rate and value of the properties. There has been increasing focus on location as investment criteria over the past years.

The company is exposed to changes in interest rates through their investments. Total liabilities to credit institutions for the company is 0 per 31.12.2023.

Credit risk

The Fund has risk associated with its tenants in the investee's properties. The tenant's economy and financial strength, and thus their ability to serve the rent, has great significance for the risk associated with the loss of rent/income. The risk of vacancy depends to a large extent on the economic conditions. Vacancy in a property will lead to loss of rental income and cause the fund to cover the missing common costs. The fund strives to achieve a bank guarantee or rent deposit upon signing or renegotiating lease contracts.

Risk of liquidity

The Board assesses the Funds liquidity as satisfactory, and it strives to have a liquidity buffer in case unforeseen things arise through daily operation of the properties.

Research and development

UNION Real Estate Fund IV Holding AS has no research and development activities.

Other matters

The Board of Directors are covered by the directors' and officers' Liability Insurance policy entered into by UNION with a limit of liability of NOK 100 000 000.

The Transparency Act came into force on 1 July 2022, and will promote companies' respect for human rights and decent working conditions, as well as ensure the public's access to information.

Explanation of due diligence assessments cf. Section 5 of the Transparency Act is available on the Company's website - <https://union.no/>.

Future development

Interest rates continued to rise throughout 2023, pushing property yields even higher. Concurrently, growth in office rents plateaued. However, several years of rent growth and high inflation resulted in improved cash flows for many assets. The expansion in yields nevertheless contributed to significant declines in property values.

The outlook for 2024 is more optimistic, as property yields are now aligning with the prevailing interest rate environment. Simultaneously, inflation is decreasing 'across the board,' and many market players anticipate central banks initiating base rate cuts this year.

The Board still believes that investments in the Norwegian property market offer attractive long-term opportunities, supported by factors such as robust economic growth, sound public finances, inflation protection in rent contracts, and low volumes of new construction.

The Board is not aware of any other incidents that has occurred which may impact the Company's annual results or financial position.

2 Critical accounting estimates and judgements

In accordance with IFRS 13, disclosure is required for financial instruments that are measured in the statement of financial position at fair value.

This requires disclosure of fair value measurements by level for the following fair value measurement hierarchy:

- Level 1 fair value measurements are those derived from quoted prices (unadjusted) in active markets for identical assets or liabilities
- Level 2 fair value measurements are those derived from inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices)
- Level 3 fair value measurements are those derived from valuation techniques that include inputs for the asset or liability that are not based on observable market data (i.e. unobservable inputs)

There were no transfers between levels in the period.

Fair value of investments in subsidiaries

The sole purpose of the investments of the Company is to own investment properties. Fair value of investment properties are described below. Any other assets or liabilities that the investments may have will for the most part consist of cash and cash equivalents and short-term payables and receivables, and the fair value of these items is expected to approximate the nominal and carrying amounts.

As the main assets of the subsidiaries, i.e. the investment properties, are classified as level 3 financial instruments, the subsidiaries are also classified as level 3 instruments.

The valuation technique for measuring the fair value of the investments is an adjusted net asset value method, where the fair value of the main assets are measured by an income approach, and the fair value of the investments is then estimated by adjusting for any other assets and liabilities.

Consequently the inputs and the relationship of unobservable inputs to fair value for the subsidiaries will correspond with those for the investment properties.

Fair value of investment properties

Investment properties are measured at their fair value based on external, independent valuations. One to two valuations per property are obtained.

Property valuations are inherently subjective as they are made on the basis of assumptions made by the valuer which may not prove to be accurate. For these reasons, and consistent with EPRA's guidance, the Group have classified the valuations of the investment property portfolio as Level 3 as defined by IFRS 13.

Annually all the properties and projects are valued by independent, external valuer.

The valuations are mainly based on the discounted cash flow method, which involves discounting future cash flow over a specified period using an estimated discount rate and then adding a residual value at the end of the period. Future cash flows are calculated on the basis of cash flows from signed leases, as well as future cash flows based on an expected market rent at the end of the lease terms. The fair value of investment properties is therefore mainly affected by expected market rents, discount rates and inflation. The market rent for each property takes into account the property's situation, standard and leases signed for comparable properties in the area. For the duration of existing lease terms, the discount rate is mainly based on an assessment of the individual tenant's financial solidity and classification. After the end of the lease term, cash flows are discounted using a discount rate that takes into account the risk relating to letting and location. Inflation is estimated using the consensus of a selection of banks and official statistics.

When carrying out their valuations, the valuers receive comprehensive details of the leases for the properties, floor space and details of any vacant premises, and up-to-date information about all ongoing projects. Any uncertainties relating to the properties/projects and leases are also clarified verbally and in writing as and when required. The Group management performs internal controls to ensure that all relevant information is included in the valuations.

The valuers perform their valuations on the basis of the information they have received, and estimate future market rents, yields, inflation and other relevant parameters. Each individual property is assessed in terms of its market position, rental income (contractual rents versus market rents) and ownership cost, with estimates being made for anticipated vacancy levels and the need for alterations and upgrades. The remaining term of leases is also assessed for risk, along with any special clauses in the contracts. Each property is also compared with recently sold properties in the same segment (location, type of property, mix of tenants, etc.)

8 Carrying amounts and fair value of financial instruments

The following table provides information about the carrying amounts and the fair value of all classes of financial instruments:

Financial assets - non current	2023	2022
<i>Financial assets designated as FVTPL</i>		
Investments in subsidiaries	862 155	73 396
Total non current financial assets	862 155	73 396
Financial assets - current		
<i>Financial assets at amortised cost</i>		
Other current receivables	-	938
Cash and cash equivalents	21 556	8 538
Total current financial assets	21 556	9 476
Financial liabilities - current		
<i>Financial liabilities at amortised cost</i>		
Accounts payables	114	203
Debt to group companies	11	-
Total current liabilities	125	203

The fair values for all "Investments in debt instrument measured at amortised cost", and all current "Financial liabilities measured at amortised cost" are expected to approximate their carrying amounts given the short-term nature of these financial instruments.

The total carrying value of non current "Financial liabilities measured at amortised cost" is a reasonable approximation of their fair value at the year end date.

10 Information on financial risks

10.1. Interest rate risk

The Company had no interest bearing debts at 31 December 2023.

10.2. Foreign exchange risk

The Group is not exposed to currency risk in relation to the translation of net assets, currency transactions or the translation of net assets and income statement of foreign subsidiaries.

10.3. Market risk

The company is exposed to effects related to macro-economic conditions and local market conditions. This could lead to changes in rent levels, occupancy rate and value of the properties. There has been increasing focus on location as investment criteria over the past years. The company is indirectly exposed to changes in interest rates through their investments.

10.4. Sensitivity

The table below shows to what extent the investment portfolio is affected by inflation, market rents, discount rates (interest rates) and exit yields (market yields), assuming that all other factors are equal.

Change variable	Change in %	Value change	
		Subsidiaries	Total
Market rent	5,00 %	154 717	154 717
Discount rates	0,25 %	(92 824)	(92 824)

11.4 Estimated allocation of equity

The shareholders of UNION Real Estate Fund IV Holding AS have entered into a shareholders agreement where the allocation of profits have been set out. This allocation will be settled on the date of liquidation of the fund.

11.5 Capital Resources

The Group's policy is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to be able to implement future investments. The fund will target a gross compounded annual internal rate of return of 15% to 17 % with a targeted average dividend of at least 5% to 7% on invested capital per annum over the life of the fund, utilising target leverage of 50% to 60% of portfolio value.

Capital is regarded as total equity, as recognised in the statement of financial position, plus net debt. Net debt is calculated as borrowings less cash and cash equivalents.

The Company has no borrowings at period end either in 2023 or 2022.

12 Alternative Investment Fund disclosure

Compensation to the Manager

UNION Real Estate Fund IV Holding AS is managed by UNION Eiendomskapital UREF AS. As UNION Eiendomskapital UREF AS also manages other funds, the managers' compensation also derives from the results from managing these funds. For 2023 the employees in the management company received a total of MNOK 33,501 as wage compensation (including fixed and variable compensation). The leading management of the management company received a total of MNOK 4,200 as wage compensation (including fixed and variable compensation). Final variable compensation for leading employees will be decided by the board of directors after the annual accounts are approved. Total compensation is charged the 2023-accounts.

Annual report, disclosure to investors and reporting to competent authorities

The following table provides information about the direct and indirect costs, where the columns "direct costs" illustrate the costs expensed in UNION Real Estate Fund IV Holding AS and the columns "indirect costs" illustrate UNION Real Estate Fund IV Holding AS' share of the costs, according to ownership share adjusted for joint ventures.

Independent Auditor's Report

www.rsmnorge.no

Opinion

We have audited the financial statements of UNION Real Estate Fund IV Holding AS (the Company) showing a profit of NOK 57 487 000, which comprise the balance sheet as at 31 December 2023, the income statement, statement of changes in equity and statement of cash flows for the year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion

- the financial statements comply with applicable statutory requirements, and
- the financial statements give a true and fair view of the financial position of the Company as at 31 December 2023, and its financial performance and its cash flows for the year then ended in accordance with IFRS Accounting Standards as adopted by the EU.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company as required by relevant laws and regulations in Norway and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Board of Directors and the Managing Director (management) are responsible for the information in the Board of Directors' report. The other information comprises information in the annual report, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the information in the Board of Directors' report.

In connection with our audit of the financial statements, our responsibility is to read the Board of Directors' report. The purpose is to consider if there is material inconsistency between the Board of Directors' report and the financial statements or our knowledge obtained in the audit, or whether the Board of Directors' report otherwise appears to be materially misstated. We are required to report if there is a material misstatement in the Board of Directors' report. We have nothing to report in this regard.

Based on our knowledge obtained in the audit, it is our opinion that the Board of Directors' report

- is consistent with the financial statements and
- contains the information required by applicable statutory requirements.

Independent Auditor's Report 2023 for UNION Real Estate Fund IV Holding AS

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with IFRS Accounting Standards as adopted by the EU, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

UNION Real Estate Fund IV Holding AS

Notes 2023

1 Summary of significant accounting policies

UNION Real Estate Fund IV Holding AS (the Company) is a private limited company, incorporated in Norway, headquartered in Oslo. Address headquarter: c/o UNION Eiendomskapital AS, Bolette Brygge 1, 0252 Oslo, Norway.

The financial statements of UNION Real Estate Fund IV Holding AS for the fiscal year 2022 were approved in the board meeting at 21.03.2024.

These separate financial statements of the Company are its only financial statements. As an investment company the Company is exempted from preparing consolidated financial statements.

The Company is engaged in development, letting, management, operation, purchase and sale of properties in Norway. UNION Real Estate Fund IV Holding AS is managed by UNION Eiendomskapital UREF AS (the Manager).

1.1 Basis for preparation of the annual accounts

The UNION Real Estate Fund IV Holding AS's financial statements have been prepared in accordance with International Financial Reporting Standards (IFRS) which have been adopted by the EU and are mandatory for financial years beginning on or after 1 January 2023, and Norwegian disclose requirements listed in the Norwegian Accounting Act as of 31.12.2023.

The financial statements are based on historical cost, with the exception of the following:

- Financial instruments in subsidiaries at fair value through profit or loss (FVPL)
- Loans, receivables, and other financial liabilities at amortised cost

1.2 Changes in accounting policies and disclosures

No changes in IFRS effective for the 2023 financial statements are relevant this financial year.

1.3 Functional currency and presentation currency

The functional currency and presentation currency for the Company is NOK. The financial statements are presented in NOK.

1.4 The use of estimates and assessment of accounting policies when preparing the annual accounts

1.4.1 Estimates and assumptions

The management has used estimates and assumptions that have affected assets, liabilities, incomes, expenses and information on potential liabilities. Estimates and their underlying assumptions are reviewed on a regular basis and are based on best estimates and historical experience. Changes in accounting estimates are recognised during the period when the changes take place. If the changes also apply to future periods, the effect is divided among the present and future periods.

1.4.2 Judgments

The management has, when preparing the financial statements; made certain significant assessments based on critical judgment when it comes to application of the accounting principles. The following notes include the Company's assessments regarding:

- Subsidiaries, note 2 and 3

1.5 Income tax

The tax expense consists of the tax payable and changes to deferred tax. Deferred tax/tax assets are calculated on all differences between the book value and tax value of assets and liabilities.

UNION Real Estate Fund IV Holding AS

Notes 2023

Deferred tax assets are recognised when it is probable that the company will have a sufficient profit for tax purposes in subsequent periods to utilise the tax asset. The companies recognise previously unrecognised deferred tax assets to the extent it has become probable that the company can utilise the deferred tax asset. Similarly, the company will reduce a deferred tax asset to the extent that the company no longer regards it as probable that it can utilise the deferred tax asset.

Deferred tax and deferred tax assets are measured on the basis of the expected future tax rates applicable to the companies in the Company where temporary differences have arisen.

Deferred tax and deferred tax assets are recognised at their nominal value and classified as non-current asset investments (long-term liabilities) in the balance sheet.

Taxes payable and deferred taxes are recognised directly in equity to the extent that they relate to equity transactions.

1.6 Financial instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

1.6.1 Financial assets

The Company's financial assets are: non-listed equity instruments, non-current receivables, current receivables and cash and cash equivalents.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Company's business model for managing them. With the exception of receivables that do not contain a significant financing component, the Company initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

The Company classified its financial assets in the following categories:

- Financial assets at amortised cost
- Financial assets at fair value through other comprehensive income (FVTOCI)
- Financial assets at fair value through profit and loss (FVTPL)

a) Financial assets at amortised cost

Financial assets that is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and that the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding, are measured subsequently at amortised cost.

Assets in this category are subsequently measured at amortised cost using the effective interest (EIR) method and are subject to impairment. Interest income is recognised by applying the effective interest rate, except for short-term receivables when the effect of discounting is immaterial. See note 8 for "accounts receivables" and "other receivables".

b) Financial assets at fair value through OCI (FVTOCI)

Upon initial recognition, the Company can elect to classify irrevocably its equity investments as equity instruments designated at fair value through OCI when they meet the definition of equity under IAS 32 Financial Instruments: Presentation and are not held for trading. The classification is determined on an instrument-by-instrument basis.

Gains and losses on these financial assets are never recycled to profit or loss. Dividends are recognised as other income in the statement of profit or loss when the right of payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such

UNION Real Estate Fund IV Holding AS

Notes 2023

gains are recorded in OCI. Equity instruments designated at fair value through OCI are not subject to impairment assessment.

c) Fair value through profit or loss (FVTPL)

Financial assets not measured at amortised cost or at fair value through other comprehensive income are classified as financial assets at fair value through profit or loss. Typically, such financial assets will be either:

- a debt instrument or equity instrument held for trading, where they are acquired for the purpose of selling in the short-term with an intention of making a profit, or
- a derivative, or
- designated as such upon initial recognition where permitted.

Financial assets at FVTPL are initially recognised and subsequently measured at fair value on a recurring basis with gains or losses arising from changes in fair value recognised through gains in investments in the income statement. Dividends or interest earned on the financial asset are excluded from the gains on investments and recognised separately within finance income.

The Company's management have designated all investments in subsidiaries as Financial instruments at fair value through profit or loss, because this designation results in more relevant information as the Company manages these investments, evaluate its performance and makes purchase and sale decisions based on their fair value, in accordance with a documented risk management and investment strategy, and information about the Company is provided internally on that basis to the entity's key management personnel. See notes 2 and 3 for "investments in subsidiaries".

1.6.2 Financial liabilities

Financial liabilities are classified, at initial recognition, as loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate. Derivatives are recognised initially at fair value. Loans, borrowings and payables are recognised at fair value net of directly attributable transaction costs.

Derivatives are financial liabilities when the fair value is negative, accounted for similarly as derivatives as assets.

Loans, borrowings and payables

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the EIR method. Gains and losses are recognised in profit or loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the statement of profit or loss.

Payables are measured at their nominal amount when the effect of discounting is not material.

1.7 Investments in subsidiaries

Subsidiaries are investees controlled by Company. The Company controls an investee if it is exposed to, or has rights to, variable returns from its involvement with investee and has the ability to affect those returns through its power over the investee.

The Company is an investment entity and measures investments in its subsidiaries at fair value through profit or loss. In determining whether the Company meets the definition of an investment entity, management considered the investment structure as a whole. The Company has more than one investment, it has more than one investor,

UNION Real Estate Fund IV Holding AS

Notes 2023

it has investors that are not related parties of the entity and it has ownership interests in form of equity or similar interests.

Management concluded that the Company meet the definition of an investment entity. Consequently, management concluded that the Company should not consolidate the investments in subsidiaries.

1.8 Cash and cash equivalents

Cash includes cash in hand and at bank. Cash equivalents are short-term liquid investments that can be immediately converted into a known amount of cash and have a maximum term to maturity of three months.

1.9 Equity

1.9.1 Equity and liabilities

Financial instruments are classified as liabilities or equity in accordance with the underlying economic realities.

Interest, dividend, gains and losses relating to a financial instrument classified as a liability will be presented as an expense or income. Amounts distributed to holders of financial instruments that are classified as equity will be recorded directly in equity.

1.9.2 Costs of equity transactions

Transaction costs directly related to an equity transaction are recognised directly in equity after deducting tax expenses.

1.9.3 Fund for unrealized gains

The reserves contains the total net increase in the fair value of non-current assets that have been revalued at an amount which exceeds their cost.

1.10 Events after the reporting period

New information on the company's financial position on the end of the reporting period which becomes known after the reporting period is recorded in the annual accounts. Events after the reporting period that do not affect the company's financial position on the end of the reporting period but which will affect the company's financial position in the future are disclosed if significant.

1.11 Amendments to standards and interpretations with a future effective date

Standards and interpretations that are issued up to the date of issuance of the consolidated financial statements, but not yet effective are disclosed below. The Company's intention is to adopt the relevant new and amended standards and interpretations when they become effective, subject to EU approval before the consolidated financial statements are issued.

There are no IFRS or IFRIC interpretations that have not come into effect that are expected to significantly impact the Company's financial statements.

1.13 Alternative Investment Funds

UNION Real Estate Fund IV Holding AS is registered as an Alternative Investment Fund at The Financial Supervisory Authority of Norway (Finanstilsynet), and must consequently meet certain disclosure requirements in the Act on Alternative Investment Fund Managers (AIF-Act) (Lov om forvaltning av alternative investeringsfond (AIF-loven)).

Article 104 in Commission delegated regulation (EU) No 231/2013 of 19 December 2012 supplementing Directive 2011/61/EU sets out certain requirements as to information in the Annual report, disclosure to investors and reporting to competent authorities.

See note 12 for more information in this context.
