Group Strategic Report

Results and dividends

The profit for the year after taxation amounted to £373,000 (2019 – £1,415,000). The directors recommend a final dividend of €5,000,000 (2019– £nil).

Principal activities and review of the Group

The principal activities of the companies within the Group is the recycling of valuable aluminium waste materials for sale to the aluminium (wrought and casting alloy) industries within the UK, mainland Europe and Norway. There have been no significant changes in the Group's principal activities in the year under review.

The Group is a wholly owned subsidiary of RA Parent, Inc. and operates as part of the European recycling division.

The Group's key financial performance indicators during the year were as follows:

	2020	2019	Change
	£m	£m	%
Turnover	40.2	53.4	(25)%
Operating Profit	1.3	2.6	(50)%
Profit after tax	0.4	1.4	(71)%
Average number of employees	109	97	12%

The decrease in turnover, operating profit and profit after tax was due to the COVID-19 pandemic. During the period under review some of the furnaces within the Group were not operational for a period of 6 months.

Future developments

Demand for many of our products is impacted by regional economic factors in both Europe and Norway, including GDP and industrial production. We are forecasting that production and sales will increase in 2021 as the economic outlook improves and the effects of the COVID-19 pandemic reduces in Europe.

Principal risks and uncertainties

Company management are responsible for managing any risks and uncertainties and for working with the Real Alloy group to understand and mitigate the risks that the company faces.

The Group has rigorous budgeting and forecasting processes against which performance is monitored and any exposure to business risk can be identified and appropriate plans and actions put in place. A major focus in 2021 will be productivity improvement activities to offset any increasing costs. There are two areas of potential future risk for the Company. Firstly, is the decision by the UK to leave the European Union and secondly, is the worldwide COVID-19 pandemic.

1) The potential risk of the UK leaving the European Union is at an early stage and cannot be quantified at this time with many agreements between the UK and the rest of the world still to be agreed.

2) On 11th March 2020, the World Health Organisation raised the public health emergency situation caused by the outbreak of the coronavirus (COVID-19) to an international pandemic. The rapid evolution of events, nationally and internationally, represents an unprecedented health crisis, which will impact the macroeconomics environment and the evolution of business. The Group operates in countries that are affected by the pandemic and also has both customers and suppliers in other countries that are effected. This has and will continue to have a detrimental effect on the Group's revenues and profits. Given the complexity of the situation and its rapid evolution, it is not practicable as of the date of approval of these financial statements to reliably make a quantified estimate of its potential impact on the Group.

Group Strategic Report (continued)

Principal risks and uncertainties

Company management are responsible for managing any risks and uncertainties and for working with the Real Alloy group to understand and mitigate the risks that the company faces.

Credit risk

The Group's customers are third parties in the United Kingdom, Europe and Norway. The Group has no history of credit risk from its customers, but has a comprehensive credit policy in place that includes credit risk validations, credit limits and regular follow up of amounts due to the Group.

Currency risk

The Group has transactional currency exposures which arise from sales in Euro, Norwegian Krone and purchases in currencies other than its functional currency (GBP). Potential exposures to foreign currency exchange rate movements are monitored through monthly cash forecasting process. These risks are managed by Real Alloy's treasury department at a group level.

Commodity price risk

The Group's sale of aluminium is affected by the fluctuation of the prices in London Metal Exchange. The potential exposure to the price fluctuations are monitored Real Alloy's treasury department at a group level.

Liquidity and cash flow risks

The Group aims to mitigate liquidity risk by managing cash generation by its operations and applying cash collection targets throughout the Group. The Group manages cash flow risk by careful negotiation of terms with customers and suppliers and maintains available funds to enable them to meet their liabilities as they fall due.

Competitive risk

The Group has various competitors, therefore Real Alloy's business leaders' focus on retaining our current business and gaining new business.

Legislative risk

The Group operates in a regulated industry and products are subject to rigorous manufacturing standards.

Directors' Group report

The directors who served the company during the year were as follows:

R Barr
T J Hogan
C Griffin

Environment

Real Alloy UK Holdco Limited and its group of companies recognises the importance of the environment in which it operates and takes this extremely seriously. The Group operates within group policies and monitors its impact on the environment and local community continuously, striving for improvements in health, safety, and environmental impact via initiatives and training of employees.

Employees

The Group encourages participation of employees in all matters relevant to them through meetings and bulletin updates. Union Representatives regularly attend European Workers Council Meetings (EWC) and are regularly consulted on matters affecting them and their member's interests.

Going concern

On the basis of their assessment of the Group's financial position, the Company's directors have a reasonable expectation that the Group will be able to continue in operational existence for 12 months from the date of the approval of the financial statements. The directors are required to consider the application of the going concern concept when signing the financial statements. The principal element required to meet the test is sufficient liquidity twelve months subsequent to the date of signing the accounts. The directors have considered the impact of the COVID-19 crisis on the Group's business operations and future prospects along with the potential impact that this may have on the cashflow of the Group.

The Group's financial forecasts, taking into consideration the current environment, show that the Group is expected to remain profitable and generate positive cash flows giving the Group the ability to continue to operate 12 months from the date of the approval of the financial statements and meet any liabilities as they fall due.

The directors have looked forward 12 months from the date of the approval of the financial statements and forecast that the Group's bank accounts will have cash reserves of £7.934m (£6.368m UK and £1.566m Norway) until September 2022.

In view of the circumstances referred to above, the directors believe that the Group is well positioned to withstand the impact of the ongoing COVID-19 crisis. Whilst there remains uncertainty of the impact of COVID-19 the directors have considered the impact on the cashflows of the Group and consider that these uncertainties will not change the cashflows within the Group and based on these facts and the financial position and the forecasted cashflows of the Group, have concluded it is appropriate to prepare the financial statements on the going concern basis.

The directors have looked forward 12 months from the date of the approval of the financial statements and in light of the above have therefore concluded that there has been limited short nor long term impact that would impact the Company's ability to continue as a going concern.

Directors' Group report (continued)

Disclosure of information to the auditors

So far as each person who was a director at the date of approving this report is aware, there is no relevant audit information, being information needed by the auditor in connection with preparing its report, of which the auditor is unaware. Having made enquiries of fellow directors and the company's auditor, each director has taken all the steps that he/she is obliged to take as a director in order to make himself/herself aware of any relevant audit information and to establish that the auditor is aware of that information.

Auditors

A resolution to reappoint Ernst & Young LLP as auditors will be put to the members at the Annual General Meeting.

By order of the Board

Statement of directors' responsibilities

The directors are responsible for preparing the strategic report and directors' report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Generally Accepted Accounting Practice (United Kingdom Accounting Standards and applicable law).

Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the group and the company and of the profit or loss of the group for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgments and estimates that are reasonable and prudent;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the group and the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the group and the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Independent auditors' report

to the members of Real Alloy UK Holdco Ltd

Opinion

We have audited the financial statements of Real Alloy UK Holdco Limited ('the parent company') and its subsidiaries (the 'group') for the year ended 31 December 2020 which comprise Group statement of comprehensive income, Group statement of changes in equity, Parent company statement of changes in equity, Group statement of cash flows, Group Balance sheet, Parent Balance sheet and the related notes 1 to 22, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland.

In our opinion, the financial statements:

- give a true and fair view of the group's and of the parent company's affairs as at 30 December 2020 and of the group's profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the group in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the group and parent company's ability to continue as a going concern for a period of 12 months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the group's ability to continue as a going concern.

Other information

The other information comprises the information included in the annual report, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information contained within the annual report.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

DocuSign Envelope ID: 91E54725-106E-437D-908B-ECD32583DA7E

Independent auditors' report

to the members of Real Alloy UK Holdco Ltd (Continued)

Other information (continued)

Our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the course of the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the strategic report and the directors' report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the strategic report and directors' report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the group and the parent company and its environment obtained in the course of the audit, we have not identified material misstatements in the strategic report or directors' report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept, or returns adequate for our audit have not been received from branches not visited by us; or
- the parent company financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit

Responsibilities of directors

As explained more fully in the directors' responsibilities statement set out on page 6, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the group's and the parent company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the group or the parent company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Independent auditors' report

to the members of Real Alloy UK Holdco Ltd (Continued)

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management. Our approach was as follows:

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the parent company and the group and determined that the most significant are those that relate to the reporting framework (FRS 102 and Companies Act 2006) and compliance with the relevant direct and indirect tax regulation in the United Kingdom and Norway. In addition, the group has to comply with laws and regulations relating to its operations, including health and safety and GDPR.
- We understood how the parent company and the group is complying with those frameworks by making enquiries of management to understand how the parent company and the group maintains and communicates its policies and procedures in these areas. We evaluated management procedures through discussion, inspections and observations in the control environment to understand procedures implemented by management to reduce opportunities for fraudulent transactions. We performed procedures including reading minutes of the board meetings and making enquiries with the management for any correspondence of non-compliance with the tax authorities, and noted no significant issues. We performed journal entry testing to ensure that there is no unusual legal or penalty expenses incurred during the year and to ensure that the management is in compliance with the applicable framework.
- We assessed the susceptibility of the parent company and group's financial statements to material misstatement, including how fraud might occur by inquiring with management and performing a walkthrough of the financial statement closing process. We determined revenue recognition to be a fraud risk due to management override of controls, therefore we tested manual journal entries posted to revenue, focusing on journals around the year end, and also performed year end cut off procedures. Further, we performed overall analytical procedures to assess the fairness of the overall financial performance and the position as at and for the year ended. In relation to management override we used data analytics to sample from the entire population of journals, identifying specific transactions which did not meet our expectations based on specific criteria, to investigate to gain an understanding and agree to source documentation.
- Based on this understanding we designed our audit procedures to identify non-compliance with such laws and regulations. Our procedures involved ensuring that material transactions are recorded in compliance with FRS 102 and where appropriate Companies Act 2006. Compliance with other operational laws and regulations was covered through our inquiry with no indication of non-compliance identified.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Notes to the financial statements

As at 31 December 2020

1. Accounting policies

Statement of compliance and basis of preparation

Real Alloy UK Holdco Limited is a limited liability company registered in England and Wales. Its registered office is Westfield Industrial Park, Waunarlwydd, Swansea, SA5 4SF. The group and parent company's financial statements have been prepared in compliance with FRS 102 as it applies to the financial statements of the company for the year ended 31 December 2020.

The financial statements have been prepared under the historical cost convention and in accordance with applicable accounting standards. The financial statements are prepared in sterling which is the presentational currency of the group and parent company and are rounded to the nearest £'000. The functional currency of the parent company is sterling.

The parent company has taken advantage of the section 408 exemption not to present its individual profit and loss account as it has prepared group accounts. The loss dealt with in the financial statements of the parent company is £326,000 (2019: loss of £213,000).

The group has taken advantage of the exemption afforded by FRS 102.33.1A not to disclose transactions between wholly owned members of the group.

Basis of consolidation

The group financial statements consolidate the financial statements of Real Alloy UK Holdco Limited and all its subsidiary undertakings for the year ended 31 December 2020.

Going concern

On the basis of their assessment of the Group's financial position, the Group's directors have a reasonable expectation that the group will be able to continue in operational existence for 12 months from the date of the approval of the financial statements. The directors are required to consider the application of the going concern concept when signing the financial statements. The principal element required to meet the test is sufficient liquidity for a period twelve months subsequent to the date of signing the accounts. The directors have considered the impact of the COVID-19 crisis on the Group's business operations and future prospects along with the potential impact that this may have on the cashflow of the Group.

The group's financial forecasts, taking into consideration the current environment, show that company is expected to remain profitable and generate positive cash flows giving the group the ability to continue to operate for 12 months from the date of the approval of the financial statements and meet any liabilities as they fall due. A financial forecast until September 2022 shows an EBITDA for the group of £6.406m (£3.694m UK and £2.712m Norway), with cash reserves of £7.934m (£6.368m UK and £1.566m Norway).

In view of the circumstances referred to above, the directors believe that the group is well positioned to withstand the impact of the ongoing COVID-19 crisis. The operating companies within the group both in the UK and Norway were impacted by the pandemic. This led to a reduction in revenue and production levels within the group in 2020. Based on the latest forecasts the group's production volumes in both the UK and Norway have increased in 2021.

Whilst there remains uncertainty of the impact of COVID-19 the directors have considered the impact on the cashflows of the group and consider that these uncertainties will not change the cashflows within the group and based on these facts and the financial position and the forecasted cashflows of the group have concluded it is appropriate to prepare the financial statements on the going concern basis.

Notes to the financial statements

As at 31 December 2020

1. Accounting policies (continued)

Significant accounting policies

Investments in subsidiaries

In the parent company's financial statements investments in subsidiaries are accounted for at cost less impairment.

Goodwill

Positive or negative goodwill acquired on each business combination is written off in the profit and loss account in the year that it arises.

Tangible fixed assets

Tangible fixed assets are stated at cost less depreciation. Depreciation is provided at rates calculated to write off the cost of fixed assets, less their estimated residual value over their expected useful lives at the following rates:

Short leasehold buildings	–	2.5% straight-line over the lease term
Plant and equipment	–	5-20% straight-line over 5 to 20 years
Buildings and sites	–	Straight-line over 20 years

No depreciation is charged on assets under construction.

The carrying values of tangible fixed assets are reviewed for impairment when events or changes in circumstances indicate the carrying value may not be recoverable.

Stocks

Stocks are valued at the lower of cost and net realisable value after making due allowance for obsolete and slow-moving stocks. Cost includes all direct costs incurred in bringing each product to its present location and condition, as follows:

Finished goods	–	cost of direct materials and labour plus attributable overheads based on a normal level of activity.
Raw materials	–	cost of direct materials

Net realisable value is based on estimated selling price less any further costs expected to be incurred to completion and disposal.

Capitalised interest

Interest costs are capitalised as part of the historic cost of furnace construction.

Deferred taxation

Deferred taxation is recognised in respect of all timing differences that have originated but not reversed at the balance sheet date where transactions or events have occurred at that date that will result in an obligation to pay more, or right to pay less or to receive more, tax, with the following exceptions:

- Deferred tax assets are recognised only to the extent that the directors consider that it is more likely than not that there will be suitable taxable profits from which the future reversal of the underlying timing differences can be deducted.

Deferred tax is measured on an undiscounted basis at the tax rates that are expected to apply in the periods in which timing differences reverse, based on tax rates and laws enacted or substantively enacted at the balance sheet date.

REAL ALLOY UK HOLDCO Ltd

Registered No. 09329747

Notes to the financial statements

As at 31 December 2020

1. Accounting policies (continued)

Foreign currencies

Company

Transactions in foreign currencies are recorded at the rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated at the rate of exchange ruling at the balance sheet date. All differences are taken to the income statement.

Group

Each entity in the group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

The assets and liabilities of overseas subsidiary undertakings are translated into the presentational currency at the rate of exchange ruling at the balance sheet date. Income and expenses for each statement of comprehensive income are translated at exchange rates at the dates of transaction. All resulting exchange differences are recognised in the other comprehensive income, in retained earnings.

Turnover

Turnover comprises of revenue recognised by the company in respect of goods and services supplied exclusive of Value Added Tax and trade discounts.

Financial instruments

The group uses future contracts to reduce exposure to changes in the aluminium price. Derivative financial instruments are initially measured at fair value on the date on which a derivative contract is entered into and are subsequently measured at fair value through profit and loss. Derivatives are carried as assets when the fair value is positive and as liabilities when the fair value is negative.

The fair value of the aluminium future contracts is calculated by reference to current aluminium future contracts with similar maturity profiles. The group does not undertake any hedge accounting transactions.

Operating leases

Rentals payable under operating leases are charged to the profit and loss account net of lease incentives on a straight line basis over the lease term.

Finance Lease

Assets held under finance leases, which are leases where substantially all the risks and rewards of ownership of the asset have passed to the company, and hire purchase contracts are capitalised in the balance sheet and are depreciated over the shorter of the lease term and the asset's useful lives. A corresponding liability is recognised for the lower of the fair value of the leased asset and the present value of the minimum lease payments in the balance sheet. Lease payments are apportioned between the reduction of the lease liability and finance charges in the income statement so as to achieve a constant rate of interest on the remaining balance of the liability

Notes to the financial statements

As at 31 December 2020

1. Accounting policies (continued)

Pensions

The group makes contributions into pension schemes for its employees.

Critical accounting judgments and estimation uncertainties

In the application of the group and company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

The following judgements (apart from those involving estimates) have had the most significant effect on amounts recognised in the financial statements.

Provision for impairment in investments

Where there are indicators of impairment of individual assets, the parent company reviews the balances held as investments in subsidiaries to assess for any indicators of impairment. Where there are insufficient net assets in the investment, management assess the likelihood of future profits, to determine whether an impairment exists. The carrying amount of investments in subsidiaries at the balance sheet date was £30,127k (2019: £30,217k) with no impairment loss identified in the year ended 31 December 2020 (2019: £nil).

2. Turnover

Turnover represents the amounts derived from the provision of goods and services stated net of value added tax. The group operates in two principal areas of activity, that of recycling of valuable aluminium waste materials for sale to the aluminium (wrought and casting alloy) industries within the UK, mainland Europe and Norway and the disposal/processing of salt cake. There have been no significant changes in the company's principal activities in the year under review

Turnover is analysed as follows:

Geographical area

	2020	2019
	£000	£000
UK	17,406	21,166
Europe	16,178	25,774
Norway	6,567	6,438
Total	<u>40,151</u>	<u>53,378</u>

REAL ALLOY UK HOLDCO Ltd

Registered No. 09329747

Notes to the financial statements

As at 31 December 2020

7. Tax (continued)

(c) Factors affecting the total tax charge for the year

The tax assessed on the profit before tax for the year is higher than (2019 – higher than) the standard rate of corporation tax in the UK of 19% (2019 – 19%). The differences are reconciled below:

	2020	2019
	£000	£000
Profit before Taxation	508	2,129
Profit before taxation multiplied by standard rate of corporation tax in the UK of 19% (2019 – 19%).	97	405
Expenses not deductible for tax purposes	31	300
Tax over provided in previous years	7	9
Total tax expense	135	714

(d) Deferred taxation

The movements in deferred taxation during the year are as follows:

	£000
At 1 January 2020	250
Charged to profit and loss account	(25)
At 31 December 2020	225

(e) Factors affecting the future tax charge

The Finance (No.2) Act 2015 reduced the main rate of UK corporation tax to 19%, effective from 1 April 2017. A further reduction in the UK corporation tax rate to 17% was expected to come into effect from 1 April 2020 (as enacted by Finance Act 2016 on 15 September 2016). However, legislation introduced in the Finance Act 2020 (enacted on 22 July 2020) repealed the reduction of the corporation tax, thereby maintaining the current rate of 19%. Deferred taxes on the balance sheet have been measured at 19% (2019 – 19%) which represents the future corporation tax rate that was enacted at the balance sheet date.

The UK Budget 2021 announcements on 3 March 2021 included measures to support economic recovery as a result of the ongoing COVID-19 pandemic. These included an increase to the UK's main corporation tax rate to 25%, which is due to be effective from 1 April 2023. These changes were not substantively enacted at the balance sheet date and hence have not been reflected in the measurement of deferred tax balances at the period end. It is not anticipated that these changes will have a material impact on the company's deferred tax balances.

Notes to the financial statements

As at 31 December 2020

14. Related party transaction

During the year the company entered into transactions, in the ordinary course of business, with other related parties. Transactions entered into, and trading balances outstanding at 31 December, are as follows:

	<i>Sales to Related Party (a)</i>	<i>Purchases from related party (a)</i>	<i>Interest paid on behalf of group undertaking (b)</i>	<i>Amounts owed from related party (b)</i>	<i>Amounts owed to related party (a)</i>
	£000	£000	£000	£000	£000
2020	1,646	3,098	763	559	-
2019	2,437	5,604	660	332	-

Terms and conditions of transactions with related parties

Sales and purchases between related parties are made at normal market prices. Outstanding balances with entities are unsecured, interest free and cash settlement is expected 15 days after the month of invoice. The company has not provided or benefited from any guarantees for any related party receivables or payables. During the year ended 31 December 2020, the company has not made any provision for doubtful debts relating to amounts owed by related parties (2019: nil).

Interest paid on behalf of group undertaking is receivable on demand from related party.

15. Pensions

The Group makes contributions into private portable schemes for its employees in the UK. The pension costs charge represents contributions payable by the company to the fund and amounted to £177,000 (2019 - £157,000). In Norway the pension plan is a contribution based scheme. The pension costs charge represents contributions paid into this scheme and amounted to £205,000 (2019 - £168,000)

16. Derivatives

The company's aluminium price risk volatility is managed at Group level. On a monthly basis the Company receive the fair value of the derivative held at the balance sheet date, determined by reference to its market values, is as follows:

	2020	Group 2019	Parent company 2020	2019
	£000	£000	£000	£000
Forward contracts	(8)	15	-	-
	(8)	15	-	-

Registered No. 09329747

Notes to the financial statements

As at 31 December 2020

17. Obligations under leases and hire purchase contracts

The Group use finance leases and hire purchase contracts to acquire plant and machinery. Future minimum lease payments due under finance leases and hire purchase contracts:

	2020	2019
	£000	£000
Accounts payable:		
Not later than one year	214	244
Later than one year and not later than five years	164	146
	<u>378</u>	<u>390</u>
Less: finance charges allocated to future periods	(5)	(21)
	<u>373</u>	<u>369</u>

18. Other financial commitments

At 31 December 2020 the Group had future commitments under non-cancellable operating leases as set out below:

	2020			2019		
	Plant & Machinery £000	Land & Building £000	Total £000	Plant & Machinery £000	Land & Building £000	Total £000
Rental payment due:						
Within one year	237	285	522	279	287	566
In two to five years	947	1,141	2,088	715	1,147	1,862
	<u>1,184</u>	<u>1,426</u>	<u>2,610</u>	<u>994</u>	<u>1,434</u>	<u>2,428</u>

19. Issued share capital

	2020	2019
	No.	£000
Ordinary shares of £1 each	1,001	<u>1</u>

20. Reserves

Share Premium account

This reserve records the amount above the nominal value received for shares sold, less transaction costs.

Profit and Loss account

This reserve holds the profit and loss of the group, after the deduction of any dividends paid in the period.

OCI account

This reserve is used to record increases or decreases in the movement of exchange rates on consolidation of the Group accounts.

REAL ALLOY UK HOLDCO Ltd

Registered No. 09329747

Notes to the financial statements

As at 31 December 2020

21. Ultimate parent undertaking and controlling party

In the directors' opinion the ultimate parent undertaking and controlling party at the balance sheet date is RA Parent Inc., a privately owned company incorporated in the United States.

22. Post balance sheet events

Dividend Declaration

On 29 April 2021, the Board of Directors declared a dividend to the Shareholder amounting to €5,000,000 out of the Company's profits available for distribution in respect of the financial year ended 31 December 2020.

United Kingdom leaving the European Union

The United Kingdom formally left the European Union 31 January 2020 and on 24 December 2020 the UK and EU agreed a comprehensive Trade Agreement that came into force on 1 January 2021. The Agreement outlines new rules for living, working and trading between the two parties.

The UK's Border Operating Model outlines a phased approach for cargo to limit immediate changes at the UK border, with full checks beginning from 1 July 2021.

The directors have considered the impact on the financial statements up to the date of signing and do not consider any adjustments are required in respect of this matter.

Fritak fra konsernregnskapsplikt

Vi viser til deres brev 19. oktober 2016 hvor dere på vegne Real Alloy Norway Holding AS, org.nr. 914 975 042, søker om fritak fra plikten til å utarbeide konsernregnskap.

Real Alloy Norway Holding AS er eid av Real Industri, Inc, hjemmehørende i USA. Real Industri, Inc utarbeider konsernregnskap som omfatter underkonsernet Real Alloy Norway Holding AS, etter US GAAP.

Skattedirektoratet finner med hjemmel i regnskapsloven av 17. juni 1998 nr. 56 § 3-7 fjerde ledd å kunne gi tillatelse til at det gjøres unntak for konsernregnskapsplikten for Real Alloy Norway Holding AS. Det forutsettes at Real Industri, Inc utarbeider konsernregnskap som omfatter den regnskapspliktige og dennes datterselskap. Det legges til grunn at dette konsernregnskapet er utarbeidet i samsvar med US GAAP og at kravene i regnskapsloven § 3-7 med forskrifter for øvrig følges. Bestemmelsene i regnskapsloven kapittel 8 gjelder tilsvarende for dette konsernregnskapet.

Når det gjelder hvilket språk morselskapet skal utarbeide konsernregnskapet på, vises det til forskrift av 7. september 2006 nr. 1062 til utfylling og gjennomføring mv. av regnskapsloven. Det følger av § 3-7-1 at konsernregnskapet foruten på norsk, kan være på svensk, dansk eller engelsk.

Kopi av dette brev må sendes Regnskapsregisteret i Brønnøysund sammen med årsregnskapet mv. Det påligger den regnskapspliktige å dokumentere ved dette brev at tillatelsen er gitt.

Vennligst oppgi vår referanse ved henvendelser i saken.

Med hilsen

Rune Tystad

UAVHENGIG REVISORS BERETNING

Til generalforsamlingen i Real Alloy Norway Holding AS

Uttalelse om revisjonen av årsregnskapet

Konklusjon

Vi har revidert årsregnskapet for Real Alloy Norway Holding AS som består av balanse per 31. desember 2020, resultatregnskap, oppstilling over totalresultat, og oppstilling av endringer i egenkapital for regnskapsåret avsluttet per denne datoen, og en beskrivelse av vesentlige anvendte regnskapsprinsipper og andre noteopplysninger.

Etter vår mening er årsregnskapet avgitt i samsvar med lov og forskrifter og gir et rettviseende bilde av selskapets finansielle stilling per 31. desember 2020, og av dets resultater for regnskapsåret avsluttet per denne datoen i samsvar med regnskapslovens regler og god regnskapsskikk i Norge.

Grunnlag for konklusjonen

Vi har gjennomført revisjonen i samsvar med lov, forskrift og god revisjonsskikk i Norge, herunder de internasjonale revisjonsstandardene (ISA-ene). Våre oppgaver og plikter i henhold til disse standardene er beskrevet i avsnittet *Revisors oppgaver og plikter ved revisjonen av årsregnskapet*. Vi er uavhengige av selskapet i samsvar med de relevante etiske kravene i Norge knyttet til revisjon slik det kreves i lov og forskrift. Vi har også overholdt våre øvrige etiske forpliktelser i samsvar med disse kravene. Etter vår oppfatning er innhentet revisjonsbevis tilstrekkelig og hensiktsmessig som grunnlag for vår konklusjon.

Øvrig informasjon

Øvrig informasjon omfatter informasjon i selskapets årsrapport bortsett fra årsregnskapet og den tilhørende revisjonsberetningen. Styret (ledelsen) er ansvarlig for den øvrige informasjonen. Vår uttalelse om revisjonen av årsregnskapet dekker ikke den øvrige informasjonen, og vi attesterer ikke den øvrige informasjonen.

I forbindelse med revisjonen av årsregnskapet er det vår oppgave å lese den øvrige informasjonen med det formål å vurdere hvorvidt det foreligger vesentlig inkonsistens mellom den øvrige informasjonen og årsregnskapet eller kunnskap vi har opparbeidet oss under revisjonen, eller hvorvidt den tilsynelatende inneholder vesentlig feilinformasjon. Dersom vi konkluderer med at den øvrige informasjonen inneholder vesentlig feilinformasjon, er vi pålagt å rapportere det. Vi har ingenting å rapportere i så henseende.

Ledelsens ansvar for årsregnskapet

Ledelsen er ansvarlig for å utarbeide årsregnskapet i samsvar med lov og forskrifter, herunder for at det gir et rettviseende bilde i samsvar med regnskapslovens regler og god regnskapsskikk i Norge. Ledelsen er også ansvarlig for slik intern kontroll som den finner nødvendig for å kunne utarbeide et årsregnskap som ikke inneholder vesentlig feilinformasjon, verken som følge av misligheter eller feil.

Ved utarbeidelsen av årsregnskapet må ledelsen ta standpunkt til selskapets evne til fortsatt drift og opplyse om forhold av betydning for fortsatt drift. Forutsetningen om fortsatt drift skal legges til grunn for årsregnskapet med mindre ledelsen enten har til hensikt å avvikle selskapet eller legge ned virksomheten, eller ikke har noe annet realistisk alternativ.

Revisors oppgaver og plikter ved revisjonen av årsregnskapet

Vårt mål er å oppnå betryggende sikkerhet for at årsregnskapet som helhet ikke inneholder vesentlig feilinformasjon, verken som følge av misligheter eller feil, og å avgi en revisjonsberetning som inneholder vår konklusjon. Betryggende sikkerhet er en høy grad av sikkerhet, men ingen garanti for at en revisjon utført i samsvar med lov, forskrift og god revisjonsskikk i Norge, herunder ISA-ene, alltid vil avdekke vesentlig feilinformasjon. Feilinformasjon kan skyldes misligheter eller feil og er å anse som vesentlig

Building a better
working world

dersom den enkeltvis eller samlet med rimelighet kan forventes å påvirke de økonomiske beslutningene som brukerne foretar på grunnlag av årsregnskapet.

Som del av en revisjon i samsvar med lov, forskrift og god revisjonsskikk i Norge, herunder ISA-ene, utøver vi profesjonelt skjønn og utviser profesjonell skepsis gjennom hele revisjonen. I tillegg

- ▶ identifiserer og anslår vi risikoen for vesentlig feilinformasjon i årsregnskapet, enten det skyldes misligheter eller feil. Vi utformer og gjennomfører revisjonshandlinger for å håndtere slike risikoer, og innhenter revisjonsbevis som er tilstrekkelig og hensiktsmessig som grunnlag for vår konklusjon. Risikoen for at vesentlig feilinformasjon som følge av misligheter ikke blir avdekket, er høyere enn for feilinformasjon som skyldes feil, siden misligheter kan innebære samarbeid, forfalskning, bevisste utelatelser, uriktige fremstillinger eller overstyring av intern kontroll;
- ▶ opparbeider vi oss en forståelse av den interne kontrollen som er relevant for revisjonen, for å utforme revisjonshandlinger som er hensiktsmessige etter omstendighetene, men ikke for å gi uttrykk for en mening om effektiviteten av selskapets interne kontroll;
- ▶ vurderer vi om de anvendte regnskapsprinsippene er hensiktsmessige og om regnskapsestimaterne og tilhørende noteopplysninger utarbeidet av ledelsen er rimelige;
- ▶ konkluderer vi på om ledelsens bruk av fortsatt drift-forutsetningen er hensiktsmessig, og, basert på innhentede revisjonsbevis, hvorvidt det foreligger vesentlig usikkerhet knyttet til hendelser eller forhold som kan skape betydelig tvil om selskapets evne til fortsatt drift. Dersom vi konkluderer med at det foreligger vesentlig usikkerhet, kreves det at vi i revisjonsberetningen henleder oppmerksomheten på tilleggsopplysningene i årsregnskapet. Hvis slike tilleggsopplysninger ikke er tilstrekkelige, må vi modifisere vår konklusjon. Våre konklusjoner er basert på revisjonsbevis innhentet frem til datoen for revisjonsberetningen. Etterfølgende hendelser eller forhold kan imidlertid medføre at selskapets evne til fortsatt drift ikke lenger er til stede;
- ▶ vurderer vi den samlede presentasjonen, strukturen og innholdet i årsregnskapet, inkludert tilleggsopplysningene, og hvorvidt årsregnskapet gir uttrykk for de underliggende transaksjonene og hendelsene på en måte som gir et rettviseende bilde.

Vi kommuniserer med styret blant annet om det planlagte omfanget av revisjonen, tidspunktet for vårt revisjonsarbeid og eventuelle vesentlige funn i vår revisjon, herunder vesentlige svakheter i den interne kontrollen som vi avdekker gjennom vårt arbeid.

Uttalelse om øvrige lovmessige krav

Konklusjon om årsberetningen

Basert på vår revisjon av årsregnskapet som beskrevet ovenfor, mener vi at opplysningene i årsberetningen om årsregnskapet og forutsetningen om fortsatt drift er konsistente med årsregnskapet og i samsvar med lov og forskrifter.

Konklusjon om registrering og dokumentasjon

Basert på vår revisjon av årsregnskapet som beskrevet ovenfor, og kontrollhandlinger vi har funnet nødvendige i henhold til internasjonal standard for attestasjonsoppdrag (ISAE) 3000 «Attestasjonsoppdrag som ikke er revisjon eller forenklet revisorkontroll av historisk finansiell informasjon», mener vi at ledelsen har oppfylt sin plikt til å sørge for ordentlig og oversiktlig registrering og dokumentasjon av selskapets regnskapsopplysninger i samsvar med lov og god bokføringskikk i Norge.

Real Alloy Norway Holding AS

Årsregnskap 2020

English translation of the financial statements of 2020 for information purposes only

STYRETS ÅRSBERETNING FOR REAL ALLOY NORWAY HOLDING AS

Annual report for REAL ALLOY NORWAY HOLDING AS translated to English for information purposes only

for 2020

Virksomhetens art og lokalisering

REAL ALLOY NORWAY HOLDING AS er et holdingselskap, med lokasjon på Rød i Molde kommune.

Selskapet er en del av REAL ALLOY konsernet, som er en verdensledende virksomhet bl. a. innenfor resirkulering av aluminium. Selskapets formål er å drive investeringsvirksomhet, herunder ved deltakelse i andre selskaper, og å drive forretningsvirksomhet innen produksjon og gjenvinning av metall, samt håndtering av avfall fra slik virksomhet.

Foretakets utsikter

Etterspørselen etter smelting av aluminiumsavfall fra primær-aluminiumsindustrien i Norge har vært relativt stabil i 2020. Etterspørselen etter smelting av aluminiumsavfall ble dog negativt påvirket av Covid-19 i Europa, blant annet innen bilindustrien. Vi forventer en økende etterspørsel etter smelting av aluminiumsavfall i 2021 basert på en forventning om reduserte negative effekter som følge av Covid-19. Resultatet i 2021 forventes å bedres sammenlignet med 2020.

REAL ALLOY NORWAY HOLDING AS sitt driftsresultat påvirkes av utviklingen i valutakursene for US Dollar, EURO og Norske Kroner.

Covid-19

REAL ALLOY NORWAY AS (datterselskapet) ble som andre selskaper i Norge rammet av covid-19 i mars 2020. Effekten av dette på selskapets omsetning og aktivitetsnivå har ikke vært vesentlig i 2020. Situasjonen knyttet til Covid 19 er fortsatt usikker, men selskapet forventer ikke vesentlige effekter knyttet til omsetning og aktivitetsnivå i 2021 grunnet Covid 19.

Fortsatt drift

I samsvar med regnskapslovens § 3-3 bekreftes det at forutsetningen for fortsatt drift er lagt til grunn ved utarbeidelsen av regnskapet. Datterselskapets produksjon fra smelting av aluminiumsavfall har vært stabil i 2020.

Vi forventer økende etterspørsel etter smelting av aluminiumsavfall i 2021 og at videre utvikling av aluminium oksid skal gi økende inntjening på sikt. Markedet vil imidlertid fortsatt være påvirket av betydelig økonomisk usikkerhet.

Redegjørelse for årsregnskapet Comments related to the financial statements

Etter styrets oppfatning gir årsregnskapet et rettviseende bilde av selskapets stilling per årsskiftet, og av resultatet i året 2020.

Arbeidsmiljø/Likestilling The working environment and the employees

Selskapet har ingen ansatte.

Ytre miljø External environment

Selskapet har ingen produksjon eller aktivitet og forurenser derfor ikke til det ytre miljø. For datterselskapets aktivitet vises til årsberetningen.

Real Alloy Norway Holding AS

Årsregnskap 2020

English translation of the financial statements of 2020 for information purposes only

Overordnede prinsipper for årsregnskapet 2020

Årsregnskapet er utarbeidet av selskapets styre. Årsregnskapet er utarbeidet og presentert i norske kroner. I enkelte noter er det spesifisert at beløpene er i tusen, herunder TNOK. Årsregnskapet er utarbeidet i samsvar med regnskapsloven og god regnskapsskikk.

Årsregnskapet består av følgende:

- **Resultatregnskap** inndelt etter art
- **Balanseoppstilling** oppstilt etter stigende likviditet. Eiendeler bestemt til varig eie eller bruk er klassifisert som anleggsmidler, og øvrige eiendeler er klassifisert som omløpsmidler. Omløpsmidler omfatter eiendeler direkte knyttet til varekretsløpet eller eiendeler som har forfall innen ett år etter at transaksjonen er gjennomført. Gjeld som forfaller til betaling innen ett år fra balansedato er klassifisert som kortsiktig gjeld. Omløpsmidler vurderes normalt til det laveste av anskaffelseskost og virkelig verdi, mens anleggsmidler normalt vurderes til anskaffelseskost, eventuelt fratrukket av- og nedskrivninger.
- **Kontantstrømoppstilling** utarbeidet etter den indirekte metoden i samsvar med NRS(F).
- **Noter**

Accounting principles

The financial statement is prepared by the board of directors. The financial statement is prepared and presented in norwegian kroner (NOK). In some notes the specified amount is presented in thousands (TNOK). The financial statement is prepared in accordance with the Norwegian Accounting Act and the generally accepted accounting principles in Norway.

The financial statements consists of the following reports:

- **Profit and loss statement**
- **Balance sheet.** Assets ment for permanent possession or use, are classified as fixed assets. Other assets are classified as current assets. Current assets includes assets directly attached to the circulation of goods or assets that has a due date within a year after the transaction is completed. Liabilities that has a due date within a year after the balance date is classified as short-term liabilities. Current assets is valued to the lowest of aquisition cost and net realizable value (Norwegian term "virkelig verdi"), while fixed assets normally are valued to aquisition cost, adjusted for any depreciations and/or write downs.
- **Cash flow statement** prepared according to the indirect method in accordance with NRS(F).
- **Notes**

Real Alloy Norway Holding AS

Årsregnskap 2020

English translation of the financial statements of 2020 for information purposes only

Investeringer i datterselskaper

Med datterselskap menes et selskap hvor Real Alloy Norway Holding AS har bestemmende innflytelse. Normalt innebærer dette en eierandel på over 50 %, hvor investeringen er av langvarig og strategisk karakter.

Investeringer i datterselskap er vurdert til det laveste av anskaffelseskost og virkelig verdi. Investeringene nedskrives til virkelig verdi når verdifall skyldes årsaker som ikke kan antas å være forbigående og det må anses nødvendig etter god regnskapskikk.

Investment in subsidiaries

Subsidiaries is entities where Real Alloy Norway Holding AS has controlling interest. Usually this involves an ownership of over 50 %, where the investment is long-lasting and strategical.

Investments in subsidiaries is valued to the lowest of aquisition cost and fair value. Investments is written down to fair value if the fall of value is long-term and considered necessary after Norwegian GAAP.

Transaksjoner med nærstående parter

Kjøps- og salgstransaksjoner med nærstående selskaper er gjennomført til vanlige forretningsmessige vilkår og prinsipper. Regnskapsføring og klassifisering med mer følger regnskapslovens generelle prinsipper. Transaksjoner med nærstående er spesifisert i note 4.

Transactions with related parties

Both purchasing- and sales transactions with related parties are done at normal business terms and principles (arms lenght). Accounting and classification and so on is done according to the Norwegian Accounting Act and generally accepted accounting principles in Norway. Transactions with related parties are specified in note 4.

Fordringer

Kundefordringer er oppført til pålydende med fradrag for avsetning til forventede tap. Andre fordringer er vurdert til det laveste av virkelig verdi og pålydende beløp.

Current assets

Accounts receivables is valued at nominal value less expected losses. Other receivables is valued to the lowest of net realizable value (Norwegian term "virkelig verdi") and nominal value.

Real Alloy Norway Holding AS

Årsregnskap 2020

English translation of the financial statements of 2020 for information purposes only

Utsatt skatt og skattekostnad

Utsatt skatt beregnes på bakgrunn av midlertidige forskjeller mellom regnskapsmessige og skattemessige verdier ved utgangen av regnskapsåret samt skattemessig underskudd til fremføring. Ved beregningen benyttes nominell skattesats. Det er lagt til grunn en skattesats på 22 % for utsatt skatt. Utsatt skattefordel balanseføres ikke, se note 3.

Årets skattekostnad består av endringer i utsatt skatt og utsatt skattefordel, sammen med betalbar skatt for inntektsåret, korrigert for feil i tidligere års beregninger.

Betalbar skatt beregnes ut fra skattbart resultat for året, inkludert inntekter og kostnader som periodiseres til andre perioder skattemessig enn regnskapsmessig.

Deferred tax and tax expenses

Deferred tax is calculated based on temporary differences between accounting values and tax values at year end, together with taxable loss carried forward. The calculation is done with nominal values. For deferred tax, the tax rate used is 22 %. The deferred tax asset is not recorded in the balance sheet as an asset, see note 3 for more information.

This years tax expense consists of changes in deferred tax together with tax payable, with corrections due to errors in previous years calculation (if any).

Tax payable is calculated from taxable result of the year.

Transaksjoner og regnskapsposter i utenlandsk valuta

Transaksjoner i utenlandsk valuta regnskapsføres til valutakursen på transaksjonstidspunktet. Pengeposter i utenlandsk valuta omregnes til valutakursen på balansedagen.

Valutakursdifferanser resultatføres løpende i den perioden de oppstår under regnskapspostene annen finansinntekt og annen finanskostnad.

Selskapets presentasjonsvaluta og funksjonell valuta er norske kroner.

Transactions and items in foreign currency

Transactions in foreign currency is accounted with the foreign exchange course at the time of the transaction. Monetary amounts in foreign currency is converted to NOK with the foreign exchange course at the balance date.

Exchange differences are booked in the profit and loss statement as other financial income or other financial expenses.
