## Wallenius Wilhelmsen Inland Services Holding AS

### Directors Report for fiscal year 2023

---

#### 1. The nature of the operation

Wallenius Wilhelmsen Inland Services Holding AS (WWISH or 'the company') is a holding company with shares in companies providing technical and inland transportation services in Europe, the Americas and Asia.

The services provided by WWISH subsidiaries are integrated in the operation of Wallenius Wilhelmsen ASA (WalWil). WalWil delivers logistics solutions based on four global products. Deep sea ocean transportation is the core product, supported and complemented by terminal services, technical services and inland distribution.

WWISH is owned 100% by Wallenius Wilhelmsen Solutions Holding AS (WWSH), and headquartered at Lysaker, Norway.

#### 2. Continued operation

The WWISH Board of Directors confirms that the financial statement supports continued operation.

#### 3. Internal environment

As of December 31, 2023, WWISH has no employees. The administration of the group is run through a business agreement with Wallenius Wilhelmsen Ocean AS (WVO). Hence, there are no recorded injuries or accidents during 2023. The subsidiaries are run by local management, however, either through employment in the subsidiary or through a business agreement with WVO.

There are two women on the board of directors.

#### 4. The Financial Statements

The financial statements of the company have been prepared and presented in accordance with simplified IFRS pursuant to section 3-9 of the Norwegian Accounting Act.

The result of the company is a loss of USD 3,893,615.

The company had at year end 2023 acceptable liquidity and serves all current and non-current debt comfortably.

The Board is not aware of any significant issues or developments after balance sheet date, which should have been reflected in the 2023 financial statement.

DocuSign Envelope ID: 3A1B8F11-A39B-4AF1-8E35-151B1AF03A8F

WWISH has internal long-term loans of USD 34,073,991 related to financing of the technical services related investments.

## 5. Future expectations

The company is closely following the global economic development as well as the market situation. The board maintains that there will always be uncertainty related to future development expectations.

Potential risks include further disruptions to the global supply chains, operational impact from fuel supply disruption, labor cost and availability, further escalation of the war in Ukraine and negative global economic developments.

## 6. The external environment

The company prioritizes work related to security, quality and environmental issues. The technical and inland transportation operations affect the environment and the company is working actively to limit the negative environmental consequences as much as possible.

## 7. Financial risk

A significant proportion of revenues and costs of WWISH and the financing are denominated in USD, which is the functional currency of WWISH. A significant certain proportion of net investments and operations in the technical services and inland distribution entities are exposed to fluctuations in currencies. However, no foreign currency hedge instrument is used to limit the exposure to fluctuations in foreign currency.

## 8. Distribution of the annual result

The Board proposes the following appropriation:

	Loss USD
Allocated from equity	3,893,615
Total appropriated	3,893,615

## Notes to the financial statements

### NOTE 1

#### 1. Main accounting principles

##### General Information

Wallenius Wilhelmsen Inland Services Holding AS ('the company') is a holding company with shares in companies providing technical and inland transportation services in Europe, the Americas, Asia and Australia.

The company is domiciled in Norway with the ultimate parent company being Wallenius Wilhelmsen ASA (WalWil), a public limited liability company listed on the Oslo Stock Exchange.

Consolidated accounts for the company and its subsidiaries have not been prepared as they are a subgroup of Wallenius Wilhelmsen ASA group.

The financial statements were issued by the board of directors on May 21, 2024.

The group account for WalWil is available on [www.walleniuswilhelmsen.com](http://www.walleniuswilhelmsen.com)

##### BASIC PRINCIPLES

The financial statements have been prepared in accordance with Simplified International Financial Reporting Standards (Simplified IFRS) as adopted by the Norwegian Accounting Act, the Norwegian regulation of simplified application of International Accounting Standards 7 February 2022.

The financial statements have been prepared under the historical cost convention as modified by the revaluation of certain financial assets and liabilities (including financial derivatives) at fair value through the income statement.

Preparing financial statements in conformity with simplified IFRS requires the management to make use of estimates and assumptions which affect the application of the accounting policies and the reported amounts of assets and liabilities, revenues and expenses.

Estimates and associated assumptions are based on historical experience and other factors regarded as reasonable in the circumstances. The actual result can vary from these estimates.

The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements are described in more detail below in the section on critical accounting estimates and assumptions.

The accounting policies outlined below have been applied consistently for all periods presented in the financial statements.

##### FOREIGN CURRENCY TRANSLATION

###### *Functional and presentation currency*

The financial statements of the company are measured in the primary currency of the economic environment in which the entity operates (the functional currency). The financial statements of the company are presented in USD, which is determined to be the company's functional and presentation currency.

DocuSign Envelope ID: 3A1B8F11-A39B-4AF1-8E35-151B1AF03A8F

### *Transactions and balances*

Transactions in foreign currencies are initially recorded in the functional currency by applying the average monthly exchange rates. Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the rate of the exchange at the balance sheet date. The realised and unrealised currency gains or losses are included in financial income or expense.

### **FINANCIAL ASSETS**

The company classifies its financial assets in the following categories: investment in shares and loans and receivables. The classification depends on the purpose of the asset. Management determines the classification of financial assets at their initial recognition.

### *Investment in subsidiaries, joint ventures and associates*

The investments in subsidiaries, joint arrangements and associates, that are not classified as held for sale, are measured and presented in accordance with cost method. Shares in subsidiaries, joint ventures and associates are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may exceed the recoverable amount of the investment. An impairment loss is reversed if the impairment situation is deemed to no longer exist.

Financial assets carried at fair value through the income statement are initially recognised at fair value, and transaction costs are expensed in the income statement.

### *Loan receivables and other receivables*

Loans and receivables are non-derivative financial assets with fixed or determinable payments which are not quoted in an active market. They are included in current assets, except for maturities greater than 12 months after the balance sheet date. These are classified as non-current assets. Loans and receivable are classified as current and non-current receivables and current and non-current receivables from group companies in the balance sheet.

Loans and receivables are recognised initially at their fair value plus transaction costs. Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire or are transferred, and the group has transferred by and large all risk and return from the financial asset.

Realised gains and losses are recognised in the income statement in the period they arise.

### **RECEIVABLES**

Trade receivables and other receivables, that have fixed or determinable payments that are not quoted in an active market are classified as receivables.

Receivables are recognised at fair value less any impairment. The group applies the IFRS 9 simplified approach to measure expected credit losses which uses a lifetime expected loss allowance for all trade receivables and contract assets. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and days past due.

### **CASH AND CASH EQUIVALENTS**

Cash and cash equivalents include cash in hand, deposits held at call with banks, and other current highly liquid investments with original maturities of three months or less, or bank overdrafts. Bank overdrafts are shown under borrowings in current liabilities on the balance sheet.

### **DIVIDEND AND GROUP CONTRIBUTION**

Dividend payments are recognized as a liability in the company's financial statements when the dividend is approved by the general meeting.

DocuSign Envelope ID: 3A1B8F11-A39B-4AF1-8E35-151B1AF03A8F

Group contributions are recognized as financial income/expense and current assets/liability in the financial statements at December 31, in the current year.

#### **CURRENT AND DEFERRED INCOME TAX**

Deferred tax is calculated using the liability method on all temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred income tax is determined using tax rates and laws which have been enacted by the balance sheet date and are expected to apply when the related deferred income tax asset is realised, or the deferred income tax liability settled.

Deferred income tax assets are recognised to the extent that it is probable that future taxable profit will be available, and that the temporary differences can be deducted from this profit.

#### **LOANS**

Loans are recognised at fair value when the proceeds are received, net of transaction costs. In subsequent periods, loans are stated at amortised cost using the effective interest method. Any difference between proceeds (net of transaction costs) and the redemption value is recognised in the income statement over the term of the loan.

Loans are classified as current liabilities unless the group or the parent company has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

### **2. Financial risk management**

The company's activities expose it to a variety of financial risks: market risk (including currency risk and fair value interest rate risk) and liquidity risk.

Risk management is carried out by a central treasury department under policies approved by the board of directors. The principles for overall risk management are described in the group policy.

#### **FOREIGN EXCHANGE RISK**

The main proportion of the company's revenue is primarily dividend from subsidiaries in USD, but can also be in other currencies. At the end of the year the company had not hedged any currency exposure in the financial market.

#### **INTEREST RATE RISK**

The company's interest rate risk arises from short-term fixed rate borrowings and long-term variable rate borrowings. Borrowings issued at variable rates expose the group to cash flow interest rate risk. Borrowings issued at fixed rates expose the group to fair value interest rate risk. During 2023, the group's borrowings at variable rate were denominated mainly in USD.

#### **LIQUIDITY RISK**

The main proportion of the company's revenue is primarily dividend from subsidiaries, and the agreement is to transfer surplus funds on a continuous basis.

### **3. Cash flow statement**

The cash flow statement has been prepared according to the indirect method. Cash and cash equivalents include cash, bank deposits, and other short-term investments which immediately and with minimal exchange risk can be converted into known cash amounts, with due date less than three months from purchase date.

DocuSign Envelope ID: 3A1B8F11-A39B-4AF1-8E35-151B1AF03A8F

#### **4. Critical accounting estimates and judgements**

In connection with the preparation of the financial statements, management has made assumptions and estimates about future events, and applied judgements that affect the reported amounts of assets, liabilities, revenue, expenses and the related disclosures. The assumptions, estimates and judgements are based on historical experience, current trends and other factors that management believes to be relevant at the time the consolidated financial statements are prepared. Actual results may differ from these estimates. Critical accounting estimates are those that have a significant risk of causing a material adjustment within the next twelve months.

There are no accounting estimates that have a significant impact.

To the General Meeting of Wallenius Wilhelmsen Inland Services Holding AS

## Independent Auditor's Report

### Opinion

We have audited the financial statements of Wallenius Wilhelmsen Inland Services Holding AS (the Company), which comprise the balance sheet as at 31 December 2023, the income statement, statement of comprehensive income and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion the financial statements comply with applicable statutory requirements, and the financial statements give a true and fair view of the financial position of the Company as at 31 December 2023, and its financial performance and its cash flows for the year then ended in accordance with simplified application of international accounting standards according to section 3-9 of the Norwegian Accounting Act.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company as required by relevant laws and regulations in Norway and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Other Information

The Board of Directors (management) is responsible for the information in the Board of Directors' report. The other information comprises information in the annual report, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the information in the Board of Directors' report.

In connection with our audit of the financial statements, our responsibility is to read the Board of Directors' report. The purpose is to consider if there is material inconsistency between the Board of Directors' report and the financial statements or our knowledge obtained in the audit, or whether the Board of Directors' report otherwise appears to be materially misstated. We are required to report if there is a material misstatement in the Board of Directors' report. We have nothing to report in this regard.

Based on our knowledge obtained in the audit, it is our opinion that the Board of Directors' report

- is consistent with the financial statements and
- contains the information required by applicable statutory requirements.

### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with simplified application of International Accounting Standards according to the Norwegian Accounting Act section 3-9, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

**Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. ## Tillatelse til å utarbeide årsregnskap og årsberetning på engelsk språk

— Vi viser til deres brev av 3. februar 2016 der det søkes om dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk for følgende selskaper;

Wallenius Wilhelmsen Landbased Holding AS	org.nr. 915 515 398
Wallenius Wilhelmsen Inland Services Holding AS	org.nr. 915 641 504

Skattedirektoratet gir på bakgrunn av en konkret helhetsvurdering de overnevnte selskaper dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk, jf. regnskapsloven § 3-4 tredje ledd. Dispensasjonen forutsetter at opplysningene som vedtaket baserer seg på ikke endres vesentlig.

Kopi av dette brevet må sendes Regnskapsregisteret i Brønnøysund sammen med årsregnskapet. Det påligger den regnskapspliktige å dokumentere ved dette brev at tillatelsen er gitt.

### Bakgrunn

Selskapene er eiet av et Wallenius Wilhelmsen Logistic AS. Selskapene ble etablert i 2015. De øvrige selskapene i WWL gruppen har tidligere fått dispensasjon til å benytte engelsk språk. WWL gruppen er i dag blant Norges mest globale virksomheter som driver avansert, industriell shipping med transport av rullerende last. I tilknytning til sjøtransporten tilbyr WWL gruppen ulike typer logistiktjenester som terminaltjenester rundt omkring i verden, tekniske tjenester, innlandstransport og styring av transporttjenester for kjøretøy. Gruppens virksomhet foregår i det alt vesentlige utenfor Norges grenser. Forretningsspråket i bransjen er engelsk og kommunikasjonen internt i konsernet er på engelsk. Det er fremmedspråklige ansatte i styrene i selskapene samt i organisasjonen for øvrig, som bidrar med innspill til årsregnskap og årsberetning. Alle sentrale aktører og samarbeidspartnere innen denne bransjen behersker og benytter engelsk. En norsk oversettelse vil kun ha til formål å oppfylle regnskapslovens språkkrav.

### Skattedirektoratets vurdering

Etter regnskapsloven § 3-4 tredje ledd skal "årsregnskapet og årsberetningen ... være på norsk. Departementet kan ved ... enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk."

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap m.v., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

*"Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i samfunnsøkonomien skal bli best mulig. Gode regnskaper vil også gjøre det vanskeligere for markedsdeltakere å ta ut spekulasjonsgevinster med basis i skjevt fordelt informasjon."*

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til "informative regnskaper for ulike grupper av regnskapsbrukere". Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte og lokalsamfunnet.

Det er etter Skattedirektoratets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Det er særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I denne vurderingen har Skattedirektoratet lagt særlig vekt på at selskapene er nyetablerte og inngår i et konsern som tidligere har fått dispensasjon. Eierkretsen er begrenset. Arbeidsspråket er engelsk. Videre er det vektlagt at selskapet driver virksomhet i en bransje der alle sentrale aktører behersker og benytter engelsk språk.
