ANNUAL REPORT 2020 BW Gas NIS Manning AS

Operations and location

The company is engaged in providing manning services to vessels. The registered office of the company is in Bærum, Norway. The company is owned 100 % by BW Gas AS.

Going concern

Pursuant to section 4-5, confer section 3-3a of the Norwegian Accounting Act, it is hereby confirmed that the financial statements have been prepared under the assumption that the company is a going concern and that the conditions are present.

Comments to the financial statements

BW Gas NIS Manning AS' net loss was NOK 0,3 million in 2020, compared to a profit of NOK 0,1 million in 2019.

BW Gas NIS Manning AS had liquid reserves of NOK 1.7 million as at 31.12.2020, compared to NOK 1.6 million as at 31.12.2019. The company's total assets at year-end 2020 amounted to NOK 166,9 million, compared to NOK 156,3 million at the year-end 2019. The company's equity as per 31 December 2020 amounted to NOK 91.8 million compared to NOK 86.2 million as per 31 December 2019. The equity ratio was 55.0 % at year-end 2020 compared to 55.2 % at year-end 2019.

The board of Directors believes that the financial statements give a fair and true presentation of the company's assets, debt, financial position and results. The Board is not aware of any conditions after the year-end that are of significant importance for the evaluation of the company's financial position.

Future challenges

The revenue of 2021 is expected to remain at the same level as in 2020, but the development is dependent upon the number of vessels under the company's manning service agreement.

Risk factors

BW Gas NIS Manning AS' revenue and expenses are mainly in NOK, which limits the foreign exchange rate risk.

Working environment and employees

The company has 52 employees, of which no women. The Board of Directors consists of two men and one women. The company's ambition is to exercise full gender equality and has incorporated a policy aiming to avoid any discrimination.

Leave of absence due to illness amounted to 3,56 % of the company's total working hours in 2020, compared to 3.8 % in 2019. No injuries or accidents have been reported.

External environment

The company's operations do not result in pollution or spillage harmful to the external environment. No incidences or reporting of work related accidents resulting in significant material damage or personal injury occurred during the year.

Subsequent events

The COVID-19 pandemic started in early 2020, and has not resulted in any financial impact for the company.

The situation will be monitored and assessed closely.

Allocation of net profit

The Board of Directors has proposed the net loss of BW Gas NIS Manning AS of NOK 266,797 to be transferred from other equity.

BW Gas NIS Manning AS

Notes to the accounts for 2020

Accounting principles

The annual accounts have been prepared in compliance with the Accounting Act and generally accepted accounting principles in Norway. The accounting principles which are described below are applicable and accepted principles for companies owned by BW LNG Ltd.

The company is incorporated and domiciled in Norway. The company's main activity is to provide seafarers to the BW fleet through BW Gas AS.

Revenue recognition

Operating revenue

Revenue from services is recognised when the services are rendered.

Interest income

Interest revenue is recognised when the interest is earned.

Classification and valuation of balance sheet items

Current assets are valued at the lower of purchase cost and net realisable value.

Short-term liabilities are reflected in the balance sheet at nominal value on the establishment date.

Foreign currency

Monetary assets and liabilities in foreign currencies are translated at the rate of exchange ruling at the balance sheet date.

Non-monetary items that are measured in terms of historical cost in foreign currency are translated using the exchange rate at the date of the initial transaction. The USD/NOK exchange rate per 31 December 2020 is 8.8852, compared to 8.8119 per 31 December 2019.

Tax (outside the Norwegian tonnage tax regime)

Tax expense consists of tax payable and changes in deferred tax liability/asset. The statutory tax rate in Norway is 22%.

Deferred income tax is provided, using the liability method, on all temporary differences at the balance sheet date between the tax bases of assets and liabilities and their carrying value for financial reporting purposes, and including any tax losses carried forward. Tax increasing and reducing temporary differences that reverse or can reverse in the same periods are presented net. Deferred tax asset is recognised only when it is justified by estimated future profits. Deferred tax and deferred tax assets are presented net in the balance sheet.

Pension

The group has two defined pension schemes, of which one is unfunded. A defined benefit plan defines the amount of pension benefit that an employee will receive on retirement, usually dependent on one or more factors such as age, years of service and compensation.

The liability recognised on the balance sheet in respect of defined pension plans is the present value of the accrued future pension benefits at the balance sheet date less the fair value of plan assets, together with adjustments for unrecognised actuarial gains or losses and past service costs. The defined benefit obligation is calculated annually by independent actuaries using the projected unit credit method. The present value of the defined benefit obligation is determined by discounting the estimated future cash outflows. The discount rate has been based on interest rates on covered bonds, adjusted for differences in maturity.

Past-service costs are recognised immediately in income, unless the changes to the pension plan are conditional on the employee remaining in service for a specified period of time (the vesting period). In this case, the past-service costs are amortised on a straight-line basis over the vesting period.

Cash flow statement

The cash flow statement has been prepared using the indirect method. Cash and cash equivalents include cash, bank deposits, and other short-term investments which immediately and with minimal exchange risk can be converted into known cash amounts.

To the General Meeting of BW Gas NIS Manning AS

Independent auditor's report

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of BW Gas NIS Manning AS showing a loss of NOK 266 797. The financial statements comprise the balance sheet as at 31 December 2020, the income statement and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements are prepared in accordance with law and regulations and give a true and fair view of the financial position of the Company as at 31 December 2020, and its financial performance and its cash flows for the year then ended in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway.

Basis for Opinion

We conducted our audit in accordance with laws, regulations, and auditing standards and practices generally accepted in Norway, including International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company as required by laws and regulations, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

Management is responsible for the other information. The other information comprises information in the annual report, except the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

BW Gas NIS Manning AS

Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director (management) are responsible for the preparation in accordance with law and regulations, including a true and fair view of the financial statements in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern. The financial statements use the going concern basis of accounting insofar as it is not likely that the enterprise will cease operations.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with laws, regulations, and auditing standards and practices generally accepted in Norway, including ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with laws, regulations, and auditing standards and practices generally accepted in Norway, including ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error. We design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves a true and fair view.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

Opinion on the Board of Directors' report

Based on our audit of the financial statements as described above, it is our opinion that the information presented in the Board of Directors' report and in the statements on Corporate Governance and Corporate Social Responsibility concerning the financial statements, the going concern assumption and the proposed allocation of the result is consistent with the financial statements and complies with the law and regulations.

Opinion on Registration and Documentation

Based on our audit of the financial statements as described above, and control procedures we have considered necessary in accordance with the International Standard on Assurance Engagements (ISAE) 3000, *Assurance Engagements Other than Audits or Reviews of Historical Financial Information*, it is our opinion that management has fulfilled its duty to produce a proper and clearly set out registration and documentation of the Company's accounting information in accordance with the law and bookkeeping standards and practices generally accepted in Norway.

Bakgrunn

Selskapene inngår i BW Group konsernet og i BW LPG Ltd konsernet. BW Group konsernet har en eierandel på 45% i BW LPG Ltd konsernet. BW Group konsernet er et av verdens ledende shippingkonsern og er involvert i transport av olje og gass, flytende gass infrastruktur, miljøteknologi og dypvannsproduksjon. BW LPG Ltd konsernet frakter flytende petroleum gass (LPG) og er verdens største eier og operatør av store gasskip (VLGC). Majoriteten av den operative driften i disse konsernene finner sted i Singapore, mens befraktningen skjer globalt.

De norske selskapene leverer hovedsakelig konserninterne tjenester innenfor befraktning, personell, operasjon og forretningsførsel av skip og skipseiende selskap innenfor konsernene. Majoriteten av selskapenes inntekter og forpliktelser er i USD, og språket som benyttes i kommunikasjon i konsernene er i all hovedsak engelsk.

BW LPG Limited, som er morselskapet i BW LPG limited konsernet, er registrert i Bermuda. BW LPG Limited er notert på Oslo Børs og bruker engelsk i all informasjon som sendes til Børsen. Konsernet BW Group er privat eid med eiere basert fra Singapore.

Selskapene er i hovedsak konserninternt finansiert og konsernets eksterne finansieringsavtaler er inngått på engelsk.

Det opereres innen en internasjonal bransje med profesjonelle og store aktører. De fleste aktørene i bransjen har engelsk som arbeids- og rapporteringsspråk, uavhengig av hvor de er lokalisert. Selskapets konkurrenter er i hovedsak andre større internasjonale olje- og gass befraktere.

Kundene består av store internasjonale foretak som benytter seg av skipene ved transport av olje og gass. Konsernet opererer internasjonalt og leverandørmassen er således i hovedsak også internasjonal og bransjerelatert.

Ledelse og ansatte benytter engelsk som arbeidsspråk.

Fordi markedet for skipsbefraktning er globalt og engelsk er språket som primært benyttes, er også BW sine nettsider på engelsk.

Det er selskapenes vurdering at det er en unødvendig tids- og kostnadsulempe for selskapene å oversette årsregnskapet fra engelsk til norsk. Hensynet til sentrale brukere av regnskapsmaterialet ivaretas minst like godt og i stor utstrekning bedre ved at selskapene kun utarbeider årsregnskap og årsberetning på engelsk. Ettersom engelsk også er språket som primært benyttes innenfor bransjen disse selskapene opererer i, kan selskapene heller ikke se at andre, mer tilfeldige regnskapsbrukere skulle ha noe behov for at regnskapet utarbeides på norsk.

Skattedirektoratets vurdering

Etter regnskapsloven § 3-4 tredje ledd skal *”årsregnskapet og årsberetningen ... være på norsk. Departementet kan ved ... enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk.”*

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap m.v., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

”Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i samfunnsøkonomien skal bli best mulig. Gode regnskaper vil også gjøre det vanskeligere for markedsdeltakere å ta ut spekulasjonsgevinster med basis i skjevt fordelt informasjon.”

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til *”informative regnskaper for ulike grupper av regnskapsbrukere”*. Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte og lokalsamfunnet.

Det er etter Skattedirektoratets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Det er særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I denne vurderingen har Skattedirektoratet lagt særlig vekt på at de norske selskapene inngår i konserner med utenlandsk registrerte morselskaper, som kontrolleres av utenlandske eiere eller andre profesjonelle investorer. Arbeidsspråket er engelsk. Videre er det vektlagt at selskapene driver virksomhet i en internasjonal bransje der alle aktører behersker og benytter engelsk språk.
