## Permission to store electronic accounting material in The Netherlands. Permission to prepare the annual accounts and directors' report in English language

With reference to your letter of 28 May 2018 with respect to the above matter, and later correspondance on e-mail, regarding:

- Hilverda De Boer Bergen AS org.nr. 919 820 721
- Hilverda De Boer Haugesund AS org.nr. 919 820 675
- Hilverda De Boer Kristiansand AS org.nr. 919 820 713
- Hilverda De Boer Norge AS org.nr. 919 820 551
- Hilverda De Boer Oslo AS org.nr. 919 820 616
- Hilverda De Boer Stavanger AS org.nr. 919 820 632
- Hilverda De Boer Ålesund AS org.nr. 919 820 659

Based on a total evaluation, the view of The Directorate of Taxes is that the above mentioned companies may state the directors' report and annual accounts in English language according to the Norwegian Accounting Act § 3-4 third paragraph. The exemption requires that the information the decision is based on, does not change significantly.

A copy of this letter must be sent to the Register of Company Accounts in Brønnøysund together with the financial statements. It is incumbent on the company to document by this letter that the permit is granted.

The Directorate of Taxes gives the companies listed above permission to store electronic accounting material in The Netherlands, according to Act no. 73 of 19 November 2004 Act relating to Bookkeeping section 13 second paragraph.

### Permission to prepare the annual accounts and directors' report in English language

#### Background

From the application:

*As wholly owned subsidiaries of Hilverda De Boer B.V., a company incorporated in the Netherlands, most board members and owners of the parent do not speak Norwegian. Furthermore, as part of a larger Group, it is reasonable to assume that the majority of the users*

*of the financial statements will need an English translation.*

*In view of the above factors, we request that the Tax Directorate considers the exemption to prepare financial statements in English.*

By e-mail dated 22 June 2018 it is stated that the companies' business is import and sales of flowers and plants. The customers are described as mainly professionals (estimated 95%), with a small amount of personal customers.

#### **Regulation and conditions for preparing the annual accounts and directors' report in English language**

According to the Norwegian Accounting Act § 3-4, third paragraph shall *"the directors' report and annual accounts ... be in Norwegian. The Ministry can in an individual decision decide that the directors' report and/or annual accounts may be in another language"*.

Ot. prp. nr. 42 (1997-1998) About Act about annual accounts etc., says the following about the purpose of the Accounting Act, refer section 1.1:

*"The aim of the Government with respect to the Accounting Act is that it shall contribute towards providing informative accounts for different users of accounts. The users of accounts include investors and creditors which provide capital for the companies. Other groups include those who have an interest in knowing how the companies are operated, for example employees and the local community. The information to the capital market is an important basis for the correct pricing of financial instruments. The correct pricing of stocks is an important factor in securing the best possible allocation of resources in the economy. High quality accounts will also make it more difficult for market participants to obtain speculative gains as a result of non-publicly available information."*

Hence, one of the main aims of the Accounting Act is to contribute to *"informative accounts for different users of accounts"*. The users of the accounts will include investors, creditors, employees and the local community.

Hence, it is the view of the Ministry that it is crucial that the question of dispensation from the general rule that the annual accounts and/or directors' report should be prepared in Norwegian, not in any significant way deviate from the consideration of users of the accounts.

As mentioned above it is particularly the consideration of the users of the account information, which has to be taken into consideration when considering the application for permission. In this assessment, the Directorate of Taxes has emphasized that the companies are part of an international Group company, and that the board members do not understand Norwegian language.

## Permission to store electronic accounting material in The Netherlands

### Background

From the application:

*All companies are directly or indirectly wholly owned subsidiaries of Hilverda De Boer B.V. Hilverda De Boer B.V. has their main office in the Netherlands where they provide several services to all subsidiaries, including accounting in order to save costs. This allows the company to start business in countries while reducing the initial losses. Also, the office ensures consistency around all the companies and enforce controls. The accounting material is prepared in English, and all material is available electronically. All material is stored at the following location in the Netherlands:*

*Hilverda De Boer B.V.  
Cotoneaster 12  
1424 LB De Kwakel  
The Netherlands*

*On behalf of the entity, I hereby confirm that the accounting material will be available for printing, in Norway, should the authorities need access to the servers.*

By e-mail dated 22 June 2018 it is confirmed that the address in Norway where the authorities may access the electronic accounting material is Lahaugmoveien 54, 2013 Skjetten.

### Regulation

According to Act no. 73 of 19 November 2004 Act relating to Bookkeeping section 13 second paragraph accounting material shall be stored in Norway. After the last paragraph the Directorate of Taxes may in individual decision grant exemptions from the provision concerning storage location for individual companies.

According to preparatory works and best practice the Directorate of Taxes has only granted exemptions if the material is stored electronically, and the storage takes place under the auspices of a company in the same group abroad.

### Condition for the permission to store electronic accounting material in The Netherlands

The permission is given on the condition that the accounting material will be available in readable form and capable of being printed on paper during the entire storage period on a terminal in Norway.

The permission is given under the presumption that there exists a shared company system and there is an agreement concerning storage at the places mentioned above. If the companies' group affiliation is brought to an end, this permission will cease, and the accounting material must be transferred to Norway.

If the accounting material is no longer available with a connected terminal in Norway, either the accounting material must be transferred to another medium for storage in Norway for example paper, or a corresponding IT environment must be established in Norway.

We would further like to bring your attention to the requirement that entries that were initially electronically available shall remain electronically available for three years and six months after the end of the financial year.

According to Regulation no. 1558 of 1 Dec 2004: Regulation relating to bookkeeping it shall be possible without undue delay to present the accounting material to public control authorities in Norway throughout the storage period. The data of the Norwegian company must not be stored in such a way that Norwegian authorities will be denied access to the data material due to inseparability from other companies' data.

Please state "our reference" (see above) in all written communication with The Norwegian Tax Authorities.

Best regards

Torstein Kinden Helleland  
senior adviser  
Legal department, corporate tax  
Norwegian Directorate of Taxes

Jeanette Munkvold Skovholt

## Independent Auditor's Report

[www.rsmnorge.no](http://www.rsmnorge.no)

### Opinion

We have audited the financial statements of Hilverda De Boer Haugesund AS (the Company) showing a loss of NOK 753 994. The financial statements comprise the balance sheet as at 31 August 2022, the income statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion

- the financial statements comply with applicable statutory requirements, and
- the financial statements give a true and fair view of the financial position of the Company as at 31 August 2022, and its financial performance for the year then ended in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway.

### Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company as required by laws and regulations and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), and we have fulfilled our ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### Responsibilities of the Board of Directors and the Managing Director for the Financial Statements

The Board of Directors and the Managing Director (management) are responsible for the preparation of financial statements that give a true and fair view in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern. The financial statements use the going concern basis of accounting insofar as it is not likely that the enterprise will cease operations.

### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

### Notes 2022

#### Note 1 Accounting principles

The financial statements have been prepared in accordance with the Norwegian Accounting Act and Generally Accepted Accounting Principles (GAAP) for small entities in Norway.

#### Revenue recognition

##### Sale of goods:

Revenues from sale of goods are recognised once delivery has taken place and most of the risk and return has been transferred. Sales are taken to income when the company has delivered its products to the customer and there are no unsatisfied commitments which may influence the customer's acceptance of the product. Delivery is not completed until the products have been sent to the agreed place, and risks relating to loss and obsolescence have been transferred to the customer.

##### Financial income:

Interest income is recognised as it accrues.

##### Taxes:

The income tax expense is comprised of both tax payable for the period, and changes in deferred tax. Deferred tax is determined on the basis of existing temporary differences between accounting net income and tax net income, including year-end loss carry-forwards, calculated at 22%. Temporary differences, both positive and negative, which will or are likely to reverse in the same period, are recorded as a net amount.

A deferred tax asset are recognised for the carryforward of unused tax losses and unused tax credits to the extent that it is more likely than not that the tax asset can be utilised.

Taxes payable and deferred tax are recognised directly in equity to the extent that they relate to equity transactions.

#### Classification and valuation of balance sheet items

Non-current assets are assets intended for long-term ownership or use. All other assets are current assets. Receivables that fall due for payment within one year shall not be classified as non-current assets. Similar criteria applies to liabilities. Current assets are valued at the lower of acquisition cost and fair value.

Non-current assets are written down to fair value upon any impairment that is expected not to be temporary. Long-term debt are recognised at nominal value at transaction date.

#### Receivables:

Accounts receivables and other current receivables are recorded in the balance sheet at nominal value less provisions for expected losses. Provisions for expected losses are calculated on the basis of an individual assessment.

#### Inventories:

Inventories are carried in the financial statement at the lower of cost and net realisable value. The net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. The cost of inventories is determined by using the FIFO method, and includes all cost of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. For manufactured goods a proportionate share of the direct and indirect variable and fixed production costs is included in cost.

### Notes 2022

#### Fixed assets:

Tangible fixed assets are recognised in the balance sheet at cost and are depreciated over the asset's expected useful life on a straight-line basis. Assets that consists of significant parts with different useful lives are depreciated separately. Repair and maintenance are expensed as incurred. If the recoverable amount of an asset is less than its carrying amount, the carrying amount of the asset are reduced to its recoverable amount. The reduction is recognised as an impairment loss.

#### Leased assets:

Assets leased under terms that substantially transfer all the rights and obligations to the company (financial leases) are recognised as property, plant and equipment, and included as a liability under long-term liabilities at the present value of minimum lease payments. The asset is depreciated over its expected useful life, and the obligation reduced by lease payments less the effective interest expense. Operating leases are expensed as incurred.

#### Note 2 Wages

Specification of employee benefits	2022	2021
Wages	991 610	1 174 016
Payroll taxes	153 861	167 291

<b>Deferred tax 22 %</b>	<b>0</b>	<b>0</b>	<b>0</b>
--------------------------	----------	----------	----------

In accordance with general principles for small entities, losses carried forward are not recognized.

Note 6 Going Concern

The annual accounts have been prepared under the assumption of continued operations. The company has had a negative cash flow in previous years, partly because the company has been in a development phase. The company is now in an early commercial phase, but has not yet achieved the expected potential. Due to a capital tie-up in inventory and receivable, the company is re-evaluating the current strategy. The shareholders guarantee the going concern of the operations of HdB Haugesund.
