

ÅRSREGNSKAPET FOR REGNSKAPSÅRET 2022 - GENERELL INFORMASJON

Enheten

Organisasjonsnummer:	948 061 937
Organisasjonsform:	Aksjeselskap
Foretaksnavn:	CAPPELEN DAMM AS
Forretningsadresse:	Akersgata 47/49 0180 OSLO

Regnskapsår

Årsregnskapets periode:	01.01.2022 - 31.12.2022
-------------------------	-------------------------

Konsern

Mørselskap i konsern:	Ja
Konsernregnskap lagt ved:	Ja

Regnskapsregler

Regler for små foretak benyttet:	Nei
Benyttet ved utarbeidelsen av årsregnskapet til selskapet:	Regnskapslovens alminnelige regler
Benyttet ved utarbeidelsen av årsregnskapet til konsernet:	-

Årsregnskapet fastsatt av kompetent organ

Bekreftet av representant for selskapet:	Øyvind Wærholm Graff
Dato for fastsettelse av årsregnskapet:	23.03.2023

Grunnlag for avgivelse

År 2022: Årsregnskapet er elektronisk innlevert
År 2021: Tall er hentet fra elektronisk innlevert årsregnskap fra 2022

Det er ikke krav til at årsregnskapet m.v. som sendes til Regnskapsregisteret er undertegnet. Kontrollen på at dette er utført ligger hos revisor/enhetens øverste organ. Sikkerheten ivaretas ved at innsender har rolle/rettighet for innsending av årsregnskapet via Altinn, og ved at det bekreftes at årsregnskapet er fastsatt av kompetent organ.

UAVHENGIG REVISORS BERETNING

Til generalforsamlingen i Cappelen Damm AS

Konklusjon

Vi har revidert årsregnskapet for Cappelen Damm AS som består av balanse per 31. desember 2022, resultatregnskap og kontantstrømoppstilling for regnskapsåret avsluttet per denne datoen og noter til årsregnskapet, herunder et sammendrag av viktige regnskapsprinsipper.

Etter vår mening oppfyller årsregnskapet gjeldende lovkrav og gir et rettviseende bilde av selskapets finansielle stilling per 31. desember 2022 og av dets resultater og kontantstrømmer for regnskapsåret avsluttet per denne datoen i samsvar med regnskapslovens regler og god regnskapsskikk i Norge.

Grunnlag for konklusjon

Vi har gjennomført revisjonen i samsvar med International Standards on Auditing (ISA-ene). Våre oppgaver og plikter i henhold til disse standardene er beskrevet nedenfor under *Revisors oppgaver og plikter ved revisjonen av årsregnskapet*. Vi er uavhengige av selskapet i samsvar med kravene i relevante lover og forskrifter i Norge og *International Code of Ethics for Professional Accountants* (inkludert internasjonale uavhengighetsstandarder) utstedt av International Ethics Standards Board for Accountants (IESBA-reglene), og vi har overholdt våre øvrige etiske forpliktelser i samsvar med disse kravene. Innhentet revisjonsbevis er etter vår vurdering tilstrekkelig og hensiktsmessig som grunnlag for vår konklusjon.

Øvrig informasjon

Øvrig informasjon omfatter informasjon i selskapets årsrapport bortsett fra årsregnskapet og den tilhørende revisjonsberetningen. Styret og administrerende direktør (ledelsen) er ansvarlig for den øvrige informasjonen. Vår konklusjon om revisjonen av årsregnskapet dekker ikke den øvrige informasjonen, og vi attesterer ikke den øvrige informasjonen.

I forbindelse med revisjonen av årsregnskapet er det vår oppgave å lese den øvrige informasjonen med det formål å vurdere om årsberetningen inneholder de opplysninger som skal gis i henhold til gjeldende lovkrav og hvorvidt det foreligger vesentlig inkonsistens mellom den øvrige informasjonen og årsregnskapet eller kunnskap vi har opparbeidet oss under revisjonen, eller hvorvidt den tilsynelatende inneholder vesentlig feilinformasjon. Dersom vi konkluderer med at den øvrige informasjonen inneholder vesentlig feilinformasjon eller ikke inneholder de opplysninger som skal gis i henhold til gjeldende lovkrav, er vi pålagt å rapportere det.

Vi har ingenting å rapportere i så henseende, og vi mener at årsberetningen er konsistent med årsregnskapet og inneholder de opplysninger som skal gis i henhold til gjeldende lovkrav.

Ledelsens ansvar for årsregnskapet

Ledelsen er ansvarlig for å utarbeide årsregnskapet og for at det gir et rettviseende bilde i samsvar med regnskapslovens regler og god regnskapsskikk i Norge. Ledelsen er også ansvarlig for slik intern kontroll som den finner nødvendig for å kunne utarbeide et årsregnskap som ikke inneholder vesentlig feilinformasjon, verken som følge av misligheter eller feil.

Ved utarbeidelsen av årsregnskapet må ledelsen ta standpunkt til selskapets evne til fortsatt drift og opplyse om forhold av betydning for fortsatt drift. Forutsetningen om fortsatt drift skal legges til grunn for årsregnskapet med mindre ledelsen enten har til hensikt å avvikle selskapet eller virksomheten, eller ikke har noe annet realistisk alternativ.

Building a better
working world

Revisors oppgaver og plikter ved revisjonen av årsregnskapet

Vårt mål er å oppnå betryggende sikkerhet for at årsregnskapet som helhet ikke inneholder vesentlig feilinformasjon, verken som følge av misligheter eller feil, og å avgi en revisjonsberetning som inneholder vår konklusjon. Betryggende sikkerhet er en høy grad av sikkerhet, men ingen garanti for at en revisjon utført i samsvar med ISA-ene, alltid vil avdekke vesentlig feilinformasjon. Feilinformasjon kan skyldes misligheter eller feil og er å anse som vesentlig dersom den enkeltvis eller samlet med rimelighet kan forventes å påvirke de økonomiske beslutningene som brukerne foretar på grunnlag av årsregnskapet.

Som del av en revisjon i samsvar med ISA-ene, utøver vi profesjonelt skjønn og utviser profesjonell skepsis gjennom hele revisjonen. I tillegg:

- identifiserer og vurderer vi risikoen for vesentlig feilinformasjon i årsregnskapet, enten det skyldes misligheter eller feil. Vi utformer og gjennomfører revisjonshandlinger for å håndtere slike risikoen, og innhenter revisjonsbevis som er tilstrekkelig og hensiktsmessig som grunnlag for vår konklusjon. Risikoen for at vesentlig feilinformasjon som følge av misligheter ikke blir avdekket, er høyere enn for feilinformasjon som skyldes feil, siden misligheter kan innebære samarbeid, forfalskning, bevisste utelatelser, uriktige fremstillinger eller overstyring av intern kontroll.
- opparbeider vi oss en forståelse av den interne kontrollen som er relevant for revisjonen, for å utforme revisjonshandlinger som er hensiktsmessige etter omstendighetene, men ikke for å gi uttrykk for en mening om effektiviteten av selskapets interne kontroll.
- evaluerer vi om de anvendte regnskapsprinsippene er hensiktsmessige og om regnskapsestimater og tilhørende noteopplysninger utarbeidet av ledelsen er rimelige.
- konkluderer vi på om ledelsens bruk av fortsatt drift-forutsetningen er hensiktsmessig, og, basert på innhentede revisjonsbevis, hvorvidt det foreligger vesentlig usikkerhet knyttet til hendelser eller forhold som kan skape betydelig tvil om selskapets evne til fortsatt drift. Dersom vi konkluderer med at det eksisterer vesentlig usikkerhet, kreves det at vi i revisjonsberetningen henleder oppmerksomheten på tilleggsopplysningene i årsregnskapet, eller, dersom slike tilleggsopplysninger ikke er tilstrekkelige, at vi modifierer vår konklusjon. Våre konklusjoner er basert på revisjonsbevis innhentet frem til datoen for revisjonsberetningen. Etterfølgende hendelser eller forhold kan imidlertid medføre at selskapet ikke kan fortsette driften.
- evaluerer vi den samlede presentasjonen, strukturen og innholdet i årsregnskapet, inkludert tilleggsopplysningene, og hvorvidt årsregnskapet gir uttrykk for de underliggende transaksjonene og hendelsene på en måte som gir et rettviseende bilde.

Vi kommuniserer med styret blant annet om det planlagte omfanget av og tidspunktet for revisjonsarbeidet og eventuelle vesentlige funn i revisjonen, herunder vesentlige svakheter i den interne kontrollen som vi avdekker gjennom revisjonen.

Cappelen Damm AS

Noter til regnskapet for 2022

Beløp i tabeller vises i tusen kr

Note 1 - Regnskapsprinsipper

Årsregnskapet er satt opp i samsvar med regnskapslovens bestemmelser og god regnskapsskikk. Cappelen Damm Holding AS ble innfusjonert i Cappelen Damm AS med regnskapsmessig virkning fra 01.01.2022. Tallene for 2021 er ikke omarbeidet for å vise sammenlignbare tall.

I henhold til regnskapsloven § 3-7 utarbeides det ikke konsernregnskap da konsernregnskap utarbeides av morselskapet Egmont Fonden. Konsernregnskapet kan fås ved henvendelse til morselskapet i Vognmagergade 11 i København.

Salgsinntekter

Inntektsføring ved salg av varer skjer på leveringstidspunktet. Lisenser inntektsføres over lisensperioden. Returavsetning er klassifisert som annen kortsiktig gjeld.

Datterselskap/tilknyttet selskap

Datterselskapet og tilknyttede selskaper vurderes etter kostmetoden i selskapsregnskapet. Investeringen er vurdert til anskaffelseskost for aksjene med mindre nedskrivning har vært nødvendig. Det er foretatt nedskrivning til virkelig verdi når verdifall skyldes årsaker som ikke kan antas å være forbigående og det må anses nødvendig etter god regnskapsskikk. Nedskrivninger er reversert når grunnlaget for nedskrivning ikke lenger er til stede.

Utbytte og andre utdelinger er inntektsført samme år som det er avsatt i datterselskapet. Overstiger utbytte andel av tilbakeholdt resultat etter kjøpet, representerer den overskytende del tilbakebetaling av investert kapital, og utdelingene er fratrukket investeringens verdi i balansen.

Filialene i Danmark og Tyskland inngår i resultatregnskapet og balansen til Cappelen Damm AS.

Klassifisering og vurdering av balanseposter

Omløpsmidler og kortsiktig gjeld omfatter poster som forfaller til betaling innen ett år etter balansedagen, samt poster som knytter seg til varekretsløpet. Øvrige poster er klassifisert som anleggsmiddel/langsiktig gjeld.

Omløpsmidler vurderes til laveste av anskaffelseskost og virkelig verdi. Kortsiktig gjeld balanseføres til nominelt beløp på etableringstidspunktet.

Fordringer

Kundefordringer og andre fordringer er oppført i balansen til pålydende etter fradrag for avsetning til forventet tap. Avsetning til tap gjøres på grunnlag av individuelle vurderinger av de enkelte fordringene. I tillegg gjøres det for øvrige kundefordringer en uspesifisert avsetning for å dekke antatt tap.

Varebeholdninger

Varebeholdningen består av fysiske og digitale varer. Lager av innkjøpte varer er verdsatt til laveste av anskaffelseskost og virkelig verdi. Anskaffelseskost vurderes etter FIFO- prinsippet. Egentilvirkede ferdigvarer og varer under tilvirkning er vurdert til full tilvirkningskost. Det foretas både generelle og spesifikke avsetninger for ukurans for fysiske varer. Digitale varer avskrives over antatt økonomisk levetid.

Valuta

Transaksjoner i utenlandsk valuta omregnes til kursen på transaksjonstidspunktet. Pengeposter i utenlandsk valuta omregnes til norske kroner ved å benytte balansedagens kurs. Ikke—pengeposter som måles til historisk kurs uttrykt i utenlandsk valuta, omregnes til norske kroner ved å benytte valutakursen på transaksjonstidspunktet. Ikke—pengeposter som måles til virkelig verdi uttrykt i utenlandsk valuta, omregnes til valutakursen fastsatt på balansetidspunktet. Valutakursendringer resultatføres løpende i regnskapsperioden.

Cappelen Damm AS

Noter til regnskapet for 2022

Beløp i tabeller vises i tusen kr

Varige driftsmidler

Varige driftsmidler balanseføres og avskrives over driftsmidlets forventede økonomiske levetid. Direkte vedlikehold av driftsmidler kostnadsføres løpende under driftskostnader, mens påkostninger eller forbedringer tillegges driftsmidlets kostpris og avskrives i takt med driftsmidlet. Dersom gjenvinnbart beløp av driftsmiddelet er lavere enn balanseført verdi foretas nedskrivning til gjenvinnbart beløp. Gjenvinnbart beløp er det høyeste av netto salgsverdi og verdi i bruk. Verdi i bruk er nåverdien av de fremtidige kontantstrømmene som eiendelen vil generere.

Immaterielle eiendeler

a) Goodwill

Forskjellen mellom anskaffelseskost ved oppkjøp og virkelig verdi av netto identifiserbare eiendeler på oppkjøpstidspunktet klassifiseres som goodwill. Goodwill føres i balansen til anskaffelseskost og avskrives lineært over forventet økonomisk levetid. Goodwill testes årlig for ytterligere verdifall.

b) Software

Utgifter knyttet til utvikling av software balanseføres dersom produktet eller prosessen er klart definert, kostnadene kan identifiseres og måles pålitelig og eiendelen forventes å generere fremtidige økonomiske fordeler. Utgifter til utvikling hvor disse kriteriene ikke er oppfylt resultatføres. Balanseførte utviklingskostnader avskrives lineært over estimert levetid for eiendelen.

c) Øvrige immaterielle eiendeler

Anskaffelse av immaterielle eiendeler som forventes å gi fremtidige inntekter, som varemerke, rettigheter og lignende aktiveres. Immaterielle eiendeler avskrives over estimert utnyttbar levetid. Estimert utnyttbar levetid fremgår av note 4. Immaterielle eiendeler vurderes løpende og nedskrives dersom det foreligger ytterligere verdifall.

Utgifter til utvikling balanseføres i den grad det kan identifiseres en fremtidig økonomisk fordel knyttet til utvikling av en identifiserbar immateriell eiendel og utgiftene kan måles pålitelig. I motsatt fall innregnes utgiftene i resultatet når de påløper.

Pensjoner

Innbetalt pensjonspremie i de innskuddsbaserte pensjonsordningene kostnadsføres fortløpende.

Skatter

Skattekostnaden i resultatregnskapet omfatter både periodens betalbare skatt og endring i utsatt skatt. Utsatt skatt er beregnet med 22 % på grunnlag av de midlertidige forskjeller som eksisterer mellom regnskapsmessige og skattemessige verdier, samt ligningsmessig underskudd til fremføring ved utgangen av regnskapsåret. Skatteøkende og skattereduserende midlertidige forskjeller som reverserer eller kan reversere i samme periode er utlignet og nettoført. Netto utsatt skattefordel balanseføres i den grad det er sannsynlig at denne kan bli nyttiggjort.

Kontantstrømoppstilling

Kontantstrømoppstillingen er utarbeidet etter den indirekte metode. Kontanter og kontantekvivalenter omfatter kontanter, bankinnskudd og andre kortsiktige, likvide plasseringer.

Konsernkontoordning

Cappelen Damm AS inngår i konsernkontoordningen for Egmont konsernet. Kredittrammen for Cappelen Damm konsernet er på tkr 250 000. Beløpet er fordelt på Cappelen Damm AS med tkr 240 000 og Sentraldistribusjon AS med tkr 10 000. Beløpene kan justeres etter behov. Konti som inngår i ordningen er klassifisert som annen kortsiktig gjeld og andre kortsiktige fordringer.

Note 17 - Aksjekapital og aksjonærinformasjon

Cappelen Damm AS fusjonerte inn morselskapet Cappelen Damm Holding AS gjennom en omvendt mor/datter fusjon med regnskapsmessig virkning fra 01.01.2022. Fusjonen er gjennomført til regnskaps- og skattemessig kontinuitet etter prinsippet om selskapskontinuitet, der Egmont Holding AS som aksjonær i overdragende selskap har mottatt samtlige aksjer som Cappelen Damm Holding AS eide i Cappelen Damm AS ved økning av pålydende verdi på eksisterende utstedte aksjer i Cappelen Damm AS.

I forkant av fusjonen ble det utdelt et tilleggsutbytte fra Cappelen Damm AS til Cappelen Damm Holding AS på tkr 175 000.

Cappelen Damm AS er et heleid datterselskap av Egmont Holding AS. Aksjekapitalen består av 9 000 aksjer à kr 1 100. Det eksisterer ikke ulike aksjeklasser eller vedtektsbestemmelser om stemmerettsbegrensninger.

Note 18 - Garantier og pantstillelser

Cappelen Damm AS er selvskyldnerkausjonist for Bokbasen AS sine lokaler i Grensen 12 AS. Sikkerheten gjelder riktig og rettidig oppfyllelse av inngåtte forpliktelser i henhold til Bokbasen AS sin leiekontrakt. Beløpet som selskapet garanterer for tilsvarer 6 måneders leie (tkr 102) med tillegg av felleskostnader og merverdiavgift.

De ansatte med lønn over 12 G, og som er inkludert i selskapets ekstra pensjonsordning (ref. note 4) har pant i pensjonsinnskuddet knyttet til denne ordningen.

Cappelen Damm AS

Noter til regnskapet for 2022

Beløp i tabeller vises i tusen kr

Note 19 - Tvister og krav

I september 2020 mottok Cappelen Damm et varsel om mulig overtredelsesgebyr fra konkurransetilsynet. Bakgrunnen for varselet var tilsynets foreløpige vurdering om ulovlig samarbeid og deling av konkurransesensitiv informasjon mellom aktørene i bransjen, via Bokbasen.

I november 2022 traff Konkurransetilsynet vedtak om at Cappelen Damm gjennom sin deltagelse i Bokdatabasen har overtrådt konkurranseloven og ila Cappelen Damm et gebyr på 131,4 millioner kr. Cappelen Damm er uenig i vedtaket og saken er i 2023 påklaget til Konkurranseskjennemda. En behandling i nemda vil trolig finne sted siste halvår i 2023.

ÅRSBERETNING 2022

CAPPELEN DAMM AS

1. VIRKSOMHETEN

Selskapet er resultatet av fusjonen mellom J.W.Cappelen Forlag AS, Cappelen Hobby AS og N.W.Damm & Søn AS, som ble gjennomført med virkning fra 1. januar 2008. Senere er det gjennomført en rekke fusjoner, senest med Cappelen Damm Holding AS. Virksomheten er i hovedsak lokalisert i Oslo-området, og har i tillegg en avdeling i Kristiansand og filialer i Danmark og Tyskland.

2. FORTSATT DRIFT

Årsregnskapet er avlagt under forutsetning om fortsatt drift, og styret bekrefter at denne er til stede. Til grunn for antagelsen ligger resultatprognoser for år 2023 og selskapets langsiktige strategiske prognoser for årene fremover. Selskapet er i en sunn økonomisk og finansiell stilling.

3. UTVIKLING OG RESULTAT

Forlagsvirksomheten fikk i 2022 en oppgang sammenlignet med forrige års resultat. Driftsinntektene ble kr. 1.273 millioner mot kr. 1.189 millioner i 2021. Driftsresultatet ble pluss kr. 92 millioner mot kr. 138 millioner i 2021.

Forbedret omsetning skyldes i hovedsak følgende faktorer:

- Allmennforleggeriet opplevde god fremgang, og var preget av kommersiell og litterær suksess, med prisvinnende forfattere og mange nominasjoner. Ytterligere vekst i digitale salgskanaler har også bidratt til veksten, og tilgjengeliggjort boken for nytt publikum.
- Fagfornyelsen er i sluttfasen og bidrar til meget god vekst og store fremskritt i Cappelen Damm Utdanning, og spesielt digitale læremidler fortsetter fremgangen i 2022. Etterspørsel etter digital undervisning er stor i kombinasjon med fysiske bøker og har gitt rekordomsetning for Cappelen Damm Utdanning. Akademisk er noe lavere sett mot fjoråret, ellers vokser resterende forretningsområder under Utdanning.
- Nedgang i resultatet fra fjoråret er drevet av økt varekost og økte personal- og IT-kostnader.

Selskapets kontantstrøm fra operasjonelle aktiviteter utgjorde 25.852tkr for 2022, som er en oppgang fra 16.280tkr i 2021. Etter netto utbetalinger knyttet til investeringsaktiviteter på kr. 50.600tkr, utgjorde selskapets netto endring i kontanter og kontantekvivalenter -501tkr.

4. MARKED OG VILKÅR

4.1 Bokomsetningen

Tall fra Forleggerforeningen månedsstatistikk for desember 2022 og kvartalsstatistikk for allmenntil markedet for 4.kvartal 2022, viser en samlet omsetningsøkning på 5% i 2022. Omsetningen i undervisningsmarkedene, relatert til læremidler for grunn- og videregående skole samt lære- og fagbøker, vokser kraftig for 3. år på rad. Dette er hovedsakelig drevet av Fagfornyelsen og læremidler for grunn- og videregående skole. Cappelen Damm har hatt en svært god innfasing av Fagfornyelsen, og øker markedsandelen ytterligere i 2022. Forlagenes omsetning i allmenntil markedet har vært relativt stabil de siste årene, og viser en svak nedgang på 0,7% prosent siste år. De fysiske bøkene har falt i omsetning fem år på rad,

mens digitale utgivelser fortsetter å vokse. Det er, som i tidligere år, strømming av lydbøker som driver den digitale veksten. I 2022 rapporterer strømmetjenestene at det har vært totalt 10,7 millioner lyttinger, en vekst på 30,5% fra 2021. Definisjonen på en lytting er riktig nok endret fra at 20% til 15% av boka skal være lyttet til, før det regnes som en lytting. Dette driver naturlig nok en del av den økte lyttingen, men ikke alt. Cappelen Damm øker sin markedsandel også innenfor allmenntilgjengelig, og befester dermed sin klart ledende markedsposisjon i dette markedet.

4.2 Rammevilkår

2022 satte en stopper for pandemien, men krigen i Ukraina kom brått på i februar og har preget Europa og Norge siden. Den vestlige verden og Norge har svart på krigen med sanksjoner mot Russland og leveranser til Ukraina, som igjen har resultert i en europeisk energi- og inflasjonskrise som har satt hele Europa på prøve.

Sentralbanksjef Ida Wolden Bache sa i sin tale i Oslo 16. februar 2023:

«Kostnadene ved høy inflasjon er blitt merkbare. Det som begynte som en oppgang i noen få priser, har endt i en bred oppgang i prisene på mange varer og tjenester. Raske og uventede prisøkninger gjør innhugg i folks økonomi og rammer særlig dem som har lite å gå på».

Lav ledighet, høyere renter, betydelig økende inflasjon på en mengde varer skaper betydelig press på forlagsbransjens viktigste innsatsfaktorer: lønninger, papir, trykking, emballasje, frakt og husleie. Det er et håp at inflasjonen og energiprisene stabiliserer seg ned i 2023 og smitter over på varer og tjenester som gir nedadgående prisutvikling.

Knapphet på papir preget hele 2022 og det kan se ut til at tilgangen på dette løsner litt inn i 2023, prisene ser imidlertid ut til å holde seg på et historisk høyt nivå på starten av 2023. Tross bedret tilgang på papir, gir dagens marked et marginpress som det er vanskelig å se for seg at kan kompenseres ved kun ordinære prisøkninger.

Det er store forventninger til regjeringens nye Boklov. Cappelen Damm har deltatt med sine innspill og høringsfristen gikk ut november 2022. Loven er nå under videre behandling.

Cappelen Damm har en sterk og tydelig posisjon i det norske bokmarkedet og er godt posisjonert også for videre vekst både innen fysiske og digitale produkter i begge markedene utdanning- og allmenntilgjengelig. Det er likevel nødvendig å understreke behovet for kapitalkrevende investeringer i ny, digital infrastruktur og digitale produkter.

5. ARBEIDSMILJØ

Cappelen Damm foretar jevnlig medarbeiderundersøkelser. Målingen i 2022 omhandlet relasjoner, selvledelse og arbeidsglede, områder som påvirker engasjement, motivasjon og arbeidsglede. Historisk oppfattes arbeidsmiljøet som godt selv om enkeltstående sykefravær er arbeidsrelatert. Turnover raten har over tid vært svært lav samtidig som en svært høy andel ansatte ønsker anbefale andre å søke seg til selskapet.

Det jobbes aktivt med kunnskap om viktigheten av balanse mellom jobb / fritid og psykisk helse. Det holdes jevnlig foredrag om denne type arbeidslivsrelaterte tema. Rutiner for oppfølging av og tilrettelegging for sykmeldte er nedfelt og ledere rådgis og trenes i dette ved behov. Overordnet jobbes det med å forhindre sykefravær og fremme et godt og inkluderende arbeidsmiljø.

Selskapet er ikke en del av IA ordningen, men ansatte kan likevel benytte inntil 6 egenmeldinger pr år.

Selskapet har avtale med treningskjeden SATS, er medlem av bedriftsidretten og har rammeavtale med psykologer. Ved sykdom kan helseforsikringen utløses for raskere hjelp og redusert fraværsbehov.

Samlet sykefravær ble 3,7% i 2022, hvorpå langtidsfraværet (+40 dager) forklarer 2,0%. Fraværet var høyere blant kvinner enn menn; hhv 4% og 2,9%. Langtidsfraværet følger samme fordeling. Alvorlig sykdom med langvarig rekonvalens kan i det vesentligste forklare langtidsfraværet.

KulTurlaget er for og med de ansatte og initierer og gjennomfører lavterskel aktiviteter og turer til fremme for et godt og inkluderende arbeidsmiljø. Pandemien har redusert aktivitetsnivået den siste tiden. Re -lanseringsplaner med økt aktivitetsnivå foreligger.

Cappelen Damm har tydelige retningslinjer for ikke-akseptabel adferd, og også lett tilgjengelige rutiner for varsling. Ansatte gis under den første tiden som ansatt en innføring i dette.

I 2022 behandlet HR en håndfull bekymringsmeldinger knyttet til uønsket adferd. To av sakene kategoriseres som varslingssaker. Sakene er lukket.

6. LIKESTILLING

I Cappelen Damm jobbes det for likestilling og mot diskriminering på alle grunnlag.

Retningslinjer foreligger for å unngå uønsket adferd. Et varslingssystem med tilknyttet eksternt varslingsskontor sikrer mulighet for enkel og anonym varsling.

Personal- og rekrutteringspolitikken skal sikre mangfold og like muligheter for menn og kvinner til å kunne kombinere arbeid- og familieliv.

Personalpolitikken er livsfaseorientert og ivaretakende, og like lønnsvilkår sikres gjennom et tariffbasert minstelønnsystem.

Arbeidsplassene er ergonomisk tilpasset og bygningen er tilfredsstillende tilrettelagt for bl.a. bevegelsehemmede, amming og praktisering av religion.

Selskapet diskriminerer ikke på lønn.

6.1 Status kjønnslikestilling

Pr 31.12.2022 sysselsatte Cappelen Damm 390 ansatte fordelt på 382,75 årsverk.

Kjønnsfordelingen er noe skjev med 70% kvinneandel.

8,2% av selskapets ansatte var tilsatt i et midlertidig engasjement, resten i faste stillinger.

Blant de midlertidige ansatte er 68,4% kvinner.

Majoriteten av selskapets ansatte er tilsatt på fulltid. Deltidsandelen er 4,7%. Av de som arbeider i reduserte stillinger, er 68% kvinner, 32% menn. Ingen ansatte arbeider ufrivillig deltid.

5 kvinner og 4 menn var fraværende i foreldrepermisjon gjennom 2022. Foreldrepermisjonen utgjorde 735 dagsverk. Mennenes andel av uttaket var 26%.

Kjønnsfordelingen blant faste og midlertidige ansatte og fordelingen av deltidsansatte er dermed lik. Selskapets ledergruppe består av 19 personer, 9 kvinner og 10 menn.

6.2 Virksomhetens aktivitetsplikt

Som en del av arbeidet med å øke mangfold, fremme likestilling og hindre diskriminering, har Cappelen Damm nedfelte retningslinjer og rutiner bl.a for rekruttering samt dedikerte ressurser på området.

Dette øker sannsynligheten for bevisste valg ved rekruttering. I utlysningstekster presiseres selskapets mål om mangfold og kvalifiserte kandidater oppfordres til å søke stillingen. Bilder tilpasses teksten for å unngå opplevd utestengelse eller diskriminering. Søknader og CV'er vurderes opp mot forhåndsdefinerte kompetansekrav. Objektive intervjuer og endelig

kandidatutvelgelse gjøres i stor utstrekning i samspill mellom HR og rekrutterende leder. Risikoen for overlagt eller bevisst diskriminering oppleves som lav. Cappelen Damm lyste i 2022 ut 38 stillinger. I snitt mottok selskapet like over 30,7 søkere pr stilling. Interessen synes være størst for en jobb som Redaktøraspirant i Skjønnlitteraturavdelingen med 405 søkere til en utlysning som inkluderte 3 stillinger. Til sammenlikning er det flere roller som krever sterk IT kompetanse som tiltrakk under 5 søkere. Blant annet Senior UX-designer og Løsningsarkitekt til VAR.

Søkermassen besto totalt av 73% kvinner og 26% menn og speiler kjønnsfordelingen i selskapet. Status ved utgangen av 2022 er 39 nye kollegaer tilknyttet selskapet. Av disse er 69% kvinner og 31% menn. Årets samlede rekruttering har således ikke nådd målsetting om større mangfold i forhold til kjønnsbalanse. Kompetanseheving og bevisstgjøring om rekrutteringens betydning for likestilling og mangfold fortsetter.

Cappelen Damm er tariffbundet bedrift, og praktiserer et stillingsinnplassert minstelønnsystem i tråd med gjeldende tariffavtale og lokal særavtale. Alle stillinger er innplassert i systemet. Unntatt innplassering er ledende og særlig uavhengige stillinger samt stillinger med et særskilt faglig ansvar. Systemets innretning skal sikre likestilling og hindre diskriminering. Målet er lik lønn for likt arbeid og lik lønn for arbeid av lik verdi. Dette gjelder alle funksjoner i selskapet.

Ved første gangs innplassering i lønnsystemet, peker funksjonen i retning av lønnsgruppe. Kompetanse og alder avgjør hvor i lønnsgruppen den enkelte innplasseres. Det gis årlig positiv uttelling for alder opp til 10 års lønnsansiennitet.

Lønnsvurderinger foretas årlig. Eventuelle justeringer skjer pr 1.4 og omfatter alle ansatte - også sykmeldte og ansatte i foreldrepermisjon. Ansatte som avviker frivillig ulønnet permisjon reguleres ved tilbakekomst til arbeid.

Cappelen Damm praktiserer en livsfaseorientert personalpolitikk, og har svært fleksible arbeidstidsordninger som gjør det mulig å kombinere familieliv med arbeid. Fleksitid og avspaseringmuligheter er en del av dette.

Pandemien har medført lange perioder med pålagt hjemmekontor. Samtidig har selskapet tilrettelagt for arbeid på kontoret. Flexibiliteten er kommet for å bli, men endelige retningslinjer for hjemmearbeid / fjernarbeid er ved årsskiftet ikke fastsatt.

Virksomheten praktiserer sommertid med 1 time kortere arbeidsdager i store deler av skolens sommerferie, det er fri i dagene før påske og mellom jul og nyttår samt fredag etter Kristi Himmelfarts dag. Ved 25 års ansettelse gis 3 ekstra fridager. Alle foreldre / medmor / medfar / adoptivforeldre får 2 uker lønnet permisjon i forbindelse med fødsel / omsorgsovertakelse utover lovbestemte rettigheter. Full lønn forskutteres både ved sykdom og under foreldrepermisjon med samtidig feriepengeopptjening. Ved langvarig sykdom eller død, gis ansatte eller etterlatte engangsutbetalinger og varige uføreytelser eller barne- og etterlattepensjon gjennom selskapets kollektive forsikrings- pensjonsordninger.

Selskapet arbeider aktivt for å forebygge sykdom. Størst risiko er knyttet til fysiske belastningsskader, og manglende grensesetting med påfølgende stress og utbrenthet. Alle ansatte har tilgang til en arbeidsplass med justerbare stoler, heve/senk pult og rett belysning. Ved behov foretas en individuell arbeidsplassvurdering av fysioterapeut.

Daglig tilbys et mangfold av næringsrik, allergivennlig og livssynsnøytral mat til en subsidiert pris i selskapets personalrestaurant. Etasjenes møblering muliggjør pauser i fellesarealer.

Lokalene har heis og HC toaletter, og er tilstrekkelig funksjonelle også for bevegelseshemmede. Et hvilerom med både seng og massasjestol er tilgjengelig for alle ansatte, og muliggjør bl.a. amming, bønn og pause/tilrettelegging ved sykdom.

Personalpolitikken er dermed svært godt tilrettelagt for alle aldersgrupper, kjønn, livssyn og livets hendelser. Politikken gjøres kjent for ansatte i personal- og HMS håndbok, retningslinjer og i konkrete rutinebeskrivelser 'Sånn gjør vi det her'.

6.3 Lønnskartlegging

Selskapet diskriminerer ikke på lønn.

Lønnskartlegging foretatt blant alle ansatte som inngår i det tariffestede stillingsinnplasserte lønssystemet viser at det ikke foreligger lønnsdiskriminering.

Stillingenes innplassering foretas av et stillingsinnplasseringsutvalg. Utvalget består av ansatte representert ved tillitsvalgte og arbeidsgiver representert ved HR eller den hen delegerer ansvaret til.

Gjennomgangen viser at kvinners andel av menns gjennomsnittslønn i prosent er 96%. Selskapets stillingsinnplasserte lønssystem består av 5 kategorier; A, B, C, D og E. Fordeling av ansatte innenfor hver kategori er slik at majoriteten er innplassert i gruppe D og E, 88%. Kvinneandelen er høyest i gruppe B med 86%, 74% samlet sett innenfor lønnsgruppene totalt sett.

Forskjellen kan forklares ved at lønn er beholdt ved overgang fra personlig avlønning til lønssystemet, og av en enkeltstående individuell avtale. Korrigert for dette, utgjør kvinners andel av menns gjennomsnittslønn 99,9%.

22% av selskapets ansatte er ikke innplassert i lønssystemet. Dette er ansatte i ledende og særlig uavhengige stillinger samt ansatte i stillinger med et særskilt faglig ansvar.

Blant selskapets øverste ledelse viser kartleggingen at kvinners andel av menns gjennomsnittslønn utgjør 108%.

For øvrige ansatte utenfor lønssystemet, ligger kvinners gjennomsnittlige lønn 4% over tilsvarende tall for menn. Forskjellen forklares ved at lønn er beholdt ved overgang til annen stilling. Korrigert for dette foreligger ingen lønnsforskjeller i denne gruppen.

DISKRIMINERING

Selskapet har som mål å være en arbeidsplass hvor det ikke forekommer diskriminering på grunn av nedsatt funksjonshemming, nasjonal opprinnelse, hudfarge, språk, religion eller livssyn.

KLIMA & MILJØ

Cappelen Damm ønsker å bidra ved å spre kunnskap og skape debatt gjennom våre utgivelser, og ved å ta ansvar for at utgivelsene skaper minst mulig klimapåvirkning.

Cappelen Damm er sertifisert Miljøfyrtårn og sertifisert etter miljømerkingene FSC og PEFC. Se selskapets årlige Klima- og miljørapport for flere detaljer, tilgjengelig på selskapets hjemmeside. <https://cappelendamm.no/baerekraft>

ÅPENHET

Selskapet gjennomfører løpende nødvendige prioriteringer som bidrar til å forutse, forebygge og minimere risiko i verdikjeden. Aktsomhetsvurderinger gjøres løpende og publiseres i en årlig rapport med redegjørelse for dette arbeidet, denne publiseres første gang innen 30 juni 2023 på selskapets hjemmeside <https://cappelendamm.no/baerekraft>

FORSKNING OG UTVIKLING

Det foregår en betydelig digitalisering i forlagsbransjen – spesielt innenfor lyd og i undervisningsfeltet. I Cappelen Damm pågår det en rekke utviklingsprosjekter i tråd med at transformasjonstakten øker. Prosjekter som bl.a. omhandler innholds utvikling for digitale flater, utprøving og etablering av nye forretningsmodeller og nye måter å nå kunder og brukere på. Parallelt jobbes det med å bygge en sterkere digitale kultur og digital kompetanse som sikrer at vi har tilstrekkelig evne og innovasjonskraft i selskapet.

FINANSIELL RISIKO

Selskapet er utsatt for kreditt risiko i dens ordinære forretningsvirksomhet. Kundemassen består av mange små kunder, hvilket eliminerer mye av risikoen. Enkeltstående større kunder blir kredittvurdert eller stiller ulike former for garantier.

Selskapet er i liten grad eksponert for valutarisiko.

Selskapet har liten likviditetsrisiko, da likviditetssituasjonen både pr 31.12.22 og i dag er tilfredsstillende.

I september 2020 mottok Cappelen Damm et varsel om mulig overtredelsesgebyr fra Konkurransetilsynet.

Bakgrunnen for varselet var tilsynets foreløpige vurdering om ulovlig samarbeid og deling av konkurransesensitiv informasjon mellom aktørene i bransjen, via Bokbasen. Cappelen Damm har sendt sitt tilsvarende svar til Konkurransetilsynet, og bestrider enhver påstand fra tilsynet. Selskapet har redegjort for at basen ikke er brukt slik Konkurransetilsynet hevder, men for å informere bokhandlere og bokkjøpere om planlagte nye utgivelser, med tilhørende nødvendige og oppdaterte metadata. Bokbasen er et viktig verktøy som sikrer en effektiv infrastruktur i bokbransjen, og tilgjengeliggjør informasjon og metadata som effektivt forbedrer konkurransen i markedet. Cappelen Damm kjenner seg dermed ikke igjen i Konkurransetilsynets vurdering

I november 2022 mottok Cappelen Damm vedtak i anledning saken som ble varslet i 2020. Konkurransetilsynet har i vedtaket ikke hensyntatt noen av tilbakemeldingene de har mottatt gjennom disse årene og ilegger Cappelen Damm et gebyr på 131,4 millioner kroner. Saken er i 2023 påklaget til konkurranseklagenemda. En behandling i nemda vil trolig finne sted siste halvår i 2023.

ÅRSREGNSKAP

I henhold til regnskapslovens § 3-7 utarbeides ikke konsernregnskap, da konsernregnskap utarbeides av Egmont Fonden.

Etter styrets oppfatning gir årsregnskapet en tilfredsstillende beskrivelse av selskapets stilling pr. årsskiftet. Det er ikke inntruffet forhold etter regnskapsårets slutt som påvirker selskapets stilling eller resultat.

Etter styrets oppfatning er selskapets finansielle stilling god. Selskapets egenkapitalandel er 49%.

Styret foreslår at tkr 39.654 disponeres som avsatt konsernbidrag netto etter skatt. Resterende tkr 37.005 overføres til annen egenkapital

STYREANSVARSFORSIKRING

Det er gjennom Egmont International Holding A/S tegnet styreansvarsforsikring for styrets medlemmer og administrerende direktør.

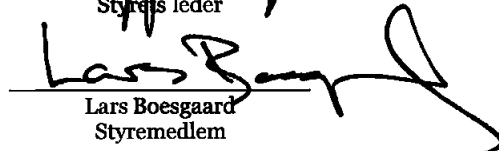

Forsikringen skal dekke på vegne av den forsikrede, økonomiske tap eller krav som kommer frem i forsikringsperioden på grunn av urettmessig lov unntatt i den grad den forsikrede er skadesløs av selskapet.

Forsikringen skal betale på vegne av selskapet enhver erstatning som kommer frem av krav som er fremsatt mot den forsikrede på grunn av en feilaktig lov. Forsikringen betaler også på vegne av selskapet, økonomisk tap som oppstår av et verdipapirkrav som først er fremsatt mot selskapet på grunn av en uriktig lov.

EGMONT

Egmont is a leading Nordic media group focused on storytelling, journalism and great content across media platforms. We are tech-driven in creating superior user experiences and we strive to employ and partner with some of the most talented creators and developers.

Our four divisions – TV 2, Nordisk Film, Story House Egmont and Egmont Books – span the globe with a strong Nordic foothold. More than 6,000 employees from many different countries are instrumental in making us live up to our company tagline, *We bring stories to life!*

In line with our 2025 strategy, *Grow with the Modern Consumer - Scale Up & Stand Out*, we aim to grow our revenue to EUR 2.7 billion in 2025.

Egmont is a foundation, and our profits are used to develop our media business and to support children and young people at risk in Scandinavia. In 2022, EUR 13.2 million was donated in Denmark, Norway and Sweden.

Consolidated revenue in 2022 grew by 11% to all-time-high EUR 2.3 billion. EBIT amounted to EUR 82 million, corresponding to an EBIT-margin of 3.5%. Pre-tax profit (EBT) in 2022 stood at EUR 67 million against EUR 168 million in 2021 (adjusted for value adjustments in 2021). The result is satisfactory given the general macroeconomic headwind giving cost increases on energy, paper and print. In addition comes the loss of Premier League rights in Norway and longstanding negotiations with TV distributors that resulted in eight months blackout in part of the market in Norway. Also, the e-commerce businesses had lower demand after tailwind from Covid-19 in the previous years.

Egmont's growth was driven by content success, strong products and titles within e.g. films, TV, games, books and magazines, and overall solid business performance. Sales in the e-commerce portfolio decreased following above normal demand in 2021 related to Covid 19.

TV 2 saw revenue growth in 2022 following strong subscription and advertising sales and full consolidation of RiksTV's revenue, but with the expiry of Premier League rights affecting negatively. TV 2 maintained solid market shares and grew its streaming service TV 2 Play and the news site tv2.no. Operating profit was down primarily related to conflicts with Telenor and Altibox resulting in eight months blackout in part of the market.

Nordisk Film had a very good year with all-time-high revenue and strong operating profit. Customer demand for content was high across business areas and a range of new films and games were released. The Cinemas business moved towards normal conditions, although still below pre-Covid levels. The portfolio of computer games studios was further strengthened with the acquisition of the remaining shares in Supermassive Games.

Including impact from acquisitions in 2022, Story House Egmont realised a revenue on-par with 2021 while operating profit decreased. Operational excellence and increased ad sales led to solid performance in Media despite very high increase in paper and printing costs. The e-commerce portfolio saw decreasing sales and profit levels in 2022 after above normal growth and profit levels in 2021 related to Covid 19. The e-commerce company AndLight was acquired during the year. The portfolio of agencies delivered strong results and profit margins.

In Egmont Books, Cappelen Damm had all-time-high publishing revenue, double-digit growth and especially high growth rates in the educational business. Cappelen Damm was behind the year's best-selling books, won prestigious prizes and is by far the largest publishing house in Norway. Lindhardt og Ringhof had revenue on-par with 2021, took home important prizes and added 22,000 digital publications. Profits were impacted by rising paper and printing costs. The digital educational publisher Clio was acquired and was merged into Lindhardt og Ringhof on 1 January 2023.

EGMONT

THE GROUP

Revenue

Egmont's revenue for 2022 amounted to EUR 2.3 billion, an increase of 11% compared to 2021. The growth is related to strong content and products across Egmont's businesses and acquisitions. In line with expectations, the organic growth was 4.2% excluding the impact from negotiations with distributors in TV2.

Both traditional media and new growth businesses delivered well. E-commerce, however, was challenged by the big negative shift in consumer confidence and spending and thus revenue was on par with last year.

Earnings

Profit before net financials, depreciation and amortisation (EBITDA) amounted to EUR 256 million, corresponding to an EBITDA margin of 11.1% compared to a normalised EBITDA margin of 15.0% in 2021.

The pre-tax profit (EBT) in 2022 amounted to EUR 67.1 million. EBT in 2021 (adjusted for value adjustments (gains) in connection with step acquisitions) was EUR 167.5 million. The result is satisfactory given the general macroeconomic headwind giving cost increases, the loss of Premier League rights in Norway and longstanding negotiations with TV distributors that resulted in eight months blackout in part of the market. Also, the e-commerce businesses had lower demand after tailwind from Covid-19 in the previous years. Considering this, EBT is in line with the expectations.

Adjusted for re-measurement of shares in connection with step acquisitions, local tax credit schemes and adjustments for prior year, the effective tax rate was in the level of 22% (2021: 19%).

The net profit for the year was EUR 61.6 million in 2022 against EUR 224.2 million in 2021 (adjusted for value adjustments EUR 146.1 million).

Balance sheet

Total assets of EUR 2,545.2 million have increased slightly compared to 2021 (EUR: 2,500.4 million), mainly due to the acquisition of Clio and step-acquisition of Supermassive Games.

Net interest-bearing debt amounted to EUR 495.1 million compared to EUR 306.2 million in 2021. The increase is mainly driven by acquisitions.

Equity at the end of 2022 amounted to EUR 1,099.5 million compared to EUR 1,097.7 million last year. Equity was affected by positive earnings and positive value adjustments of hedging instruments, but off-set by foreign exchange adjustments on translation of foreign entities (lower SEK and NOK exchange rates), put-options on minorities, acquisitions of minorities and donations.

Return on equity was 5.6% compared to 14.5% in 2021 (adjusted for value adjustments (gains) in connection with step acquisitions). The equity ratio at the end of 2022 came to 42.6% compared to 43.3% in 2021.

Cash flow

Cash generated from operations amounted to EUR 218.3 million against EUR 301.3 million in 2021. Cash flow from change in working capital was negatively affected by the negative shift in consumer confidence and spending resulting in reduced net working capital, from lower receivables from sales as well as lower payables. Cash flows from investing activities amounted to an expense of EUR 277 million, primarily regarding acquisition of film rights, and further investments in subsidiaries.

EGMONT

TV 2, Norway

Revenue in 2022: EUR 653 million (2021: EUR 618 million)

Operating profit after result from associates in 2022: EUR 8 million (2021: EUR 50 million)

Employees in 2022: 1,165 (2021: 1,079)

TV 2 is Norway's commercial public service broadcaster and one of the country's most innovative media companies. TV 2 operates eight TV channels, TV 2 Play, which is Norway's largest paid streaming service, and the news site tv2.no, which ranks among the top-three commercial online news sites in Norway. The TV 2 group includes RiksTV, Vimond Media Solutions, Aventia Media, Screen Story, TV 2 Invest, Broom.no, TV 2 Skole, Wolftech Broadcast Solutions and Electric Friends.

Revenue in 2022 amounted to EUR 653 million, compared to EUR 618 million in 2021, an increase mainly due to growth in subscriptions on TV 2 Play and full consolidation of RiksTV's revenue following the 50% acquisition on 1 July 2021 to become full owner. Operating profit after result from associates came to EUR 8 million, influenced by a conflict with TV distributors and therefore significantly lower than 2021. All in all, 2022 was a demanding year with the expiry of long-term Premier League rights, rapidly changing market conditions and the demanding negotiations with TV distributors that resulted in two blackouts, first with Telenor (seven weeks) and later with Altibox (seven months). The combined effect of these elements had a negative impact on TV 2's revenue and profitability in 2022. Long-term, however, TV 2's position is strengthened with the broad distribution of TV 2 Play through TV distributors and the take-over of Norwegian football rights starting from 2023.

During 2022, TV 2 continued its efforts to strengthen corporate brand and visual identity to reinforce the position in the consumer market. The public service channel was renamed *TV 2 Direkte* and the 24-hour TV news channel was re-labelled *TV 2 Nyheter*.

TV 2 CHANNELS

Despite the effects of blackouts with Telenor and Altibox, the TV 2 channels performed well and were able to deliver fairly stable market shares. TV 2's market share in the commercial market (age group 10-79 years) was 51.2%, a decrease of 4.1 percentage points compared to 2021. TV 2's share in the total market (age group 10-79 years) was 25.6%, a 1.5 percentage points decrease.

TV 2's public service channel, TV 2 Direkte, demonstrated high ratings on several flagship concepts. The third season of *Kompani Lauritzen (Celebrity Task Force)* once again delivered strong numbers and reached a total screen rating of more than 1 million viewers in average per episode on TV 2 Play and TV 2 Direkte combined. New concepts, such as the *Kompani Lauritzen* spin-off *Tropp 1 (Troop 1)* and *Forræder (Traitor)*, were well received by the audience.

TV 2 Nyheter, Norway's only 24-hour TV news channel, continued to do well following the Covid 19 pandemic. Throughout 2022, the channel's market share (age group 10-79 years) ended on 3.9%, a slight decrease of 0.5 percentage points compared to 2021.

The main sports channels, TV 2 Sport 1 and TV 2 Sport 2, maintained their positions in the market. TV 2's Sport Premium channels experienced a drop in ratings because of TV 2 no longer having the rights to Premier League football. Total market share (age group 10-79 years) for the sports channels was 1.4%, down 0.5 percentage points compared to 2021. TV 2's other genre channels, *Livsstil* and *Zebra*, saw a slight increase of 0.5 percentage points in the total market (age group 10-79 years) reaching 3.3 percent in 2022.

EGMONT

TV 2 PLAY

TV 2's streaming service, TV 2 Play, strengthened its position through agreements with the TV distributors, enabling customers broad and easy access to the TV 2 Play HVOD (with ads) via set-top-boxes and smart TVs, reaching an even greater part of private households. At the end of 2022, Strim, Telia, Telenor and Allente had all onboarded TV 2 Play, while Altibox households will receive an expanded offering during 2023.

Through a combination of strategic content deals (Disney+ and Norwegian elite football from Discovery) and data driven retention/anti-churn activities and customer communication, TV 2 managed to retain a substantially higher share of TV 2 Play subscribers upon expiry of the Premier League rights than expected. Through advanced data-driven and editorial content presentation TV 2 Play also increased daily usage and viewing time making TV 2 Play well positioned for further growth.

TV2.NO

In 2022, TV 2 announced a scale-up plan for the news site tv2.no. Compared to H2 2021, tv2.no increased the number of unique users by 20% percent in H2 2022. tv2.no also

reached a new daily record of 1.8 million unique users. Page views have increased by 19% during H2 2022, compared to H2 2021, reaching a daily record of more than 7.5 million page views per day.

RIKSTV

RiksTV is a distributor of pay TV channels in the Norwegian digital terrestrial TV network with additional operations in the fiber and streaming market and has approximately 267,000 customers. RiksTV saw strong growth primarily driven by the streaming service Strim where subscribers have access to live TV from leading broadcasters and content from different streaming services.

EGMONT

Nordisk Film

Revenue in 2022: EUR 573 million (2021: EUR 472 million)

Operating profit after result from associates in 2022: EUR 48 million (2021: EUR 72 million)

Employees in 2022: 2,007 (2021: 1,478)

Nordisk Film is a leading Nordic entertainment and experience company focused on storytelling in films, series and computer games across platforms.

Revenue in 2022 amounted to EUR 573 million, compared to EUR 472 million in 2021, reflecting strong content demand and success across the main business areas despite global macroeconomic turmoil with high inflation and reduced consumer confidence. The cinema business began to bounce back after a long period of restrictions and forced government closures due to Covid 19 and the portfolio of computer game companies grew further through acquisitions. Nordisk Film's extraordinary high result of 2021 held non-recurring value adjustment gains of EUR 15 million. In 2022, operating profit after result from associates came to a very solid EUR 48 million.

FILM & SERIES

Nordisk Film provides Nordic consumers with high-quality film and series through its own and associated production companies and through collaborations. The first quarter of 2022 was impacted by Covid 19 leading to many theatrical releases either underperforming or being moved. The theatrical markets in the Nordics, and especially in Denmark, recovered to some extent during the year.

The fully owned production company Nordisk Film Production had a record number of films and series in various stages of production across the Nordics. In Denmark, Niels Arden Oplev's *Rose* (approximately 360,000 cinema tickets sold), Paprika Steen's *Fathers and Mothers* (360,000 tickets) and franchise comedy *All For Four* (300,000 tickets) were the second, third and fourth best-selling local releases. In Norway, long-awaited WW2 epic *Narvik* premiered just before Christmas to rave reviews and high attendance (500,000 tickets).

Nordisk Film also distributed and marketed a range of other local and international titles such as the number one Danish blockbuster of the year, the biopic *A Lucky Man* (480,000 tickets), *Håkan the Troublemaker* in Sweden (300,000 tickets), *The Grump 3* in Finland (200,000 tickets) and the children's classic *When the Robbers Came to Cardamom Town* in Norway (350,000 tickets locally). All in all, Nordisk Film's slate accumulated a total of more than 5 million tickets sold across the Nordics.

The markets for digital buy and rent maintained the high levels reached during previous years, spearheaded by *Checkered Ninja 2* that generated sales of 150,000 units, bought or rented, across the Nordics as well as 130,000 units for *The Burning Sea* in Norway.

2022 marked the successful OTT launch of the streaming service Nordisk Film+ which at year-end had more than 100,000 subscribers on the platform as well as distribution on partner platforms in both Denmark, Norway and Sweden. Nordisk Film also entered a landmark three-year film deal with Amazon Prime Video and TV 2 Norway.

Nordisk Film's VFX and post-production company, Nordisk Film Shortcut, opened Shortcut LED Stage, one of the most advanced and unique LED stages ever built, providing endless possibilities of creative, flexible and cost-cutting visual storytelling.

CINEMAS

Nordisk Film Cinemas is a leading cinema chain in the Nordics. In 2022, Nordisk Film Cinemas won the right to operate a cinema in Sarpsborg, Norway, which opened in the beginning of 2023. Nordisk Film Cinemas now operates a total of 47 cinemas – 23 in Denmark, 22 in Norway and 2 in Sweden.

EGMONT

The beginning of 2022 was impacted by Covid 19 closures and restrictions, but all territories were fully opened from spring and delivered very solid performance throughout the rest of the year with May even reaching record-high attendance. This emphasises that customer demand for the cinemas is strong, but the market continued to lack supply of international titles and therefore the total number of cinema tickets sold in 2022 was still below the levels of pre-Covid (2019). Nordisk Film Cinema's media business had a good year, especially Dansk Reklame Film performed very strong.

COMPUTER GAMES

Nordisk Games holds a portfolio of seven European game studios that continued to grow organically and through acquisitions. During 2022, Nordisk Games bought the remaining shares of UK's Supermassive Games and the portfolio showed solid revenue growth in 2022. Fully owned Avalanche Studios Group grew its business receiving even more success with *theHunter: Call of the Wild*, the world's largest hunting game, while also launching *theAngler: Call of the Wild*, an ambitious new fishing game. Majority-owned Star Stable Entertainment strengthened its position as the world's leading online adventure horse game. Supermassive Games launched *The Devil in Me* and *The Quarry*, the latter winning Game of the Year at the Tiga Awards and being named the third best game of the year by Time Magazine. Fully owned Flashbulb Games expanded *Trailmakers* and *Rubber Bandits* while minority-owned Mercury Steam worked on two large undisclosed titles. Majority-owned Nitro Games launched *Nerf: Superblast*, based on Nerf, one of the biggest toy brands in the world owned by Hasbro.

Nordisk Film Interactive is the official distributor of Sony PlayStation in the Nordic and Baltic countries. In 2022, the PlayStation 5 (PS5) had its second full year in the market with strong consumer demand for the console. However, supply constraints continued to be a source of frustration to many PlayStation customers. Critically acclaimed exclusive PlayStation games such as *Gran Turismo Sport* and *Horizon Forbidden West* were released early in the year. *God of War Ragnarök* broke the bank in November and became the fastest selling PlayStation published game ever. Excitement for 2023 was built by announcing more detail and content on PlayStation VR2, the next generation VR headset released in February 2023.

GIFTING

GoGift is a global gifting company. Most markets experienced growth, especially outside the Nordics, but revenue was still impacted by the removal of previous years' extraordinary Covid 19 tax incentives in some markets and the general global macroeconomic downturn. GoGift continued to invest in systems, scalable earnings initiatives and a global roll-out and launched The Global Gift Card, a global cross-border and cross-currency gift card, which has been well received across the world.

EGMONT

Story House Egmont

Revenue in 2022: EUR 853 million (2021: EUR 851 million)

Operating profit after result from associates in 2022: EUR 31 million (2021: EUR 79 million)

Employees in 2022: 2,045 (2021: 1,943)

Story House Egmont is a modern media, agency and e-commerce company that provides inspiration, insight and choice to consumers around high-interest niche areas and passions and is specialist in helping other companies build their brands in the digital world.

Revenue in 2022 amounted to EUR 853 million compared to EUR 851 million in 2021. Adjusted for acquisitions, revenue decreased slightly. This reflects the global macroeconomic turmoil with high inflation and reduced consumer confidence that impacted several aspects of Story House Egmont's businesses compared to an above normal demand for many products and services during the Covid 19 pandemic in 2021. Operating profit after results from associates was EUR 31 million, a decrease from the all-time-high result in 2021 where Story House Egmont reached profits above normal level. Additionally, the 2022 result was impacted negatively by trademark amortisations, impairments and stock write-downs.

MEDIA

Story House Egmont's media business is focused on magazine and digital publishing contributing to a diverse and high-quality content-based media landscape in 24 countries across the Nordics, Europe and some international markets. Story House Egmont also has a range of digital media, digital services, and lifestyle sites. The many media brands reach millions of consumers every day, and the magazines raised a variety of important agendas throughout 2022. Story House Egmont downscaled the media organisations and saw solid performance in all key markets based on strong operations and optimisations.

The media business in both the Kids and Consumer categories experienced challenging market conditions in 2022 that resulted in substantial cost increases especially

related to paper and print. On a more positive note, print and digital advertising recovered from the negative Covid 19 effects. A minor add-on acquisition of rights in the Kids market was made in Poland enabling the business to further expand the position as top Kids magazine publisher.

People are continuously consuming more media and entertainment online and Story House Egmont saw growth in digital channels in fierce competition with the global tech giants and streaming services. Influencer marketing is still a growth market in high demand among advertisers and Story House Egmont continued to invest in the area with the Norwegian influencer network PEOPLE.

E-COMMERCE

Story House Egmont has a portfolio of leading Nordic e-commerce companies focused on five strategic niche areas: Outdoor, Parenting, Home & Interior, Health & Beauty and Hobby. All companies are aiming to be category experts that help consumers live out their hobbies and passions by offering inspiration, communities and customised retail experiences.

In the beginning of 2022, Story House Egmont acquired AndLight, a strong Danish player within the interior segment, as an addition to the Royal Design Group (behind RoyalDesign and Rum21). The e-commerce portfolio now consists of Fjellsport, Outnorth, SkittFiske, Bagaren och Kocken (including KitchenOne), Royal Design Group, Nicehair and Garnius. Story House Egmont is also the minority owner of Jollyroom and Med24.

In 2020 and 2021, Story House Egmont realised above normal growth and profit levels. As the pandemic ended and the macroeconomic environment changed dramatically Story House Egmont realised decreasing sales and profit

EGMONT

levels in the e-commerce business in 2022 with substantial differences among niche areas and markets. The adoption of e-commerce was strong during the two years of the Covid 19 pandemic, but now the market levels resemble the trend-curve pre-Covid (2019) why the long-term trend is unchanged and in favor of more online shopping. Profitability was down based on lower revenue, margin pressure, increased marketing costs and one-off costs related to warehouses, upgrading of IT infrastructure, retail outlets, impairments and the closure of Roboteksperten. All in all, Story House Egmont is well positioned within e-commerce in a tough environment where consolidation and shake-out is expected in the coming years.

AGENCIES

Story House Egmont has a portfolio of seven agencies that have been consolidated through 12 investments. They can be categorised as *Performance marketing*, *B2B/inbound marketing* and *Digital full-service* and they are all active in the Nordic market with some activity in Germany as well. The portfolio continues to develop through a combination of organic growth and targeted M&A activities.

All agencies work actively connecting brands and consumers in an increasingly digital world and thereby helping other companies tell their stories and build strong brands.

The portfolio currently consists of the following agencies: Ingager, s360 (including Helion), Core Content, Klintberg/Niléhn, Markedspartner, KAN and OKTO. During 2022, KAN acquired Dazy and the integration of Dazy and Winston (acquired by KAN in 2021) resulted in the creation of a Stockholm-based KAN office.

All companies delivered strong results and profit margins and the worsening macroeconomic trends have so far had limited impact on financial performance. Further consolidation is expected to take place in the market in the coming years, both at a national and Nordic level, and Story House Egmont sees a potential for further expansion in Europe with selected agencies.

EGMONT

Egmont Books

Revenue in 2022: EUR 224 million (2021: EUR 136 million)

Operating profit after result from associates in 2022: EUR 12 million (2021: EUR 70 million)

Employees in 2022: 850 (2021: 749)

Egmont Books comprises Norway's largest publishing house Cappelen Damm and Denmark's publishing house Lindhardt og Ringhof. Revenue in 2022 amounted to EUR 224 million, reflecting both organic and acquisitional growth as well as full consolidation of Cappelen Damm's revenue following the acquisition up to full ownership in July 2021. Operating profit after result from associates came to EUR 12 million, negatively affected by the acquisition of the digital educational publisher Clio. It was EUR 3 million down compared to 2021 when adjusting for a one-time-gain of EUR 55 million in connection with the step-acquisition of Cappelen Damm included in the 2021 result.

CAPPELEN DAMM

Cappelen Damm publishes analogue and digital publications in all genres in the general market and for all educational levels in the teaching markets. Cappelen Damm further strengthened its position as Norway's leading publishing house in 2022 launching more than 3,000 new publications: hardcover editions, digital teaching aids, audiobooks, e-books and paperbacks. This constituted, according to The Publishers' Association's Industry Statistics, almost 40% of all book publications in Norway.

Cappelen Damm saw an organic growth of 12% and all-time-high publishing revenue in 2022. The record year was driven by solid growth in the general market and

extraordinary strong growth in education – Cappelen Damm's educational division had a great year with 22% growth thus making further advance from an equally successful 2021.

Literary success and award-winning publications along with strong growth in audiobooks contributed to increased margins and overall growth in the general market. Cappelen Damm published two of three bestselling titles in Norway in 2022, Valerié Perrin's novel *Å vanne blomster om kvelden* and the biography *Min Skyld* by Abid Raja. Cappelen Damm authors won three out of five of the prestigious Brage awards; Ingeborg Arvola won the award for Best Fiction Book, Trygve Riiser Gundersen won for Best Non-fiction Book and Gro Dahle received the Honorary Award.

Cappelen Damm owns the distribution company Sentraldistribusjon, co-owns the audiobook streaming service Storytel Norway with Storytel and co-owns the academic digital reader and learning experience Allvit with Aschehoug.

LINDHARDT OG RINGHOF

Lindhardt og Ringhof publishes books in all genres, is behind the digital publisher SAGA and has a leading educational business. The book publications include novels from promising debutants, local and international bestsellers, literature from prize-winning authors, non-fiction and

EGMONT

children's literature. Lindhardt og Ringhof published more than 600 titles on the Danish market in 2022 and SAGA added 20,000 digital publications to its global catalogue of e-books and audiobooks.

Excluding acquisitions, Lindhardt og Ringhof's revenue in 2022 was on par with 2021. In 2022, Lindhardt og Ringhof was – as its competitors – negatively impacted by increase in paper, transportation and energy costs as well as declining retail sales in second half of 2022.

Lindhardt og Ringhof's authors received a range of awards in 2022, including The Golden Laurel 2022 to Maren Uthaug for her novel *11%* – it was the second year in a row that an author from Lindhardt og Ringhof received this prestigious reward. Among other prizes were DR Romanprisen to Anne-Marie Vedsø Olesen and Weekendavisen's Literature Award to Raket Haslund Gjerrild, while the digital publisher SAGA was named Audiobook Publisher of the Year at The London Book Fair. The year's strong book titles include Leif Davidsen's crime novel *Lenin's Bodyguard*, Ukrainian president Volodymyr Zelensky's *A Message From Ukraine* and Charlotte Koldbye's biography on Danish scientist Niels Bohr, *Bohr – det beskedne geni*.

SAGA continued its international expansion with the acquisition of Germany's largest, independent e-publishing house dotbooks and the acquisition of the French audiobook publisher Compagnie du Savoir's audiobook portfolio. SAGA now has more 120,000 digital publications in +30 languages in its catalogue which is sold by 450 distributors worldwide.

Lindhardt og Ringhof's educational business includes Alinea that publish printed and digital teaching material to all levels in primary school. Alinea saw continued growth especially within digital learning material and cemented its market-leading digital position with the acquisition of Clio, one of Denmark's leading providers of digital learning materials for primary schools, from Bonnier. Clio was merged into Lindhardt og Ringhof on 1 January 2023.

The Charitable Activities

Egmont as a foundation was established in 1920 with the aim of alleviating the consequences of poverty for children and families. Today, the UN's Sustainable Development Goal number four is the overarching goal or ambition i.e. to ensure inclusive and equitable quality education and lifelong learning opportunities for all. The charitable activities are managed by Egmont's Support and Grant Administration (SGA).

Children and young people at risk constitute the target group of Egmont's support and donations. SGA has a child-centric, databased and co-operation oriented approach and uses a variety of philanthropic instruments: The Helping Hand programme, which distributes support directly to children and families at risk, donations, partnerships, incubator grants and signature projects. In 2022, the foundation granted a total of EUR 13.2 million in 35 grants. In sum, since 1920 approx. EUR 490 million (present value) has been donated.

In 2022, Egmont launched a new charitable strategy (2022-25). The strategic aim is for all young people to be able to complete an upper secondary education by 2030. Two issues will be addressed, reducing learning inequity and educational drop-out rates among young people at risk. The new strategy builds on Egmont's many years of experience of combating learning inequity whereas reducing drop-out rates will be a new focus area.

ADDRESSING THE NEGATIVE CONSEQUENCES OF CHILD POVERTY

Based on its legacy of combating child poverty, in 2022 Egmont focused on the negative consequences of poverty on children. Thus, Egmont earmarked up to EUR 13.3 million for the Helping Hand programme (2022-25). The programme provides individual support through partnerships with organisations in Denmark, Norway and Sweden providing direct support for children and young people at risk. In 2022, Egmont distributed EUR 3.9 million through the programme.

As a result of the economic crisis, Egmont gave an extra EUR 0.13 million for Christmas aid to Danish People's Aid through the Helping Hand programme benefitting more than 600 children from families at risk.

Furthermore, Egmont donated EUR 67,200 for Plus Pictures for a documentary TV series and campaign on poor children and EUR 0.5 million for the organisation Skole og Forældre (School and Parents) to ensure increased participation in school communities for poor children.

Finally, Egmont launched an action tank of change makers who will address the issue of poor children lacking memorable activities and a survey focusing on the deprivation of poor families during the current economic crisis.

A REFUGEE PROGRAMME FOLLOWING THE WAR IN UKRAINE

Following the war in Ukraine and based on the foundation's humanitarian legacy, Egmont earmarked EUR 4 million for a refugee programme in Denmark, Sweden and Norway to ensure that children, young people and families fleeing the war in Ukraine get the best possible start of life in Scandinavia. The support is given to seven organizations across Scandinavia. The supported initiatives focus on providing psychosocial support to children, young people and families upon arrival in the Scandinavian countries, as well as initiatives that can improve their integration. The seven organizations include the Danish Red Cross and Norwegian Red Cross, Swedish Save the Children, Norwegian Save the Children and Danish Save the Children, The Danish Refugee Council and the Norwegian Women's Public Health Association.

FOCUSING ON PATERNITY LEAVE

Paternity leave was the annual theme in 2022. SGA gathered data on the needs of infants and the need of support of their fathers. The data was published in the Egmont Report 2022, which resulted in substantial press coverage and debate on social media. The report concluded that an early attachment between the infant and the father as well as the mother is crucial to the child's development and the well-being and the stability of the family. Paternity leave can contribute positively to this.

Based on the report, Egmont recommended, (1) a higher awareness of the advantages for the child of paternity leave, (2) more relevant activities for the fathers on leave and

EGMONT

improved support of the fathers and (3) increased focus by health professionals on the importance of the role of the father for the development of the child.

ACTIVITIES IN SWEDEN AND NORWAY

Since 2009, charitable activities have been run in Norway. In 2022, EUR 0.8 million was granted through the Helping Hand programme, the refugee programme and a partnership with Kronprinsparets Fond (The Crown Prince Couple's Foundation).

In 2021, the first donations in Sweden were granted as Egmont's business has grown in Sweden and Egmont wants to take social responsibility here as well. In 2022, a partnership was established with Sveriges Stadsmissioner (Sweden's City Missions). EUR 0.25 million was donated through the Helping Hand programme and EUR 0.5 million through the refugee programme.

A NEW SIGNATURE PROGRAMME

Based on a 2022 grant, Egmont will initialise a new signature programme focussing on seriously ill young people. It will be a long-term commitment to improve the life skills of the target group and their chances of completing an upper secondary education.

In 2022, Egmont also worked systematically with several other strategic focus areas. SGA continued its comprehensive partnership with Børns Vilkår (Children's Rights National Association) on school absenteeism. It continued its partnership with Mødrehjælpen (Mother's Aid) on the first 1,000 days of children's lives, which is a central part of the foundation's focus on young children. SGA also continued its partnership with Lær for Livet (Learn for Life) on reducing the learning gaps for children and young people placed in care.

NORDISK FILM FONDEN

Nordisk Film Fonden aims to spark curiosity among film talents in order to explore the possibilities in today's available technology and hereby foster a strong, diverse, and front-end Nordic film culture that will continue to bring stories to life. In 2022, Nordisk Film Fonden donated EUR 1.0 million. Examples include 18Frames, Editing Workshop for Young Talents, the Virtual Production School 2023-2024, the Polar Bear Writing Camp Norway and Data & Insight-driven Film Development. Also, a partnership was established with the European Film College providing scholarship for young film talents 2023-2025. The scholarships Store Isbjørn and Lille Isbjørn was received by 57 film talents. The Nordisk Film Award went to director and writer Amalie Næsby Fick in Denmark and in Norway to cinematographer Sturla Brandt Grøvlen. The Balling Award went to director Frelle Petersen and the Ove Sprogøe Award to actress Josephine Park.

Egmont Fonden (parent entity)

The profit reported by Egmont Fonden, the parent entity of the Egmont Group, excluding dividends from equity investments in subsidiaries, was EUR 2.0 million (2021: 2.1 million) as expected. Egmont Fonden's commercial activities primarily comprise royalty income from the Foundation's publishing rights and management of the Foundation's assets. For 2023, Egmont Fonden expects an unchanged profit excluding dividends.

Corporate Social Responsibility

Egmont's Sustainability Report provides detailed information on sustainability and our responsible business behaviour. The Sustainability Report serves as a supplement to the United Nations Global Compact Communication on Progress, which in 2023 will be submitted through the new CoP digital platform. The Sustainability Report includes Egmont's mandatory non-financial reporting in accordance with article 99a, Egmont's report on targets and policy with respect to the underrepresented gender in accordance with article 99b, and Egmont's statement on data ethics in accordance with article 99d of the Danish Financial Statements Act. The full report can be downloaded at: www.egmont.com/key-figures-reports.

The highlights from Egmont's Sustainability Report 2022 are set out below.

GO GREENER FAST

Go Greener fast is Egmont's climate strategy, describing Egmont's ambitions to contribute to a low-carbon economy and a better planet for future generations. From 2021, Egmont has been carbon neutral by way of buying best in class carbon credits to compensate for our emissions in own operations (scope 1 and 2). From 2022, Egmont has matched its electricity consumption (scope 2) with 100% green electricity, which has significantly decreased Egmont's emissions (market-based) from own operations from 10,470 tCO₂e in 2021 to 1,891 tCO₂e in 2022.

During 2022, Egmont performed a comprehensive high-level value chain screening with the purpose to establish a full scope 3 baseline and to get a better understanding of the carbon emissions generated by Egmont companies across their value chains, beyond the scope 3 categories Egmont has focused on so far. Egmont expects on that basis to widen its scope 3 focus to more categories.

ANTI-CORRUPTION AND BUSINESS ETHICS

Egmont does not tolerate any use of corruption or bribery, and since 2013 Egmont has had a clear policy on that.

Egmont's Business Ethics Policy incorporates a wider range of legal compliance areas in addition to anti-corruption, such as conflicts of interest, gifts and entertainment, competition law, anti-fraud, marketing law, data protection, piracy and illegal use of content, human rights, and environment, and it is an overall umbrella to communicate compliance policies and how Egmont expects all managers and employees to act. The Business Ethics e-learning presents the employees with dilemmas and cases, which they may encounter in their daily business. During 2022, Egmont rolled out its annual refresher e-learning to all relevant employees and 89% completed the training. The target is to reach as close to 100% completion rate as possible and follow up with employees that do not complete on time is done systematically. The training is automatically assigned to all new, relevant employees. During 2022, Egmont has not detected any corruption or bribery in Egmont or in the supply chain or received reports of any such incidents.

WHISTLEBLOWING POLICY AND SYSTEM

Egmont has a whistleblowing policy which can be accessed online by employees in Egmont and by external parties (via Egmont.com). During 2022, the system was updated to ensure easy access to reporting from mobile phones. In 2022, very few whistleblower reports were submitted in Egmont's whistleblowing system. No compliance issues were identified in any of these cases but relevant follow up was made and all matters have been closed.

DATA PROTECTION, ETHICS, AND SECURITY

Egmont has implemented a group-wide, general framework for ongoing GDPR compliance, and its businesses continue to actively implement GDPR compliance into the way they work. Egmont also has a group-wide Information Security Policy, and all employees are educated in general information security on an annual basis. Finally, Egmont has introduced a policy on data ethics to ensure that Egmont companies manage data in an ethical way. The principles in the policy are universal and relevant across Egmont but currently it only applies directly to all 100% owned Danish companies.

EGMONT

EMPLOYEE ENGAGEMENT

Egmont's leaders are vital to the well-being and development of its people, and it is crucial for Egmont's continued success that its leaders understand how to guide their employees through the rapid changes in business models. Therefore, Egmont continues to invest in leadership training, which aims at unfolding Egmont's strategy in a set of key leadership principles. By the end of 2022, a total of 675 leaders from across the businesses have completed the "Committed to Lead" programmes during a period of six years and more leaders are lined up for the programmes in 2023. Egmont's engagement remains at a high level, both in terms of participation rate in surveys (88%) and the overall engagement level (8.2 on a 10-point scale) according to the latest survey in November 2022. This constitutes a 2% higher participation rate and an overall engagement level on par with the engagement level in November 2021.

EGMONT SOCIAL COMPLIANCE

Egmont's approach to social compliance is guided by Egmont's Code of Conduct that is aligned with UN Global Compact's ten principles and covers topics related to human rights, labour rights, environment and anti-bribery. The Code of Conduct sets out our minimum requirements on responsible business practices for our business partners and suppliers, while the Egmont Social Compliance Programme (ESCP) defines processes and practices on how to ensure

compliance and how to mitigate non-compliance issues at our direct suppliers and selected sub-suppliers. During 2022, Egmont continued to monitor its manufacturers' social compliance level via social audits, and on-going dialogue to remedy audit findings.

Outlook for 2023

2023 is a very unpredictable year with much uncertainty on macro level and low consumer confidence. Further both inflation and prices for raw materials is increasing. Egmont is overall expecting a slight increase in activity level (revenue) for 2023 and EBT is expected to be in the same level as realised in 2022.

Egmont will carry on developing media platforms, continuously adapting its media products to changing consumer needs and new technology and run profitability programmes and efficiency-enhancing measures. The greatest uncertainty is associated with advertising revenue, which is sensitive to economic fluctuations and changes in consumer habits, development in circulation of magazines and consumer demands that impacts sales in especially the e-commerce business.

EGMONT

Foundation and Corporate Governance

Based on the legal requirements in Egmont Fonden's Charter as well as the most recent recommendations from the Committee on Foundation Governance and the Committee on Corporate Governance, the Board of Trustees and the Management Board have established the governance framework for Egmont.

Egmont Fonden fully supports the Danish Recommendations on Foundation Governance and complies with most of the recommendations. Egmont Fonden's Statutory Report on Foundation Governance for the financial year 2022 can be reviewed and downloaded at: www.egmont.com/foundationgovernance. The report includes a full description of Egmont's approach to each of the recommendations from the Committee on Foundation Governance.

The Board of Trustees has also prepared a Report on Corporate Governance for the financial year 2022 based on the Recommendations on Corporate Governance. The report can be reviewed and downloaded at: www.egmont.com/corporategovernance.

DISTRIBUTION POLICY

The Board of Trustees has set the framework for distributing donations in the charitable strategy for 2022-2025. During the year, the Funding and Grant Administration presented individual proposals for donations to be distributed within that framework to the Board of Trustees.

Egmont Fonden's Statutory Report on Distribution Policy, cf. section 77b of the Danish Financial Statements Act, can be reviewed and downloaded at: www.egmont.com/distributionpolicy.

ORGANISATION

At the Annual Meeting in March 2022, Martin Enderle was reappointed to the Board of Trustees for another four-year period. Jeppe Skadhauge resigned from the board and no new board member was appointed and the board was reduced from ten to nine members, six of which are appointed by the annual meeting and three elected by the

employees. During January 2023, elections were held for employee representatives to the board and the employees elected Anna von Lowzow (re-election), Peder Høgild (re-election) and Jesper Lyders Andersen (newly elected) as employee representatives. They were all elected for a four-year period running from March 2023.

In connection with the Annual Meeting in March 2023, Lars-Johan Jarnheimer will resign from the Board of Trustees. He has been a member of the Board of Trustees since 2011. It is expected that Rebekka Glasser Herlofsen will be appointed to the Board of Trustees for a four-year period.

Egmont Fonden's Charter requires that the board members elected on the basis of the Charter have relevant skills to manage the commercial and charitable activities carried out by the foundation. The board members must also have sufficient understanding of the main markets in Scandinavia. Board members must collectively have relevant experience from both foundation and business activities as well as management of companies. At least three board members must have significant commercial experience from longstanding management positions or similar positions in society in Scandinavia, and at least two of these members must have obtained the experience in one or more companies or institutions in Denmark. In that connection, the board has assessed that its members must collectively have relevant experience from and with international business and management, finance and reporting, commercial foundations, digital business and marketplaces, mergers & acquisitions, media, strategy design and implementation, growth markets, ESG, digital transformation and performance management.

EGMONT

BOARD OF TRUSTEES AND MANAGEMENT BOARD OF EGMONT FONDEN

Board Of Trustees

Lars-Johan Jarnheimer (Chair)¹³⁵

Director, born 1960, appointed 2011, election period expires 2023

Chairman of the Funding and Grant Committee
Member of the boards of Egmont International Holding A/S (C), Ejendomsselskabet Vognmagergade 11 ApS (C), Ejendomsselskabet Gothersgade 55 ApS (C), Nordquist HAB, Sweden, SAS Group, Sweden, SSRS-holding, Sweden, INGKA Holding BV (C), the Netherlands, Telia Company AB (C), Sweden

Special competences: international business and management experience, digital and telecoms, acquisitions, strategy implementation

Participated in 7 out of 7 board meetings.

Merete Eldrup (Vice Chair)²³⁵

Director, born 1963, appointed 2020, election period expires 2024

Member of the board of Egmont International Holding A/S, University of Copenhagen (C), Rockwool Fonden (C), Nykredit Realkredit A/S (C), Nykredit Holding A/S (C), Kalaallit Airports International, Ramboll and Molslinjen A/S.

Special competences: media, finance, strategy, management

Participated in 7 out of 7 board meetings.

Martin Enderle¹³⁵

Managing Director allmyhomes GmbH, Germany, born 1965, appointed 2014, election period expires 2026

Member of the boards of Egmont International Holding A/S, Delivery Hero SE (C), Germany; MeinAuto AG (C), Germany; Crown Proptech Acquisitions, US; allmyhomes GmbH, Germany

Special competences: international management experience, growth markets, digital marketplaces, classifieds, food delivery, mergers & acquisitions, venture capital, strategy implementation

Participated in 7 out of 7 board meetings.

Josh Bottomley¹³⁵

Principal, CVC Capital, UK, born 1967, appointed 2017, election period expires 2025

Member of the board of Egmont International Holding A/S

Special competences: international business and management experience, digital transformation, strategy design and implementation

Participated in 6 out of 7 board meetings.

Christian Wegner¹³⁵

CEO Südwestdeutsche Medienholding (SWMH), Germany, born 1974, appointed 2017, election period expires 2025

Member of the board of Egmont International Holding A/S

Special competences: international business and management experience, performance management, portfolio management, strategy and execution, digital transformation, growth markets, M&A, venture capital

Participated in 7 out of 7 board meetings.

EGMONT

1 Accounting policies

The annual report of Egmont Fonden for 2022 comprises both the consolidated financial statements of Egmont Fonden and its subsidiaries (the Group) and the separate financial statements of Egmont Fonden.

The consolidated financial statements have been prepared in accordance with the International Financial Reporting Standards (IFRS), as adopted by the EU, and additional requirements in the Danish Financial Statements Act.

The separate financial statements of Egmont Fonden have been prepared in accordance with the Danish Financial Statements Act and the financial reporting requirements of the Foundation's Charter (the Foundation's financial statements).

BASIS OF PREPARATION

The functional currency of Egmont Fonden is Danish kroner (DKK). The consolidated financial statements are presented in euro (EUR).

The consolidated financial statements have been prepared on the historical cost basis except for derivative financial instruments, securities and investment properties (which are measured at fair value).

The accounting policies have been applied consistently to the financial year and to the comparative figures for 2021 apart from insignificant reclassifications between trade payables and deferred income amounting to EUR 36.7 million.

Significant accounting estimates and judgements

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment, positively or negatively, to the carrying amount of assets or liabilities affected in future periods.

The most significant estimates and judgements for the Group include the following:

- Acquisition of businesses where a number of estimates and judgments are carried out related to allocation of the purchase consideration to identifiable net assets including intangible assets/goodwill as well as value adjustments (step-up acquisitions). Please refer to note 31 for further information.
- Provisions for onerous contracts relating to binding content supply contracts, which is based on an assessment of the future income and unavoidable costs over the contract periods. Please refer to note 23 for further information.
- Impairment testing related to intangible assets, including asset groups with indefinite life such as goodwill and the TV2 trademark as well as investment in associates. Outcome of impairment testing is dependent on the critical assumptions applied related to cash flow forecasts, which are affected by the increased macroeconomic uncertainties such as increased inflation rates and changed consumer confidence, but also other factors such as discount rates and expected growth rates, cf. note 9 for further information.
- For film rights and in-house produced film rights estimates on the useful lives and period over which the rights are amortised are based on estimated sales, which by nature are associated with uncertainty. Please refer to note 9 for further information.
- Write down of inventories to net realisable values relates to books and E-commerce. Estimated write-downs are dependent on expected future sales that by nature within consumer products and the business areas of Egmont are subject to some uncertainty. Please refer to note 15 for further information.
- Other provisions include items such as goods sold with a right of return, warranty provisions and provisions for litigation and claims include estimates and judgements

EGMONT

1 Accounting policies (continued)

related to how many goods are expected to be returned or exchanged, to what extent warranties compensations are needed and probabilities of various likely outcome of litigation and claims. Please refer to note 23 for further information.

- Deferred taxes are subject to some judgements related to whether tax assets may be utilised. Please refer to note 22 for further information.
- For leases where contracts include extension and termination options, judgement is required in determining whether these options are reasonably expected to be exercised. Please refer to note 12 for further information.

Consolidated financial statements

The consolidated financial statements comprise Egmont Fonden and subsidiaries in which Egmont Fonden has control of financial and operating policies in order to obtain returns or other benefits from its activities. Control is usually obtained when the Group holds more than 50% of the voting rights, whether directly or indirectly, or otherwise has a controlling interest in the relevant entity.

Entities in which the Group has significant influence, but not a controlling interest, are considered associates. Significant influence is typically obtained when the Group, directly or indirectly, owns or holds more than 20% of the voting rights, but less than 50%.

When assessing whether Egmont Fonden exercises control or significant influence, the potential voting rights that are exercisable at the end of the reporting period are taken into account.

The consolidated financial statements have been prepared by consolidating the financial statements from Egmont Fonden and the individual subsidiaries, prepared in accordance with the Group's accounting policies. On consolidation, intra-group income and expenses, shareholdings, intra-group

balances and dividends, and realised and unrealised gains and losses on transactions between the consolidated entities are eliminated. Unrealised gains on transactions with associates are eliminated in proportion to the Group's ownership share of the associate. Unrealised losses are eliminated in the same way as unrealised gains to the extent that impairment has not taken place.

The non-controlling interests' shares of the profit for the year, comprehensive income and of the equity of subsidiaries not wholly owned are included in the Group's net profit for the year, comprehensive income and equity, respectively, but are disclosed separately.

Business combinations

Businesses acquired or formed during the year are recognised in the consolidated financial statements from the date of acquisition or formation. Businesses disposed of or wound up are recognised in the consolidated financial statements until the date of disposal or winding-up. The comparative figures are not restated for newly acquired businesses. Discontinued operations are disclosed separately.

The acquisition method is used for acquisitions of new businesses over which Egmont Fonden obtains control. The acquired businesses' identifiable assets, liabilities and contingent liabilities are measured at fair value at the acquisition date. Identifiable intangible assets are recognised if they are separable or arise from a contractual right. Deferred tax is recognised in respect of the fair value adjustments made.

The acquisition date is the date when Egmont Fonden effectively obtains control of the acquired business. Costs attributable to business combinations are expensed as incurred.

Step acquisitions, where either control, joint control or significant influence is obtained, the existing equity interest is remeasured at fair value and the difference between the fair value and carrying amount is recognised in the income statement. The additional equity investments acquired are recognised at fair value in the balance sheet.

EGMONT

1 Accounting policies (continued)

Any excess (goodwill) of the consideration transferred, the value of non-controlling interests in the acquired entity and the fair value of any existing equity interest over the fair value of the identifiable assets, liabilities and contingent liabilities acquired is recognised as goodwill under intangible assets.

Upon acquisition, goodwill is allocated to the cash-generating units, which subsequently form the basis for the impairment test at least annually.

Goodwill and fair value adjustments in connection with the acquisition of a foreign entity with another functional currency than the presentation currency of Egmont Fonden are treated as assets and liabilities belonging to the foreign entity and upon initial recognition translated into the foreign entity's functional currency at the exchange rate at the transaction date.

Negative differences (negative goodwill) are recognised in profit for the year at the acquisition date.

The consideration for an acquired business consists of the fair value of the agreed consideration in the form of assets transferred, liabilities assumed and equity instruments issued. If part of the consideration is contingent on future events or compliance with agreed conditions, this part of the consideration is recognised at fair value at the date of acquisition.

If uncertainties regarding the identification or measurement of acquired assets, liabilities or contingent liabilities or determination of the consideration exist at the acquisition date, initial recognition will take place on the basis of provisional values. If it subsequently becomes apparent that the identification or measurement of the consideration, acquired assets, liabilities or contingent liabilities was incorrect on initial recognition, the determination is adjusted retrospectively, including goodwill, until 12 months after the acquisition, and the comparative figures are restated. Subsequently, goodwill is not adjusted. Changes to estimates of contingent considerations are recognised in the income statement.

The acquisition of further non-controlling interests after obtaining control is considered an owner's transaction, and the difference between acquisition cost and the share of such non-controlling interests acquired is recognised directly in equity.

Gains or losses on the disposal or winding-up of subsidiaries, jointly controlled entities and associates are stated as the difference between the selling price or the disposal consideration and the carrying amount of net assets, including goodwill, at the date of disposal, less the cost of disposal. If the disposal of either control, joint control or significant influence takes place in stages, the retained equity investment is measured at fair value, and the difference between the fair value and carrying amount is recognised in the income statement.

Non-controlling interests

On initial recognition, non-controlling interests are measured at the fair value of the ownership share or at the proportionate share of the fair value of the acquired business' identifiable assets, liabilities and contingent liabilities. In the first scenario, goodwill in relation to the non-controlling interests' ownership share of the acquired business is thus recognised, while, in the latter scenario, goodwill in relation to the non-controlling interests is not recognised.

The measurement of non-controlling interests is chosen transaction by transaction and stated in the notes in connection with the description of acquired businesses.

Foreign currency translation

A functional currency is determined for each of the reporting entities in the Group. The functional currency is the currency used in the primary economic environment in which the individual reporting entity operates. Transactions denominated in currencies other than the functional currency are considered foreign currency transactions.

On initial recognition, foreign currency transactions are translated to the functional currency at the exchange rates at the transaction date. Foreign exchange differences arising

EGMONT

1 Accounting policies (continued)

between the exchange rates at the transaction date and at the date of payment are recognised in the income statement as financial income or financial expenses.

Receivables, payables and other monetary items denominated in foreign currencies are translated to the functional currency at the exchange rates at the end of the reporting period. The difference between the exchange rates at the end of the reporting period and at the date at which the receivable or payable arose or was recognised in the latest financial statements is recognised in the income statement as financial income or financial expenses.

In the consolidated financial statements, the income statements of entities, joint ventures and associates with another functional currency than the presentation currency (EUR) are translated at the exchange rates at the transaction date, and the balance sheet items are translated at the exchange rates at the end of the reporting period. An average exchange rate for each month is used as the transaction date exchange rate to the extent that this does not significantly distort the presentation of the underlying transactions. Foreign exchange differences arising on translation of the opening balance of equity of such foreign entities at the exchange rates at the end of the reporting period and on translation of the income statements from the exchange rates at the transaction date to the exchange rates at the end of the reporting period are recognised directly in other comprehensive income and presented in equity under a separate translation reserve. The exchange rate adjustment is allocated between Egmont Fonden and the non-controlling interests.

Foreign exchange adjustments of intra-group balances which are considered part of the total net investment in foreign entities with another functional currency than the presentation currency (EUR) are recognised in other comprehensive income and presented in equity under a separate translation reserve.

On disposal of wholly owned foreign entities, associates or jointly controlled entities with another functional currency than the presentation currency (EUR), the exchange rate adjustments that have been recognised in other comprehensive income and are attributable to the entity

are reclassified from other comprehensive income to the income statement together with any gains or losses from the disposal.

On partial disposal of foreign subsidiaries with another functional currency than the presentation currency (EUR) without a loss of control, a proportionate share of the translation reserve is transferred from the Group to the non-controlling interests' share of equity.

On partial disposal of associates and jointly controlled entities, the proportionate share of the accumulated translation reserve recognised in other comprehensive income is transferred to the income statement for the year together with any gains or losses from the disposal.

Any repayment of intra-group balances which constitute part of the net investment in the foreign entity is not considered a partial disposal of that subsidiary.

Derivative financial instruments

Derivative financial instruments are recognised at the date a derivative contract is entered into and measured in the balance sheet at fair value. Positive and negative fair values of derivative financial instruments are included in other receivables and payables, respectively, and a set-off of positive and negative values is only made when the entity has the right and the intention to settle several financial instruments net. Fair values of derivative financial instruments are computed on the basis of current market data and generally accepted valuation methods.

Changes in the fair value of derivative financial instruments designated as and qualifying for recognition as a hedge of the fair value of a recognised asset or liability are recognised in the income statement together with changes in the value of the hedged asset or liability as far as the hedged portion is concerned.

Changes in the portion of the fair value of derivative financial instruments designated as and qualifying as a cash flow hedge that is an effective hedge of changes in future cash flows are recognised in other comprehensive income in equity under a separate hedging reserve until the hedged cash flows affect the income statement. At that time, any gains or losses

EGMONT

1 Accounting policies (continued)

resulting from such hedged transactions are transferred to other comprehensive income and recognised under the same item as the hedged item.

If the hedging instrument no longer qualifies for hedge accounting, the hedge will cease to be effective. The accumulated change in value recognised in other comprehensive income is transferred to the income statement when the hedged cash flows affect the income statement. If the hedged cash flows are no longer expected to be realised, the accumulated change in value will be transferred to the income statement immediately. The portion of a derivative financial instrument not included in a hedge is recognised under financial items.

For derivative financial instruments that do not qualify for treatment as hedging instruments and changes in fair value are currently recognised in the income statement under financial items.

INCOME STATEMENT

Revenue

Egmont recognises revenue from the following significant revenue streams:

- Sale of goods and services
- Magazine sales
- TV and film production
- TV and cable broadcasting distribution
- Advertising
- Gaming
- Subscription based revenue

Egmont separates customer contracts into performance obligations and recognises revenue from these separately. For customer contracts that includes more than one performance obligation, Egmont allocates the transaction price to the individual performance obligations proportionate to their stand-alone selling price.

The Group recognises revenue when or as control passes to the customer. Revenue is measured at its fair value, which comprise net present value when payments exceed 12 months.

Revenue is measured excluding VAT and taxes and including all types of discounts provided to customers.

All types of variable consideration such as rebates, return rights or penalties etc. are recognised as revenue only to the extent that it is highly probable that a significant reversal will not occur subsequently. When the customer holds a right to return the good, Egmont estimate the expected number of goods that will be returned based on historical return and postpone recognition of such revenue. Return and warranty policies are typically based on customary return arrangements in local markets.

Warranty provisions are recognised as the underlying goods are sold based on historical warranty costs experience in previous financial years.

Generally, payment terms are based on customary terms in local markets.

Revenue from sale of goods and services

Revenue from sale of goods comprise sale of playstation products, sale from e-commerce, sale of gift cards etc. are recognised at point in time when control is transferred, usually when the goods are delivered. For goods sold with a right of return Egmont only recognises revenue to the extent that it is highly probable that a subsequent reversal will not occur.

Revenue from sale of cinema tickets is recognised as the services are rendered.

When consideration is received before control is transferred this is recognised as a contract liability and presented as deferred income.

Revenue from magazine sales

Egmont recognises revenue from sale of magazines, both subscription and single-copy sales, and ads related to magazines at the publication date of the magazine, which is considered a point in time.

Magazine subscriptions are considered as a number of discrete performance obligations which are satisfied over the course of the subscription period as magazines are published.

EGMONT

1 Accounting policies (continued)

For circulation sales, where customer's holds a right of return, Egmont only recognises revenue from the sale of magazines to the extent that it is highly probable that a subsequent reversal will not occur.

Revenue from TV and film production

Revenues from sale of TV and film productions to TV stations (availability rights) and distribution companies is recognised at point in time, on the availability date, when it becomes available (accessible) to the customer.

Consideration received for TV and film productions before the availability date is a contract liability and is presented in the balance sheet as deferred income. Deferred income is measured at fair value.

TV and cable distribution

Revenue from TV and cable distribution (cable fee) is based on number of subscribers and is recognised on straight-line basis over the period of the relevant agreements. The number of subscribers is based on reports received from the distribution companies.

Revenue from advertising

Revenue from advertising is recognised when the adverts are broadcasted on TV or in the Cinema.

If the transaction price is variable based on the number of viewers, Egmont constrains revenue to the extent that it is highly probable that a significant reversal will not occur subsequently.

Gaming revenue

Gaming revenue include revenue derived from work for hire contracts (fixed hourly rate) and self-published games.

Work for hire

Work for hire contracts usually comprise one performance obligation that is satisfied over time as Egmont delivers hours at a fixed hourly rate, thus having a right to consideration

that corresponds directly with the value transferred to the customer to date. Revenue deriving from work for hire is recognised at the amount that Egmont has a right to invoice.

Self-published games

Revenue from self-published games without no future material free content communicated at time of release, is recognised at the time of delivery to the customer (download).

When Egmont promises to deliver future material free content, the customer contract includes an additional performance obligation. Egmont allocates the transaction price in such arrangements by determining the stand-alone selling price of the performance obligations that is recognised upon release.

Subscription based revenue

Subscription based revenue primarily comprise TV2 Play and educational platforms in Books. Subscription based revenue comprise one performance obligation that is satisfied over the subscription period, thus having a right to consideration that corresponds directly with the value transferred to the customer to date. Prepaid subscriptions for a certain subscription period are recognised as deferred income and disclosed as contract liabilities.

Other operating income and costs

Other operating income and costs comprise items secondary to the principal activities of the entities, including gains and losses on the disposal of businesses (including re-measuring of existing shares in step-acquisitions), intangible assets and property, plant and equipment and right-of-use assets, as well as recognition of goodwill, value adjustments of investment properties at fair value and fair value adjustments of contingent consideration. Gains and losses on the disposal of entities, intangible assets and property, plant and equipment are determined as the selling price less disposal costs and the carrying amount at the date of disposal.

EGMONT

1 Accounting policies (continued)

Gains and losses from re-measuring existing shares in step-acquisitions are determined as the fair value of new shares acquired, adjusted for control premium less the carrying value of those shares prior to the step-acquisitions.

Government grants

Due to Covid-19 Egmont is entitled to governments grants. These are recognized where there is reasonable assurance that the grant will be received and all attached conditions will be complied with. Government grants from Covid-19 relief packages are recognised in the income statement as other operating income. There are no unfulfilled conditions or other contingencies attached to the received subsidies.

Government grants from film and ticket subsidies for in-house produced films are recognised when there is reasonable assurance that they will be received. Film subsidies for in-house produced films recognised in the balance sheet are offset against the cost of in-house produced films. Ticket subsidies are recognised in the income statement under other operating income.

TV 2, Norway has a public service broadcasting agreement with the Norwegian state, which compensates TV 2 for additional cost regarding production of Norwegian news, film and TV content for EUR 13.4 million in 2022 (2021: EUR 13.3 million). Compensation under the agreement with the Norwegian state is recognised in the income statement as a reduction of the related expenses.

Share of results from investments in joint ventures and associates

The proportionate share of the joint ventures' and associates results after tax and non-controlling interests and after elimination of the proportionate share of intra-group gains/losses is recognised in the consolidated income statement.

Financial income and expenses

Financial income and expenses comprise interest income and expense, gains and losses on securities, amortisation of financial assets and liabilities including leases and

foreign exchange adjustments. Furthermore, changes in the fair value of derivative financial instruments which are not designated as hedging instruments as well as the ineffective portion of the hedges are also included.

Borrowing costs relating to general borrowing or loans directly relating to the acquisition, construction or development of qualifying assets are allocated to the cost of such assets.

Tax for the year

Tax for the year, comprises current tax and changes in deferred tax.

BALANCE SHEET

Film rights, etc.

Film rights comprise film, transactional home entertainment (DVD, TVOD, streaming) and TV rights. Film rights are recognised as an intangible asset at the time when control over the asset is transferred. Prepayments for film rights are recognised in the balance sheet as a prepayment for intangible assets, and when control is gained over the assets, prepayments are reclassified to film rights.

Film rights are measured at cost which is allocated proportionally to the cinema, transactional home entertainment and TV media, as well as to markets. Film rights are amortised according to a revenue-based method over the period during which they are expected to generate income on the respective market and in the respective media.

Other intellectual property rights with a definite useful life, such as domain names and magazine titles, are measured at cost on initial recognition and amortised on a straight-line basis over the useful life (typically 5 to 10 years).

In-house produced film rights

In-house produced film rights are measured at cost, which includes indirect production costs, less grants received, accumulated amortisation and impairment, or at the recoverable amount where this is lower.

EGMONT

1 Accounting policies (continued)

In-house produced film rights are amortised according to a revenue-based method over the period during which they are expected to generate income.

Goodwill

On initial recognition, goodwill is recognised in the balance sheet at cost as described under "Business combinations". Subsequently, goodwill is measured at cost less accumulated impairment losses. Goodwill is not amortised.

The carrying amount of goodwill is allocated to the Group's cash-generating units at the date of acquisition. The identification of cash-generating units is based on the management structure and internal financial control.

Trademarks

Acquired intellectual property rights, including trademarks, are measured at cost on initial recognition. Trademarks with a finite useful life are typically amortised on a straight-line basis over the useful life (typically 5 to 50 years). Certain trademarks are amortised degressive according to a revenue-based method over the period during which they are expected to generate income.

Trademarks with an indefinite useful life are not amortised but are tested for impairment at least once annually.

Intangible assets in progress

Intangible assets in progress are measured at cost and consist mainly of prepaid film rights.

Property, plant and equipment

Land and buildings, plant and machinery equipment and leasehold improvements are measured at cost less accumulated depreciation and impairment. Cost comprises the purchase price and any costs directly attributable to the acquisition until the date when the asset is available for use.

Subsequent costs, e.g. in connection with replacing components of property, plant and equipment, are recognised in the carrying amount of the relevant asset if it is probable that the costs will result in future economic benefits

for the Group. The replaced components are derecognised in the balance sheet, and the carrying amount is transferred to the income statement. All other costs incurred for ordinary repairs and maintenance are recognised in the income statement as incurred.

When individual components of an item of property, plant and equipment have different useful lives, the cost of such individual components is accounted for and depreciated separately. Depreciation is provided on a straight-line basis over the expected useful lives, based on the following estimates of the useful lives of the assets:

Corporate properties (head offices)	25 - 50 years
Properties used for operational purposes	25 years
Installations and conversions (the useful life depends on the nature of conversion)	10, 15, 25 years
Plant and machinery	3 - 15 years
Equipment	3 - 5 years
Leasehold improvements	5 - 10 years

Land is not depreciated.

Depreciation is made on the basis of the asset's residual value less any impairment losses. The residual value and useful life of the assets are reassessed every year. If the residual value exceeds the carrying amount, depreciation is discontinued.

Gains and losses on the disposal of property, plant and equipment are determined as the difference between the selling price less disposal costs and the carrying amount at the date of disposal. Gains or losses are recognised in the income statement under other operating income or other operating costs, respectively.

Investment properties

Investment properties are held for the purpose of obtaining rental income and/or capital gains. On initial recognition, investment properties are measured at cost, consisting of the acquisition cost of the property and any costs directly attributable to the acquisition. Subsequently, investment properties are measured at fair value. Changes in the fair

EGMONT

1 Accounting policies (continued)

value are recognised in the income statement as a value adjustment of investment properties under other operating income/costs in the financial year in which the change occurs.

Leases

Lease assets

Lease assets are recognised at the commencement date of the lease which is the date the underlying asset is available for use. Lease assets are measured at cost, less any accumulated depreciation and potential impairment, adjusted for any remeasurement of lease liabilities. The cost includes the amount of lease liabilities recognised, initial direct costs incurred less any lease incentives received. Lease payments on short-term leases (lease term of 12 months or less) and leases of low value assets are recognised as expense on a straight-line basis over the lease term in profit and loss.

Lease assets are depreciated over the shorter of the lease term and the estimated useful lives of the assets – which is typically 2-10 years.

If ownership of the leased assets transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The lease assets are also subject to impairment.

The Group has applied the short-term lease recognition exemptions to its short-term leases (lease term of 12 months or less) and applies also the lease of low-value assets recognition exemptions to leases. Lease payments on short-term leases and leases of low value assets are recognised as expense on a straight-line basis over the lease term in profit and loss.

Rent concessions regarding Covid-19 are not accounted for as lease modifications.

Impairment of non-current assets

Goodwill and intangible assets with indefinite useful lives are subject to annual impairment tests, initially before the

end of the acquisition year and if there is any indication of impairment. Likewise, development projects in process are subject to an annual impairment test.

The carrying amount of goodwill is tested for impairment together with the other non-current assets of the cash-generating unit or groups of cash-generating units to which goodwill has been allocated. If the carrying amount exceeds the recoverable amount, it is written down to the recoverable amount via the income statement. As a main rule, the recoverable amount is calculated as the present value of expected future net cash flows from the entity or activity (cash-generating unit or groups of cash-generating units) to which goodwill has been allocated.

Deferred tax assets are subject to annual impairment tests and are recognised only to the extent that it is probable that the assets will be utilised.

The carrying amount of other non-current assets is tested annually for impairment indicators. When there is an indication that assets may be impaired, the recoverable amount of the asset is determined. The recoverable amount is the higher of an asset's fair value less expected disposal costs and its value in use. Value in use is the present value of future cash flows expected to be derived from an asset or the cash-generating unit to which the asset belongs.

An impairment loss is recognised if the carrying amount of an asset or a cash-generating unit exceeds the recoverable amount of the asset or the cash-generating unit. Impairment losses are recognised in the income statement.

Impairment losses of goodwill are not reversed. Impairment losses on other assets are reversed only to the extent that changes in the assumptions and estimates underlying the calculation of impairment losses have occurred. Impairment losses are only reversed to the extent that the asset's increased carrying amount does not exceed the carrying amount that would have been determined (net of amortisation or depreciation) had no impairment loss been recognised for the asset in prior years.

EGMONT

1 Accounting policies (continued)

Lease liabilities

Lease liabilities are measured at the net present value of lease payments to be made over the lease term.

The lease payments include fixed payments (including in substance fixed payments) less any lease incentives receivable, variable lease payments that do not depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate.

Variable lease payments that do not depend on an index or a rate are recognised as expenses in profit and loss in the period in which the event or condition that triggers the payment occurs.

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date, because the interest rate implicit in the lease is not readily determinable.

After the commencement date the carrying amount of lease liabilities is remeasured if there is a modification whether it's a change in the in-substance fixed lease payments, a change lease term (termination or extension), or a change in the assessment to purchase the underlying asset.

The Group's lease liabilities are included in the interest-bearing debt.

Investments in joint ventures and associated companies

Investments in joint ventures and associated companies are recognised in the consolidated financial statements according to the equity method, which means that the investments are measured in the balance sheet at the proportionate share of the joint ventures' and associated companies' net asset values calculated in accordance with the Group's accounting policies minus or plus the proportionate share of unrealised intra-group gains and

losses and plus any excess values on acquisition, including goodwill. Investments in joint ventures and associated companies are tested for impairment when impairment indicators are identified.

Investments in joint ventures and associated companies with negative net asset values are measured at EUR 0 (nil). If the Group has a legal or constructive obligation to cover a deficit in the joint venture and associated company, such deficit is recognised under liabilities.

On the acquisition of investments in joint ventures and associated companies, the acquisition method is used; see description of business combinations.

Other investments

Equity investments where the Group does not have significant influence or control and not classified as subsidiary, associate or joint venture are included under other investments and are measured as financial assets at fair value through the income statement.

Net gains and losses arising from changes in the fair value of financial assets are recognised in the income statement as financial income or expenses. Financial assets for which no active market exists are carried at fair value based on a valuation methodology.

Call options

Call options related to equity investments are included under derivatives (other receivables) and measured at fair value through the income statement. The fair value is based on a valuation methodology comparing the expected equity value with the agreed exercise prices (level 3 in the fair value hierarchy).

Net gains and losses arising from changes in the fair value of call options are recognised in the income statement as financial income or expenses.

Inventories

Inventories are measured at the lower of cost according to the FIFO method and the net realisable value.

EGMONT

1 Accounting policies (continued)

Goods for resale and raw materials and consumables are measured at cost, comprising purchase price plus delivery costs.

The cost of finished goods and work in progress comprises the cost of raw materials, consumables, direct wages and salaries and indirect production overheads. Indirect production overheads comprise indirect materials, wages and salaries as well as maintenance and depreciation of production machinery and equipment as well as administrative expenses and management costs.

The cost of acquired TV programmes are recognised as inventory at the time when the right to broadcast the TV programme begins. The cost of a TV programme is expensed proportionally over the period the TV programme is broadcast.

The net realisable value of inventories is calculated as the selling price less costs of completion and costs necessary to effect the sale and is determined taking into account marketability, obsolescence and development in expected selling price.

Receivables

Trade receivables are held with the objective to collect the contractual cash flows. Receivables are therefore measured at fair value on initial recognition and are subsequently measured at amortised cost using the effective interest method less any impairment. Receivables are impaired at initial recognition. The impairment equals lifetime expected credit loss allowance on receivables in accordance with the simplified approach.

Prepayments

Prepayments, such as prepaid royalty, prepaid authors' fees and prepaid TV programmes and sports broadcasting rights, which are recognised under assets, comprise costs incurred concerning subsequent financial years. Prepayments are measured at cost.

Securities

Securities consist mainly of listed bonds that are held for investment of excess liquidity and managed in accordance

with a documented investment strategy. Securities are measured initially at the listed price at the trade date and subsequently at the listed price at the end of the reporting period using the fair value option. Value adjustments are recognised directly in the income statement under financial income/expenses.

Pension obligations and similar non-current liabilities

Defined contribution plans where the Group regularly pays fixed pension contributions to independent pension funds are recognised in the income statement in the period during which employees earn entitlement to them, and any contributions outstanding are recognised in the balance sheet under other payables.

For defined benefit plans, an actuarial calculation (the Projected Unit Credit method) is performed annually of the present value of future benefits payable under the defined benefit plan based on assumptions about the future development in variables such as salary levels, interest rates, inflation and mortality. The actuarial present value less the fair value of any plan assets is recognised in the balance sheet under pension obligations.

Pension costs for the year are recognised in the income statement based on actuarial estimates and financial assumptions at the beginning of the year. Actuarial gain or loss and is recognised in other comprehensive income.

Current tax payable/receivable and deferred tax

Current tax payable and receivable is recognised in the balance sheet as tax computed on the taxable income for the year, adjusted for tax on the taxable income of prior years and for tax paid on account.

Deferred tax is measured using the balance sheet liability method on the basis of all temporary differences between the carrying amount and the tax value of assets and liabilities. However, deferred tax is not recognised on temporary differences relating to goodwill that is not deductible for tax purposes and on office premises and other items where temporary differences, apart from business combinations, arise at the date of acquisition without

EGMONT

1 Accounting policies (continued)

affecting either result for the year or taxable income. Where different tax rules can be applied to determine the tax value, deferred tax is measured based on planned use of the asset or settlement of the liability.

Deferred tax assets, including the tax value of tax loss carry forwards, are recognised at the expected value of their utilisation.

Deferred tax is measured according to the tax rules and at the tax rates applicable in the respective countries at the end of the reporting period when the deferred tax is expected to be realised as current tax. Changes in deferred tax due to changed tax rates are recognised in the comprehensive income for the year.

Other provisions

Provisions are recognised when the Group incurs a legal or constructive obligation due to an event occurring before or at the end of the reporting period, and meeting the obligation is likely to result in an outflow of economic benefits. Provisions are measured at the best estimate of the costs required to settle the obligation. The costs required to settle the obligation are discounted provided that such discounting would have a material effect on the measurement of the liability. A pre-tax discount rate is used that reflects the current market interest rate level plus risks specific to the liability.

Other provisions primarily consist of provisions for goods sold with a right of return, where, based on past experience or otherwise, the Group can make a reliable estimate of the amount of goods that will be returned as well as expected restructuring costs, etc.

Warranty provisions are recognised as the underlying goods are sold based on historical warranty costs experience in previous financial years.

Restructuring costs are recognised under liabilities when a detailed, formal restructuring plan has been announced to the employees affected no later than at the end of the reporting period. On acquisition of businesses, provisions for restructuring in the acquiree are only included in goodwill when, at the acquisition date, the acquiree had an existing liability for restructuring.

A provision for onerous contracts is recognised when the expected benefits to be obtained by the Group from a contract are lower than the unavoidable costs of meeting its obligations under the contract.

Put options on non-controlling interests

Non-controlling interests continues to receive an allocation of profit or loss.

Put options on non-controlling interests' share of equity are measured at the present value of the redemption amount calculated as if the options were exercised on the last day of the financial year and based on the latest financial information of the relevant companies. Non-controlling interests are reclassified as liability at the end of the financial year as if the acquisition took place at that date (the anticipated acquisition method).

Net gains and losses arising from changes in the fair value of put options are recognized in equity.

Financial and non-financial liabilities

Financial liabilities are recognised at the date of borrowing as the net proceeds received less transaction costs paid. In subsequent periods, the financial liabilities are measured at amortised cost, such that the difference between the proceeds and the nominal value is recognised under financial expenses in the income statement over the term of the loan.

Other liabilities are measured at net realisable value.

EGMONT

1 Accounting policies (continued)

Deferred income

Deferred income, including the sale of film broadcasting rights, is measured at cost.

CASH FLOW STATEMENT

The cash flow statement shows the cash flows from operating, investing and financing activities for the year, the year's changes in cash and cash equivalents as well as the Group's cash and cash equivalents at the beginning and end of the year.

The cash flow effect of acquisitions and disposals of businesses is shown separately in cash flows from investing activities. Cash flows from acquired businesses are recognised in the cash flow statement from the date of acquisition, and cash flows from disposals of businesses are recognised until the date of disposal.

Cash flows from operating activities are calculated according to the indirect method as the profit for the year before net financials, adjusted for non-cash operating items, changes in working capital and corporate income tax paid.

Cash flows from investing activities comprise payments in connection with the acquisition and disposal of businesses and activities and the acquisition and disposal of intangible assets, property, plant and equipment and other non-current assets, as well as securities.

Cash flows from financing activities comprise the raising of loans and repayment of interest-bearing debt including lease liabilities, donations made and transactions with non-controlling interests.

Cash and cash equivalents comprise cash and marketable securities with a residual term of less than three months at the acquisition date which are subject to an insignificant risk of changes in value.

Cash flows in other currencies than the functional currency are translated using average exchange rates unless these deviate significantly from the rates at the transaction date.

FINANCIAL TERMS

In this annual report the following financial terms are used:

Operating profit (loss)	Profit (loss) before tax and net financials.
Operating profit after result from associates	Profit after results from associates.
EBITDA	Operating profit (loss) before net financials, depreciation, amortisation and impairment losses.
EBIT	Operating profit (loss)
EBT	Profit (loss) before tax

FINANCIAL RATIOS

Financial ratios stated in the consolidated financial statements have been calculated in accordance with the Danish Finance Society's "Recommendations & Ratios".

The financial ratios stated under financial highlights have been calculated as follows:

Operating margin

Operating profit x 100

Revenue

Equity ratio

Equity, excl. non-controlling interests, x 100

Total assets

Return on equity

Net profit for the year, excl. non-controlling interests, x 100

Average equity, excl. non-controlling interests

EGMONT

2 Revenue

Geographical markets	Nordic Countries		Other Countries		Total	
	2022	2021	2022	2021	2022	2021
Sale of goods	1,074,916	951,211	132,239	109,051	1,207,155	1,060,262
Sale of services	993,291	912,600	763	794	994,054	913,454
Royalty	92,632	86,864	113	3,783	92,745	90,647
Rental income	9,109	9,109	0	0	9,109	9,109
Total	2,169,948	1,959,844	133,115	113,628	2,303,063	2,073,472
At point in time	1,913,794	1,684,693	131,418	113,178	2,045,212	1,797,871
Transferred over time	256,154	275,151	1,697	450	257,851	275,601
Total	2,169,948	1,959,844	133,115	113,628	2,303,063	2,073,472
Contract balances					2022	2021
Trade receivables (note 26)					245,946	265,266
Contract assets					10,062	12,208
Contract liabilities (note 28)					114,340	104,618

The overall decrease in trade receivables primarily relates to timing differences of payments at year-end. In 2022, EUR 5.2 million (2021: EUR 4.7 million) was recognised as provision for expected credit losses on trade receivables, cf. note 26.

Contract assets primarily relate to revenue from work for hire contracts where the customer has been invoiced less than the stage of completion. As such, the balances of this account vary and depend on the number of ongoing work for hire contracts at the end of the year. Contract assets are primarily presented in trade receivables.

Contract liabilities include advances on gift cards, subscriptions, work for hire contracts, etc. The outstanding balances of these accounts increased in 2022 due to the continuous increase in the Group's customer base. Contract liabilities are presented as deferred income.

Share-based payment

A long term share-based incentive programme has been issued in Nordisk Games A/S. The program is targeted at executive employees, selected second level management and senior specialists in Nordisk Games Group. The share options have been granted for free and without any related performance conditions, however certain key employees have acquired 1 share option for every 9 free share options at the fair value at the grant date.

All share options vest 3 years after grant, followed by a 2 years exercise window. The options are settled in shares, however the Board of Directors in Nordisk Games A/S has the right to settle the option in cash at market price.

Usual good and bad leaver conditions applies for the exercise of the options. Special provisions applies if changes in the capital structure of Nordisk Games A/S occur.

The fair value of the share options of EUR 3.78 is calculated on the basis of a share price equal to the exercise price.

EGMONT

4 Personnel expenses (continued)

Share option programmes	Granted in 2022
Number of persons included in the programme	13
Total number of share options granted	1,525,000
Vesting date	31.05.2025
Exercise period begins	01.06.2025
Exercise period ends	31.05.2027
Exercise price	3.78
Fair value at the date of the grant	1.48
Outstanding share options	
1. January 2022	0
Share options granted during the year	1,525,000
31. December 2022	1,525,000

The fair value calculated at the grant date is based on a Black-Scholes warrant pricing model.

Fair value, liability and expense recognised in the statement of profit or loss:

The share options granted are recognised in profit or loss for 2022 corresponding to the fair value at the time of grant. The total expense recognised in respect of equity-settled programmes amounted to EUR 424 thousands before tax.

At 31 December 2022, the fair value of the remaining equity-settled programmes amounts to EUR 1,584 thousands.

Goodwill

The carrying amount of goodwill is tested for impairment annually or if there is any indication of impairment. The impairment test is made for the Group's cash-generating units, based on their management structure and internal financial reporting.

	2022	2021
TV 2, Norway	199,596	202,537
Nordisk Film, Cinemas	62,456	62,824
Nordisk Film, Games	122,868	91,174
Story House Egmont	245,028	244,774
Books	167,999	141,606
Other units	9,336	11,127
Carrying amount	807,283	754,042

EGMONT

9 Intangible assets (continued)

In the impairment test of the cash-generating units, the recoverable amount, equivalent to the discounted value of expected future net cash flows, is compared with the carrying amount of the cash-generating units.

The recoverable amount is based on the value in use, determined by using expected net cash flows that are based on management-approved budgets and business plans for 2023, projections for subsequent years up to and including 2027, and average growth during the terminal period.

Key assumptions

Revenue and margins

The key assumptions in the calculation of value in use for all cash-generating units are development in revenues and margins and determination of discount rates and growth rate during terminal period.

TV 2, Norway

The TV business is volatile due to various trends and factors shifting the business model and therefore affected by a generally larger uncertainty regarding the development in revenue and expenses. Combined with increasing prices for acquiring TV rights related to especially sports events and increasing programme cost for Norwegian TV productions, it may result in a more volatile EBITDA-margin in the coming years. The value of the business is primarily impacted by the development in advertising income, number of subscribers and the prices of TV content.

An average annual growth in revenues in the budget and forecast period is expected to be between 1% and 14% mainly due to increase in revenue from subscription sales while advertising sales for traditional flow-TV is expected to decline.

Margins are expected to be maintained at more or less the same competitive level based on continued efficiencies as well as a focus on cost savings.

Nordisk Film, Cinemas

The Cinemas cash-generating unit is dependent on a strong line-up of both local and international titles to keep up ticket revenue (box office sales) as well as a strong performance in the gift cards business.

Cinemas are aware of the pressure on the window structure in terms of changes in the length of the cinema exclusivity period and the risk of titles being released directly to Home Entertainment.

Revenue in the budget and forecast period is expected to grow between 0% and 12% annually as the cinemas business will slowly return to a new normal. Margins are expected to come under pressure due to increasing fixed costs.

Nordisk Film, Games

Revenues in the Games cash-generating unit is expected to grow between 2% and 39% annually from an increased focus on self-published games and work for hire projects while at the same time maintaining a stable cost base resulting in improved profitability.

Story House Egmont

The traditional publishing business is expected to be reduced. On the other hand revenue from other business areas such as e-commerce and agencies are expected to increase significantly while maintaining stable margins. An annual growth in revenue between 2% and 6% is expected.

EGMONT

9 Intangible assets (continued)

Books

The general shift from analogue to digital sales will continue. The digital business will increase significantly in both Retail and Education and be the main driver of growth. An annual growth up to 8% is expected in the budget and forecast period while maintaining a stable cost base resulting in slightly improved profitability.

Discount rates and growth rate during terminal period

Discount rates are determined for each cash-generating unit on basis of a risk-free rate, plus market risk premium and a small stock premium.

The risk-free rate is based on a 5 year-average of the risk-free rate for Denmark, Norway and Sweden.

The market risk premium is calculated as a general market risk premium of 6.2% multiplied by the non-leveraged beta value of each cash-generating unit. Further, a small-cap premium is added.

The non-leveraged beta values are based on the non-leveraged beta values for peer-group companies.

Expected growth during the terminal period is not estimated to exceed the long-term average growth rate in the business areas.

On this basis the following pre-tax discount rates and growth rates during terminal period have been applied:

	Pre-tax discount rates		Growth rate during terminal period	
	2022	2021	2022	2021
TV 2, Norway	10.1%	9.7%	2.5%	2.0%
Nordisk Film, Cinemas	9.1%	8.6%	2.0%	2.0%
Nordisk Film, Games	12.1%	11.1%	2.0%	2.0%
Story House Egmont	11.3%	10.8%	2.0%	2.0%
Books	8.8%	8.3%	2.0%	2.0%

The rise in WACC rates are generally driven by higher interest rate premiums and higher small size premiums.

Impairment tests for goodwill for 2022 regarding the identified cash-generating units of the Group show that the recoverable amount exceeds the carrying amount.

Sensitivity

The Group assesses that probable changes in the assumptions underlying the impairment calculations will not result in a need to write down goodwill for impairment in the Group's primary cash-generating units.

Trademarks with definite lifetime

The impairment on trademarks with definite lifetime in 2022 is mainly related to e-commerce due to lower revenue (2021: impairments on certain magazines due to lower revenue).

EGMONT

9 Intangible assets (continued)

Trademarks

The carrying amount of trademarks with an indefinite life is tested for impairment annually or if there is any indication of impairment.

	2022	2021
TV 2, Norway	133,490	140,709

Trademarks for TV 2, Norway are tested by using the Relief from Royalty method to assess future cash flows from royalty income for the individual trademarks. The royalty rate, determined on the basis of the cash-generating unit's products and the reputation of such products is 4.5% (2021: 4.5%).

Key parameters used in the impairment models for the primary cash-generating units:

	Pre-tax discount rates		Growth rate during terminal period	
	2022	2021	2022	2021
TV 2, Norway	10.1%	9.7%	2.5%	2.0%

Impairment tests for trademarks with an indefinite life for 2022 show that the recoverable amount exceeds the carrying amount.

Sensitivity

The Group assesses that probable changes in the assumptions underlying the impairment calculations will not result in a need to write down trademarks for impairment in the Group's primary cash-generating units."

Film rights and in-house produced film rights

The Group makes regular estimates of the remaining useful lives of film rights and in-house produced film rights based on its expected sales in the cinema, transactional home entertainment (TVOD and streaming) and TV media markets, which are naturally subject to uncertainty as actual sales may differ from estimated sales.

The Group continuously receives sales estimates, and if impairment indicators are identified, film rights and in-house produced film rights are written down for impairment. The useful lives of film rights and in-house produced film rights for 2022 were in general at the expected level.

11 Investment properties

	2022	2021
Fair value at 1 January	40,611	30,917
Foreign exchange adjustments	0	12
Fair value adjustment	734	5,790
Construction in progress	3,658	3,892
Fair value at 31 December	45,003	40,611

Investment properties consist of a rental property in Denmark, let under a long-term lease. The fair value is calculated according to the net rental method, and thus the value of the property has been calculated on the basis of its expected operating income (pre-tax return) of EUR 2,841 thousand (2021: EUR 2,400 thousand) and a required rate of return of 3.38% (2020: 3.00%), determined on the basis of the general market level and specific circumstances relating to the property (level 3). Fair value adjustment of investment properties in 2022 amounts to EUR 734 thousand (2021: EUR 5,790 thousand).

If the required rate of return increase or decrease by 0.25%, the fair value of the investment property will be affected by approx EUR 4.3 million.

Rental income amounted to EUR 2,090 thousand (2021: EUR 2,069 thousand) and operating costs to EUR 666 thousand (2021: EUR 604 thousand).

EGMONT

12 Lease assets	2022	2021
Carrying amount at 1 January	147,927	135,965
Foreign exchange adjustments	(5,750)	3,648
Additions through business combinations	0	22,937
Re-measurement	19,646	4,055

Impairment	(1,146)	(8,725)
Carrying amount at 31 December	154,440	147,927

The lease assets consists mainly of property leases (rent of cinemas, offices, stores and warehouses etc). The lease contracts are typically made for fixed periods of 2 to 10 years, but may have extension options included in the lease term. Lease terms are negotiated on an individual basis and contains different terms and conditions including payment terms, termination rights, index-regulations, maintenance etc.

Extension and termination options are typically found in leases in order to maximise operational flexibility in terms of managing contracts.

Recognised in profit and loss:	2022	2021
Depreciation of lease assets	30,336	28,478
Impairment of lease assets	1,146	8,725
Interest expense on lease liabilities	8,219	8,436
Lease expenses related to variable lease payments not included in the lease liabilities	1,921	981
Lease payments relating to short-term building leases (under 12 months) and low-value leases	579	3,323

Some property leases contain variable payment terms that are linked to an index or revenue e.g. sale of cinema tickets.

In 2022, an amount of EUR 1,146 thousand has been impaired on certain unerous locations, primarily in our e-commerce business (2021: EUR 8,725 thousand primarily in Cinemas due to Covid-19).

EGMONT

15 Inventories	2022	2021
Raw materials and consumables	4,360	4,839
Work in progress	2,325	3,999
Manufactured goods and goods for resale	182,788	180,359
TV programmes	12,908	11,483
Total	202,381	200,680

At the end of the reporting period, the Group estimates the write-down to realisable value for manufactured goods and goods for resale, which primarily relates to books and e-commerce. The estimate is based on expected sales and therefore subject to some uncertainty.

The cost of inventories sold and write-down of inventories for the year amounted to 388,636 (2021: 360,445) and 9,003 (2021: 19,702), respectively. Reversed write-down of inventories in the income statement amounted to -2,705 (2021: -2,700). Inventories included capitalised payroll costs in the amount of -737 (2021: -1,649).

16 Prepayments
In the amount prepayments sports broadcasting rights are included with 10,595 (2021:10,316), which are terminated more than 12 months from balance sheet day.

17 Cash and cash equivalents
Cash and cash equivalents include fixed-term deposits of 1,660 (2021: 2,341). Cash and cash equivalents pledged as collateral amounted to 2,536 (2021: 5,442).

18 Equity
Egmont Fonden is a commercial foundation and thus subject to special conditions relating to its capital, as set out in the Foundation's Charter. The Foundation's assets are used for donations in connection with the Foundation's Charitable Activities. The balance of Egmont Fonden's assets is transferred to a reserve to ensure that the Foundation is provided with the necessary capital for consolidating and expanding in accordance with sound principles. Egmont Fonden's equity ratio stood at 42.6% (2021: 43.3%).

Pensions:

The Group mainly has defined contribution pension plans, but also has collective pension plans (multi-employer plans) as well as defined benefit pension plans.

Multi-employer plans:

The Group has collective pension plans in Sweden that are entered into with other enterprises (ITP plans). ITP-plans are classified as multi-employer plans. Such plans are defined benefit plans, but are treated as defined contribution plans according to IAS 19. Contributions made to collective pension plans in Sweden in 2022 amount to EUR 3.3 million (2021: EUR 3.7 million). For 2023, the contributions are expected to be EUR 3.9 million.

Defined benefit pension plans:

The Group has defined benefit pension plans in Norway. These pension plans are funded in whole or in part through collective insurance plans with Kommunal Landspensjonskasse who manages the administration and the investment of the members' pension funds. The Group is exposed to actuarial risks including risks on investment and interest rate and mortality. The Group's remaining defined pension plans in Norway are closed for new members.

Deferred tax for the year recognised in the income statement	495	4,538
Deferred tax for the year recognised in other comprehensive income	(6,941)	3,803
Deferred tax at 31 December	(30,411)	(24,173)

Deferred tax has been recognised in the balance sheet as follows:

Deferred tax, asset	5,284	5,438
Deferred tax, liability	(35,695)	(29,611)
Deferred tax, net	(30,411)	(24,173)

Deferred tax assets are recognised for all unutilised tax losses to the extent it is considered probable that taxable profits will be realised in the foreseeable future against which the losses can be offset. The amount to be recognised in respect of deferred tax assets is based on an estimate of the probable time of realising future taxable profits and the amount of such profits.

The Group has assessed that deferred tax assets totalling 5,284 (2021: 5,438), primarily attributable to tax losses in Germany can be realised in the foreseeable future. This is based on the forecasted earnings of the enterprises in which tax assets can be utilised.

The deferred tax relates to	2022	2021
Intangible assets	(57,436)	(54,858)
Property, plant and equipment	4,696	6,728

Total	(30,411)	(24,173)

Unrecognised deferred tax assets relates to	2022	2021
Tax losses	6,685	6,682
Temporary differences	1,740	1,888
Total	8,425	8,570

EGMONT

23 Other provisions	Goods sold with a right of return	Other
Other provisions at 1 January 2022	46,419	103,554
Foreign exchange adjustments	(1,725)	(5,209)
Provisions made	22,484	25,921
Provisions used	(23,764)	(23,796)
Reversals	(76)	(1,541)
Other provisions at 31 December 2022	43,338	98,929

Goods sold with a right of return include magazines and books that the shops can return according to agreement. At the date of sale, the Group estimates how many goods are expected to be returned or exchanged based on historical experience of selling such goods. This estimate is naturally subject to uncertainty, as the quantity actually returned may deviate from the estimated quantity. However, the uncertainty concerning the return of magazines is limited due to the short period allowed for returning them.

Other provisions primarily comprise of warranty provisions, provisions for onerous contracts and provisions for pending litigation and claims. Warranty provisions is recognized at its gross liability amount, in respect of which expected partial compensation from the supplier is recognised in other receivables.

Provisions for onerous contracts are recognized at the estimated loss of fulfilling the contractual obligations assessing the future income from the contracts and the direct costs related to the fulfilling of the contracts.

In 2022, the provisions made primarily comprise of an additional provision for onerous contracts relating to content supply agreements.

Right of return assets are recognised as part of inventory.

25 Contingent liabilities and collateral

The Group has provided security to mortgage credit institutions of 111,285 (2021: 110,284) over domicile and investment properties, with a carrying amount of 133,336 (2021: 134,679).

Entities in the Group have furnished floating charge securities of 20,216 (2021: 20,188)

The Group has entered into binding contracts concerning purchase of intangible film rights of 35,839 (2021: 39,394).

The Group has entered into binding contracts concerning content supply, which are not recognized in the balance sheet. The contractual nominal obligation amount to 782,979 (2021: 972,233). The contracts fall due over the various contract lengths up to 8 years from the balance sheet date.

Entities in the Group have furnished miscellaneous guarantees, etc., for 10,865 (2021: 10,586).

26 Financial risks and financial instruments

As a result of its operations, investments and financing, the Egmont Group is exposed to certain financial risks. Primarily related to foreign exchange and interests.

Corporate Finance is responsible for centralised management of liquidity and financial risks in the Group's wholly owned entities. Corporate Finance operates as counterparty to the Group's entities, thus undertaking centralised management of liquidity and financial risks. Liquidity and financial risks arising in joint ventures are reported to Corporate Finance and thus managed on a decentralised basis. Management monitors the Group's financial risk concentration and financial resources on an ongoing basis.

The overall framework for financial risk management is laid down in the Group's Treasury Policy approved annually by the Board of Trustees. The Treasury Policy comprises the Group's currency and interest rate policy, financing policy and policy regarding credit risks in relation to financial counterparties and includes a description of approved financial instruments and risk framework. The overall framework is assessed on an ongoing basis.

The Group's policy is to refrain from engaging in speculative transactions. Thus, the Group's financial management focuses exclusively on managing financial risks that are a consequence of the Group's operations, investments and financing.

Currency risks

The Group is exposed to exchange rate fluctuations as a result of the individual consolidated enterprises entering into purchase and sales transactions and having receivables and payables denominated in currencies other than their functional currency. Forward exchange contracts are used to ensure that the actual exposure does not exceed the currency exposure limit of the Group.

The Group is using forward contracts to hedge currency risks related to purchase of film rights and sports broadcasting rights. The cumulative value adjustments recognised in other comprehensive income amount to EUR -2.8 million (2021: EUR -31.9 million) before tax, which will be recognised in the income statement during 2023-2028.

As at 31 December 2022, a drop of 5% in the EUR/NOK exchange rate and an increase of 5% in the USD/DKK exchange rate would affect other comprehensive income with EUR -16.2 million (2021: EUR -20,6 million). The sensitivity analysis is based on financial instruments recognised at 31 December and an effectiveness of 100% of hedge accounting.

Translation risks

The Group's primary currency risk exposure is denominated in NOK and relates to the Group's investments in wholly-owned entities and joint ventures, including long-term intra-group loans. As a main rule, these currency risks are not hedged, as

EGMONT

26 Financial risks and financial instruments (continued)

ongoing hedging of such long-term investments is not considered to be the best strategy based on overall risk and cost considerations. Due to increase in exchange rate, the equity in 2022 is affected negatively by EUR 64.7 million (2021: positively EUR 41,7 million).

A 5% drop in the exchange rates of NOK would have impacted the 2022 profits by about EUR -1.0 million (2021: EUR -5.2 million), and the equity at 31 December 2022 by about EUR -33.3 million (2021: EUR -35.7 million). A positive change in foreign exchange rates would have a reverse impact on profits and equity at end-2022 and end-2021 all other things being equal.

Interest rate risks

As a result of its investment and financing activities, the Group has an exposure related to fluctuations in interest rate levels.

The Group's policy is to hedge interest rate risks relating to loans when it is assessed that interest payments may be secured at a satisfactory level. The Group's interest rate risks are managed by entering into interest swap contracts, with floating-rate loans being converted into fixed-rate interest loans. The principal amount of interest swap contracts concluded by the Group for hedging purposes was EUR 76.1 million at 31 December 2022 and EUR 52.4 million at 31 December 2021. The cumulative fair value adjustments in other comprehensive income amounted to EUR -6.1 million at 31 December 2022 (2021: EUR -13.9 million) before tax, which will be recognised in the income statement over the coming 1-6 years (2021: 1-7 years).

As a result of the Group's use of derivative financial instruments to hedge its interest rate exposure relative to instruments of debt, changes in the fair value of the hedging instruments will impact the Group's reserve for hedging transactions under equity. A one percentage point drop in interest rates would reduce equity by about EUR 4 million. In addition, a 1% interest rate increase will not affect the income statement in any material way, due to the limited amounts of net financial debt (excl. leases) and use of interest rate swaps. Had the interest rate level been 1% higher during 2022, net interest cost in the income statement would have increased by EUR 2m (2021: EUR 0m).

Liquidity risks

The Group's liquidity reserve comprises cash and cash equivalents, securities and unutilised credit facilities. In 2022 a new 5-year credit facility of EUR 350 million was established. To ensure optimum utilisation of cash and cash equivalents, the Group operates with cash pools. The Group has net interest-bearing debt of EUR 495.1 million (2021: net interest-bearing debts EUR 306.2 million).

The Group's financing consists primarily of Danish floating-rate mortgage loans expiring in 2039 and 2043 respectively and floating-rate loans denominated in NOK and EUR with the underlying facility having maturity in 2027. The loans are subject to standard covenant reporting. In the debt repayment schedule shown below, it is assumed that the loan facility will be continually extended.

EGMONT

26 Financial risks and financial instruments (continued)

The Group's liabilities other than provisions fall due as shown below. The debt repayment schedule is based on undiscounted cash flows incl. estimated interest payments based on current market conditions:

	Carrying amount	Contractual cash flows	Within 1 year	1 to 5 years	After 5 years

EGMONT

26 Financial risks and financial instruments (continued)

Credit risks

The Group's credit risks relate primarily to trade receivables and cash and cash equivalents. The Group is not exposed to any significant risks associated with a particular customer or business partner. According to the Group's policy for accepting credit risk, all major customers are regularly credit rated.

Trade receivables:

Lifetime expected loss allowance for group trade receivables is calculated on basis on a simplified approach. To measure the expected credit losses, trade receivables are grouped based on shared credit risk characteristics. The expected loss rates are based on historical credit losses experienced in the last 3 years (2019-2021). The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables on basis of development in corporate insolvencies in the geographical areas.

On that basis, the impairment can be determined as follows:

Trade receivables 2022	Expected loss (%)	Gross amount	Expected loss	Net
Not past due	0.0%	212,595	15	212,580
Past due - up to 30 days	-2.2%	24,989	557	24,432
Past due - between 30 and 90 days	-7.4%	3,764	277	3,487
Past due - over 90 days	-44.3%	9,774	4,327	5,447
Total		251,122	5,176	245,946

Trade receivables 2021	Expected loss (%)	Gross amount	Expected loss	Net
Not past due	-0.3%	224,097	598	223,499
Past due - up to 30 days	-1.0%	20,133	194	19,939
Past due - between 30 and 90 days	-2.8%	16,862	472	16,390
Past due - over 90 days	-38.6%	8,851	3,413	5,438
Total		269,943	4,677	265,266

For certain sales the Group receives collateral. This occurs typically in connection with the distribution of magazines where deposits are received. Trade receivables secured by collateral, with a consequent reduction in overall credit risk, amount to EUR 48,322 thousand (2021: EUR 60,104 thousand). In addition, some of the Group's entities take out credit insurance against losses on trade receivables to the extent deemed relevant.

Trade receivables are grouped based on geographical areas with common characteristics. The impairment can be specified on the geographical areas as follows:

Geographical distribution of impairment 2022	Nordic Countries	Other Countries	Total
Not past due	15	0	15
Past due - up to 30 days	264	293	557
Past due - between 30 and 90 days	277	0	277
Past due - over 90 days	2,942	1,385	4,327
Total	3,498	1,678	5,176

EGMONT

26 Financial risks and financial instruments (continued)

Geographical distribution of impairment 2021	Nordic Countries	Other Countries	Total
Not past due	538	59	597
Past due - up to 30 days	194	0	194
Past due - between 30 and 90 days	472	0	472
Past due - over 90 days	2,144	1,269	3,413
Total	3,348	1,328	4,676

The development in the impairment of trade receivables can be specified as follows:

Impairment	2022	2021
Impairment at 1 January	4,676	4,309
Foreign exchange adjustments	(138)	110
Impairment in the year	2,423	2,806
Realised losses	(696)	(1,061)
Reversed impairment	(1,089)	(1,488)
Impairment at 31 December	5,176	4,676

Securities, cash and cash equivalents:

The Group is exposed to counterparty risk through its cooperation with financial counterparties via funds deposited, but also via credit commitments. The Group manages this risk by cooperating with banks with a sound credit rating.

Categories of financial instruments	2022	2021
Financial assets measured at fair value via the income statement	9,174	11,552
Financial assets used as hedging instruments	5,743	4,793
Financial assets measured at amortised cost	402,432	410,208
Financial liabilities measured at fair value via the income statement	12,186	37,190
Financial liabilities used as hedging instruments	7,248	13,963
Financial liabilities measured at amortised cost	857,732	706,298

The carrying amount of receivables and other financial liabilities (current) is equal to the fair value.

Mortgage debt and debt to other credit institutions (non-current) are floating-rate cash loans, and thus the fair value is in all material aspects equal to the carrying amount.

Derivative financial instruments are valued at fair value on the basis of inputs other than listed prices that are observable for the liability, either directly or indirectly (level 2). Put- and call-options are valued at fair value on basis of expected future discounted cash-flows (level 3).

EGMONT

27 Related parties

Egmont Fonden is a commercial foundation and has no owner with control.

The Egmont Group's related parties with significant influence comprise the foundation's Board of Trustees, Management Board and their close relatives, as well as enterprises in which this group of persons has material interests. The compensation paid to the Board of Trustees and Management Board is disclosed in note 4.

Related parties with significant influence also comprise joint ventures and associates; see notes 13, 14 and 32.

Transactions with joint ventures and associates:

	2022		2021	
	Joint ventures	Associates	Joint ventures	Associates
Receivables	2,457	2,078	1,486	1,531
Payables	191	0	1,186	1,034
Revenue	14,801	0	13,672	0
Interest income	11	0	191	0

28 Deferred income - Contract liabilities

Contract liabilities comprise deferred income amounting to EUR 114.3 million at 31 December 2022 (2021: EUR 104.6 million). Deferred income relate to subscriptions, gift cards, etc.

Revenue recognised in the reporting period that was included in the contract liability balance at the beginning of the period amounts to EUR 97.6 million (2021: EUR 74.5 million).

29 Standards and interpretations not yet adopted

IASB has issued a number of amended standards which have not yet entered into force, and which have consequently not been incorporated into the consolidated financial statements for 2022.

30 Subsequent events

Apart from the events recognised or disclosed in the consolidated financial statements, no events have occurred after the reporting period.

EGMONT

31 Acquisition and divestment of businesses

Acquisitions in 2022

In 2022, the Group has acquired the remaining 69% of the shares in Supermassive Games Ltd. (and now holds 100% of the shares), 100% of the shares in Clio ApS, 100% of the shares in dotbooks GmbH and 100% of the shares in AndLight ApS. Furthermore, the Group has acquired other businesses for a total of EUR 3.2m.

The acquisitions made in 2022 have impacted revenue with EUR 47.4 million amounting to 2.3% of the total revenue growth in 2022. Full-year impact on revenue relating to the acquisitions amount to EUR 97.4 million. EBIT for 2022 was impacted with EUR 2.3 million.

Fair value at acquisition date	Super-massive Games Ltd.	Clio ApS	dotbooks GmbH	AndLight ApS	Others	Total

Transaction costs attributable to the acquisitions are recognised in Other external expenses when incurred, but are immaterial, as the due diligence process was mainly handled inhouse, hence there were no significant external transaction costs in connection with the acquisitions.

Supermassive Games Ltd., United Kingdom

The Group acquired the remaining 69% of the shares (and now holds 100% of the shares) in Supermassive Games Ltd., one of the larger gaming studios in United Kingdom with approx. 300 employees. Supermassive is specialised in narrative games especially within the horror genre, where it is one of the market leaders, and have sold millions of games and won several awards. The company has great success of creating high quality games for other companies (Work for Hire) as well as co-financing with publishers where Supermassive retains the IP. The shares were acquired from the founders on 8 July 2022.

Goodwill is mainly related to the workforce and the knowhow within the company. Additional major adjustments includes the trademark Supermassive and value of The Quarry (an interactive movie horror game), which both were recognised as intangible assets.

31 Acquisition and divestment of businesses (continued)**Clio Aps, Denmark**

The Group acquired 100% of the shares in Clio ApS, a leading provider of digital learning (Platform and Content) for educational institutions in the primary school market. The company operates primarily from the headquarter in Copenhagen and secondly from Stockholm, where it has a growing presence. The shares were acquired from the corporate venture capital firm Bonnier Capital AB on 9 August 2022.

Goodwill is mainly related to the synergy aspects of the operational integration with Lindhardt og Ringhofs digital learning platform. Additional major adjustments includes contract rights and customer relationships, which were recognised as intangible assets.

dotbooks GmbH, Germany

The Group acquired 100% of the shares in dotbooks GmbH, a German publishing house, almost exclusively publishing e-books, with headquarters in Munich. dotbooks was founded in 2012 and was one of the first German e-book publishers. Today the Company operates as the largest independent e-book publisher in Germany and hold appr. 14% of the German e-book market. The shares were acquired from the founders as well as a venture capital investor on 5 July 2022.

Rights to sell e-books and digital books as well as goodwill were recognised as intangible assets. Goodwill is mainly related to the workforce and the knowhow within the company related to the management as well as the skills of the general workforce.

AndLight ApS, Denmark

The Group acquired 100% of the shares in Andlight ApS, a Danish E-commerce player within the lightning segment. AndLight ApS operates from its headquarters in Copenhagen and has both domestic and international presence. The entity operates an e-commerce shop as well as a physical outlet. The shares were acquired from the founder and the company partners on 2 May 2022.

Goodwill is mainly related to the workforce and the knowhow within the lighting segment. Goodwill and the trademark AndLight were recognised as intangible assets.

Other acquisitions in 2022

In 2022, Story House Egmont acquired 51% of the shares in Dazy AB (a Swedish full service digital marketing agency) in order to continue to further strengthen the agency position in Sweden. Lindhardt & Ringhof Forlag A/S acquired a further 24% of the shares in Praxis Forlag A/S (and now has a majority share of 75%) in order to continue to further strengthen the position within teaching materials for the upper secondary educational market. Story House Egmont acquired 25.4% of the shares in MarkedsPartner AS (and now has a majority share of 50,3%) and continues its venture into digital marketing.

In addition to acquisitions in subsidiaries, the Group invested in joint ventures, cf. Note 13 and associated companies, cf. Note 14.

Divestments in 2022

No divestments of subsidiaries in 2022.

EGMONT

31 Acquisition and divestment of businesses (continued)

Acquisitions in 2021

In 2021, the Group has had a high activity level for M&A transactions and has acquired a number of entities. These include the remaining 50% of the shares in Cappelen Damm AS (Egmont now holds 100% of the shares), 100% of the shares in Royal Design Group AB, the remaining 50% of the shares in RiksTV AS (Egmont now holds 100% of the shares), the remaining 57.03% of the shares in Flashbulb ApS (Egmont now holds 100% of the shares) and a further 21% of the shares in Nicehair A/S (Egmont now holds 80% of the shares with an obligation to buy the remaining 20% in 2023). Furthermore, the Group has acquired other businesses for a total of EUR 12.0 million.

The acquisitions made in 2021 have impacted revenue with EUR 266 million amounting to 50% of the total revenue growth in 2021. Full-year impact on revenue relating to the acquisitions amount to EUR 472 million. EBIT for 2021 was impacted with EUR 11 million.

Transaction costs attributable to the acquisitions are recognised in Other external expenses when incurred, but are immaterial, as the due diligence process was mainly handled inhouse, hence there were no significant external transaction costs in connection with the acquisitions.

Cappelen Damm AS, Norway

The Group acquired the remaining 50% of the shares (and now holds 100% of the shares) in Cappelen Damm AS, the largest Norwegian book publisher, with focus on both fiction and education as well as a 50% ownership of the streaming portal Storytel Norway. The shares were acquired from Bonnier end of July 2021 and consolidated from 1 August 2021.

EGMONT

31 Acquisition and divestment of businesses (continued)

The net cash purchase price was EUR 75 million. Goodwill is mainly related to the workforce and the knowhow within the company. Additional major adjustments includes the trademark Cappelen Damm which was recognised as intangible assets and value of the Storytel Norway JV which was recognised as Investment in Joint Venture.

Royal Design Group AB, Sweden

The Group acquired 100% of the shares in Royal Design Group AB, a Swedish E-commerce business which is one of the leading E-commerce players within the home & interior segment in the Nordics, and with international presence. The business has headquarters in Stockholm and warehouse in Nybro. The shares were acquired from the private equity funds Verdane Capital and eEquity as well as one of the founders on 3 February 2021.

The net cash purchase price is EUR 85.5 million. Goodwill is mainly related to the workforce and the knowhow within the company related to the skills of the general workforce. The trademarks Royal Design, Decotique & Department and Rum21 were recognised as intangible assets.

RiksTV AS, Norway

The Group acquired the remaining 50% of the shares (and now holds 100% of the shares) in RiksTV AS, a Norwegian TV Distribution company, with headquarters in Oslo. The entity distributes digital TV, aerial TV, internet and fibre and have 236,000 customers, equivalent to a market share of 11%. The shares were acquired from NRK on 1 July 2021.

The net cash purchase price was EUR 14.1 million. Goodwill is mainly related to the workforce and the knowhow within the company related to the management as well as the skills of the general workforce. Customer relationship related to the services DTT and Fiber were recognised as intangible assets.

To reflect changes in estimates, other payables included in the purchase price allocation in 2021 have been increased in 2022 by EUR 8.6 million, deferred tax assets by EUR 1.9 million and goodwill by EUR 6.7 million.

Flashbulb ApS, Denmark

The Group acquired the remaining 57.03% of the shares (and now holds 100% of the shares) in Flashbulb ApS, a Danish Games studio, with headquarters in Copenhagen. The entity develops video games and has previously developed the game Trailmakers while the game Rubber Bandits was launched shortly after the acquisition. The shares were acquired from the founders on 25 November 2021.

The net cash purchase price was EUR 11.4 million. Goodwill is mainly related to the workforce and the knowhow within the company related to the management as well as the skills of the general workforce (the knowhow of creating new big successful games going forward). The Trailmakers universe brand/trademark as well as a Game Pass contract for Rubber Bandits were recognised as intangible assets.

Nicehair A/S, Denmark

The Group acquired a further 21.0% of the shares in Nicehair A/S, a Danish E-commerce business which is one of the leading E-commerce players within the beauty & care segment in Denmark, and with international presence. The business has headquarters in Esbjerg. The shares were acquired from the founder on 31 August 2021. At closing there is considered present ownership of all shares (including remaining 20% to be purchased in 2023).

The net cash purchase price is EUR 10.7 million. Goodwill is mainly related to the workforce and the knowhow within the company related to the skills of the general workforce. The trademarks Nicehair/Nicebeauty were recognised as intangible assets.

EGMONT

31 Acquisition and divestment of businesses (continued)

Other acquisitions in 2021

In 2021, Story House Egmont acquired a further 45.6% of the shares in Skittfiske AS (and now has a majority share of 80.0%) in order to continue to further strengthen the outdoor E-commerce position. Nordisk Film acquired a further 46.15% of the shares in Drive Studios ApS (and now has a majority share of 71.15%) to strengthen the production of TV series. As part of a conversion of a loan, Nordisk Games acquired a further 10.37% of the shares in Nitro Games OY and now has a majority of 50.37%. The Agencies entity KAN Malmö acquired 100% of the shares in Winston Delta Charlie AB in order to gain access to a specific Google license in Sweden. Lindhardt & Ringhof acquired 51% of the shares in Ordblindetræning ApS and took over 100% of the activity in Audiobuch Verlag oHG.

In addition to acquisitions in subsidiaries, the Group invested in joint ventures, cf. Note 13 and associated companies, cf. Note 14.

Divestment in 2021

All Egmont entities in Ukraine were divested to the former management as part of the strategy to divest markets where Story House Egmont doesn't hold a market leading share. The joint venture in Turkey was sold to the Turkish joint venture partner.

EGMONT

32 Group entities

Unless otherwise stated, the entities are wholly owned.

* Entities owned directly by Egmont Fonden.

** Entities which do not prepare official annual reports.

*** Due to voting rights and/or specific sections in the shareholders' agreements, Egmont does not have control despite owning above 50% of the shares in the entities.

Statement by the Board of Trustees and Management Board

The Board of Trustees and Management Board have today discussed and approved the annual report of Egmont Fonden for the financial year 1 January – 31 December 2022.

The consolidated financial statements have been prepared in accordance with the International Financial Reporting Standards, as adopted by the EU, and additional requirements of the Danish Financial Statements Act. The financial statements of Egmont Fonden have been prepared in accordance with the Danish Financial Statements Act and the financial reporting requirements of the Foundation's Charter.

In our opinion, the consolidated financial statements and the Foundation's financial statements give a true and fair view

of the Group's and the Foundation's financial position at 31 December 2022, and of the results of the Group's and the Foundation's operations and the consolidated cash flows for the financial year 1 January – 31 December 2022.

Furthermore, in our opinion, the Management's review gives a fair review of the development in the Group's and the Foundation's activities and financial matters, the net profit for the year and the Group's and the Foundation's financial position.

EGMONT

Independent Auditor's Report

TO THE BOARD OF TRUSTEES OF EGMONT FONDEN

OPINION

We have audited the consolidated financial statements and the Foundation's financial statements of Egmont Fonden for the financial year 1 January – 31 December 2022, which comprise income statement, balance sheet, statement of changes in equity and notes, including accounting policies for the Group and the Foundation, and a consolidated statement of comprehensive income and a consolidated cash flow statement. The consolidated financial statements are prepared in accordance with International Financial Reporting Standards as adopted by the EU and additional requirements of the Danish Financial Statements Act, and the Foundation's financial statements are prepared in accordance with the Danish Financial Statements Act and the financial reporting requirements of the Foundation's Charter.

In our opinion, the consolidated financial statements give a true and fair view of the financial position of the Group at 31 December 2022 and of the results of the Group's operations and cash flows for the financial year 1 January – 31 December 2022 in accordance with International Financial Reporting Standards as adopted by the EU and additional requirements of the Danish Financial Statements Act.

Further, in our opinion the Foundation's financial statements give a true and fair view of the financial position of the Foundation at 31 December 2022 and of the results of the Foundation's operations for the financial year 1 January – 31 December 2022 in accordance with the Danish Financial Statements Act and the financial reporting requirements of the Foundation's Charter.

BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing (ISAs) and additional requirements applicable in Denmark. Our responsibilities under those standards and requirements are further described in the "Auditor's responsibilities for the audit of the consolidated

financial statements and the Foundation's financial statements" (hereinafter collectively referred to as "the financial statements") section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (IESBA Code) and the additional ethical requirements applicable in Denmark, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code.

MANAGEMENT'S RESPONSIBILITIES FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation of consolidated financial statements that give a true and fair view in accordance with International Financial Reporting Standards as adopted by the EU and additional requirements of the Danish Financial Statements Act and for the preparation of the Foundation's financial statements that give a true and fair view in accordance with the Danish Financial Statements Act and the financial reporting requirements of the Foundation's Charter.

Moreover, Management is responsible for such internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, Management is responsible for assessing the Group's and the Foundation's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting in preparing the financial statements unless Management either intends to liquidate the Group or the Foundation or to cease operations, or has no realistic alternative but to do so.

EGMONT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance as to whether the financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs and additional requirements applicable in Denmark will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the financial statements.

As part of an audit conducted in accordance with ISAs and additional requirements applicable in Denmark, we exercise professional judgement and maintain an attitude of professional scepticism throughout the audit. We also:

- Identify and assess the risk of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's and the Foundation's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by Management.
- Conclude on the appropriateness of Management's use of the going concern basis of accounting in preparing the financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's and the Foundation's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and the Foundation to cease to continue as a going concern.
- Evaluate the overall presentation, structure and contents of the financial statements, including the note disclosures, and whether the financial statements represent the underlying transactions and events in a manner that gives a true and fair view.
- Obtain sufficient and appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and

EGMONT

timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

STATEMENT ON THE MANAGEMENT'S REVIEW

Management is responsible for the Management's review.

Our opinion on the financial statements does not cover the Management's review, and we do not express any assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the Management's review and, in doing so, consider whether the Management's review is materially inconsistent with the financial statements or our knowledge obtained during the audit, or otherwise appears to be materially misstated.

Moreover, it is our responsibility to consider whether the Management's review provides the information required under the Danish Financial Statements Act.

Based on our procedures, we concluded that the Management's review is in accordance with the financial statements and has been prepared in accordance with the requirements of the Danish Financial Statements Act. We did not identify any material misstatement of the Management's review.

EGMONT

1 Accounting policies

The financial statements of Egmont Fonden have been prepared in accordance with the provisions of the Danish Financial Statements Act applying to reporting class C enterprises (large) and the financial reporting requirements of the Foundation's Charter.

The accounting policies applied in the presentation of the financial statement are consistent with those of the previous year.

No cash flow statement has been included for Egmont Fonden, as reference is made to the consolidated cash flow statement.

Fees to auditors is disclosed in note 24 in the consolidated financial statements.

The accounting policies of Egmont Fonden deviate from the Group's accounting policies in the following areas:

Investments in subsidiaries

Investments in subsidiaries are measured at cost. Where cost is lower than the recoverable amount, write-downs are made to this lower value.

Dividends

Dividends from investments in subsidiaries are recognised in the profit and loss statement in the financial year in which the dividend is declared, typically at the time when the general meeting approves the distribution of dividend by the relevant company.

Dividends exceeding the accumulated income from the subsidiaries in the ownership period are deducted in the cost price.

Equity

Profit is distributed according to the Foundation's Charter. The Charitable Activities' donations and associated expenses are charged directly to the liquid reserve fund under equity.

The foundation's equity consists of a capital fund and a reserve fund intended for the Commercial Activities. The capital fund is an undistributable reserve, while the reserve fund can only be distributed if it exceeds the consolidation requirements in the Foundation's Charter. The charitable fund serves to ensure the existence of funds required for Egmont Fonden's Charitable Activities. The liquid reserve fund is the amount which is to be used for charitable purposes under the Foundation's Charter within the scope of the Charitable Activities. The total of the charitable fund and the liquid reserve fund represent the Foundation's basis of distribution.

In the calculation of tax, due allowance is made for the deductibility of charitable donations made according to the Charter of Egmont Fonden. These are charged to equity. Tax provisions for future donations are also taken into account. Provision for deferred tax is made in case Egmont Fonden does not expect to use liquid funds for charitable purposes equal to the tax provisions.

EGMONT

2	Personnel expenses	2022	2021
	Wages and salaries	(164)	(149)

Compensation to the Board of Trustees amounted to 238 in 2022 (2021: 219), of which 125 (2021: 104) was included in the costs of the Charitable Activities.

The Management Board of the foundation is also employed by Egmont International Holding A/S, which pays all salaries to the Management Board. This administration is covered by an administrative fee to Egmont International Holding A/S.

References is also made to note 4 to the consolidated financial statements.

3	Tax on profit for the year	2022	2021
	Royalty tax paid	(67)	(78)
