Bergen, 26.08.2021

Andreas Hveding Aubert
member of the board

Irene Waage Basili
chairman of the board

Note 1 Accounting principles

Armada Seismic Invest II AS is a Norwegian registered company with corporate office in Bergen. The company owns a modern purposed built seismic vessel.

As of 22. December 2016 the company is part of the Shearwater GeoServices Group.

The financial statements are prepared in accordance with the Norwegian Generally Accepted Accounting Principles (NGAAP) as set out in the Norwegian Accounting Act of 1998 for small companies. The accounting principles are described below.

Use of functional currency

The company is presenting its financial statements in USD, as this is defined as the presentation currency. The main activities in the company is predominantly in USD. The functional currency in the Group accounts is also USD.

Policies for revenue recognition

Revenue is recognised when it is probable that transactions will generate future economic benefits that will accrue to the company and the value of such benefits can be estimated reliably. Income and expenses related to the vessels' journeys are accrued based on the number of days the journey lasts before and after the end of the year and such income is classified as charter income.

Classification of assets and liabilities in the balance sheet

Assets intended for permanent ownership or use and receivables due later than one year after the balance sheet date are classified as fixed assets. Other assets are classified as current assets. Liabilities due later than one year after the balance sheet date are classified as long-term debt. Other liabilities are classified as short-term debt. The first year's installments on long-term debt are classified as part of long-term debt, but are specified in accompanying notes.

Transactions in foreign currency

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Monetary items are translated at the current exchange rate, non-monetary items that are measured at historical cost are translated at the rate in effect on the original transaction date, and non-monetary items that are measured at fair value are translated at the exchange rate in effect at the time when the fair value was determined.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies to year-end exchange rates are recognised in the income statement.

Receivables and liabilities in foreign currency

Receivables and liabilities in a foreign currency are translated into USD using the exchange rate at the balance sheet date. Realised and unrealised gains and losses are classified as financial items

Fixed assets

For fixed assets, the straight line method for ordinary depreciation is applied, based on an economic life of 25 years. Improvements and upgrading are capitalised and depreciated over the remaining economic life of the vessel. The straight line method for ordinary depreciation based on a period of 2.5 to 5 years is applied for periodic maintenance.

The depreciation period and method are assessed annually to ensure that the method and period used are in accordance with the financial realities of the fixed asset. The same applies to the scrap value. The scrap value of the vessels is calculated by multiplying the steel weight of the vessel by the prevailing market price for steel at the balance sheet date.

Fixed assets are valued at acquisition cost less any accumulated depreciation and write-downs. When assets are sold or disposed of, the acquisition cost and accumulated depreciation are reversed in the accounts and any loss or gain on the disposal is recognised in the income statement.

Fixed assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the

asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. Write-downs recorded in previous periods are reversed when there is information indicating that the recoverable amount is higher than the carrying amount.

Periodical maintenance

The company capitalises expenses incurred at the docking of the vessels and amortises these expenses over the period until the next docking ("the capitalisation method").

Receivables

Receivables are valued at the lower of the nominal value and fair value.

Cash and bank deposits

Includes bank deposits, cash in hand and short-term bank deposits with an original maturity of three months or less.

Taxes

The company is structured in accordance with the Norwegian tonnage tax system. At entry to the tonnage tax system operational profit is non taxable. Tonnage tax is accounted as operational cost.

A tax percentage of 22 % is used on taxable financial income. Temporary differences related to financial assets/debts are offset when estimating deferred tax/- tax assets, which is 22 % of net temporary differences. The accounting follow the general rules of valuation for recognition.

Contingencies

Contingent losses are recognised as expense if they are probable and can be reliably measured. Contingent gains that are probable and contingent losses that are less probable are not recognised but disclosed in the annual report or in the accompanying notes.

Note 2 Payroll expenses, number of employees, remunerations

The company has no employees and therefore no legal or constructive obligations to hold a pension scheme as defined in the Norwegian pension law. There has been no remuneration to general manager or directors of the board. The company has expensed USD 6,422 excl VAT as remuneration for the auditor this financial year. No tax advisory or other services outside the audit scope have been charged from the auditor in 2020.

Note 3 Tangible fixed assets

	Vessel
Acquisition cost as at 1.1.	93 931 689
+ Additions during the year	340 944
= Acquisition cost as at 31.12.	94,272,633
Accumulated depreciation at 1.1.	26,337,523
Accumulated write-downs at 1.1.	18,846,606
+ Depreciation for the year	2,724,096
+ Depreciation of periodic maintenance for the year	138,864
+ Write-downs during the year	0
= Accumulated depreciation and write-downs at 31.12.	48,047,089
Carrying amount as at 31.12.	46,225,544

As at 31 December 2020 there were no indication that the carrying amount might not be recoverable. The market, although still challenging, showed signs of improving going into 2021 and the vessel will be bareboat chartered to a group company going forward. The estimated average market value obtained from two renowned shipbrokers at year end, also substantiated the carrying amount as recoverable.

Note 4 Intercompany balances

Short term receivables to group companies totals to USD 3,104,704 (2019: USD 35,300).

Short term liabilities to group companies totals to USD 41,833,693 (2019: USD 1,575,127). In December 2020 the company was part in a restructuring of the Shearwater AS group's financing arrangements. The loan facility previously held by the company was released and the company has now an outstanding liability to its holding company USD 41.156.621. As this liability is of a temporary character, no interest has been calculated in 2020.

Intercompany trade balances are subject to interest calculation if payments are unreasonably late.

Note 5 Equity

	Share capital	Share premium reserve	Retained earnings	Total equity
Equity as at 01.01.	30,474	7,740,987	-1,675,558	6,095,903
Net income for the year			1,396,246	1,396,246
Equity as at 31.12.	30,474	7,740,987	-279,312	7,492,149

Armada Seismic Invest II AS

Notes to the financial statement 2020

Note 6 Share capital

The share capital consists of 200 000 shares at NOK 1. Carrying amount of the share capital in the financial statement is USD 30,474.

Polar Ship Invest IV AS owns 100 % of the shares.

Note 7 Bank deposits

The company has no restricted tax withholdings.

Note 8 Taxes

The company qualifies for the Norwegian tonnage tax system.

	2020	2019
Tax over profit and loss:		
Tax payable	0	0
Change in deferred taxes	0	0
Tax expense/ -income	0	0
	2020	2019

The company does not capitalise deferred tax assets related to currency effects.

Note 9 Debt to credit institutions

	2020	2019
Total interest bearing debt	0	41,107,073
Interest bearing debt due within one year		5,310,532
Interest bearing debt due within five years	0	35,796,541
<i>Carrying amount of pledged assets:</i>		
Vessel	46,225,544	48,747,560

Restructuring of the financing in Shearwater GeoServices AS group resulted in the joint loan facility with its parent company Polar Ship Invest IV AS (PSI) for the vessels "SW Duke" and "SW Marquis", and Shearwater GeoServices Assets II AS (Assets II) for the vessel "SW Empress" being released. A new facility for the group was entered into by Shearwater GeoServices AS. The company's vessel "SW Duchess" is posed as security for the new facility.

Armada Seismic Invest II AS

Notes to the financial statement 2020

Net amortised transaction cost related to the facility of USD 0 (2019: USD 49,548) is included in the loan amount above.

Note 10 Operating revenue

The company owns one vessel and the entirety of the operation revenue relates to the seismic segment. All operating revenue relates to one intercompany customer from Norway.

Note 11 Transactions with related parties

The company bareboat chartered "SW Duchess" to its parent company Polar Ship Invest IV AS throughout 2020 and 2019. Charter hire totals to USD 5,760,539 in 2020 and USD 5,730,500 in 2019.

The company bought services for accounting and other administrative services from Shearwater GeoServices Norway AS in 2020 total USD 74,319 (2019: USD 38,531).

Note 12 - Subsequent events

The Covid-19 pandemic continued to affect the Shearwater group throughout 2020. However, the uncertainty the group saw in the first half of 2020 has subsided and been replaced by improved visibility and modest optimism, and more specifically for the industry, oil prices are back at levels motivating customers to resume E&P activities and demand more seismic data. The company still expects the current market situation to prevail for the remainder of 2021.

As part of a restructuring process in the group in 2021 the operations of the company's vessel will be transferred to other entities within the group.

To the General Meeting of Armada Seismic Invest II AS

Independent Auditor's Report

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Armada Seismic Invest II AS, which comprise the statement of financial position as at 31 December 2020, the profit and loss account for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements are prepared in accordance with law and regulations and give a true and fair view of the financial position of the Company as at 31 December 2020, and its financial performance for the year then ended in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway.

Basis for Opinion

We conducted our audit in accordance with laws, regulations, and auditing standards and practices generally accepted in Norway, including International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company as required by laws and regulations, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of the Board of Directors for the Financial Statements

The Board of Directors (management) is responsible for the preparation in accordance with law and regulations, including a true and fair view of the financial statements in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern. The financial statements use the going concern basis of accounting insofar as it is not likely that the enterprise will cease operations.

Independent Auditor's Report - Armada Seismic Invest II AS

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with laws, regulations, and auditing standards and practices generally accepted in Norway, including ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

For further description of Auditor's Responsibilities for the Audit of the Financial Statements reference is made to <https://revisorforeningen.no/revisjonsberetninger>

Report on Other Legal and Regulatory Requirements

Opinion on Registration and Documentation

Based on our audit of the financial statements as described above, and control procedures we have considered necessary in accordance with the International Standard on Assurance Engagements (ISAE) 3000, Assurance Engagements Other than Audits or Reviews of Historical Financial Information, it is our opinion that management has fulfilled its duty to produce a proper and clearly set out registration and documentation of the Company's accounting information in accordance with the law and bookkeeping standards and practices generally accepted in Norway.

MOTTATT

13 DES, 2017

Tillatelse til å utarbeide årsregnskap og årsberetning på engelsk språk for Armada Seismic Invest II AS, org.nr. 995 632 403

Vi viser til deres brev av 5. desember 2017 der det søkes om dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk for Armada Seismic Invest II AS.

Skattedirektoratet gir på bakgrunn av en konkret helhetsvurdering Armada Seismic Invest II AS dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk, jf. regnskapsloven § 3-4 tredje ledd. Dispensasjonen forutsetter at opplysningene som vedtaket baserer seg på ikke endres vesentlig.

Kopi av dette brevet må sendes Regnskapsregisteret i Brønnøysund sammen med årsregnskapet. Det påligger den regnskapspliktige å dokumentere ved dette brev at tillatelsen er gitt.

Bakgrunn

Armada Seismic Invest II AS er eid av Polar Ship Invest IV AS. Konsernspissen er Shearwater GeoServices Holding AS som har dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk. Shearwater GeoServices Holding AS med datterselskaper tilbyr tjenester innen seismikkvirksomhet internasjonalt. Konsernet operer hvor engelsk klart er det dominerende arbeidsspråket. Konsernets arbeidsspråk er engelsk. Selskapet driver virksomhet i en internasjonal bransje. Alle sentrale aktører og samarbeidspartnere innen denne bransjen behersker og benytter engelsk. En norsk oversettelse vil kun ha til formål å oppfylle regnskapslovens språkkrav.

Skattedirektoratets vurdering

Etter regnskapsloven § 3-4 tredje ledd skal "årsregnskapet og årsberetningen ... være på norsk. Departementet kan ved ... enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk."

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap m.v., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

Postadresse
Postboks 9200 Grønland
0134 Oslo

Besøksadresse:
Se www.skatteetaten.no
Org.nr: 996250318
E-post: skatteetaten.no/sendepost

Sentralbord

Telefaks
22 17 08 60

”Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i samfunnsøkonomien skal bli best mulig. Gode regnskaper vil også gjøre det vanskeligere for markedsdeltakere å ta ut spekulasjonsgevinster med basis i skjevt fordelt informasjon.”

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til *“informative regnskaper for ulike grupper av regnskapsbrukere”*. Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte og lokalsamfunnet.

Det er etter Skattedirektoratets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Det er særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I denne vurderingen har Skattedirektoratet lagt vekt på at selskapet er eid av et selskap. Konsernspissen har dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk. Eierkretsen er begrenset. Selskapet opererer i en internasjonal bransje. Videre er det vektlagt at alle sentrale aktører og samarbeidspartnere innen denne bransjen behersker og benytter engelsk.

Vennligst oppgi vår referanse ved henvendelser i saken.

Bergen, 26.08.2021

Andreas Hveding Aubert
member of the board

Irene Waage Basili
chairman of the board

Note 1 Accounting principles

Armada Seismic Invest II AS is a Norwegian registered company with corporate office in Bergen. The company owns a modern purposed built seismic vessel.

As of 22. December 2016 the company is part of the Shearwater GeoServices Group.

The financial statements are prepared in accordance with the Norwegian Generally Accepted Accounting Principles (NGAAP) as set out in the Norwegian Accounting Act of 1998 for small companies. The accounting principles are described below.

Use of functional currency

The company is presenting its financial statements in USD, as this is defined as the presentation currency. The main activities in the company is predominantly in USD. The functional currency in the Group accounts is also USD.

Policies for revenue recognition

Revenue is recognised when it is probable that transactions will generate future economic benefits that will accrue to the company and the value of such benefits can be estimated reliably. Income and expenses related to the vessels' journeys are accrued based on the number of days the journey lasts before and after the end of the year and such income is classified as charter income.

Classification of assets and liabilities in the balance sheet

Assets intended for permanent ownership or use and receivables due later than one year after the balance sheet date are classified as fixed assets. Other assets are classified as current assets. Liabilities due later than one year after the balance sheet date are classified as long-term debt. Other liabilities are classified as short-term debt. The first year's installments on long-term debt are classified as part of long-term debt, but are specified in accompanying notes.

Transactions in foreign currency

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Monetary items are translated at the current exchange rate, non-monetary items that are measured at historical cost are translated at the rate in effect on the original transaction date, and non-monetary items that are measured at fair value are translated at the exchange rate in effect at the time when the fair value was determined.

Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies to year-end exchange rates are recognised in the income statement.

Receivables and liabilities in foreign currency

Receivables and liabilities in a foreign currency are translated into USD using the exchange rate at the balance sheet date. Realised and unrealised gains and losses are classified as financial items

Fixed assets

For fixed assets, the straight line method for ordinary depreciation is applied, based on an economic life of 25 years. Improvements and upgrading are capitalised and depreciated over the remaining economic life of the vessel. The straight line method for ordinary depreciation based on a period of 2.5 to 5 years is applied for periodic maintenance.

The depreciation period and method are assessed annually to ensure that the method and period used are in accordance with the financial realities of the fixed asset. The same applies to the scrap value. The scrap value of the vessels is calculated by multiplying the steel weight of the vessel by the prevailing market price for steel at the balance sheet date.

Fixed assets are valued at acquisition cost less any accumulated depreciation and write-downs. When assets are sold or disposed of, the acquisition cost and accumulated depreciation are reversed in the accounts and any loss or gain on the disposal is recognised in the income statement.

Fixed assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the

asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. Write-downs recorded in previous periods are reversed when there is information indicating that the recoverable amount is higher than the carrying amount.

Periodical maintenance

The company capitalises expenses incurred at the docking of the vessels and amortises these expenses over the period until the next docking ("the capitalisation method").

Receivables

Receivables are valued at the lower of the nominal value and fair value.

Cash and bank deposits

Includes bank deposits, cash in hand and short-term bank deposits with an original maturity of three months or less.

Taxes

The company is structured in accordance with the Norwegian tonnage tax system. At entry to the tonnage tax system operational profit is non taxable. Tonnage tax is accounted as operational cost.

A tax percentage of 22 % is used on taxable financial income. Temporary differences related to financial assets/debts are offset when estimating deferred tax/- tax assets, which is 22 % of net temporary differences. The accounting follow the general rules of valuation for recognition.

Contingencies

Contingent losses are recognised as expense if they are probable and can be reliably measured. Contingent gains that are probable and contingent losses that are less probable are not recognised but disclosed in the annual report or in the accompanying notes.

Note 2 Payroll expenses, number of employees, remunerations

The company has no employees and therefore no legal or constructive obligations to hold a pension scheme as defined in the Norwegian pension law. There has been no remuneration to general manager or directors of the board. The company has expensed USD 6,422 excl VAT as remuneration for the auditor this financial year. No tax advisory or other services outside the audit scope have been charged from the auditor in 2020.

**Note 3 Tangible fixed assets**

	Vessel
Acquisition cost as at 1.1.	93 931 689
+ Additions during the year	340 944
= Acquisition cost as at 31.12.	94,272,633
Accumulated depreciation at 1.1.	26,337,523
Accumulated write-downs at 1.1.	18,846,606
+ Depreciation for the year	2,724,096
+ Depreciation of periodic maintenance for the year	138,864
+ Write-downs during the year	0
= Accumulated depreciation and write-downs at 31.12.	48,047,089
Carrying amount as at 31.12.	46,225,544

As at 31 December 2020 there were no indication that the carrying amount might not be recoverable. The market, although still challenging, showed signs of improving going into 2021 and the vessel will be bareboat chartered to a group company going forward. The estimated average market value obtained from two renowned shipbrokers at year end, also substantiated the carrying amount as recoverable.

Note 4 Intercompany balances

Short term receivables to group companies totals to USD 3,104,704 (2019: USD 35,300).

Short term liabilities to group companies totals to USD 41,833,693 (2019: USD 1,575,127). In December 2020 the company was part in a restructuring of the Shearwater AS group's financing arrangements. The loan facility previously held by the company was released and the company has now an outstanding liability to its holding company USD 41.156.621. As this liability is of a temporary character, no interest has been calculated in 2020.

Intercompany trade balances are subject to interest calculation if payments are unreasonably late.

Note 5 Equity

	Share capital	Share premium reserve	Retained earnings	Total equity
Equity as at 01.01.	30,474	7,740,987	-1,675,558	6,095,903
Net income for the year			1,396,246	1,396,246
Equity as at 31.12.	30,474	7,740,987	-279,312	7,492,149

Armada Seismic Invest II AS

Notes to the financial statement 2020

Note 6 Share capital

The share capital consists of 200 000 shares at NOK 1. Carrying amount of the share capital in the financial statement is USD 30,474.

Polar Ship Invest IV AS owns 100 % of the shares.

Note 7 Bank deposits

The company has no restricted tax withholdings.

Note 8 Taxes

The company qualifies for the Norwegian tonnage tax system.

	2020	2019
Tax over profit and loss:		
Tax payable	0	0
Change in deferred taxes	0	0
Tax expense/ -income	0	0
	2020	2019

The company does not capitalise deferred tax assets related to currency effects.

Note 9 Debt to credit institutions

	2020	2019
Total interest bearing debt	0	41,107,073
Interest bearing debt due within one year		5,310,532
Interest bearing debt due within five years	0	35,796,541
<i>Carrying amount of pledged assets:</i>		
Vessel	46,225,544	48,747,560

Restructuring of the financing in Shearwater GeoServices AS group resulted in the joint loan facility with its parent company Polar Ship Invest IV AS (PSI) for the vessels "SW Duke" and "SW Marquis", and Shearwater GeoServices Assets II AS (Assets II) for the vessel "SW Empress" being released. A new facility for the group was entered into by Shearwater GeoServices AS. The company's vessel "SW Duchess" is posed as security for the new facility.

Net amortised transaction cost related to the facility of USD 0 (2019: USD 49,548) is included in the loan amount above.

Note 10 Operating revenue

The company owns one vessel and the entirety of the operation revenue relates to the seismic segment. All operating revenue relates to one intercompany customer from Norway.

Note 11 Transactions with related parties

The company bareboat chartered "SW Duchess" to its parent company Polar Ship Invest IV AS throughout 2020 and 2019. Charter hire totals to USD 5,760,539 in 2020 and USD 5,730,500 in 2019.

The company bought services for accounting and other administrative services from Shearwater GeoServices Norway AS in 2020 total USD 74,319 (2019: USD 38,531).

Note 12 - Subsequent events

The Covid-19 pandemic continued to affect the Shearwater group throughout 2020. However, the uncertainty the group saw in the first half of 2020 has subsided and been replaced by improved visibility and modest optimism, and more specifically for the industry, oil prices are back at levels motivating customers to resume E&P activities and demand more seismic data. The company still expects the current market situation to prevail for the remainder of 2021.

As part of a restructuring process in the group in 2021 the operations of the company's vessel will be transferred to other entities within the group.
