

ÅRSREGNSKAPET FOR REGNSKAPSÅRET 2018 - GENERELL INFORMASJON

Enheten

Organisasjonsnummer: 998 026 016
Organisasjonsform: Aksjeselskap
Foretaksnavn: POLARCUS ADIRA AS
Forretningsadresse: Filipstad brygge 1
0252 OSLO

Regnskapsår

Årsregnskapets periode: 01.01.2018 - 31.12.2018

Konsern

Morselskap i konsern: Nei

Regnskapsregler

Regler for små foretak benyttet: Nei
Benyttet ved utarbeidelsen av årsregnskapet til selskapet: Forenklet IFRS

Årsregnskapet fastsatt av kompetent organ

Bekreftet av representant for selskapet: Erik Mogens Mathiesen
Dato for fastsettelse av årsregnskapet: 27.06.2019

Grunnlag for avgivelse

År 2018: Årsregnskapet er elektronisk innlevert
År 2017: Tall er hentet fra elektronisk innlevert årsregnskap fra 2018

Det er ikke krav til at årsregnskapet m.v. som sendes til Regnskapsregisteret er undertegnet. Kontrollen på at dette er utført ligger hos revisor/enhetens øverste organ. Sikkerheten ivaretas ved at innsender har rolle/rettighet for innsending av årsregnskapet via Altinn, og ved at det bekreftes at årsregnskapet er fastsatt av kompetent organ.

The Board of Directors' Report

1 Operations and locations

Polarcus Adira AS (the "Company") is a company with limited liability incorporated under the laws of Norway. The registration number of the Company is 998026016 and its registered office is at c/o Wikborg Rein Advokatfirma AS, Dronning Mauds Gate 11, 0250 Oslo, 0301 Oslo, Norway. The Company owns one seismic vessel, *Polarcus Adira* (the "Vessel"). The Company currently has no employees. The Company is administered by Polarcus DMCC, Dubai, United Arab Emirates which is also the domicile of the Company.

Polarcus Shipholding AS owns 100% of the share capital of the Company as at 31 December 2018. Polarcus Shipholding AS is a fully owned subsidiary of Polarcus UK Limited which is a fully owned subsidiary of Polarcus Limited, the ultimate parent company in the Polarcus Group (the "Group").

During the year ended 31 December 2018 the Vessel operated Suriname, Jamaica, Norway, UK and Mauritania. The operations in Norway and Mauritania were conducted under seismic data acquisition agreement between the Company and an external client. Operations in other locations were undertaken under short-term charter hire agreements between the Company and other Polarcus Group entities.

2 Comments related to the financial statements

Revenues of USD 42.2 million were generated from operations. The cost of sales totalled USD 39.4 million and general and administrative costs totalled USD 3.0 million. Depreciation for the year was USD 3.1 million, after which an operating loss of USD 3.3 million was reported. During the year, the terms of the Company's interest bearing debt were restructured and as a result, the Company recognized an accounting gain of USD 5.7 million. The net loss for the year amounted to USD 2.0 million after deducting USD 4.4 million in net financial expenses, primarily related to interest expenses on the long term borrowings described in the notes to the financial statements.

Cash flow from operating activities during the year was USD 8.0 million. The Company invested USD 0.7 million in additional equipment onboard the Vessel. During the year the Company raised USD 20 million in new share capital and granted a loan of USD 20 million to another Polarcus Group company. Net cash outflow in financing activities was USD 3.3 million, mainly related to the interest paid on the Company's external interest bearing debt.

3 Going concern and future outlook

In accordance with the Accounting Act § 3-3a, we confirm that the financial statements have been prepared under the assumption of going concern. This assumption is based on the Company's expectation that it will receive sufficient financial support from Polarcus Limited, the ultimate parent company in the Polarcus Group. Polarcus Limited has provided the Company with an undertaking to support the Company to meet its financial obligations for a minimum period of 12 months from the date of this report.

4 Risk Factors

The Company is exposed to various risks including but not limited to market risks related to securing customer contracts for the Vessel, operational risks such as unbillable technical downtime for the Vessel and financial risks related to repayment of financial liabilities. Please refer to Note 4 *Financial risk management* in the notes to the Financial Statements for further description of major financial risk factors.

5 The working environment and the employees

The Company had no employees during the year 2018. Polarcus DMCC, a fully owned subsidiary of Polarcus Limited provides administrative services to the Company from its office in Dubai, UAE. The crew operating the vessel is employed by other Polarcus Group companies and hired in to the Vessel on a project by project basis.

6 Environmental report

The Company's commitment to the environment has the goal of "Zero Spills" with regard to oil pollution of the marine environment and includes the commitment to recycle wherever possible, to minimize waste and emissions and to cause minimum negative impact on the environment. The Company recorded zero spills in 2018.

7 Allocation of net income

The Board of Directors have proposed the net loss of USD 1,961,000 to be allocated to Retained earnings.

Notes to the Financial Statements

1 General information

The financial statements of Polarcus Adira AS (the "Company") for the year ended 31 December 2018 were authorized for issue in accordance with a resolution of the Board of Directors on 27 June 2019.

The Company provides its marine towed streamer seismic data acquisition services to customers worldwide. The Company also leases out its vessel *Polarcus Adira* (the "Vessel") to other Polarcus Group companies under short term seismic acquisition agreements or charter hire agreements.

The Company has its registered office at c/o Wikborg Rein Advokatfirma AS, Dronning Mauds Gate 11, 0250 Oslo, 0301 Oslo, Norway. The Company is administered by Polarcus DMCC, Dubai, United Arab Emirates which is also the domicile of the Company.

As at 31 December 2018 the Company is a fully owned subsidiary of Polarcus Shipholding AS, a company incorporated in Norway. Polarcus Shipholding AS is a fully owned subsidiary of Polarcus UK Limited which is a fully owned subsidiary of Polarcus Limited, the ultimate parent company in the Polarcus Group. Polarcus Limited's consolidated audited financial statements for the year ended 31 December 2018 are publicly available on Polarcus Group's website www.polarcus.com.

2 Summary of significant accounting policies

The principle accounting policies applied in the preparation of these financial statements are set out below.

2.1 Basis of preparation

These financial statements have been prepared on a historical cost basis. The financial statements are presented in USD and all values are rounded to the nearest thousand (USD 000) except when otherwise indicated.

2.2 Statement of compliance

The financial statements of the Company have been prepared in accordance with the Norwegian Accounting Act §3-9 and regulations on simplified IFRS as set by The Norwegian Department of Finance on 21 January 2008. This means that recognition and measurement are in accordance with international accounting standards (IFRS) and the presentation and accompanying notes are in accordance with the Norwegian Accounting Act and Norwegian generally accepted accounting practice.

2.3 Foreign currency translation

2.3.1 Functional and presentation currency

These financial statements are presented in United States Dollars ("USD") which is also the Company's functional currency.

2.3.2 Transactions and balances

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognized in the income statement, except when deferred in equity as qualifying cash flow hedges.

Translation differences on non-monetary financial assets and liabilities, such as equity instruments held at fair value through profit or loss, are recognized as profit or loss as part of the fair value gain or loss.

2.4 Revenue recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable for the sale of services in the ordinary course of the Company's activities. Revenue is presented net of discounts, rebates, returns and sales taxes or duty. The Company defers the unearned component of payments received from customers for which the revenue recognition requirements have not been met.

2.4.1 Proprietary sales/contract sales

The Company performs seismic services under contract for a specific customer, whereby the seismic data is owned by that customer. The Company recognizes the revenue from proprietary contract sales as the services under the contract are performed on a proportionate performance basis over the term of each contract. Progress is measured in a manner generally consistent with the physical progress of the project, and revenue is recognized based on the ratio of the project's progress to date, provided that all other revenue recognition criteria are satisfied. Any fees paid to the Company on mobilising to or demobilising from a proprietary project is considered as part of the total revenue for that project, hence included in the revenue recognised over the term of such project. Any amount collected from the customers for which the revenue recognition criteria have not been met during the period reported, is recognized as a contract liability in the consolidated statement of financial position.

2.4.2 Charter hire revenue

Charter hire revenue arising from operating lease of the Vessel is accounted for on a straight-line basis over the leased term and is included in revenue due to its operating nature.

2.5 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and impairment charges. Cost includes expenditure that is directly attributable to the acquisition, construction or installation of the items, including borrowing costs capitalized according to the Company's policy which is described further below.

Depreciation is calculated on a straight-line basis over the useful life of the asset once the asset is ready for use. The estimated useful life of major assets is as follows:

Seismic vessel	30 Years
Streamers	8 years
Seismic equipment	3-30 Years
Maritime equipment	5-30 Years

Each component of the Vessel with a cost significant to the total cost is separately identified and depreciated on a straight-line basis over that component's economic life. Subsequent expenditures and major renovations and inspections are included in the asset's carrying amount only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repairs and maintenance costs are charged to the income statement during the financial period in which they are incurred. Dry-docking and classification costs for the Vessel are capitalized and depreciated over the period until the next expected dry-docking, normally 30 months.

The assets' residual values and useful lives are reviewed and adjusted if appropriate at least every balance sheet date. Adjustments, where applicable, are made on a prospective basis. Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are presented net in the income statement.

2.6 Leases

The determination whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date. The arrangement is assessed for whether fulfilment of the arrangement is dependent on the use of a specific asset(s) or the arrangement conveys a right to use the asset(s), even if that right is not explicitly specified in an arrangement.

2.6.1 Company as a lessor

Leases where the Company does not transfer substantially all the risks and benefits of the ownership of the asset are classified as operating leases. Initial direct costs incurred in negotiating an operating lease are added to the carrying amount of the leased assets and recognized over the lease term on the same basis as rental income.

2.7 Borrowings

Borrowings are recognized initially at fair value, net of transaction costs incurred. Borrowings are subsequently stated at amortized cost; any difference between the proceeds (net of transaction costs) and the redemption value is recognized in the income statement or capitalized in accordance with the accounting policy for borrowing costs as mentioned below, over the period of the borrowings using the effective interest method.

Interest payable on borrowings is classified as a current liability unless the Company has an unconditional right to defer settlement of the liability for at least 12 months after the balance sheet date.

2.8 Borrowing costs

Borrowing costs are recognized as an expense in the period in which they are incurred, except for borrowing costs which are directly attributable to the acquisition, construction or production of a qualifying asset. Such borrowing costs are capitalized as part of the cost of that asset.

2.9 Transit costs

Transit costs are costs related to moving the vessel from one location to another. Transit costs are deferred when it is probable that future economic inflows from the project(s) to which the vessel transits are sufficient to recover the costs of transit. If the project(s) is not able to recover all of the transit costs, only the costs that are recoverable are deferred. Transit costs deferred are charged to expense based upon the percentage of completion of the project(s).

2.10 Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks and other short-term highly liquid investments with original maturities of three months or less.

Cash and cash equivalents that are restricted for the Company's use are disclosed separately in the balance sheet and are classified as current or non-current depending on the nature of the restrictions. For the purpose of the cash flow statements, changes in restricted cash are disclosed as part of the "Investing activities".

2.11 Share capital

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction from the proceeds.

2.12 Financial assets and liabilities

Financial assets and liabilities are recognized when the Company becomes party to the contractual obligations of the instrument and are initially recognized at fair value, except trade receivables that are measured at transaction price if the trade receivables do not contain a significant financing component. Subsequent to initial measurement, financial assets and liabilities are classified as per below.

2.12.1 Financial assets and liabilities measured at fair value through profit or loss

This includes the financial assets and liabilities measured at fair value upon initial recognition with change in fair value recognized through the consolidated income statement. Subsequent to initial recognition, financial assets and liabilities in this category are measured at fair value at the end of each reporting period with unrealized gains and losses being recognized through profit or loss.

As at 31 December 2018 the Company does not have any financial liabilities that are measured at fair value through profit or loss.

2.12.2 Financial assets and liabilities measured at amortized cost

This category is the most relevant for the Company and includes trade receivables, certain loans and borrowings, and other non-derivative financial assets and liabilities with fixed or determinable payments that are not quoted in an active market. Financial assets and liabilities in this category are initially recognized at fair value, net of directly attributable transaction costs. After initial measurement financial assets and liabilities in this category are subsequently carried at amortized cost using the effective interest rate (EIR) method, less any allowance for impairment. The EIR amortization is included in finance income for receivables and finance cost for borrowings. Losses arising from impairment of accounts receivable are recognized in operating expenses.

2.12.3 Impairment of financial assets

The Company recognizes an allowance for expected credit losses (ECLs) for all financial assets not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. For trade receivables and contract assets, the Company applies a simplified approach in calculating ECLs. Therefore, the Company does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date.

2.13 Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when annual impairment testing for an asset is required, the Company estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or Cash Generating Unit's (CGU) fair value less costs to sell and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs to sell, an appropriate valuation model is used. When the carrying amount of an asset does not yet include all the cash outflows to be incurred before it is ready for use or sale, the estimate of future cash outflows includes an estimate of any further cash outflow that is expected to be incurred before the asset is ready for use or sale.

2.14 Statement of cash flows

The Company's statement of cash flows is prepared using the indirect method. Cash flows from operating activities are incorporated as a part of the cash flow statement and the cash flows are divided into operating activities, investing activities and financing activities.

2.15 Income tax

Effective 01 January 2015, the Company made a voluntary exit from Norwegian tonnage tax regime and entered into the income tax regime. Upon exit from the tonnage tax system, new tax bases has been established for the Company's assets. The tax value of the assets are set equal to the market value in order to ensure that profits accrued within the tonnage tax regime do not become subject to taxation after the company has left the tonnage tax system.

Tax expense comprises both current tax and changes in net deferred tax. Current tax includes expected current tax on the year's taxable income using tax rates existing at balance sheet date and any corrections to previous years' current tax.

Deferred tax assets and liabilities arise as a result of temporary differences existing between the values attributed to items in the financial statements and their tax-related values. These are measured at the tax rate applicable for the reporting period. The calculation of deferred tax assets and liabilities also takes into account tax losses carried forward at balance sheet date. Deferred income tax assets and liabilities are offset to the extent that current income tax assets and liabilities can be offset. Deferred tax assets are recognized in the balance sheet when it is probable that there will be sufficient future taxable profit to utilize the tax asset.

3 Critical accounting estimates, assumptions and judgments

3.1 Impairment assessment of the vessel and seismic equipment

As at 31 December 2018 the Company performed an impairment test on the carrying value of the property, plant and equipment using the Value in Use method. The impairment assessment did not indicate any impairment on the carrying value of USD 58.9 million.

The Company used VIU method for the impairment test as the alternative method, FVLCD (Fair Value Less Costs of Disposal) is not considered defensible on a standalone basis in the current market which has insufficient observable transactions for similar assets. The VIU calculation is based on the net present value of future cash flows the Company expects to generate using the assets in their current condition. The calculation requires the Company to make assumptions in the VIU test about the future earnings that the Company will generate from using the assets. These forecasts are uncertain as they require assumptions about the demand for the Company's products and services, future market conditions and future technological developments. The outcome of the VIU calculation is highly sensitive to relatively small changes in those assumptions.

4 Financial risk management

4.1 Financial risk factors

The Company is exposed to a variety of financial market and operational risks. The Company's overall financial risk management program focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the Company's financial performance.

4.1.1 Financial market risk

Fluctuations in Exchange rates and currency risks

The Company's costs are primarily in USD, though there are also some smaller costs in foreign currencies, particularly NOK, GBP and EUR. The majority of revenues are in USD. A depreciation of the USD will probably have a negative impact on margins as the Company is expected to have higher revenues than expenses denominated in USD. However, the impact of a reasonably possible change in the USD exchange rate, with all other variables held constant, on the Company's financial performance and financial position are not expected to be significant.

Long term financing of the Company is in USD.

Foreign exchange risk arises when future commercial transactions or recognized assets or liabilities are denominated in a currency that is not the entity's functional currency, which is USD.

Cash flow and fair value interest rate risk

The Company's interest-bearing financial assets with variable interest rates as at 31 December 2018 are as per below:

<i>(In thousands of USD)</i>	31-Dec-18	31-Dec-17
Loans provided to other Group companies (refer to Note 12)	20,000	-
Deposits with banks	6,485	2,470
Total	26,485	2,470

Interest earned and received on these balances fluctuates with changes in the market interest rates. Any reasonably possible changes in the market interest rates related to the above financial assets are not considered to have a significant impact on the Company's financial position.

The Company's interest-bearing financial liabilities with variable interest rates as at 31 December 2018 are as per below:

<i>(In thousands of USD)</i>	31-Dec-18	31-Dec-17
Fleet bank facility (refer to Note 9)	78,282	82,887
Interest bearing debt with variable interest rates	6,482	-
% of interest bearing debt with variable interest rates	8%	-

A hypothetical increase of LIBOR by one percentage point would increase the Company's interest expense on its debt with variable interest rates by approximately USD 0.2 million as measured at 31 December 2018.

4.1.2 Credit risk

The Company's credit risk arises mainly from trade receivables and cash and cash equivalents deposited with banks.

The Company provides its services only to recognized, credit worthy clients who are primarily multinational oil and gas companies, including companies owned in whole or in part by governments, as well as to other companies within the Polarcus Group. It is the Company's policy that all external customers who wish to trade on credit terms are subject to credit verification procedures.

For banks and financial institutions, only independently rated parties with a minimum rating of investment grade or higher are accepted by the Company. The Company's maximum exposure to credit risk for the components of the balance sheet is shown in the table below:

<i>(In thousands of USD)</i>	31-Dec-18	31-Dec-17
Receivable from customers	11,691	4,173
Receivable from other Group companies	23,459	2,432
Cash and short-term deposits	6,485	2,470
Total	41,635	9,075

4.1.3 Liquidity risk

The Company monitors its risk to a shortage of funds by regular projected cash flow forecasts which also takes into consideration the maturity of its financial assets and liabilities. Any additional funding required is expected to be provided by the parent company (or other related Group undertakings) either in the form of additional equity or as internal loans.

The table below analyses the Company's financial liabilities broken into different maturity groups based on the remaining period from 31 December 2018 to the date of contractual maturity. The amounts disclosed in the table are undiscounted contractual cash flows.

<i>(In thousands of USD)</i>	<1 year	1-2 years	3-5 years	>5 years	Total
Repayment of fleet bank facility	-	-	19,000	69,101	88,101
Interest payment for fleet bank facility	3,344	3,507	10,788	1,565	19,204
Payable to other Group companies	10,414	-	-	-	10,414
Trade and other payables	13,047	-	-	-	13,047
Total	26,805	3,507	29,788	70,666	130,766

5 Segment information

The Company provides its marine towed streamer seismic data acquisition services to customers worldwide. The Company also leases out the Vessel to other Polarcus Group companies under short term charter hire agreements. All activities of the Company are conducted and monitored as one business segment.

The Company's operating revenue earned during the year ended 31 December 2018 can be itemized as follows:

<i>(In thousands of USD)</i>	31-Dec-18	31-Dec-17
Exclusive client surveys (external customers)	40,426	23,764
Charter hire (related party)	180	9,551
Reimbursable revenue (related party)	1,500	-
Other income (insurance claims)	149	1,653
Total	42,255	34,968

The Company had one vessel, *Polarcus Adira*, in operation during the year ended 31 December 2018 and included in the property, plant and equipment. At the yearend date the Vessel was geographically located in Mauritania.

Carrying amounts	
As of 1 January 2017	79,839
As of 31 December 2017	<u>61,295</u>

The seismic vessel and equipment consist of vessel *Polarcus Adira* and the equipment on board.

7 Share capital

The Company's issued share capital as of 31 December 2018 is NOK 600,000 divided into 100,000 shares at par value of NOK 6 per share.

All issued shares have been paid in as at 31 December 2018.

<i>(In thousands of USD except for number of shares)</i>	Number of Shares	Issued Share capital	Share Premium	Total
Balance as at 1 January 2017	100,000	59	84,094	84,153
Increase in face value of shares				
30 March 2017 from NOK 4 to NOK 5, paid in at NOK 855.12 per share	-	12	9,988	10,000
Balance as at 31 December 2017	100,000	71	94,082	94,153
Increase in face value of shares				
24 April 2018 from NOK 5 to NOK 6, paid in at NOK 1,573.10 per share	-	12	19,988	20,000
Balance as at 31 December 2018	100,000	83	114,070	114,153

The holders of ordinary shares are entitled to receive dividends as and when declared by the Company. All ordinary shares carry one vote per share without restriction.

Polarcus Shipholding AS owns 100% of the paid-in share capital of the Company as at 31 December 2018. Polarcus Shipholding AS is a fully owned subsidiary of Polarcus UK Limited which is a fully owned subsidiary of Polarcus Limited, the ultimate parent company in the Polarcus Group.

8 Other financial assets and liabilities

Financial assets measured at amortized cost are as follows:

<i>(in thousands of USD)</i>	31-Dec-18	31-Dec-17
Loans to other Group companies	20,000	-
Receivable from customers	11,691	4,173
Receivable from other Group companies	3,459	2,432
Total financial assets measured at amortized cost	35,150	6,605

Financial liabilities measured at amortized cost are as follows:

<i>(in thousands of USD)</i>	31-Dec-18	31-Dec-17
Interest bearing debt - external	78,282	82,887
Payable to other Group companies	10,414	5,479
Accounts payable	7,582	790
Other accruals and payables	5,464	1,488
Total financial liabilities measured at amortized cost	101,742	90,644

8.1 Fair values

<i>(in thousands of USD)</i>	31-Dec-18		31-Dec-17	
	Carrying Amount	Fair value	Carrying Amount	Fair value
Financial assets				
Cash and deposits	6,485	6,485	2,470	2,470
Receivable from other Group companies	3,459	3,459	2,432	2,432
Loans to other Group companies	20,000	20,000	-	-
Receivable from customers	11,691	11,691	4,173	4,173
Total	41,635	41,635	9,075	9,075
Financial liabilities				
Interest bearing debt - external	78,282	65,928	82,887	73,873
Payable to other Group companies	10,414	10,414	5,479	5,479
Accounts payable	7,582	7,582	1,488	1,488
Other financial liabilities	5,464	5,464	790	790
Total	101,742	89,388	90,644	81,630

The carrying amounts of cash and deposits, accounts receivables and payables (including from and to other Group companies) and other current financial assets and liabilities approximate their fair values largely due to the short-term maturities of these instruments.

9 Interest bearing debt - external

In October 2011, several vessel owning entities within the Polarcus Group entered into a loan facility of USD 410 million with DNB and DVB Bank SE, Nordic Branch, together with Garanti-instituttet for Eksportkreditt (GIEK) and Eksportfinans ASA (the "Fleet Bank Facility"). Tranche 4 of the Fleet Bank Facility being USD 114 million was drawn by the Company and used to partly finance the construction of the Vessel.

<i>(In thousands of USD)</i>	Year ended	
	31-Dec-18	31-Dec-17
Balance at the beginning of the period	82,887	82,319
Unpaid accrued interest as at 1 January	148	-
Amortized interest and fees	1,094	568
Principal repayments	-	-
Finance costs - Interest charge	3,416	4,999
Gain on restructuring	(5,700)	-
Interest paid during the year	(3,416)	(4,851)
Unpaid accrued interest as at 31 December	(147)	(148)
Balance at the yearend	78,282	82,887
Of which:		
Current liability portion (due within 12 months)	-	82,887
Non-current liability portion	78,282	-
Total liability at the yearend	78,282	82,887
Nominal balance outstanding	86,045	86,045

Financing parties to the Fleet Bank Facility agreed to a general extension of the fixed amortization freeze until 01 January 2022 (previously 01 January 2019). All postponed amortisation payments will be added to the payment due on the final maturity date.

The lenders of the Fleet Bank Facility also agreed to reduced interest rates. All loans under the Fleet Bank Facility will continue to receive cash interest equal to the CIRR rate/floating rate that applies to the relevant loan in accordance with the pre-Restructuring agreement. The Tranche-4 of the loan, borrowed by the Company will receive a guarantee premium as per the below table along with all other tranches.

Polarcus Adira AS | 2018 Annual Report

Page | 16

Adjusted EBITDA of Polarcus Group	Interest payable under guarantee premium		
	Cash interest	Payments in kind*	Total
<35 million	0.75%	0.375%	1.125%
35-50 million	1.00%	0.375%	1.375%
50-75 million	1.75%	0.375%	2.125%
75-90 million	2.75%	0.375%	3.125%
>90 million	3.25%	0.375%	3.625%

*Payments in kind at the rate prescribed above will accrue periodically but are not payable until the final maturity date.

The net present value of future cashflows under the revised terms of the Fleet Bank Facility were USD 5.7 million lower than the carrying value as at the Restructuring date. Therefore, as per the requirements of IFRS 9, the Company recognized a gain of USD 5.7 million in 2018.

10 Finance costs

<i>(In thousands of USD)</i>	Year ended	
	31-Dec-18	31-Dec-17
Interest expense on Fleet Bank Facility (Note 9)	5,153	5,567

23% of interest limitations	716	1,255
Change not recognized deferred tax assets	(265)	5,762
Calculated tax expense	-	-

Effective 01 January 2015, the Company made a voluntary exit from Norwegian tonnage tax regime and entered the income tax regime.

Deferred tax assets on tax losses have not been recognized, as the Company does not intend to utilize the tax losses carried forward in the foreseeable future. Tax returns and calculations are made in NOK and translated into US Dollars.

12 Related-party transactions

Polarcus Shipholding AS holds 100% of the paid-in share capital of the Company as at 31 December 2018. Polarcus Shipholding AS is a fully owned subsidiary of Polarcus UK Limited and Polarcus UK Limited is a fully owned subsidiary of Polarcus Limited, the ultimate parent company in the Polarcus Group.

12.1 Transactions with other Group companies

Below is a summary of the Company's transactions with other companies in Polarcus Group during the year ended 31 December 2018 and balances due to and from other Group companies in the ordinary course of Company's business as at the yearend.

<i>(In thousands of USD)</i>	31-Dec-18	31-Dec-17
Services received	12,361	11,454
Services provided	1,680	9,551
Interest earned on intra-group loans	908	-
Purchase of in-sea equipment	-	600
Balance payable at yearend	10,414	5,479
Balance receivable at yearend	3,459	2,432

12.2 Loans to other Group companies

On 16 May 2018 the Company granted a loan of USD 20 million to Polarcus UK Limited. Interest applicable to the loan is LIBOR+4% p.a. The loan is repayable on demand by the Company or on the date insolvency or similar proceedings is being initiated in respect of the borrower.

12.3 Payments to key employees and board members

The Company had no employees during the year. No remuneration or benefits were paid to board members during the year. As the Company has no employees, it is not required to operate a defined contribution pension scheme.

12.4 Payments to auditor

Audit fee for 2018 is NOK 55,100 exclusive of VAT (2017: NOK 52,900).

13 Authorization of financial statements

The financial statements for the year ended 31 December 2018 were authorized in accordance with a resolution of the directors on 27 June 2019.

INDEPENDENT AUDITOR'S REPORT

To the Annual Shareholders' Meeting of Polarcus Adira AS

Report on the audit of the financial statements

Opinion

We have audited the financial statements of Polarcus Adira AS, which comprise the statement of financial position as at 31 December 2018, statement of comprehensive income and the statements of cash flows and changes in equity for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements have been prepared in accordance with laws and regulations and present fairly, in all material respects, the financial position of the Company as at 31 December 2018 and its financial performance and cash flows for the year then ended in accordance with the Norwegian Accounting Act §3-9 and regulations on simplified IFRS as set by The Norwegian Department of Finance.

Basis for opinion

We conducted our audit in accordance with laws, regulations, and auditing standards and practices generally accepted in Norway, including International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's *responsibilities for the audit of the financial statements* section of our report. We are independent of the Company in accordance with the ethical requirements that are relevant to our audit of the financial statements in Norway, and we have fulfilled our ethical responsibilities as required by law and regulations. We have also complied with our other ethical obligations in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

Other information consists of the information included in the Company's annual report other than the financial statements and our auditor's report thereon. The Board of Directors and Chief Executive Officer (management) are responsible for the other information. Our opinion on the financial statements does not cover the other information, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information, and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with simplified IFRS, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the

Building a better
working world

going concern basis of accounting, unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. As part of an audit in accordance with law, regulations and generally accepted auditing principles in Norway, including ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also

- ▶ identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- ▶ obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control;
- ▶ evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management;
- ▶ conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern;
- ▶ evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other legal and regulatory requirements

Opinion on the Board of Directors' report

Based on our audit of the financial statements as described above, it is our opinion that the information presented in the Board of Directors' report concerning the financial statements, the going concern assumption and proposal for the allocation of the result is consistent with the financial statements and complies with the law and regulations.

Building a better
working world

Opinion on registration and documentation

Based on our audit of the financial statements as described above, and control procedures we have considered necessary in accordance with the International Standard on Assurance Engagements (ISAE) 3000, *Assurance Engagements Other than Audits or Reviews of Historical Financial Information*, it is our opinion that management has fulfilled its duty to ensure that the Company's accounting information is properly recorded and documented as required by law and bookkeeping standards and practices accepted in Norway.

Tillatelse til å utarbeide årsregnskap og årsberetning på engelsk språk for Polarcus Adira AS, org. nr. 998 026 016

Det vises til deres brev mottatt 26. juni 2013 der det søkes om dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk for Polarcus Adira AS.

Skattedirektoratet gir på bakgrunn av en konkret behøvsvurdering Polarcus Adira AS dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk, jf. regnskapsloven § 3-4 tredje ledd.

Dispensasjonen forutsetter at opplysningene som vedtaket baserer seg på ikke endres vesentlig.

Bakgrunn

Polarcus Adira AS ble stiftet 8. februar 2012 og registrert i Foretaksregisteret 6. mars 2012. Polarcus-gruppens konsernspiss er etablert på Cayman Islands. Her er også de fleste av gruppens selskaper etablert. Polarcus Adira AS er 100 % eiet av Polarcus Shipholding AS som igjen er 100 % eid av Polarcus UK Limited, et engelsk selskap, som igjen er eiet av konsernspiss Polarcus Limited. Gruppen ble notert på Oslo Børs Axess den 30. september 2009 og på Oslo Børs Primærliste 20. juni 2012. Tidligere har andre norske konsernselskaper fått tillatelse til å benytte engelsk språk. Selskapet har ingen ansatte og er finansiert gjennom egenkapital og lån fra morselskapet og konsernspiss. Selskapet er et seismikkelskap. Dette er en internasjonal bransje og alle sentrale aktører og samarbeidspartnere innen denne bransjen behersker og benytter engelsk. Selskapet har engelsk som arbeidsspråk. En norsk øversettelse vil kun ha til formål å oppfylle regnskapslovens språkkrav.

Skattedirektoratets vurdering

Etter regnskapsloven § 3-4 tredje ledd skal "årsregnskapet og årsberetningen ... være på norsk. Departementet kan ved ... enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk."

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap m.v., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

Føleadresser Postboks 4200 Grønland 0403 Oslo For elektronisk henvendelse se www.skatteetaten.no	Besøksadresse Se www.skatteetaten.no Org.nr. 99825016	Sentralbord 800 40 400 Trosselsk 22 17 08 63
--	--	---

2018010543 Side 2 av 2

"Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i samfunnsøkonomien skal bli best mulig. Gode regnskaper vil også gjøre det vanskeligere for markedsdeltakere å ta ut spekulasjonsgevinster med basis i skjevt fordelt informasjon."

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til "informative regnskaper for ulike grupper av regnskapsbrukere". Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte og lokalsamfunnet.

Det er etter Skattedirektoratets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Det er særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I denne vurderingen har Skattedirektoratet lagt særlig vekt på at selskapet er indirekte eiet av et utenlandsk selskap. Eierkretsen er således begrenset. Selskapet har ingen omsatte og er finansiert gjennom egenkapital og lån fra morselskapet og konsernspiss. Selskapets arbeidsspråk er engelsk og all kommunikasjon skjer på engelsk. Videre er det vektlagt at selskapet driver virksomhet i en internasjonal bransje der alle aktører behersker og benytter engelsk språk.

Ventligst oppgi vår referanse ved henverdsler i saken.

Med hilsen

Rune Tystad
seniorrådgiver
