To the General Meeting of Abax Midco AS

Independent Auditor's Report

Opinion

We have audited the financial statements of Abax Midco AS (the Company), which comprise the balance sheet as at 31 December 2022, the income statement and cash flow statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion

- the financial statements comply with applicable statutory requirements, and
- the financial statements give a true and fair view of the financial position of the Company as at 31 December 2022, and its financial performance and its cash flows for the year then ended in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway.

Basis for Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Company as required by relevant laws and regulations in Norway and the International Ethics Standards Board for Accountants' International Code of Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The Board of Directors (management) is responsible for the information in the Board of Directors' report. The other information comprises information in the annual report, but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the information in the Board of Directors' report.

In connection with our audit of the financial statements, our responsibility is to read the Board of Directors' report. The purpose is to consider if there is material inconsistency between the Board of Directors' report and the financial statements or our knowledge obtained in the audit, or whether the Board of Directors' report otherwise appears to be materially misstated. We are required to report if there is a material misstatement in the Board of Directors' report. We have nothing to report in this regard.

Based on our knowledge obtained in the audit, it is our opinion that the Board of Directors' report

- is consistent with the financial statements and
- contains the information required by applicable statutory requirements.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern. The financial statements use the going concern basis of accounting insofar as it is not likely that the enterprise will cease operations.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

Financial Statements 2022

Notes 2022

Note 0 - Accounting principles

The financial statements have been prepared in compliance with the Norwegian Accounting Act and Norwegian generally accepted accounting principles (NGAAP) in effect at December 31, 2022.

Tax

Current tax is the estimated tax payable or receivable on the taxable income or loss for the year, and any adjustments to tax payable for previous years. Deferred tax includes the effect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax also includes the carry forward of unused net operating losses and credits.

Current and deferred tax amounts are determined using rates and laws that have been enacted or substantially enacted at the reporting date or are expected to apply when temporary differences reverse. Net deferred tax assets are recognized to the extent that it is probable that future taxable profit will be available against which deferred amounts can be utilized.

Deferred income tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and the Group intends to settle its current tax assets and liabilities on a net basis.

Classification and valuation of current assets

Assets and liabilities are classified as current when they are expected to be realized or settled within 12 months after the reporting date. Current assets are valued at the lower of acquisition cost and fair value.

Shares in subsidiaries

Subsidiaries are valued using the cost method in the company accounts. The investment is valued at acquisition cost for the shares unless a write-down has been necessary. A write-down to fair value is made when a fall in value is due to reasons that cannot be expected to be temporary and such write-down must be considered as necessary in accordance with good accounting practice. Write-downs are reversed when the basis for the write-down is no longer present.

Dividends, group contributions and other distributions from subsidiaries are posted to income in the same year as provided for in the distributor's accounts. To the extent that dividends/ group contributions exceed the share of profits earned after the date of acquisition, the excess amounts represents a repayment of invested capital, and distributions are deducted from the investment's value in the balance sheet of the parent company.

Receivables

Receivables from customers and other receivables are entered at par value after deducting a provision for expected losses. The provision for losses is made on the basis of an individual assessment of the respective receivables.

DIRECTORS REPORT 2022 – ABAX Midco AS

For the period 01/01/2022 – 31/12/2022

THE NATURE OF THE BUSINESS AND LOCALIZATION

ABAX Midco AS is owned 100% by Abax Invest AS. Abax Midco AS is a holding company with the purpose of holding 100% of the share capital in Abax Group AS.

ABAX Midco AS operates from the headquarter in Larvik, Norway. The visiting address is Hammergata 20, 3264 Larvik.

ABAX helps its customers to digitalize their operations by connecting their assets to their processes and making real-time operational data available. By improving its customers' resource utilization, ABAX is also a major contributor to its customers' cost efficiency and carbon footprint improvements

ANNUAL ACCOUNTS

Profit and loss

The company had annual net loss of 38.224.667 NOK in the year ending 2022, compared to a net loss of 27.703.551 NOK in 2021.

ABAX Midco AS has no research and development activities on its own as all research and development activities are carried out by operational subsidiaries.

Balance Sheet and Liquidity

The company's balance sheet containing its core investment in Abax Group AS, has grown from 1.940.321.782 NOK to 1.944.747.577 NOK, during the financial year 2022.

Liquidity is ultimately dependent on the operating results of its sub-entities, and as a result of proper planning and forecasting of the subscriptions under contract, and the collection of that revenue, liquidity is assessed as good.

Cashflow from operating activities amounted to -69.938 NOK at 31 December 2022, compared to -2.802.823 NOK on 31 December 2021. Cashflow from operating activities is derived from the operating result for the year, adjusted for various items as detailed in the cashflow.

RISK FACTORS

Financial risk

The company is exposed to financial risk in various areas, including currency risk. The goal is to mitigate the financial risk to a satisfactory level. The company's current strategy does not include the use of financial instruments, however, this matter is to be reviewed by the Board.

The company is also exposed to changes in interest rates, since the group's debt has floating

interest rates. Furthermore, changes in interest rates affect investment opportunities in the future.

Liquidity risk

The liquidity going forward is assessed as good. The majority of the group's revenue is coming from subscriptions with standard contract length of three years. Combined with a low customer churn, it provides a high degree of accuracy in revenue forecasting.

GOING CONCERN

The Board of Directors confirms that the Financial Statements have been prepared under the assumption that the group is a going concern and that this assumption was realistic at the date of the accounts. This assumption is based on profit forecasts for the year 2023 plus ABAX's long-term strategic plans. We can therefore conclude that ABAX Midco AS is in a healthy financial position.

The Board stresses that there is uncertainty related to the assessment of future conditions

WORKING ENVIRONMENT AND PERSONNEL

ABAX Midco AS has no employees.

EQUALITY POLICY

ABAX Midco AS has no employees.

DISCRIMINATION

ABAX Midco AS has no employees.

EXTERNAL ENVIRONMENT

ABAX Midco AS is a holding-company and has no operations in itself.

ENVIRONMENTAL REPORTING

ABAX Midco AS is not regulated by licenses or restrictions.

TRANSPARENCT ACT

The Norwegian Transparency Act came into effect in June 2022. It requires that companies carry out due diligence activities that will ensure they are operating responsibly, respecting human rights and decent working conditions. As part of ABAX's continuous improvement governance policy, we updated the procurement policy during the year. This was a first step on the road to the public declaration of our due diligence results in June 2023. The report will be published on our webpage.

DIRECTORS INSURANCE

ABAX has purchased insurance for the Board of directors and the general manager with QBE Europe SA/NV. The insurance covers all directors and officers of the Group, and policy is governed by and interpreted by the laws of Norway.

Selskapene inngår i Abax gruppen. Totalt eies ca. 89 % av aksjene i Abax gruppen av et profesjonelt britisk investeringsselskap, resterende er i all hovedsak ansatte i selskapet (både norske og utenlandske). Abax er et internasjonalt konsern med virksomhet i flere land og med profesjonelle kontraktspartnerer. Det forventes vekst i utland, og Abax' konkurrenter er i all hovedsak utenlandske. Det interne og eksterne arbeidsspråk er engelsk. Alle sentrale aktører og samarbeidspartnere behersker og benytter engelsk. En norsk oversettelse vil kun ha til formål å oppfylle regnskapslovens språkkrav.

Skattedirektoratets vurdering

Etter regnskapsloven § 3-4 tredje ledd skal *”årsregnskapet og årsberetningen ... være på norsk. Departementet kan ved ... enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk.”*

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap m.v., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

”Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i samfunnsøkonomien skal bli best mulig. Gode regnskaper vil også gjøre det vanskeligere for markedsdeltakere å ta ut spekulasjonsgevinster med basis i skjevt fordelt informasjon.”

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til *“informative regnskaper for ulike grupper av regnskapsbrukere”*. Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte og lokalsamfunnet.

Det er etter Skattedirektoratets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Det er særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I denne vurderingen har Skattedirektoratet lagt vekt på at morselskapet er et utenlandsk selskap. Eierkretsen er begrenset. Selskapene opererer i en internasjonal bransje. Arbeidsspråket er engelsk. Videre er det vektlagt at alle sentrale aktører og samarbeidspartnere behersker og benytter engelsk.
