INDEPENDENT AUDITOR'S REPORT

To the Annual Shareholders' Meeting of Wirescan AS

Opinion

We have audited the financial statements of Wirescan AS (the Company), which comprise the balance sheet as at 31 December 2022, the income statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion the financial statements comply with applicable legal requirements and give a true and fair view of the financial position of the Company as at 31 December 2022 and its financial performance for the year then ended in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Company in accordance with the requirements of the relevant laws and regulations in Norway and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management for the financial statements

Management (the board of directors and the general manager) is responsible for the preparation and fair presentation of the financial statements in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

Building a better
working world

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**Tillatelse til å utarbeide årsregnskap og årsberetning på engelsk språk for
Wirescan AS, org. nr. 988 777 102**

Vi viser til deres brev av 7. juni 2016 der det søkes om dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk for Wirescan AS.

Skattedirektoratet gir på bakgrunn av en konkret helsevurdering Wirescan AS dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk, jf. regnskapsloven § 3-4 tredje ledd. Dispensasjonen forutsetter at opplysningene som vedtaket baserer seg på ikke endres vesentlig.

Kopi av dette brevet må sendes Regnskapsregisteret i Brønnøysund sammen med årsregnskapet. Det påligger den regnskapspliktige å dokumentere ved dette brev at tillatelsen er gitt.

Bakgrunn

Majoriteten av selskapets eiere er utenlandske. Styret har utenlandske medlemmer. Selskapet driver med teknisk konsulentvirksomhet. Samtlige av kundene befinner seg i utlandet. Dette er en internasjonal bransje og alle sentrale aktører og samarbeidspartnere behersker og benytter engelsk. En norsk oversettelse vil kun ha til formål å oppfylle regnskapslovens språkkrav.

Skattedirektoratets vurdering

Etter regnskapsloven § 3-4 tredje ledd skal "årsregnskapet og årsberetningen ... være på norsk. Departementet kan ved ... enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk."

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap m.v., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

"Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i samfunnsøkonomien skal bli best mulig. Gode regnskaper

vil også gjøre det vanskeligere for markedsdeltakere å ta ut spekulasjonsgevinster med basis i skjevt fordelt informasjon.”

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til “informative regnskaper for ulike grupper av regnskapsbrukere”. Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte og lokalsamfunnet.

Det er etter Skattedirektoratets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Det er særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I denne vurderingen har Skattedirektoratet lagt særlig vekt på at majoriteten av selskapets eiere er utenlandske. Styret har utenlandske medlemmer. Videre er det vektlagt at selskapet driver virksomhet i en internasjonal bransje der alle aktører behersker og benytter engelsk språk.

Vennligst oppgi vår referanse ved henvendelser i saken.

Trolaasen, 5 June 2023

Notice of Annual General Meeting

Wirescan achieved 20% growth in sales revenue in 2022 to NOK 15 million and continued the change in revenue mix. Revenue from software as a service (SaaS) increased from 10% of sales revenue in 2021 to 20% in 2022. Growing the recurring revenue base from SaaS and products remains a key priority in 2023. The EBITDA increased by 24% to NOK 5.6 million in 2022. The cash flow was positive by NOK 1 million in 2022.

Please find enclosed the submission of matters – simplified deliberation by the general meeting. This means that the annual general meeting will be held without an in-person meeting, where shareholders are invited to cast their votes by e-mail.

The shareholders are requested to submit within 19th June 2023 at 12:00 whether they oppose the said method of deliberation and to vote on the proposals. It must be clearly stated whether or not the proposals, items 1 to 4, are supported. The attached form may be signed and used for submitting the vote.

The agenda is:

1. Approval of annual accounts and report, including distribution of dividends
2. Remuneration for the Company's Board of Directors
3. Remuneration for the Company's Auditor
4. Election of Board of Directors

Please reply by e-mail to: finance@wirescan.no

Wirescan AS

Address: Rosenholmveien 25, 1414 TROLLAASEN Org.nr: 988 777 102 MVA

Business: Annen teknisk konsulentvirksomhet

The business

Wirescan AS provides cable condition monitoring services and products based on the patented LIRA Technology. The Wirescan Digital cloud-based service offers customers cable data storage as well as analysis and reporting, enabling customers to make better decisions for operations, maintenance and repair or replacement. Customers may feed data into the system on a continuous basis from Wirescan's permanently installed sensor systems (LIRA Live), or from ad-hoc measurements by Wirescan's portable equipment (LIRA One / Go). Expanding the customer base with recurring revenue remains a key priority. A key driver for recurring revenue is the number of cables monitored in the Wirescan Digital platform, which has grown from around 50 to 75 through 2022 and further to around 100 so far in 2023. The number of customers using Wirescan Digital has increased to seven and include offshore wind, onshore wind, solar energy and oil&gas. The customers are leading players in the renewable energy space and represent a solid base for further expansion. Wirescan has continued its efforts to add value to the Wirescan Digital service by further improvements in the application.

Financial performance

Sales revenue in 2022 was NOK 15 million (13.5 million in 2021). SaaS revenue (Wirescan Digital + software license fees for LIRA One and LIRA Live) continued its strong growth in 2022 with 140% and 450% growth respectively. SaaS represented 20% of sales revenue in 2022, compared with 10% in 2021. LIRA Live increased from 3% of the total in 2021 to 15% in 2022. NOK 0.8 million in other income (1 million in 2021) is public grants to support research and development activities. The EBITDA was NOK 5.6 million (4.5 million in 2021). The net profit was NOK 2.6 million (net profit of 2.3 million in 2021). The cash flow in 2022 was positive by 1 million NOK. As per year-end total assets were NOK 38 million, and the equity 36.1 million. The line of credit has been increased from 4 to 10 million in 2023, and there was no draw of the line of credit as per year-end 2022.

A going concern

Based on the business outlook and the financial reserves, there has not been identified any material uncertainties that may cast significant doubt about the ability of Wirescan to continue as a going concern. The financial statements have therefore been prepared on a going concern basis.

Working environment

The Board of Directors finds that working conditions are satisfactory. Sickness absence in 2022 remained around 1%. There were no work-related accidents with injury to any of the employees during 2022. Wirescan employed about 7 man-years in 2022, including contractors.

DocuSign Envelope ID: 8B0FE8B8-34A8-4481-8066-0F692555EABC

Equal opportunities

Wirescan has one female employee and five male employees.

Environment

The company is not considered to pollute the external environment.

WIRESKAN AS

Notes to the accounts for 2022

Note - 1 Accounting Principles

The annual report is prepared according to the Norwegian Accounting Act 1998 and generally accepted accounting principles for small companies.

The company has obtained approvals to file its annual report in English.

Going concern

Based on the financial position as per year-end 2022 and the business outlook, Wirescan is projecting revenue growth but expecting negative cash flow in 2023. The company further has increased the undrawn credit facility line. According to the Norwegian Accounting Law §3-3, it is confirmed that present conditions allow for continued operation and that the company has sufficient liquidity to settle its obligations and commitments.

Sales revenue

Sales revenues are recognized at the time of delivery. Revenue from services are recognized at execution. The share of sales revenue associated with future services are recorded in the balance sheet as deferred sales revenue, and are recognized at the time of execution.

Balance sheet classification

Net current assets comprise creditors due within one year, and entries related to goods circulation. Other entries are classified as fixed assets and/or long term creditors.

Current assets are valued at the lower of acquisition cost and fair value. Short term creditors are recognized at nominal value.

Fixed assets are valued by the cost of acquisition, in the case of non incidental reduction in value the asset will be written down to the fair value amount. Long term creditors are recognized at nominal value.

Inventories

Inventories are valued at the lower of cost or market value. Cost is estimated using the FIFO method. Finished goods and work in progress are valued at full production cost. Write-downs are carried out for foreseeable obsolescence.

Property, plant and equipment

Property, plant and equipment is capitalized and depreciated over the estimated useful economic life. Direct maintenance costs are expensed as incurred, whereas improvements and upgrading are assigned to the acquisition cost and depreciated along with the asset. If carrying value of a non-current asset exceeds the estimated recoverable amount, the asset is written down to the recoverable amount. The recoverable amount is the greater of the net selling price and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value.

Research and development

Research and development costs are capitalized providing that a future economic benefit associated with development of the intangible asset can be identified. Otherwise, the costs are expensed as incurred. Capitalized research and development are amortized linearly over the economic lifetime. Amortization commence when the asset is ready for use.

Grants from the Research Council in Norway ("Forskningsrådet") or from the SkatteFUNN R&D Tax incentive scheme has been recorded as other operating income.
