Seaway Falcon AS

Annual Report

2021

Seaway Falcon AS – Org. no. 888 891 072

Seaway Falcon AS

Board of Directors' report

The Business

In February 2022 the Company changed its name from OHT Falcon AS to Seaway Falcon AS.

The Company provides heavy transport services mainly for the Oil & Gas and offshore industry, offshore renewables as well as heavy construction and other industries requiring transportation of outsize cargos. The Company's semi-submersible heavy transport vessel, Falcon, is capable of transporting some of the largest and heaviest cargos possible to transport by sea in the world today. The Company's headquarter is in Oslo, Norway.

Results and Financial Position – USD thousands

Operating revenues were 14 113 in 2021 (2020: 7 087). Operating profit was 1 401 (operating loss was 2 478 in 2020). Net profit ended on 1 206 (net loss was 2 604 in 2020).

Total assets amounted to 24 724 at year end 2021, up from 17 939 at year end 2020. Total equity was 13 322 at year end 2021 which gives an equity ratio of 53,9%.

Risk factors

The main risk factors for the Company include market risks, operational risks and financial risks.

Market risks include risks associated with the demand and supply for the Company's services as well as political risks.

The Company's operational risks include perils particular to marine operations, including loss of cargo, capsizing, grounding, collision and loss and damage to the vessels from harsh weather conditions.

The risk of increased bunkers prices is normally secured in the freight agreements. If not, hedging contracts are employed.

The Company is exposed to financial risks such as interest rate changes and currency exchange rate fluctuations, as well as credit risk and liquidity risk related to customers and other financial counterparties being unable to honor their obligations.

Going concern

The Board of Directors assesses that the equity and liquidity situation of the Company is satisfactory based on the plans for the Company's business going forward and budgets for the coming year.

These financial statements are prepared on basis of the going concern assumption. The Board of Directors confirms that the assumption is valid.

Allocation of results

The Board of Directors proposes the following allocation of the years' net profit of USD 1 206 000:

Allocated to other equity: 1 206 000

Seaway Falcon AS

Health, safety and environment (HSE)

The Company's objective is to ensure safe and secure operations. The business operates in compliance with national and international requirements and regulations.

There have been no oil spills in 2021.

To reduce emissions from the vessels and prepare for IMO 2020, exhaust gas scrubber was installed on Falcon in 2020.

The Company aims to be a workplace free from discrimination on the basis of gender, race or religion on matters such as pay, promotion and recruitment, and aims to offer equal opportunities to men and women.

True and fair view

It is the view of the Board of Directors that these financial statements give a true and fair view of the results and cash flows during 2021 and the financial position at 31 December 2021.

Seaway Falcon AS

Notes to financial statements

General information

In February 2022 the Company changed its name from OHT Falcon AS to Seaway Falcon AS.

Note 1 Accounting principles

General

These financial statements have been prepared in accordance with the 1998 Norwegian Accounting Act and generally accepted accounting principles in Norway (N-GAAP).

Unless otherwise expressed, all amounts in these notes are in USD thousands.

Revenue recognition

Revenues from voyage charters are recognized based on percentage of completion over the estimated length of each voyage, on a load-to-discharge basis. Distribution of voyage expenses are based on the same principles.

Use of estimates

The preparation of financial statements in accordance with N-GAAP requires management to make judgments, estimates and assumptions that may affect assets, liabilities, revenues, expenses and information in notes to the financial statement. Estimates are management's best assessment based on information available at the date the financial statements are authorized for issue. Actual results may differ from these estimates. Such changes will be recognized when new estimates can be determined with certainty.

General rules for valuing and classifying assets and liabilities

Current assets and short-term liabilities include items due less than one year from the balance sheet date, and items related to the operating cycle. Other assets are classified as non-current assets. Financial liabilities are presented as current if the liability is due to be settled within 12 months after the financial position date, whereas liabilities with the legal right to be settled more than 12 months after the financial position date are classified as non-current.

Current assets are valued at the lower of cost or net realizable value. Short-term debt is recorded in the balance sheet at the nominal amount at the time the debt is established. Non-current assets are valued at cost but are written down to net realizable value if a reduction in value is not expected to be of a temporary nature. Fixed assets with a limited useful life are depreciated according to a straight-line depreciation plan over its useful life.

Vessels

Vessels are stated at historical cost less accumulated depreciation and impairment losses, if any. Depreciation is calculated on a straight-line basis over the vessel's useful life, taking residual values into consideration. Impairment losses will be recognized when the vessels carrying amount exceeds its recoverable amount. Recoverable amount is the higher of net realizable value and value in use.

Periodic maintenance

Costs related to major inspections/classification (dry-docking) are recognized as part of the carrying amount of the vessels if certain recognition criteria are satisfied. The recognition is made when the dry-docking has been performed and is depreciated based on estimated time to the next dry-docking. Any remaining carrying amount of the cost of the previous inspection is derecognized.

Receivables

Current trade receivables and other receivables are recorded at their nominal value less provisions for bad or doubtful debt.

Seaway Falcon AS

Inventory

Inventory mainly comprise fuel and lube oils on board. Inventory is recognized at its cost. Consumption is recognized using the first-in-first-out principle.

Currency

The financial statements are presented in USD, which is the Company's functional currency. Transactions in foreign currencies are recorded at the exchange rate in effect at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated at the exchange rate at the financial position date. Non-monetary items that are measured at historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

Ordinary taxation

The Company qualifies for taxation under the Norwegian tonnage tax regime, which means operating profit and loss is exempt from taxation/non-deductible. Companies in the tonnage tax regime are paying income tax based on their interest income after deduction of financial expenses and a portion of interest expenses. A portion of net currency gains or losses are also added or deducted. These portions are calculated based on the financial assets/total assets ratio. Tonnage tax is calculated based on the vessels net tonnage and expensed as an operating expense.

Cash flow statement

The cash flow statement is prepared based on the indirect method.

Related parties

Information on, and transactions with, related parties are disclosed in connection with the relevant accounting item or in the appropriate place of the interim report.

INDEPENDENT AUDITOR'S REPORT

To the Annual Shareholders' Meeting of Seaway Falcon AS

Opinion

We have audited the financial statements of Seaway Falcon AS (the Company), which comprise the balance sheet as at 31 December 2021, the income statement and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion the financial statements comply with applicable legal requirements and give a true and fair view of the financial position of the Company as at 31 December 2021 and its financial performance and cash flows for the year then ended in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Company in accordance with the requirements of the relevant laws and regulations in Norway and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other matters

The financial statements for the year ended 31 December 2020, were audited by another auditor who expressed an unmodified opinion on those statements on 7 May 2021.

Other information

Other information consists of the information included in the annual report other than the financial statements and our auditor's report thereon. Management (the board of directors and the general manager) is responsible for the other information. Our opinion on the financial statements does not cover the other information, and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information, and, in doing so, consider whether the board of directors' report contains the information required by legal requirements and whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information or that the information required by legal requirements is not included, we are required to report that fact.

We have nothing to report in this regard, and in our opinion, the board of directors' report is consistent with the financial statements and contains the information required by applicable legal requirements.

Responsibilities of management for the financial statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway, and for such internal control as management determines is necessary to enable the

Building a better
working world

preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Dispensasjon fra kravet om å utarbeide årsregnskap på norsk

Vi viser til deres søknad om dispensasjon fra kravet om å utarbeide årsregnskap og årsberetning på norsk for OHT FALCON AS, org.nr 888891072.

Skattekontoret gir på bakgrunn av en konkret helhetsvurdering selskapet dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk, jf. regnskapsloven § 3-4 tredje ledd. Dispensasjonen forutsetter at engelsk språk benyttes i stedet ved utarbeidelsen, og at øvrige opplysninger som vedtaket baserer seg på, heller ikke endres vesentlig.

Kopi av dette brevet må sendes Regnskapsregisteret i Brønnøysund sammen med årsregnskapet. Det påligger den regnskapspliktige å dokumentere ved dette brev at tillatelsen er gitt.

Bakgrunn

Fra søknaden siteres:

"Vi søker herved om dispensasjon til å utarbeide årsregnskap og årsberetning på engelsk i henhold til regnskapsloven § 3-4 3. ledd hvor det fremgår at dispensasjon vedrørende språk kan gis ved enkeltvedtak. Det søkes om dispensasjon fra og med regnskapsåret som blir avsluttet 31. desember 2020.

Selskapet har til formål å drive offshorevirksomhet og dermed beslektet virksomhet inkludert skipsfart. Innenfor formålet er også å drive erverv, forvaltning, belåning og salg av kapitalgjensstander innenfor offshore og shippingvirksomhet.

Selskapet er datterselskap i OHT-konsernet. Konsernet driver internasjonal skipsfart og virksomhet knyttet til installasjon av vindmøller til havs. Dette er internasjonale bransjer hvor kunder, leverandører og kreditorer er avhengig av engelsk språk for å forstå virksomheten, samt dens resultater og finansielle stilling. Selskapet er notert på Euronext Growth Oslo (merkur market) med delvis spredt eierskap til internasjonale institusjonelle investorer.

Norsk versjon av årsregnskap og årsberetning vil eventuelt kun bli utarbeidet for å tilfredsstille regnskapsloven. Gitt det omfattende arbeidet en full oversettelse innebærer synes ikke nytten å forsvare ressursbruken. Vi søker derfor om dispensasjon."

Skattekontorets vurdering

Etter regnskapsloven § 3-4 tredje ledd skal *"årsregnskapet og årsberetningen ... være på norsk. Departementet kan ved ... enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk."*

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap mv., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i samfunnsøkonomien skal bli best mulig. Gode regnskaper vil også gjøre det vanskeligere for markedsdeltakere å ta ut spekulasjonsgevinster med basis i skjevt fordelt informasjon.

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til *"informative regnskaper for ulike grupper av regnskapsbrukere"*. Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte, kunder og lokalsamfunnet.

Det er etter skattekontorets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Som nevnt ovenfor er det særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonssøknad. I dette tilfellet er det opplyst at selskapet opererer i en internasjonal bransje hvor kunder, leverandører og kreditorer er avhengig av engelsk språk for å forstå virksomheten, samt dens resultater og finansielle stilling. Selskapet er i tillegg notert på Euronext Growth Oslo med delvis spredt eierskap på internasjonale investorer. Skattekontoret finner at disse forholdene samlet tilsier at dispensasjon fra kravet om å utarbeide årsregnskap og årsberetning på norsk kan gis.
