KCA DEUTAG Holdings Norge AS

Directors' report for the year ended 31 December 2024

The directors submit their annual report to the members together with the audited accounts of the Company for the year ended 31 December 2024.

Directorate

The directors in office at the date of this report and who served during the year are as follows:

O Maier
A Hogg (resigned 6 November 2024)
T Anhøj
J Porter (appointed 6 November 2024)

The business, operations and prospects

KCA DEUTAG Holdings Norge AS was incorporated on 11 November 2004, and the Company's registered office is in Bergen, Norway. The Company is a holding company and owns 100% of the shares of KCA DEUTAG Drilling Norge AS and Abbot Holdings Norge AS.

In the short and long term it is expected that the subsidiary KCA DEUTAG Drilling Norge AS will continue to trade profitably. The other subsidiary is Abbot Holdings Norge AS, a holding company which does not trade. It is expected that the subsidiaries which represent the investments held by Abbot Holdings Norge AS will trade profitably in the future. The prospects are positive within the Company's subsidiaries, both in the short and long term.

Going concern

The Company has net assets of NOK 427,090 (2023: NOK 514,081), and its funding is dependent upon the overall funding positioning of the KCA Deutag International Group. The Group regularly monitors its funding position throughout the year to ensure that it has access to sufficient funds to meet its forecast cash requirements. Forecasts are regularly produced to give management's best estimates of forward liquidity, leverage and forecast covenant compliance as defined in the Group's loan documentation. This is done to identify risks to liquidity and covenant compliance and to enable management to formulate appropriate and timely mitigation strategies.

Subsequent to the year end, KCA Deutag International Limited and its subsidiaries ("the Group") were sold to HP Global Holdings Limited, a subsidiary of Helmerich and Payne LLC. As part of the transaction, the majority of the Group's external debt has been repaid replaced by an intercompany loan from Helmerich and Payne LLC.

The Directors have considered the going concern period to 30 September 2026. In assessing whether the financial statements for the Group should be prepared on the going concern basis, the Directors have considered current market conditions and the outlook for the Group.

Whilst the Group is expected to generate positive cashflows within the going concern period, the funding of the Group is dependent upon the overall funding position of Helmerich & Payne ("the H&P Group"). The H&P Group regularly monitors its funding position throughout the year to ensure that it has access to sufficient funds to meet its forecast cash requirements.

Forecasts are regularly produced to give management's best estimates of forward liquidity, leverage and forecast covenant compliance as defined in the Group's loan documentation. This is done to identify risks to liquidity and covenant compliance and to enable management to formulate appropriate and timely mitigation strategies.

For the Group to continue as a going concern, it is reliant upon the provision of financial support from its parent. As such, the Directors have obtained written confirmation that the H&P Group intend to support the Group through the going concern period.

Risk

Recognising and managing risk is an inherent part of the management culture. For further information on risk see note 2.

KCA DEUTAG Holdings Norge AS

Directors' report for the year ended 31 December 2024 (continued)

Health, security, environmental and corporate governance

The Company's business is that of a holding company and other than through its subsidiaries is not exposed to any environmental matters.

The Company has no employees. The Board and management will work to establish equal positions and opportunities for men and women in the Board.

Income statement and balance sheet

The profit for the year is NOK 167,008k (2023: NOK 1,136,015k). Of the Company's liabilities, NOK 1,583k (2023: NOK 182k) are due within one year from balance sheet date.

During the year the company paid a dividend of NOK 254,000k.

Annual result and year-end appropriations

The board proposes the following appropriation of the annual result:

Total appropriation	(NOK 167,008,000)	(2023: NOK 1,136,015,000)
---------------------	-------------------	---------------------------

The Company's positive equity at 31 December 2024 is	NOK 427,090,000	2023: NOK 514,081,000

To the General Meeting in Kca Deutag Holdings Norge AS

INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the financial statements of Kca Deutag Holdings Norge AS (the Company), which comprise the balance sheet as at 31 December 2024, the income statement and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion

- the financial statements comply with applicable statutory requirements, and
- the financial statements give a true and fair view of the financial position of the Company as at 31 December 2024 and its financial performance and cash flows for the year then ended in accordance with simplified application of international accounting standards according to section 3-9 of the Norwegian Accounting Act.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Company in accordance with the requirements of the relevant laws and regulations in Norway and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* (the IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board of Directors (management) is responsible for the information in the Board of Directors' report. Our opinion on the financial statements does not cover the information in the Board of Directors' report.

In connection with our audit of the financial statements, our responsibility is to read the information in the Board of Directors' report. The purpose is to consider if there is material inconsistency between the information in the Board of Directors' report and the financial statements or our knowledge obtained in the audit, or otherwise the information in the Board of Directors' report otherwise appears to be materially misstated. We are required to report if there is a material misstatement in the Board of Directors' report. We have nothing to report in this regard.

Based on our knowledge obtained in the audit, it is our opinion that the Board of Directors' report

- is consistent with the financial statements and
- contains the information required by applicable statutory requirements.

Responsibilities of management for the financial statements

Management is responsible for the preparation of the financial statements that give a true and fair view in accordance with simplified application of international accounting standards according to section 3-9 of the Norwegian Accounting Act, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

**Shape the future
with confidence**

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

KCA DEUTAG Holdings Norge AS

Notes to the financial statements for the year ended 31 December 2024

1 Accounting policies

General information

KCA DEUTAG Holdings Norge AS is a joint-stock company registered in Norway, which was incorporated on 11 November 2004.

Presentation of the financial statements

The financial statements of KCA DEUTAG Holdings Norge AS for 2024 have been prepared according to IFRS and instructions on simplified use of IFRS (2006-12-22 no. 1582), implying that the Company makes use of accounting policies in accordance with IFRS while notes have been prepared in accordance with chapter 7 of the Accounting Act.

The financial statements have been prepared under the historical cost convention.

Group affiliation

In accordance with the Accounting Act § 3-7 the Company does not prepare consolidated financial statements. The Company constitutes a part of the consolidated financial statements of KCA Deutag International Limited, a company registered in Jersey. The consolidated financial statements of KCA Deutag International Limited are available from Group Headquarters, Bankhead Drive, City South Office Park, Portlethen, Aberdeenshire, AB12 4XX.

Functional currency and presentation currency

The Company is presenting the financial statements in NOK. This is also the Company's functional currency.

Classification of balance sheet items

Assets which are considered as permanent ownership are classified as non-current assets. Receivables are classified as current assets if they are to be repaid within one year from payment date. Analogue criteria come into force for liabilities.

General valuation principles

Assets are valued at the lower of acquisition cost and fair value.

Investment in and return from investment in other companies

Shares, including shares in subsidiaries are valued according to the cost method in the Company accounts. The investment is valued at acquisition cost of the shares unless impairment has been necessary. Impairment to fair value has been made when a loss in value is not expected to be temporary and impairment is considered necessary according to generally accepted accounting principles. The impairment is reversed when the reason for the impairment is no longer present.

Dividends and other distributions are recognised as income in the same year as being allocated in the subsidiary. In case the dividend exceeds share of retained result after the acquisition, the excess amount represents repayment of invested capital and the distributions have been deducted from the value of the investment in the balance sheet.

KCA DEUTAG Holdings Norge AS

Notes to the financial statements for the year ended 31 December 2024 (continued)

1 Accounting policies (continued)

Provisions

A provision is recognised when the Company has an obligation (legal or self-imposed) as a result of past events, it is more likely than not that an outflow of resources will be required to settle the obligation and the amount has been reliably estimated. If the effect is material, the provision is made by discounting expected future cash flows at a discount rate before taxes that is reflecting the pricing of the market of the time value of money and, if relevant, risks specifically connected to the obligation.

Equity

Liabilities and equity

Financial instruments are classified as liabilities or equity in accordance with the underlying financial reality.

Interest, dividend, profit and loss related to a financial instrument classified as liability, will be recognised as expense or income. Distributions to owners of financial instruments that are classified as equity will be recognised directly against equity.

Expenses connected to equity transactions

Transaction costs directly connected to an equity transaction is recognised directly against equity less deduction for taxes.

Principles for revenue recognition

Revenue is recognised when transactions are likely to generate future financial profit that will accrue to the Company and the size of the amount can be reliably estimated.

Foreign currency transactions

Foreign currency transactions are translated at the exchange rate prevailing at the transaction date. Monetary items in foreign currency are translated into NOK using the exchange rate of the balance sheet date. Non-monetary items that are measured at historical exchange rate in foreign currency, are translated to NOK using the exchange rate prevailing at the transaction date. Non-monetary items that are measured at fair value in foreign currency are translated at the exchange rate prevailing at the balance sheet date. Exchange rate changes are recognised currently in the income statement in the accounting period.

Items at fair value in foreign currency are translated at the exchange rate prevailing at the time for valuation of fair value.

Taxes

The tax charge in the income statement comprises both payable tax of the period and change in deferred tax. Tax enhancing and tax reducing temporary differences that are reversed or may be reversed in the same period have been eliminated. Net deferred tax asset is recognised in the balance sheet to the extent that it is probable that it will be utilised.

Borrowings

Issued loans are historically recognised at fair value, net after incurred transaction costs. Subsequently borrowings are recognised as amortised cost by means of the effective interest method.

Financial assets and liabilities

Financial assets and financial liabilities are recognised in the balance sheet when the Company becomes part in the contractual provision for the instrument.

KCA DEUTAG Holdings Norge AS

Notes to the financial statements for the year ended 31 December 2024 (continued)

1 Accounting policies (continued)

Financial derivatives and hedging accounting

The Company's activities involve financial risk related to changes in interest and currency exchange rates. The Company makes use of foreign forwarding contracts and interest swap arrangements to secure such positions. The Company does not make use of financial derivatives for speculative purposes.

Financial derivatives are recognised at fair value at the time of transaction. Carried amount of derivatives are currently re-measured by changes in fair value. The method for accounting of profit and loss depends on whether the derivatives are defined as hedging instrument and the qualities of the hedging object. The Company estimates appointed derivatives as either (1) hedging of fair value, (2) hedging of cash flows or (3) hedging of net investment in foreign entity. The Company has not used financial derivatives during the year ended 31 December 2024.

If hedging accounting is being used the Company has documented the connection between hedging instrument and hedging object, the purpose of the risk management and hedging strategy at accomplishment of the transaction. The Company may also document how hedging efficiency is measured, both at the time of transaction and currently. The Company is testing efficiency every six months.

Financial derivatives and hedging accounting (continued)

Changes in fair value at transactions defined as hedging of cash flows and where efficiency is documented, have been recognised directly against equity. The part of the transaction that is not efficient is recognised over the income statement. If the hedging of cash flows of a liability entered into or an expected transaction which involves recognition of a non-financial asset or liability, previous profit or loss for the derivative that is recognised against the equity will be included in the assessment of the value of the asset or liability at the time of recognition.

For hedging that does not involve recognition of assets or liabilities the allocated amount against equity will be recognised over the income statement in the same period as the hedging object brings about profit or loss.

Hedging accounting is not continued when the hedging object is omitted or sold, terminated or performed or no longer qualifies for hedging accounting. At this point in time accumulated profit or loss involved in the hedging instrument that is recognised against equity, is continued as equity element until the expected hedging transaction occurs. If the hedging transaction can no longer be expected to occur, accumulated profit and loss recognised against equity are recognised over the income statement.

Fair value of forwarding currency contracts is estimated based on the currency exchange rates prevailing at the balance sheet date.

Conditional liabilities and assets

Conditional liabilities are not recognised in the financial statements. Information is given about material conditional liabilities with the exception of conditional liabilities where the probability of the liability is low.

A conditional asset is not recognised in the financial statements, but informed about if a certain probability is present that an advantage will accrue to the Company.

Events after the balance sheet date

New information after the balance sheet date regarding the Company's financial position is taken into account in the financial statements. Events after the balance sheet date that do not have any impact on the Company's financial position on the balance sheet date, but will have impact on the Company's future financial position are disclosed if material.

Estimates

The preparation of the financial statements is subject to management using estimates and assumptions that influence the income statement and the assessment of assets and liabilities, and information related to insecure assets and liabilities at the balance sheet date.

Conditional losses that are probable and quantifiable are recognised as expense currently.

KCA DEUTAG Holdings Norge AS

Notes to the financial statements for the year ended 31 December 2024 (continued)

1 Accounting policies (continued)

Statement of cash flows

The statement of cash flows has been prepared according to the indirect method. Cash and cash equivalents comprise cash, bank deposits and other short term liquid investments.

Dividends

Dividend distributions on ordinary shares are recognised as a liability in the Company's financial statements when they have been approved by Company's shareholders. Interim dividends are recognised when paid. Dividend income is recognised when the right to receive payment is established.

Group contributions

Group contributions paid are recognised as a liability in the Company's financial statements when they have been approved by Company's shareholders. Group contribution received is recognised when the right to receive payment is established.

2 Financial market risk

The Company has in place a risk management policy that seeks to limit the adverse effects on the financial performance of the instruments to fix interest rates.

Interest risk

The Company has no significant interest rate risk. As at 31 December 2024, the Company does not have any interest-bearing borrowings.

Exchange risk

The Company's transactions are mainly in NOK. The Company carries a negligible exchange exposure on its USD denominated bank balance. This position is regularly reviewed and managed to maintain a low risk profile.

3 Wages, number of employees, remunerations, loans to employees and auditor's fee

The Company has no employees. No loan or guarantees have been rendered to employees in other group companies. No remuneration has been rendered to the members of the Board.

Auditors' fee of NOK 87k (2023: NOK 239k) has been recognised in the income statement.

The Company is not obliged to have a mandatory pension scheme.

Total	1,380	-

The other short term payables balance of NOK 1,380k relates wholly to the Group cash pooling arrangement (2023: othershort term receivables balance of NOK 87,455k).

8 Financial institutions

As at 31 December 2024 and 2023, the Company has no non-current liabilities owing to financial institutions.

Bank borrowings, senior secured notes and guarantee facilities available to KCA Deutag Alpha Limited and certain subsidiaries, including the Company, of US\$ 1,025,000,000 are secured inter alia by a cross guarantee from the Company, by a floating charge over the assets of the Company and by a share pledge over the shares of the Company.

Further details of the post year end redemption/repayment of all KCA Deutag existing debt can be found in note 11.

9 Ultimate parent undertaking

The Company is a wholly owned subsidiary undertaking of KCA DEUTAG Drilling Limited, which is registered in Scotland. The Company's ultimate controlling company is KCA Deutag International Limited, which is registered in Jersey.

At 31 December 2023, the smallest and largest group in which the results of the Company are consolidated are those headed by KCA Deutag International Limited. Copies of financial statements of KCA Deutag International Limited are available from Group Headquarters, Bankhead Drive, City South Office Park, Portlethen, Aberdeenshire, AB12 4XX.

10 Basis of preparation

The Company has net assets of NOK 427,090k (2023: NOK 514,081k), and its funding is dependent upon the overall funding position of the KCA International Group. The Group regularly monitors its funding position throughout the year to ensure that it has access to sufficient funds to meet its forecast cash requirements. Forecasts are regularly produced to give management's best estimates of forward liquidity, leverage and forecast covenant compliance as defined in the Group's loan documentation. This is done to identify risks to liquidity and covenant compliance and to enable management to formulate appropriate and timely mitigation strategies.

Subsequent to the year end, KCA Deutag International Limited and its subsidiaries ("the Group") were sold to HP Global Holdings Limited, a subsidiary of Helmerich and Payne LLC. As part of the transaction, the majority of the Group's external debt has been repaid replaced by an intercompany loan from Helmerich and Payne LLC.

The Directors have considered the going concern period to 30 September 2026. In assessing whether the financial statements for the Group should be prepared on the going concern basis, the Directors have considered current market conditions and the outlook for the Group.

Whilst the Group is expected to generate positive cashflows within the going concern period, the funding of the Group is dependent upon the overall funding position of Helmerich & Payne ("the H&P Group"). The H&P Group regularly monitors its funding position throughout the year to ensure that it has access to sufficient funds to meet its forecast cash requirements.

KCA DEUTAG Holdings Norge AS

Notes to the financial statements for the year ended 31 December 2024 (continued)

10 Basis of preparation (continued)

Forecasts are regularly produced to give management's best estimates of forward liquidity, leverage and forecast covenant compliance as defined in the Group's loan documentation. This is done to identify risks to liquidity and covenant compliance and to enable management to formulate appropriate and timely mitigation strategies.

For the Group to continue as a going concern, it is reliant upon the provision of financial support from its parent. As such, the Directors have obtained written confirmation that the H&P Group intend to support the Group through the going concern period.

11 Post balance sheet event

On 16 January 2025 (the "Closing Date"), HP Global Holdings Limited (H&P) completed the Acquisition of 100% of the share capital of KCA Deutag International Limited pursuant to the Purchase Agreement signed in July 2024. H&P paid aggregate cash consideration of approximately \$2.0 billion, which consisted of the share purchase price of \$0.9 billion and \$1.1 billion which was used to contemporaneously repay or redeem certain of KCA Deutag existing debt, including, as applicable, the payment of all accrued and unpaid interest, premiums, and fees.

The \$1.1 billion repayment or redemption of certain KCA Deutag existing debt consisted of:

(a) the redemption in full of all of:

- i) KCA Deutag UK Finance PLC's outstanding \$500 million aggregate principal amount of 9.875% Senior Secured Notes due 2025;
- ii) KCA Deutag UK Finance PLC's outstanding \$250 million aggregate principal amount of Senior Secured Floating Rate Notes due 2025 and;
- iii) KCA Deutag PIKCO PLC's outstanding \$272.2 million aggregate principal amount (which includes approximately \$72.2 million of accrued and capitalized interest) of 15.0%/17.5% Payment-In-Kind Notes due 2027, and

(b) the repayment of all the:

- i) approximately \$50 million of outstanding borrowings under KCA Deutag's Senior Secured Guarantee and Revolving Credit Facilities provided by Barclays Bank plc and;
- ii) approximately \$50 million of outstanding borrowings under KCA Deutag's Senior Secured Revolving Credit Facilities provided by Deutsche Bank AG, in each case including, as applicable, the payment of all accrued and unpaid interest, premiums and fees in connection with each such redemption or repayment.

5892 Bergen

**Application for a permission to keep accounts in Norway in English language,
including the annual report and statement**

Dear Mr Petter Pharo,

With reference to your letter of 25 April 2007, fax of 20 June 2007 and various phone calls with respect to the above matter.

The application in question concerns the following companies:

1. Abbot Holdings Norge AS (reg. no. 989 528 270)
2. KCA DEUTAG Offshore AS (reg. no. 986 709 770)
3. KCA DEUTAG Pte Ltd (reg. no. 990 440 832)
4. KCA DEUTAG (Ben Rinnes) AS (reg. no. 990 397 082)
5. KCA DEUTAG Holdings Norge AS (reg. no. 987 558 741)

The background for the application is that all of the above mentioned companies are part of the Abbot Group. Abbot Group Plc, the head company of the Abbot Group, is listed on the London Stock Exchange (LSE).

The activities of the Abbot Group are centred around its operating subsidiaries, KCA DEUTAG, and Benter Drilling & Oilfield Systems. KCA DEUTAG is the largest offshore platform drilling contractor in the North Sea and the Caspian Region. Further, it is one of the largest international land drilling contractors outside the Americas, and a world leader in engineering, rig design, construction and operation. The company has more than 6.000 employees worldwide and has operations in the North Sea, Europe, Russia, the Middle East, Caspian Region, North and West Africa, and Asia.

KCA DEUTAG's Headquarter is in Aberdeen, Scotland, and it operates through three Global Business Units.

The company's accounts are audited by PWC. Ernst & Young is elected as the company's preferred Tax Advisor worldwide.

The reason for the application is that the group in question is highly international in the sense that it operates throughout the world. The company group has several legal entities and companies in different countries. A number of these companies are taxable or will be

Postal address P.O.Box 6300 Etterstad 0603 Oslo	Office address Fredrik Selmers vei 4 Org. nr: 974 761 076 skattedirektoratet@skatteetaten.no	Telephone 22 07 70 00 Telefax 22 07 71 08
---	---	--

taxable in other jurisdictions due to inter alia international rig operations. It follows that the accounts for these companies will have to be presented in different jurisdictions.

The company KCA DEUTAG Pte Ltd is inter alia subject to statutory accounting also in Singapore (prepared in English language), which implies that it is a significant disadvantage if the company has to prepare the Norwegian accounts in Norwegian and the Singapore accounts in English.

For this reason alone the company group has a strong interest in using the English language as the accounting language for the above-mentioned companies.

The group headquarter is in Aberdeen, and the working language of the group is English. All the users of the accounts within the company group are also English, as well as the persons signing the accounts. All the above-mentioned companies covered by this application are 100 % owned by an English company. All company loan agreements etc. are entered into with foreign financial institutions (banks). Further, more or less all the contracting parties and customers of these companies are foreign companies. Contracting parties and customers, at a certain level, commonly want to extract information about the company from the accounts in English.

Permission to keep accounts in Norway in English language

It follows from the Norwegian Bookkeeping Act of 19 November 2004 nr 73 § 12 that the specifications of statutory financial reporting shall be in Norwegian, Swedish, Danish or English language. Hence, it is not necessary to apply for permission to keep accounts in Norway in English language.

Permission to make the annual report and statement in Norway in English language

According to the Norwegian Accounting Act § 3-4, third paragraph shall *“the annual report and annual statement ... be in Norwegian. The Ministry can in an individual decision decide that the annual report and/or annual statement may be in another language”*

Ot. prp. nr. 42 (1997-1998) *About Act about annual accounts etc.*, says the following about the purpose of the Accounting Act, refer section 1.1:

“The aim of the Government with respect to the Accounting Act is that it shall contribute towards providing informative accounts for different users of accounts. The users of accounts include investors and creditors which provide capital for the companies. Other groups include those who have an interest in knowing how the companies are operated, for example employees and the local community. The information to the capital market is an important basis for the correct pricing of financial instruments. The correct pricing of stocks is an important factor in securing the best possible allocation of resources in the economy. High quality accounts will also make it more difficult for market participants to obtain speculative gains as a result of non-publicly available information.”

Hence, one of the main aims of the Accounting Act is to contribute to “*informative accounts for different users of accounts*” The users of the accounts will include investors, creditors, employees and the local community. The government (central and local) authorities must also be considered to be an important user of the accounts. For example, the tax authorities and other public authorities who are involved in controlling the activities in the private sector, use accounts as an important tool in their control activity.

Hence, it is the view of the Ministry that it is crucial that the question of dispensation from the general rule that the annual accounts and/or annual statement should be done in Norwegian, not in any significant way deviate from the consideration of users of the accounts. Further, the applicant must have a particular interest in having the opportunity to make the annual statement and/or annual statement in a language other than Norwegian.

The four applying companies are a part of the Abbot Group and are 100 % owned by an English company. Abbot Group Plc, the head company of the Abbot Group, is listed on the London Stock Exchange (LSE). The group headquarter is in Aberdeen, and the working language of the group is English. All the users of the accounts within the company group are also English, as well as the persons signing the accounts. All company loan agreements etc. are entered into with foreign financial institutions (banks). Further, more or less all the contracting parties and customers of these companies are foreign companies. Contracting parties and customers, at a certain level, commonly want to extract information about the company from the accounts in English.

Based on the above, and after a total evaluation, the view of The Directorate of Taxes is that the applying companies mentioned above may make the annual report and statement in English language.

Conclusion

The Directorate of Taxes gives Abbot Holdings Norge AS, KCA DEUTAG Offshore AS, KCA DEUTAG Pte Ltd, KCA DEUTAG (Ben Rinnes), KCA DEUTAG Holdings Norge AS permission to make the annual report and annual statement in English language according to the Norwegian Accounting Act § 3-4 third paragraph.

Yours sincerely,

Nina Hognes
