## Permission to store electronic accounting material in UK and to prepare the annual accounts and directors' report in English language for Veritas (Norway) AS, org. nr. 981 646 134

With reference to your letter of 25 April 2017 with respect to the above matter regarding Veritas (Norway) AS.

### Application to store electronic accounting material in England

The Directorate of Taxes gives Veritas (Norway) AS permission to store electronic accounting material in UK.

### Regulation

According to Act no. 73 of 19 November 2004 Act relating to Bookkeeping section 13 second paragraph accounting material shall be stored in Norway. After the last paragraph the Directorate of Taxes may in individual decision grant exemptions from the provision concerning storage location for individual companies.

According to preparatory works and best practice the Directorate of Taxes has only granted exemptions if the material is stored electronically, and the storage takes place under the auspices of a company in the same group abroad.

### Background

Veritas (Norway) AS is part of the Veritas group (the "Group"). The Group operates and has affiliates in America, Europe, Africa and Asia. The Group's headquarter is located in Mountain View, USA. The reason for the application is to centralize the location for the accounting and finance function for all European entities in the Group. All accounting material will be stored and be available from the Group's servers located with Veritas Technologies (UK) Limited with address 350 Brook Drive, Green Park, Reading, Berkshire RG2 6UH, United Kingdom.

It is mentioned that the accounting material that is stored on server in UK will be available in readable form and capable of being printed on paper during the entire storage period on a terminal in Norway. The accounting material is electronically accessible at Veritas (Norway) AS, Martin Linges vei 25, 1364 Fornebu. The documentation of the storage system is in English.

Postal address  
P.O. Box 9200 Grønland  
0134 Oslo

Visiting address:  
See [www.skatteetaten.no](http://www.skatteetaten.no)  
Org.nr: 996250318  
E-mail: [skatteetaten.no/sendepost](mailto:skatteetaten.no/sendepost)

Telephone  
800 80 000  
Telefax  
22 17 08 60

## **Condition for the permission**

The permission is given on the condition that the accounting material will be available in readable form and capable of being printed on paper during the entire storage period on a terminal in Norway.

The permission is given under the presumption that there exists at shared company system and there is an agreement concerning storage at the places mention above. If the companies' group affiliation is brought to an end, this permission will cease, and the accounting material must be transferred to Norway.

If the accounting material is no longer available with a connected terminal in Norway, the accounting material must either be transferred to another medium for storage in Norway, for example paper, or a corresponding IT environment must be established in Norway.

We would further like to bring your attention to the requirement that entries which were initially electronically available shall remain electronically available for three years and six months after the end of the financial year.

According to Regulation no. 1558 of 1 Dec 2004: Regulation relating to bookkeeping it shall be possible without undue delay to present the accounting material to public control authorities in Norway throughout the storage period. The data of the Norwegian company must not be stored in such a way that Norwegian authorities will be denied access to the data material due to inseparability from other companies' data.

## **Application to prepare the annual accounts and directors' report in English language**

Based on a total evaluation, the view of The Directorate of Taxes is that Veritas (Norway) AS may make the directors' report and annual accounts in English language according to the Norwegian Accounting Act § 3-4 third paragraph. The exemption requires that the information that the decision is based on, does not change significantly.

A copy of this letter must be sent to the Register of Company Accounts in Brønnøysund together with the financial statements. It is incumbent on the company to document by this letter that the permit is granted.

## **Background**

Veritas (Norway) AS is part of the Veritas group (the "Group"). The Group operates and has affiliates in America, Europe, Africa and Asia. The Group's headquarter is located in Mountain View, USA. The Group is a large international group engaged in management of digital assets. The Group is headed by Veritas Technologies LLC ("Veritas Technologies"). Veritas (Norway) AS is the Norwegian entity of Veritas Technologies and is responsible for the operations in Norway which includes sale and consultant operations e.g. in connection with data programs. The Company

is operating in an international industry where potential users of its financial accounts and annual report use English as their working language. The annual report and financial statements are required to be prepared each year in the Norwegian language only in order to satisfy the requirements of the Norwegian Accounting Act.

**Permission to make the annual accounts and the directors' report in Norway in English language**

According to the Norwegian Accounting Act § 3-4, third paragraph shall "*the directors' report and annual accounts ... be in Norwegian. The Ministry can in an individual decision decide that the directors' report and/or annual accounts may be in another language*".

Ot. prp. nr. 42 (1997-1998) About Act about annual accounts etc., says the following about the purpose of the Accounting Act, refer section 1.1:

*"The aim of the Government with respect to the Accounting Act is that it shall contribute towards providing informative accounts for different users of accounts. The users of accounts include investors and creditors which provide capital for the companies. Other groups include those who have an interest in knowing how the companies are operated, for example employees and the local community. The information to the capital market is an important basis for the correct pricing of financial instruments. The correct pricing of stocks is an important factor in securing the best possible allocation of resources in the economy. High quality accounts will also make it more difficult for market participants to obtain speculative gains as a result of non-publicly available information."*

Hence, one of the main aims of the Accounting Act is to contribute to "informative accounts for different users of accounts". The users of the accounts will include investors, creditors, employees and the local community.

Hence, it is the view of the Ministry that it is crucial that the question of dispensation from the general rule that the annual accounts and/or directors' report should be prepared in Norwegian, not in any significant way deviate from the consideration of users of the accounts.

As mentioned above it is particularly the consideration of the users of the account information which has to be taken into consideration when considering the application for permission. In this assessment, the Directorate of Taxes has emphasized that the company is a wholly owned subsidiary of a foreign company. The Company is operating in an international industry and English is the working language. Furthermore, the Company's business is aimed at business customers only.

## **Veritas (Norway) AS** **Annual accounts 2022/2023**

### **Notes**

#### **Note 1 Accounting Principles**

##### **Fundamental Principles**

The annual accounts consists of the profit & loss statement, the balance sheet and notes to the financial statements, and have been prepared in accordance with the Norwegian Accounting Act and generally accepted accounting principles for Small Companies as at March 31st 2023. The annual accounts give a true and fair view of the assets and liabilities, financial position, and profit & loss for the year.

The annual report is based upon the fundamental principles of historical cost, comparability, going concern, congruity and prudence. Transactions are recorded at the value of the compensation at the time of the transaction.

Current assets and liabilities are comprised of items receivable/due within one year after the balance sheet date. Current assets are valued at the lower of cost and market value. Market value is defined as expected sales price less expected costs of sale. Other assets are classified as fixed assets. Fixed assets are valued at cost. Fixed assets that deteriorate are depreciated. Fixed assets are written down to recoverable amount when a decrease in value is expected to be permanent. Corresponding principles apply to liabilities.

##### **Accounting Principles regarding essential accounting items**

##### **Sales revenues**

Revenues comes from provision and coverage of costs related to marketing activities on behalf of a related company. Reference is made to note 6. Revenue is recognised when earned, i.e. in correspondence with costs incurred and sales completed. VAT is excluded.

##### **Expenses**

Expenses are recorded in accordance with the matching principle. Expenses that cannot be referred directly to revenue are charged to the profit and loss when they become payable.

##### **Property, Plant & Equipment (PP&E)**

PP&E are recorded in the balance sheet at cost less accumulated depreciation and write-offs. Cost includes expenditure that is directly attributable to the acquisition of the asset. Ordinary depreciation is recorded linearly over the estimated useful economic life, using historical cost as a basis. The depreciation is classified as ordinary operating expenses.

##### **Transactions and accounting items in foreign currency**

Transactions in foreign currency are accounted for at the exchange rate at the date of the transaction.

The resulting foreign currency accounts are converted using year-end exchange rates and any exchange differences arising are dealt within the profit and loss statement.

##### **Deferred tax / tax asset**

Deferred tax /tax asset is calculated based on temporary differences between net income based on accounting rules and net income based on tax rules in accordance with the Norwegian accounting standard for taxes. When calculating the deferred tax / tax asset, losses carried forward are deducted. Deferred tax and tax assets are netted in the balance sheet.

##### **Taxes Payable**

Taxes payable is based on current year's net taxable income

##### **Pensions**

The company has both a defined contribution pension scheme and a defined benefit scheme. In accordance with the option for small companies, ref. the Norwegian Accounting Act §4-1, the company has elected not to recognise pension liabilities related to the defined benefit plan. Instead the annual premium is recognised as an expense when paid.

5

#### Pension scheme

The company operates both a defined contribution pension scheme and a defined benefit scheme. Contributions are charged to the profit and loss statement as they become payable. Reference is made to note 1. The assets of the scheme are held separately from those of the company in an independently administered fund with an insurance company. In accordance with the option for small companies, ref. the Norwegian Accounting Act §4-1, the company has elected not to recognise pension liabilities related to the defined benefit plan. Instead the annual premium is recognised as an expense when paid.

Total pension premium paid in FY 2022/23 was NOK 1,061,639. NOK 545,232 regarding the contribution plan and NOK 516,407 for the defined benefit plan.

The pension schemes cover the company's pension obligations as required by law.

#### Stock options

Veritas Holdings Ltd. (the "Group" or the "Parent"), maintains a Long-Term Incentive Plan (2016 Incentive Plan) which reserves a portion of its Class A and Class B common stock for issuance to employees, officers, directors, and consultants. The 2016 Incentive Plan provides for the issuance of stock options, share appreciation rights, restricted shares, restricted and deferred share units, performance awards, phantom option units, dividend equivalents, other share-based awards or any other right or interest relating to shares or cash, granted to a participant under the 2016 Incentive Plan. All awards under the Plan must be authorized by the Group's Board of Directors or a designated committee and expire 10 years from the grant date if they are not exercised. The purpose of the 2016 Incentive Plan is to give employees an opportunity to benefit from equity value creation in the Veritas business. Furthermore, the 2016 Incentive Plan is designed to attract, retain, and motivate eligible persons whose present and potential contributions are important to Veritas success by offering them an opportunity to participate in the future performance of the Group.

Veritas Holdings Ltd. approved and granted long-term incentive compensation in the form of incentive stock options to eligible participants in the Company. The options provide for time-based vesting for a portion of the options and performance based-vesting for a portion of the options. The time-based options generally vest rateably over three to five years. The performance-based options vest and become exercisable based upon achievement of minimum earnings targets of the Veritas group over three to five years. At the year end there were no vested or expected-to-vest options, there were no exercisable options, and the weighted average remaining contractual term is 9.84 years for Class A and Class B stock options.

The Black-Scholes option price model was used to estimate the fair value of the options as of the date of the grant. The simplified method is used for estimating the expected term, for Class A options since the Group does not have sufficient historical data upon which to estimate the expected term. For Class B options, the expected term used is 10 years which is the full contractual term given the granted Class B options are deep out-of-the-money.

Prior to 29 January (date of "legal separation"), the Company was part of the Symantec Group. Symantec maintained certain stock-based compensation plans for the benefit of certain of its officers, directors and employees, including prior to legal separation, certain Veritas employees. Symantec granted these now Veritas employees share-based payment awards. Any of these awards which vested or were due to vest by the date of legal separation were cancelled, with a cash payment equal to their value made directly to the employees by the Symantec Group. For the unvested portion of these awards, 50% of the value will be settled in cash (the "Cash Awards") with the remaining 50% replaced and settled in Veritas options, the terms of which are discussed above.

In the prior year, Veritas Holding Ltd., approved a long-term Cash Incentive under the 2016 Stock Plan. The Company was authorised to issue these awards to eligible employees.

During the year 2022/2023 the expense recognized in the Profit and loss statement in respect of Cash Awards was NOK 196, 923.

The company has chosen to apply the exemption allowed for small companies with regards to the principles for booking of share based payments.

#### Accountant

Accountant's fee charged as an expense for the year is distributed as follows (exclusive of VAT):

Audit and audit related services	204,224
<b>Total</b>	<b>204,224</b>

## INDEPENDENT AUDITOR'S REPORT

### *Opinion*

We have audited the financial statements of Veritas Norway AS (the Company), showing a profit of NOK 2 198 959. The financial statements comprise the balance sheet as at March 31, 2023, and the statement of income for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion the financial statements comply with applicable statutory requirements, and the financial statements give a true and fair view of, (or present fairly, in all material respects) the financial position of the Company as of March 31, 2023, and its financial performance for the year then ended in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway.

### *Basis for Opinion*

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company as required by laws and regulations and the International Ethics Standards Board for Accountants' Code of International Ethics for Professional Accountants (including International Independence Standards) (IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### *Responsibilities of the management for the Financial Statements*

The management is responsible for the preparation of financial statements that give a true and fair view in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting insofar as it is not likely that the enterprise will cease operations.

An instinct for growth™

*Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.<sup>7</sup>
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
