Note 1 Accounting policies

The annual accounts have been prepared in accordance with the Norwegian Accounting Act for small companies and generally accepted accounting principles in Norway.

Classification and valuation of assets and liabilities

Assets intended for permanent ownership or use are classified as fixed assets. Other assets are classified as current assets.

Fixed assets are valued at acquisition cost but are written down to fair value if the reduction in value is not expected to be of a temporary nature. Fixed assets with a limited economic life are depreciated in accordance with a prudent depreciation plan.

Current assets and current liabilities comprise items that come due within one year of the date of establishment. Other items are classified as fixed assets/non-current liabilities.

Current assets are valued at the lower of the acquisition cost and fair value. Current liabilities are recognised at nominal amount at the time of establishment.

Non-current liabilities are recognised on the balance sheet at nominal value at the time of establishment, less transaction costs.

Principles for translating accounting entries in foreign currency

Transactions in foreign currencies are translated into the functional currency using the exchange rate at the transaction date. Monetary items in foreign currency are translated into functional currency at balance sheet date. Non-monetary items are not translated.

Monetary and non-monetary items that are written down in accordance with the Norwegian Accounting Act § 5-2 or § 5-3 and where the value is determined in foreign currency, are translated using the exchange rate at the time of measurement.

Foreign exchange gains and losses are recognised in the income statement on an ongoing basis during the period in which they occur.

Property, plant and equipment and depreciation

Property, plant and equipment are valued at historical cost less accumulated depreciation and write-downs. Depreciation is calculated on the basis of cost price and distributed on a straight-line basis over the estimated economic life of the asset. Improvements that serve to significantly increase the capacity or useful life of operating assets are recognised in the balance sheet.

Docking costs are capitalized and expensed on a straight-line basis over the years until the next docking.

The economic life of fixed assets, as well as the residual value, are assessed on each balance sheet day and changed if necessary.

The economic life and residual value of economic assets are valued every balance sheet date and amended as necessary.

Accounts receivable from customers

Accounts receivables from customers are recorded at face value on the balance sheet less provisions for expected losses. Provision for losses is made on the basis of individual assessment of the receivables.

Accounts payable to suppliers

Accounts payable to suppliers are obligations to pay for goods or services supplied for ordinary operation. Accounts payable are classified as current if they come due within one year or less. If this is not the case, it is classified as non-current. Accounts payable are measured at fair value.

Tax payable and deferred tax

The tax expense in the income statement comprises both the tax payable for the period and the change in deferred tax. Deferred tax is calculated at 22% of temporary differences between the accounting value and the tax value of assets and liabilities, as well as tax loss carried forward at the end of the financial year.

Negative and positive temporary differences, including tax losses carried forward, which can be reversed in the same period, are set off and recognised net. Net deferred tax assets are recognised on the balance sheet to the extent it is likely that future taxable income will exist where the tax-reducing temporary differences can be utilised.

Operating revenues and expenses

Revenue recognition is in accordance with the earned income principle which will normally occur at the time of delivery of goods and services.

Costs are recognised in accordance with the matching principle, i.e. costs are recognised in the same period as associated revenues are recognised as income.

Revenue recognition principles

Revenue recognition on the sale of goods takes place at the time of delivery. Services are recognised as income in line with performance. Freight revenues are recognised in the income statement as they are deemed earned. For trips not completed by the end of the year, travel-dependent revenues and expenses are accrued on a straight-line basis over the duration of the trip before and after year end.

Note 2 Going Concern

In accordance with Section 3-3 of the Norwegian Accounting Act, the Board confirms that the going concern prerequisite exists and that the annual accounts have been prepared on this bases. In the opinion of the Board of Directors, the income statement, balance sheet and associated notes provide an accurate picture of the company's operations and financial position.

Note 3 Financial and operational market risks

Amundsen Spirit AS purpose is national and international shipping activities and related activities and thus are exposed to various risks, including financial-, credit-, liquidity-, currency- and bunker risks.

Financial risk

The company is exposed to financial risk. The most important factors influencing operating and financial results include utilisation rate, oil price developments, exchange rate fluctuations, mainly between USD, EUR, GBP and NOK

Credit risk

Credit risk is the risk of loss as a result of a borrower or customer not fulfilling their contractual obligations.

The company assesses the creditworthiness of customers and borrowers before entering into agreements.

The company has historically low losses on receivables and does not expect any future losses in the future either.

Liquidity risk

The company is exposed to liquidity risk.

Liquidity risk is the risk that the company will not be able to meet its financial obligations when they mature. Sources of liquidity risk include, but are not limited to, downtime and fluctuations in commodity prices and in financial market prices.

Currency risk

Currency risk is the risk that future cash flows will fluctuate due to changes in exchange rates.

The accounts are prepared with NOK as functional currency, even though the company to a significant extent trades in USD. Currency risk for the company is governed by the fact that USD is real functional currency.

Since the accounts are prepared using NOK as functional currency, there exists foreign exchange risk related to future cash flows related to currencies other than NOK, particularly related to the USD. Based on the risk management assessment, considering USD as a real functional currency, the currency risk is considered to be satisfactory.

Bunker risk

The company may be subject to changes in bunker costs when vessels are vacant or unhired. The company can use bunker swap contracts as financial hedging to protect itself against changes in bunker costs. Altera has deemed exposure to be limited, and therefore as of 31.12.2024, has not committed to any bunker swap contracts.

To the General Meeting in Amundsen Spirit AS

INDEPENDENT AUDITOR'S REPORT

Opinion

We have audited the financial statements of Amundsen Spirit AS (the Company), which comprise the balance sheet as at 31 December 2024, the income statement for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion

- the financial statements comply with applicable statutory requirements, and
- the financial statements give a true and fair view of the financial position of the Company as at 31 December 2024 and its financial performance for the year then ended in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Company in accordance with the requirements of the relevant laws and regulations in Norway and the International Ethics Standards Board for Accountants' *International Code of Ethics for Professional Accountants (including International Independence Standards)* (the IESBA Code), and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Responsibilities of management for the financial statements

The Board of Directors and the Managing Director (management) are responsible for the preparation of the financial statements that give a true and fair view in accordance with the Norwegian Accounting Act and accounting standards and practices generally accepted in Norway, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

**Shape the future
with confidence**

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the board of directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Skattekontoret gir på bakgrunn av en konkret helhetsvurdering selskapene dispensasjon fra kravet til å utarbeide årsregnskap og årsberetning på norsk språk, jf. regnskapsloven § 3-4 tredje ledd. Dispensasjonen forutsetter at engelsk språk benyttes i stedet ved utarbeidelsen, og at øvrige opplysninger som vedtaket baserer seg på, heller ikke endres vesentlig.

Kopi av dette brevet må sendes Regnskapsregisteret i Brønnøysund sammen med årsregnskapet. Det påligger den regnskapspliktige å dokumentere ved dette brev at tillatelsen er gitt.

Bakgrunn

Fra søknaden siteres:

«Altera opererer internasjonalt med engelsk som arbeidsspråk, både internt og i forhold til sentrale stakeholders. Våre eiere er basert i engelsktalende land, våre långivere er basert i engelsktalende land eller er på annen måte vant med å håndtere dokumenter utelukkende på engelsk. Våre kunder og leverandører er utenlandske eller er internasjonale aktører, og vi har en arbeidsstokk som består av ansatte fra mange forskjellige nasjoner. Vi mottar forespørsler fra våre kunder om å kunne hente ut regnskapstall fra Brønnøysundregisteret på engelsk og vi må bruke uoffisielle engelske versjoner av våre regnskapstall og revisjonsrapporter.»

**Skattekontorets vurdering**

Etter regnskapsloven § 3-4 tredje ledd skal *”årsregnskapet og årsberetningen ... være på norsk. Departementet kan ved ... enkeltvedtak bestemme at årsregnskapet og/eller årsberetningen kan være på et annet språk.”*

I Ot. prp. nr. 42 (1997-1998) Om lov om årsregnskap mv., er det uttalt følgende om regnskapslovens formål, jf. pkt. 1.1:

Regjeringen har som siktemål at regnskapsloven skal bidra til informative regnskaper for ulike grupper av regnskapsbrukere. Regnskapsbrukerne er dels investorer og kreditorer som tilfører kapital til foretakene, og dels andre grupper som har interesse av å vite hvordan foretaket drives, f.eks. de ansatte og lokalsamfunnet. Informasjonen til kapitalmarkedet skal gi grunnlag for riktig prising av finansielle objekter. Riktig prisdannelse på aksjer er en forutsetning for at ressursbruken i samfunnsøkonomien skal bli best mulig. Gode regnskaper vil også gjøre det vanskeligere for markedsdeltakere å ta ut spekulasjonsgevinster med basis i skjevt fordelt informasjon.

Det fremgår således at et av hovedformålene med regnskapsloven er å bidra til *”informative regnskaper for ulike grupper av regnskapsbrukere”*. Regnskapsbrukere vil omfatte, jf. uttalelsen i proposisjonen, blant andre investorer, kreditorer, ansatte, kunder og lokalsamfunnet.

Det er etter skattekontorets vurdering derfor avgjørende ved vurdering av om dispensasjon fra kravet til å utarbeide årsregnskap og/eller årsberetning på norsk kan gis, at det ikke foreligger mulige brukere av regnskapsinformasjon som blir vesentlig berørt negativt ved en eventuell dispensasjon.

Som nevnt ovenfor er det særlig hensynet til brukerne av regnskapsinformasjon som skal vurderes ved en dispensasjonsøknad. I dette tilfellet er det opplyst at konsernet opererer i et internasjonalt marked, og har utenlandske eiere og långivere. I tillegg er det opplyst at kommunikasjon med de fleste av kunder og leverandører skjer på engelsk. Skattekontoret finner at disse forholdene samlet tilsier at dispensasjon fra kravet om å utarbeide årsregnskap og årsberetning på norsk kan gis
