PGS HOLDING I LTD STRATEGIC REPORT

The directors present their Strategic Report for the year ended 31 December 2022.

Principal activities

The principal activity of the company is an intermediate holding company for the PGS Group.

The company is a member of the PGS Group ("the group"), a Norwegian registered oil services group providing geophysical services worldwide. The group provides a broad range of geophysical and reservoir services, including seismic data acquisition, processing, interpretation and field evaluation. It also possesses a substantial international MultiClient seismic data library.

Business review and future developments

The company did not trade during the year and the profit for the year after taxation is \$nil.

The directors do not anticipate any change in the holding company activities of the company in the foreseeable future.

Principal risks and uncertainties of the company

From the perspective of the company, the principal risks and uncertainties are so integrated with the principal risks of the group that they are not managed separately. Accordingly, the principal risks and uncertainties of the PGS Group, which include those of the company, are discussed below.

Principal risks and uncertainties of the group

Financial Market Risk

The Group is exposed to market risks such as interest rate risk, currency exchange risk, credit risk, liquidity risk and commodity price risk, as discussed below. The Group's risk management policies are approved by the Board of Directors. The treasury function reports regularly to Group management and any breach of limits set in the policy is reported to the Board of Directors.

Interest Rate Risk

PGS has a mixture of fixed and floating interest rate debt combined with financial instruments, such as interest rate swaps, to manage the impact of interest rate fluctuations.

Currency Exchange Risk

PGS conducts business primarily in US dollars but also in several other currencies. PGS is subject to foreign currency exchange rate risk on cash flows related to sales, expenses, financing, and investment transactions in currencies other than the US dollar. The Company did not have any open foreign currency forward contracts as of 31 December in 2022 or 2021.

Credit Risk

PGS' accounts receivable is primarily from multinational, integrated energy companies and independent oil and natural gas companies, including companies that are owned in whole or in part by governments. PGS manages the exposure to credit risk through ongoing credit evaluations of clients. Due to the nature of PGS' client base, a low level of losses on accounts receivable has been incurred over the years. PGS has a structured approach to monitor the credit risk of the Group's banking partners, including derivatives counterparties and the institutions in which cash is held on deposit.

Liquidity Risk

Liquidity risk is the risk that the group will encounter difficulty in meeting its financial obligations as they fall due. As of 31 December 2022, PGS had cash and cash equivalents totalling \$363.8 million, compared to \$170.0 million as of 31 December 2021. During 2022, PGS raised close to \$250 million of new equity and increased cash flow generation in an improving market. The significant liquidity improvement enabled a reduction of net interest-bearing debt, and the Company is close to reaching its targeted maximum level for net interest-bearing debt (excluding lease liabilities) of \$500 to \$600 million. Additionally, in Q1 2023 PGS placed a new \$450 million senior secured bond which will be used to repay \$600 million of the group's Term Loan B maturing in March 2024. PGS expects to repay the remaining \$138 million Term Loan B from operational cash flows, however there

DocuSign Envelope ID: 00E2FB11-8B4C-4FC6-BB3A-920681EE1E92

PGS HOLDING I LTD STRATEGIC REPORT *(continued)*

is a risk that sufficient cash flows will not be achieved and further financing will be required. The directors have considered this risk in their assessment of going concern.

Commodity Risk

Operation of seismic vessels requires substantial fuel purchases, thus PGS is exposed to fuel price fluctuations. The Company seeks to pass fuel price risk to clients on a majority of contract work.

Climate Risk

PGS is exposed to both transition risk and physical risks associated with climate change. The Group has a structured approach to monitoring the development of the seismic exploration market and opportunities created by the transition to renewable energy sources globally. The Group's strategy is based on market scenario analysis and positioning of PGS for the energy transition by establishing the 'New Energy' business unit, which is a core component of the Group's strategy. The physical risks associated with climate change may directly affect both onshore and offshore operations through increased occurrence of extreme weather conditions. The Group mitigates this risk through reducing the dependency of on-premise computing by shifting data and processing to the Cloud, careful planning of projects, and by leveraging the inherent weather resilience of the Ramform fleet and GeoStreamer technology.

Operational and Other Risks

Demand for the Group's products and services depends on the level of spending by energy companies on hydrocarbon-resource exploration, field development, and production. Spending levels are heavily influenced by oil and gas prices and energy companies' focus areas. The ongoing energy transition may cause structural changes in demand. During 2020 and 2021 there was an increasing focus on extracting more resources from producing fields and infrastructure lead exploration. Alongside this trend, more traditional exploration activity in greenfield areas came into play in 2022, benefitting both the contract and the MultiClient markets.

The Group is subject to many risk factors including, but not limited to the demand for seismic services, the demand for data from the Group's MultiClient library, increased competition, the attractiveness of technology, changes in governmental regulations affecting the markets, the speed and impact of the energy transition and its effect on client behavior, technical downtime, licenses and permits, currency and fuel price fluctuations, potential COVID-19 outbreaks on the vessels causing project delays, and operational hazards such as weather conditions.

The principal risks and uncertainties of the PGS Group, which include those of the company, are discussed in more detail on pages 52 to 53 of the group's annual report.

Key performance indicators ("KPIs")

The directors of the PGS Group manage the group's operations on a divisional basis. For this reason, the company's directors believe that analysis using key performance indicators for the company is not necessary or appropriate for an understanding of the development, performance or position of the business of PGS Holding I Ltd. The development, performance and position of the group, which includes the company, is discussed on pages 46 to 56 of the group's annual report which does not form part of this report.

27 April 2023

DocuSign Envelope ID: 00E2FB11-8B4C-4FC6-BB3A-920681EE1E92

PGS HOLDING I LTD DIRECTORS' REPORT

The directors present their Report and the financial statements for the year ended 31 December 2022.

Results and dividends

As the company did not trade during the year or the prior period no Statement of Profit and Loss and Other Comprehensive Income has been prepared, and the profit for the year after taxation is \$nil. The directors do not recommend payment of a dividend (2021: \$nil).

Future developments

The future development of the business has been outlined in the Strategic Report.

Directors of the company

The directors who held office during the year, and to the date of this report, were as follows:

G Langseth

R Pedersen

C Steen-Nilsen

Indemnification of directors

In accordance with the Articles of Association, the directors have the benefit of indemnity provisions. In addition, the PGS Group maintains a directors' and officers' liability insurance policy throughout the financial year, and up to the date of approval of the financial statements.

Charitable and political donations

The company made no political or charitable donations during the year (2021: nil).

Section 172(1) statement

In accordance with section 172 of the Companies Act 2006, the Board of Directors of the company act in a way that they consider in good faith would be most likely to promote the success of the company for the benefit of its members as a whole, and in doing so have regard to a range of matters when making decisions for the short and long-term.

The directors have had regard, amongst others, to the matters set out in section 172(1) (a)-(f) of the Companies Act 2006 to effectively discharge their section 172 duties. The board believes governance of the company is best achieved by delegation of its authority for the executive management of the PGS Group, subject to defined limits and monitoring by the board. The board routinely monitors the delegation of authority, ensuring that it is regularly updated, while retaining ultimate responsibility.

The PGS Group manage the group's operations on a divisional basis and the company's directors therefore see their main function as monitoring and ensuring the compliance of UK regulations and ensuring the stand-alone interests of the company and its stakeholders.

This includes the following responsibilities;

- implementing the Group's values and code of conduct, including ensuring any additional UK requirements
- Overseeing the company's compliance with financial reporting and disclosure obligations.
- Overseeing the risk management of the PGS Group, ensuring it is sufficient for the company
- Determining its own composition, subject to the provisions of the Company's Articles of incorporation
- Setting and approving policies specific to UK.
- Review and approve non-routine or significant transactions.
- Specific consideration of issues for employees, customers and suppliers arising from the Covid-19 pandemic, including information in relation to government guidelines, workplace planning and staff wellbeing.

DocuSign Envelope ID: 00E2FB11-8B4C-4FC6-BB3A-920681EE1E92

PGS HOLDING I LTD DIRECTORS' REPORT *(continued)*

Section 172(1) statement *(continued)*

Responsibilities during the year

The board of directors do not have a set schedule for meetings, but will convene as needed and receives regular reporting from management about compliance and business activities of the company.

Risk management and internal control

The Board of Directors is responsible for ensuring that appropriate guidelines, monitoring, and internal control systems are in place. These are to include embedding risk management, designating risk ownership, and implementing risk responses and controls.

The company mainly relies on a system applied by all companies in the PGS Group. The system of internal control is designed to manage, rather than eliminate, the risk of failure to achieve business objectives and can only provide reasonable, but not absolute assurance against material financial misstatements or loss.

Group Management maintains and regularly reviews a risk matrix setting out the main risks for the company. These risk factors and the company's risk mitigating activities are subject to discussion by the Group Board of Directors at least once a year. The result is shared with the directors of the company.

Group Management conducts day-to-day follow-up of financial management and reporting. Management has established a structured approach to ensure that the system for Internal Control over Financial Reporting ("ICFR") is effective. ICFR includes identification and assessment of all material financial reporting risks, identifying and documenting relevant controls to address these risks, and monitoring that controls are implemented and performed. For controls that are not operationally effective at year-end, their potential financial exposure and impact on the consolidated financial statements are evaluated.

PGS Group has an Internal Audit Department reporting directly to the Audit Committee on its audit planning and audit reports. The purpose of the Internal Audit Department is to perform independent, objective assurance and consulting activities that add value and improve the company's initiatives in financial, operational and compliance areas. The scope of work for the Internal Audit Department includes determining whether the company's risk management, control, and governance, as designed and represented by management, are adequate and well-functioning. The audit reports are issued to the Group Audit Committee. In addition, the Internal Audit Department regularly monitors and reports status of management's actions to respond to identified risks or weaknesses. All reports are available to the directors of PGS Holding I Ltd.

Communication with stakeholders

The company consists of various departments and functions contributing to the PGS Group. As the PGS Group is managed on a divisional basis, all departments and functions report to their respective global department heads. Decision-making is delegated by the PGS Group's authorization matrix. The Board regularly review material decisions made on behalf of the company.

Customers

The PGS Group have relatively few, but large customers. Consistently delivering high quality products and building long-term relationships to our main customers is a key priority. As most of our key customers operates globally, the directors have delegated the main responsibility for customer relations to Group Management.

Suppliers

Similar to customers, we aim to develop long-lasting relationships with our key suppliers by engaging with them on a regular basis. PGS Group has a global purchasing and contracting department that handles all key suppliers on behalf of all PGS Group entities.

PGS Group

PGS operates its vessels globally and is a highly integrated group of companies aimed at carrying out the Seismic projects in the best possible manner. Close cooperation with other group companies is therefore paramount to the company.

DocuSign Envelope ID: 00E2FB11-8B4C-4FC6-BB3A-920681EE1E92

PGS HOLDING I LTD DIRECTORS' REPORT *(continued)*

Section 172(1) statement *(continued)*

Communities and the environment

The company strives to be actively engaged with our communities. We continually look to support local causes and create opportunities through recruitment.

The seismic industry has a role in enabling a reliable supply of energy now and in the future through the sustainable transition to greener energy. PGS remains devoted to conducting our operations with minimal impact on the oceans and those that are reliant upon them for their living or sustenance.

Our commitment is to leave the oceans as we find them, and our ambition is to contribute to healthier marine environment - for the benefit of all. We have therefore refocused our support to the UN Sustainable Development Goals with strong focus on Climate Action and Life Below Water. These will be the pillars of our environmental strategies and actions going forward.

We are committed to:

- Carefully planning and executing surveys to minimize any disturbance
- Immediately ceasing operations if marine mammals are observed in close proximity
- Respecting local communities and fishermen
- Not throwing anything overboard and leaving nothing behind.

Going concern

The company's business activities, together with the factors likely to affect its future development and position, are set out in the Business review section of the Strategic Report.

The financial statements have been prepared on the going concern basis which the directors believe to be appropriate.

The Directors have obtained a letter of support from the Group confirming that if required, support will be provided up to 30 April 2024. The directors have considered the financial position of PGS ASA, including centralised treasury arrangements.

The company is a guarantor for all material interest bearing debt within the group, including having pledged its shareholding in PGS Holding II Ltd. During 2022, the improving seismic market improved cash flow generation, and the PGS Group's liquidity position was further strengthened by strong shareholder support in two private placements raising close to \$250 million of new equity. In March 2023, PGS successfully placed a new \$450 million senior secured bond with 4-year tenor, the proceeds of which were, together with cash held on balance sheet, used to repay \$600 million of the Group's Term Loan B (the "TLB") maturing in March 2024. PGS expects to repay the remaining \$138 million TLB from operational cash flows.

Whilst the directors are confident that the PGS Group will generate sufficient cash flows to repay the TLB balance by March 2024, the directors have concluded that the risk of shortfall and or breaching the financial covenant of minimum liquidity of \$75m could represent an event of default under the loan and other loan agreements. In such case, PGS Group may be able to obtain a waiver of the breach, however if not, certain creditors of the group may, by 50% majority demand immediate repayment of the loan balances, which could represent an event of default in other loan arrangements and debt instruments in the Group. Alternatively, certain creditors of the group may, by 50% majority accelerate and enforce the share pledge over PGS Holding II Ltd, a subsidiary of the company, and other pledges over all major assets of the group. Such enforcement would likely imply the company, left without any material assets, will then enter insolvency. Therefore, the company may be unable to realise its assets and discharge its liabilities in the normal course of business.

The directors have obtained sufficient information in terms of the financial situation of PGS ASA to conclude that the going concern assumption is still appropriate, thus they continue to adopt the going concern basis of accounting in preparing these financial statements until 30 April 2024.

PGS HOLDING I LTD
DIRECTORS' REPORT *(continued)*

Information to the auditor

Each of the directors at the date of approval of this report confirms that:

1. So far as the director is aware, there is no relevant audit information of which the auditor is unaware; and
2. the director has taken all steps that he/she ought to have taken as a director to make himself/herself aware of any relevant audit information and to establish that the company's auditors are aware of that information.

Events since the balance sheet date

There have been no events subsequent to the year end which require adjustment of or disclosure in the financial statements.

Auditor

Pursuant to section 487 of the Companies Act 2006, the auditors will be deemed to be re-appointed and Ernst & Young LLP will therefore continue in office.

Signed on behalf of the Board by:

PGS HOLDING I LTD STATEMENT OF DIRECTORS' RESPONSIBILITIES

The directors are responsible for preparing the Strategic Report, the Directors' Report and the financial statements in accordance with applicable law and regulations.

Company law requires the directors to prepare financial statements for each financial year. Under that law the directors have elected to prepare the financial statements in accordance with United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including FRS 101 'Reduced Disclosure Framework' ('FRS 101'). Under company law the directors must not approve the financial statements unless they are satisfied that they give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing these financial statements, the directors are required to:

- select suitable accounting policies and apply them consistently;
- make judgements and accounting estimates that are reasonable and prudent;
- provide additional disclosures when compliance with the specific requirements in FRS 101 is insufficient to enable users to understand the impact of particular transactions, other events and conditions on the company financial position and financial performance;
- state whether applicable UK Accounting Standards have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the company will continue in business.

The directors are responsible for keeping adequate accounting records that are sufficient to show and explain the company's transactions and disclose with reasonable accuracy at any time the financial position of the company and enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

DocuSign Envelope ID: 00E2FB11-8B4C-4FC6-BB3A-920681EE1E92

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PGS HOLDING I LTD

Opinion

We have audited the financial statements of PGS Holding I Ltd for the year ended 31 December 2022 which comprise the Balance Sheet, the Statement of Changes in Equity and the related notes 1 to 13, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards including FRS 101 "Reduced Disclosure Framework".

In our opinion, the financial statements:

- give a true and fair view of the company's affairs as at 31 December 2022
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report below. We are independent of the company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Material uncertainty relating to going concern

We draw attention to Note 3 in the financial statements, which indicates that the company is dependent on financial support from PGS ASA, the ultimate parent, to allow the company to continue its operations to 30 April 2024.

A material uncertainty around the availability of support from PGS ASA exists due to:

- the liquidity of the Group and potential covenant breaches; should any unexpected operational risks materialise, or plausible downside scenarios occur, there may be a need for additional funding to be secured or covenant waivers to be received.

This could result in the in the parent's inability to provide financial support if required.

As stated in Note 3, this condition indicates that a material uncertainty exists that may cast a significant doubt on the company's ability to continue as a Going Concern. In auditing the financial statements, we have concluded that the directors' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Our opinion is not modified in respect of this matter.

Our responsibilities and the responsibilities of the directors with respect to going concern are described in the relevant sections of this report. However, because not all future events or conditions can be predicted, this statement is not a guarantee as to the company's ability to continue as a going concern.

Other information

The other information comprises the information included in the Report and financial statements, other than the financial statements and our auditor's report thereon. The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in this report, we do not express any form of assurance conclusion thereon.

DocuSign Envelope ID: 00E2FB11-8B4C-4FC6-BB3A-920681EE1E92

**INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS
OF PGS HOLDING I LTD (continued)**

Other information (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of the other information, we are required to report that fact.

We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Strategic Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Strategic Report and Directors' Report have been prepared in accordance with applicable legal requirements.

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the company and its environment obtained in the course of the audit, we have not identified material misstatements in the Strategic Report or Directors' Report.

We have nothing to report in respect of the following matters in relation to which the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of directors' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of directors

As explained more fully in the Statement of Directors' Responsibilities set out on page 8, the directors are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the company or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF PGS HOLDING I LTD (*continued*)

Explanation as to what extent the audit was considered capable of detecting irregularities, including fraud

Irregularities, including fraud, are instances of non-compliance with laws and regulations. We design procedures in line with our responsibilities, outlined above, to detect irregularities, including fraud. The risk of not detecting a material misstatement due to fraud is higher than the risk of not detecting one resulting from error, as fraud may involve deliberate concealment by, for example, forgery or intentional misrepresentations, or through collusion. The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below. However, the primary responsibility for the prevention and detection of fraud rests with both those charged with governance of the entity and management.

- We obtained an understanding of the legal and regulatory frameworks that are applicable to the company and determined that the most significant are those that relate to the reporting framework (FRS 101 and the Companies Act 2006) and the relevant direct and indirect tax compliance regulation, including anti-bribery and corruption in the United Kingdom and any other areas of operation.
- We understood how PGS Holding I Ltd is complying with those frameworks by making enquiries of management to understand how the company maintains and communicates its policies and procedures in these areas and corroborated this by reviewing supporting documentation. We also reviewed correspondence with relevant authorities.
- We assessed the susceptibility of the company's financial statements to material misstatement, including how fraud might occur by considering the risk of management override. Our procedures involved testing journal entries identified by specific risk criteria.
- Based on this understanding we designed our audit procedures to identify noncompliance with such laws and regulations. Our procedures included a focus on compliance with the accounting and regulatory frameworks and obtaining sufficient audit evidence in line with the level of risk identified, in conjunction with compliance with relevant legislation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <https://www.frc.org.uk/auditorsresponsibilities>. This description forms part of our auditor's report.

Use of our report

This report is made solely to the company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the company's members those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the company and the company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Gordon Edwards (Senior statutory auditor)

PGS HOLDING I LTD NOTES TO THE FINANCIAL STATEMENTS

1 General information

PGS Holding I Ltd is a private company and is incorporated and domiciled in England and Wales. The address of its registered office is 4, The Heights, Brooklands, Weybridge, Surrey KT13 0NY.

2 Authorisation of financial statements and statement of compliance with FRS 101

The financial statements of PGS Holding I Ltd (the "company") for the year ended 31 December 2022 were authorised for issue by the board of directors on 27 April 2023 and the Balance Sheet was signed on the board's behalf by C Steen-Nilsen.

These financial statements were prepared in accordance with Financial Reporting Standard 101 'Reduced Disclosure Framework' ('FRS 101') and in accordance with applicable accounting standards. The company's financial statements are presented in US dollars as this is the currency in which the company operates.

3 Accounting policies

The following accounting policies have been consistently applied in deciding the items which are considered material in relation to the financial statements.

Basis of preparation

The company has been determined to meet the criteria of a 'qualifying entity' under the definition in FRS 101. The financial statements in which the company is consolidated are available from the ultimate parent company as detailed in note 12.

The accounting policies which follow set out those policies which apply in preparing the financial statements for the year ended 31 December 2022.

Summary of disclosure exemptions

The company has taken advantage of the following disclosure exemptions under FRS 101:

- the requirements of paragraphs 45(b) and 46-52 of IFRS 2 Share based Payment, because the share based payment arrangement concerns the instruments of another group entity;
- the requirements of IFRS 7 Financial Instruments: Disclosures,
- the requirements of paragraphs 91-99 of IFRS 13 Fair Value Measurement,
- the requirement in paragraph 38 of IAS 1 'Presentation of Financial Statements' to present comparative information in respect of:
 - (i) paragraph 79(a)(iv) of IAS 1;
 - (ii) paragraph 73(e) of IAS 16 Property, Plant and Equipment;
 - (iii) paragraph 118(e) of IAS 38 Intangible Assets;
- the requirements of paragraphs 10(d), 10(f), 39(c) and 134-136 of IAS 1 Presentation of Financial Statements;
- the requirements of IAS 7 Statement of Cash Flows;
- the requirements of paragraphs 30 and 31 of IAS 8 Accounting Policies, Changes in Accounting Estimates and Errors;
- the requirements of paragraph 17 of IAS 24 Related Party Disclosures;
- the requirements in IAS 24 Related Party Disclosures to disclose related party transactions entered into between two or more members of a group, provided that any subsidiary which is a party to the transaction is wholly owned by such a member ; and
- the requirements of paragraphs 134(d)-134(f) and 135(c)-135(e) of IAS 36 Impairment of Assets.

PGS HOLDING I LTD NOTES TO THE FINANCIAL STATEMENTS

3 Accounting policies (*continued*)

Going concern

The company's business activities, together with the factors likely to affect its future development and position, are set out in the Business review section of the Strategic Report.

The financial statements have been prepared on the going concern basis which the directors believe to be appropriate.

The Directors have obtained a letter of support from the Group confirming that if required, support will be provided up to 30 April 2024. The directors have considered the financial position of PGS ASA, including centralised treasury arrangements.

The company is a guarantor for all material interest bearing debt within the group, including having pledged its shareholding in PGS Holding II Ltd. During 2022, the improving seismic market improved cash flow generation, and the PGS Group's liquidity position was further strengthened by strong shareholder support in two private placements raising close to \$250 million of new equity. In March 2023, PGS successfully placed a new \$450 million senior secured bond with 4-year tenor, the proceeds of which were, together with cash held on balance sheet, used to repay \$600 million of the Group's Term Loan B (the "TLB") maturing in March 2024. PGS expects to repay the remaining \$138 million TLB from operational cash flows.

Whilst the directors are confident that the PGS Group will generate sufficient cash flows to repay the TLB balance by March 2024, the directors have concluded that the risk of shortfall and or breaching the financial covenant of minimum liquidity of \$75m could represent an event of default under the loan and other loan agreements. In such case, PGS Group may be able to obtain a waiver of the breach, however if not, certain creditors of the group may, by 50% majority demand immediate repayment of the loan balances, which could represent an event of default in other loan arrangements and debt instruments in the Group. Alternatively, certain creditors of the group may, by 50% majority accelerate and enforce the share pledge over PGS Holding II Ltd, a subsidiary of the company, and other pledges over all major assets of the group. Such enforcement would likely imply the company, left without any material assets, will then enter insolvency. Therefore, the company may be unable to realise its assets and discharge its liabilities in the normal course of business.

The directors have obtained sufficient information in terms of the financial situation of PGS ASA to conclude that the going concern assumption is still appropriate, thus they continue to adopt the going concern basis of accounting in preparing these financial statements until 30 April 2024.

The directors have obtained sufficient information in terms of the financial situation of PGS ASA to conclude that the going concern assumption is still appropriate, thus they continue to adopt the going concern basis of accounting in preparing these financial statements.

Group accounts

The company is exempt under section 400 of the Companies Act 2006 from the requirement to prepare consolidated financial statements as it and its subsidiary undertakings are included in the consolidated financial statements of its ultimate parent undertaking, PGS ASA, a company registered in Norway.

The financial statements contain information about PGS Holding I Ltd as an individual company and do not contain consolidated financial information as the parent of a group.

Foreign currency transactions and balances

Transactions in foreign currencies are initially recorded at the USD exchange rate prevailing at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are retranslated into USD at the rates prevailing on the reporting period date. Foreign exchange gains and losses resulting from the settlement of foreign currency transactions and from the translation of realised and unrealised monetary assets and liabilities denominated in foreign currencies are recognised in profit or loss.

Investments

Investments are held at cost less accumulated impairment losses.

PGS HOLDING I LTD
NOTES TO THE FINANCIAL STATEMENTS

4 Critical accounting judgements, estimates and assumptions

The preparation of financial statements in accordance with FRS 101 requires management to make estimates, assumptions and judgments that affect the reported amounts of assets and liabilities and the disclosure of contingent liabilities. In many circumstances, the ultimate outcome related to the estimates, assumptions and judgments may not be known for several years after the preparation of the financial statements. Actual amounts may differ materially from these estimates due to changes in general economic conditions, changes in laws and regulations, changes in future operating plans and the inherent imprecision associated with estimates.

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below.

Investments

Investments in subsidiary undertakings are stated at cost and are reviewed at least annually to assess whether there is objective evidence to indicate that either the carrying values are impaired or impairments recognised in prior periods need to be reversed. See note 8 for carrying values and details of subsidiaries.

5 Auditor's remuneration

Auditor's remuneration of \$8,000 (2021: \$8,000) was settled by a fellow group company.

6 Directors' remuneration

None of the directors received any fees or remunerations for services as a director of the company during the financial year (2021: Nil).

The remuneration of the directors is paid by another group company, which makes no recharges to the company. The directors act in a group capacity only and do not allocate specific time to the company and therefore it is not possible to make an accurate apportionment of their emoluments in respect of the company.

7 Income tax

The company is domiciled in Norway for taxation purposes. There is no tax due in the United Kingdom or in Norway for the year ended 31 December 2022 (2021: Nil).

PGS HOLDING I LTD
NOTES TO THE FINANCIAL STATEMENTS

10 Foreign exchange

The financial statements are presented in US Dollars. The exchange rate at 31 December 2022 applied was 1.20 USD to 1.0 GBP.

11 Related party transactions

As a wholly owned subsidiary of PGS ASA the company has taken advantage of the exemption under paragraph 8(k) of FRS101 not to disclose transactions with other wholly owned group companies. There were no other related party transactions.

12 Ultimate parent undertaking

The company's immediate and ultimate parent and controlling party is PGS ASA, a company incorporated in Norway.

The smallest and largest group in which the results of the company are consolidated is that headed by PGS ASA. These financial statements are available upon request from PGS ASA, Lilleakerveien 4C, P.O. Box 251 Lilleaker, 0216 Oslo, Norway.

13 Events since the balance sheet date

There have been no events subsequent to the year end which require adjustment of or disclosure in the financial statements.
