ÅRSREDOVISNING FÖR HXH INTERNATIONAL AB

Styrelsen och verkställande direktören för HxH International AB avger härmed årsredovisning för räkenskapsåret 2023-01-01 - 2023-12-31.

FÖRVALTNINGSBERÄTTELSE

Verksamhetens art och inriktning

HxH International AB äger samtliga aktier i dotterbolaget Heatex AB (org.nr 556294-3323), som konstruerar och tillverkar luft- till luftvärmväxlare för återvinning av värme och energi inom främst ventilation och komponentkyla inom olika industrisegment. Verksamheten är global med dotterbolag i Tjeckien och Kina. Huvudkontoret är placerat i Malmö.

Bolagen inom Heatex-koncernen är verksamma inom greentech med inriktning på återvinning av värme och energi för reducerad energiförbrukning. Den globala energiförbrukningen är fördelad i ungefär lika stora delar mot i) bostäder och service, ii) industri, och iii) transport. Heatex verkar inom samtliga nämnda områden där bolagets produkter utgör en nyckelkomponent i kundernas systemlösningar. Heatex är verksam inom både traditionella segment såsom kommersiell och industriell ventilation samt snabbt växande segment inom energiproduktion (vindkraft, solkraft), transport (elfordon) och elektronikkyllning (datacenter, telecom).

Ägarförhållanden

HxH International AB ägs till 100% av Madison IAQ LLC (86-2704331) med huvudkontor i Minneapolis, USA.

Utveckling av verksamhet, ställning och resultat

HxH Internationals verksamhet består i huvudsak av att administrera Heatex-guppens finansiering. Bolagets resultat efter finansiella poster påverkas i stor utsträckning av hur amerikanska dollarn utvecklas mot den svenska kronan, eftersom bolagets upplåning i huvudsak är i USD. Under 2023 har den svenska kronan stärkts i förhållande till USD, vilket förklarar det positiva resultatet i år, jämfört med 2022.

Väsentliga händelser under räkenskapsåret

Med start räkenskapsåret 2023 har HXH International AB beslutat att inte avge en koncernårsredovisning. Beslutet är fattat med stöd av Årsredovisningslagen kap. 7, § 2. I samband med detta har moderbolaget också valt att byta redovisningsprinciper från RFR 2, Redovisning för juridiska personer, till Bokföringsnämndens allmänna råd BFNAR 2012:1 Årsredovisning och koncernredovisning ("K3"). Detta blir således bolagets första finansiella rapport som upprättas i enlighet med Bokföringsnämndens allmänna råd BFNAR 2012:1 Årsredovisning och koncernredovisning ("K3") och Årsredovisningslagen. Tidigare har moderföretaget tillämpat RFR 2 Redovisning för juridiska personer och Årsredovisningslagen.

Övergångsdatum har fastställts till den 1 januari 2023. Övergången till Bokföringsnämndens allmänna råd BFNAR 2012:1 Årsredovisning och koncernredovisning ("K3") och Årsredovisningslagen har inte inneburit några väsentliga effekter på moderföretagets finansiella ställning, resultat eller kassaflöde vilket innebär att jämförelseåret 2022 inte har ändrats.

Eftersom bolaget valt att från och med 2023 inte avge koncernårsredovisning, hänvisar bolaget från och med 2023 till närmast överordnade moderföretag som upprättar koncernredovisning, i vilken HxH International ingår, som är moderbolaget Madison IAQ LLC (482635) med huvudkontor i Chicago, USA.

Madison IAQ LLC koncernårsredovisning finns att tillgå på Bolagsverket, som en bilaga till HxH International ABs årsredovisning. Moderföretag för hela koncernen är Madison Industries Holdings LLC (5387456) med huvudkontor i Chicago, USA.

HxH International AB
556731-0601

Väsentliga händelser efter räkenskapsåret

Det har inte inträffat några väsentliga händelser efter räkenskapsårets utgång.

Väsentliga risker och osäkerhetsfaktorer

Finansieringsrisk

Madison Industries uppköp av HXH International AB under 2020 innebar att samtliga existerande långfristiga lån amorterades och ersattes av en amorteringsfri sk "promissory note" med Madison IAQ LLC som långgivare. Lånet är i USD och löper till juni 2028 med en ränta om 2,45%. HXH International AB är utsatt för en ränte- och valutarisk, eftersom lånet är i USD. Bolaget kan amortera regelbundet tack vare ett starkt kassaflöde i koncernen och minskar därmed successivt effekterna av valutafluktuationer i resultatet.

Hållbarhetsrapport

Hållbarhetsrapporten för 2023 finns publicerad på bolagets hemsida, www.heatex.com.

Förslag till vinstdisposition (kronor)

Förslag till disposition av bolagets fria medel (Tkr)

Till årsstämman förfogande står följande vinstmedel

Balanserat resultat	118 204
Årets resultat	279
	<u>118 483</u>

Styrelsen föreslår att
i ny räkning balanseras

118 483
<u>118 483</u>

Styrelsens yttrande över den föreslagna vinstdispositionen

Styrelsen och verkställande direktören föreslår att hela vinsten balanseras och att ingen utdelning utgår.

Beträffande moderföretagets och koncernens resultat och ställning i övrigt hänvisas till efterföljande resultat- och balansräkningar, rapporter över förändringar i eget kapital, kassaflödesanalyser samt noter. Alla belopp uttrycks i tusentals svenska kronor där ej annat anges.

NOTER

Not 1 Allmän information

HxH International AB med organisationsnummer 556731-0601 är ett aktiebolag registrerat i Sverige med säte i Malmö. Adressen till huvudkontoret är Hyllie Boulevard 34, 215 32 Malmö. HxH International AB äger samtliga andelar i Heatex AB, ett företag som konstruerar och tillverkar luft- till luft värmeväxlare för återvinning av värme och kyla inom främst ventilation och komponentkyla inom olika industrisegment.

HxH International AB är ett helägt dotterföretag till Madison IAQ LLC (86-2704331), med huvudkontor i Minneapolis, USA. Eftersom HxH International AB valt att från och med 2023 inte avge koncernårsredovisning (med stöd av Årsredovisningslagen kap. 7, § 2), hänvisar bolaget till närmast överordnade moderföretag som upprättar koncernredovisning i vilken HxH International ingår, vilket är moderbolaget Madison IAQ LLC (86-2704331) med huvudkontor i Minneapolis, USA. Madison IAQ LLC koncernårsredovisning finns att tillgå på Bolagsverket som en bilaga till HxH International ABs årsredovisning.

Moderföretag för hela koncernen är Madison Industries Holdings LLC (47-5559437), med huvudkontor i Chicago, USA.

Not 2 Väsentliga redovisningsprinciper

Med start räkenskapsåret 2023 har HxH International AB beslutat att inte avge en koncernårsredovisning. Beslutet är fattat med stöd av Årsredovisningslagen kap. 7 kap, § 2. I samband med detta har moderbolaget också valt att byta redovisningsprinciper från RFR 2, Redovisning för juridiska personer, till Bokföringsnämndens allmänna råd BFNAR 2012:1 Årsredovisning och koncernredovisning ("K3"). Detta blir således bolagets första finansiella rapport som upprättas i enlighet med Bokföringsnämndens allmänna råd BFNAR 2012:1 Årsredovisning och koncernredovisning ("K3") och Årsredovisningslagen. Tidigare har moderföretaget tillämpat RFR 2 Redovisning för juridiska personer och Årsredovisningslagen.

Övergångsdatum har fastställts till den 1 januari 2023. Övergången till Bokföringsnämndens allmänna råd BFNAR 2012:1 Årsredovisning och koncernredovisning ("K3") och Årsredovisningslagen har inte inneburit några väsentliga effekter på moderföretagets finansiella ställning, resultat eller kassaflöde vilket innebär att jämförelseåret 2022 inte har ändrats. Bolaget konstaterar därmed att övergången inte haft någon effekt på det egna kapitalet eller jämförelsetalen.

Intäkter

Utdelning och ränteintäkter

Utdelning redovisas när ägarens rätt att erhålla betalning har fastställts.

Ränteintäkter redovisas fördelat över löptiden med tillämpning av effektivräntemetoden. Effektivräntan är den ränta som gör att nuvärdet av alla framtida in- och utbetalningar under räntebindningstiden blir lika med det redovisade värdet av fordran.

Utländsk valuta

Företagets redovisningsvaluta är svenska kronor (SEK).

Omräkning av poster i utländsk valuta

Vid varje balansdag räknas monetära poster i utländsk valuta om till balansdagens kurs. Icke-monetära poster, som värderas till historiskt anskaffningsvärde i en utländsk valuta räknas inte om. Valutakursdifferenser redovisas i rörelseresultatet eller som finansiell post utifrån den underliggande affärshändelsen i den period de uppstår, med undantag för transaktioner som utgör säkring och som uppfyller villkoren för säkringsredovisning av kassaflöden eller av nettoinvesteringar. Bolaget tillämpar inte säkringsredovisning.

Låneutgifter

Låneutgifter avseende lånat kapital som kan hänföras till inköp, konstruktion eller produktion av en tillgång som tar betydande tid att färdigställa innan den kan användas eller säljs inräknas i tillgångens anskaffningsvärde tills den tidpunkt då tillgången är färdigställd för dess avsedda användning eller försäljning. Övriga låneutgifter redovisas i resultaträkningen i den period de uppkommer. Inga ränteutgifter har hittills aktiverats.

Långfristiga skulder består i allt väsentligt av belopp som förväntas återvinnas eller betalas efter mer än tolv månader räknat från balansdagen. Omsättningstillgångar och kortfristiga skulder består i allt väsentligt av belopp som förväntas återvinnas eller betalas inom tolv månader räknat från balansdagen. Tillgångar och skulder är redovisade i enlighet med anskaffningsvärdemetoden.

Tillgångar och skulder är redovisade i enlighet med anskaffningsvärdemetoden.

Inkomstskatter

Skattekostnaden utgörs av summan av aktuell skatt och uppskjuten skatt.

Aktuell skatt

Aktuell skatt beräknas på det skattepliktiga resultatet för perioden. Skattepliktigt resultat skiljer sig från det redovisade resultatet i resultaträkningen då det har justerats för ej skattepliktiga intäkter och ej avdragsgilla kostnader samt för intäkter och kostnader som är skattepliktiga eller avdragsgilla i andra perioder. Aktuell skatteskuld beräknas enligt de skattesatser som gäller per balansdagen.

Uppskjuten skatt

Uppskjuten skatt redovisas på temporära skillnader mellan det redovisade värdet på tillgångar och skulder i de finansiella rapporterna och det skattemässiga värdet som används vid beräkning av skattepliktigt resultat. Uppskjuten skatt redovisas enligt den sk balansräkningsmetoden. Uppskjutna skatteskulder redovisas för i princip alla skattepliktiga temporära skillnader, och uppskjutna skattefordringar redovisas i princip för alla avdragsgilla temporära skillnader i den omfattning det är sannolikt att beloppen kan utnyttjas mot framtida skattepliktiga överskott. Obeskattade reserver redovisas inklusive uppskjuten skatteskuld.

Det redovisade värdet på uppskjutna skattefordringar omprövas varje balansdag och reduceras till den del det inte längre är sannolikt att tillräckliga skattepliktiga resultat kommer att finnas tillgängliga för att utnyttjas, helt eller delvis, mot den uppskjutna skattefordran.

Värderingen av uppskjuten skatt baseras på hur företaget, per balansdagen, förväntar sig att återvinna det redovisade värdet för motsvarande tillgång eller reglera det redovisade värdet för motsvarande skuld. Uppskjuten skatt beräknas baserat på de skattesatser och skatteregler som har beslutats före balansdagen.

Aktuell och uppskjuten skatt för perioden

Aktuell och uppskjuten skatt redovisas som en kostnad eller intäkt i resultaträkningen, utom när skatten är hänförlig till transaktioner som redovisats i övrigt totalresultat eller direkt mot eget kapital. I sådana fall ska även skatten redovisas i övrigt totalresultat eller direkt mot eget kapital.

Andelar i koncernföretag

Andelar i dotterföretag redovisas till anskaffningsvärde. Utdelning från dotterföretag redovisas som intäkt när rätten att få utdelning bedöms som säker och kan beräknas på ett tillförlitligt sätt.

Finansiella instrument

En finansiell tillgång eller finansiell skuld redovisas i balansräkningen när företaget blir part till instrumentets avtalsenliga villkor. En finansiell tillgång bokas bort från balansräkningen när den avtalsenliga rätten till kassaflödet från tillgången upphör, regleras eller när företaget förlorar kontrollen över den. En finansiell skuld, eller del av finansiell skuld, bokas bort från balansräkningen när den avtalade förpliktelsen fullgörs eller på annat sätt upphör.

Vid det första redovisningstillfället värderas omsättningstillgångar och kortfristiga skulder till anskaffningsvärde. Långfristiga fordringar samt långfristiga skulder värderas vid det första redovisningstillfället till upplupet anskaffningsvärde.

Vid värdering efter det första redovisningstillfället värderas omsättningstillgångar enligt lägsta värdets princip, dvs. det lägsta av anskaffningsvärdet och nettoförsäljningsvärdet på balansdagen. Kortfristiga skulder värderas till nominellt belopp.

Långfristiga fordringar och långfristiga skulder värderas efter det första redovisningstillfället till upplupet anskaffningsvärde.

Med upplupet anskaffningsvärde avses det belopp till vilket tillgången eller skulden initialt redovisades med avdrag för amorteringar, tillägg eller avdrag för ackumulerad periodisering enligt effektivräntemetoden av den initiala skillnaden mellan erhållet/betalat belopp och belopp att betala/erhålla på förfalldagen samt med avdrag för nedskrivningar.

Effektivräntan är den ränta som vid en diskontering av samtliga framtida förväntade kassaflöden över den förväntade löptiden resulterar i det initialt redovisade värdet för den finansiella tillgången eller den finansiella skulden.

HxH International AB
556731-0601

Likvida medel

Likvida medel inkluderar kassamedel och banktillgodohavanden samt andra kortfristiga likvida placeringar som lätt kan omvandlas till kontanter samt är föremål för en obetydlig risk för värdetförändringar. För att klassificeras som likvida medel får löptiden inte överskrida tre månader från tidpunkten för förvärvet.

Aktieägartillskott

Aktieägartillskott som en ägare lämnar redovisas som en ökning av andelens redovisade värde. Erhållna aktieägartillskott redovisas direkt i fritt eget kapital.

Kassaflödesanalys

Kassaflödesanalysen visar företagets förändringar av företagets likvida medel under räkenskapsåret. Kassaflödesanalysen har upprättats enligt den indirekta metoden. Det redovisade kassaflödet omfattar endast transaktioner som medfört in- och utbetalningar.

Not 3 Viktiga uppskattningar och bedömningar

Uppskattningar och bedömningar utvärderas löpande och baseras på historisk erfarenhet och andra faktorer, inklusive förväntningar på framtida händelser som anses rimliga under rådande förhållanden.

Viktiga uppskattningar och bedömningar för redovisningsändamål

Nedan redogörs för de viktigaste antagandena om framtiden, och andra viktiga källor till osäkerhet i uppskattningar per balansdagen, som innebär en betydande risk för väsentliga justeringar i redovisade värden för tillgångar och skulder under nästkommande räkenskapsår.

Bedömning av nedskrivningsbehov för dotterbolag

Andelar i dotterföretag redovisas till anskaffningsvärde efter avdrag för eventuella nedskrivningar. I anskaffningsvärdet inkluderas förvärvsrelaterade kostnader och eventuella tilläggsköpeskillningar. När det finns en indikation på att andelar i dotterföretag minskat i värde görs en beräkning av återvinningsvärdet. Är detta lägre än det redovisade värdet görs en nedskrivning om värdenedgången anses vara bestående. Bedömning och antaganden görs på framtida omsättning och marginal. Prövning av värde genomförs årligen.

REVISIONSBERÄTTELSE

Till bolagsstämman i HxH International AB
organisationsnummer 556731-0601

Rapport om årsredovisningen

Uttalanden

Vi har utfört en revision av årsredovisningen för HxH International AB för räkenskapsåret 2023-01-01 - 2023-12-31.

Enligt vår uppfattning har årsredovisningen upprättats i enlighet med årsredovisningslagen och ger en i alla väsentliga avseenden rättvisande bild av HxH International ABs finansiella ställning per den 31 december 2023 och av dess finansiella resultat och kassaflöde för året enligt årsredovisningslagen. Förvaltningsberättelsen är förenlig med årsredovisningens övriga delar.

Vi tillstyrker därför att bolagsstämman fastställer resultaträkningen och balansräkningen.

Grund för uttalanden

Vi har utfört revisionen enligt International Standards on Auditing (ISA) och god revisionsred i Sverige. Vårt ansvar enligt dessa standarder beskrivs närmare i avsnittet *Revisorns ansvar*. Vi är oberoende i förhållande till HxH International AB enligt god revisorsred i Sverige och har i övrigt fullgjort vårt yrkesetiska ansvar enligt dessa krav.

Vi anser att de revisionsbevis vi har inhämtat är tillräckliga och ändamålsenliga som grund för våra uttalanden.

Styrelsens och verkställande direktörens ansvar

Det är styrelsen och verkställande direktören som har ansvaret för att årsredovisningen upprättas och att den ger en rättvisande bild enligt årsredovisningslagen. Styrelsen och verkställande direktören ansvarar även för den interna kontroll som de bedömer är nödvändig för att upprätta en årsredovisning som inte innehåller några väsentliga felaktigheter, vare sig dessa beror på oegentligheter eller misstag.

Vid upprättandet av årsredovisningen ansvarar styrelsen och verkställande direktören för bedömningen av bolagets förmåga att fortsätta verksamheten. De upplyser, när så är tillämpligt, om förhållanden som kan påverka förmågan att fortsätta verksamheten och att använda antagandet om fortsatt drift. Antagandet om fortsatt drift tillämpas dock inte om styrelsen och verkställande direktören avser att likvidera bolaget, upphöra med verksamheten eller inte har något realistiskt alternativ till att göra något av detta.

Revisorns ansvar

Våra mål är att uppnå en rimlig grad av säkerhet om huruvida årsredovisningen som helhet inte innehåller några väsentliga felaktigheter, vare sig dessa beror på oegentligheter eller misstag, och att lämna en revisionsberättelse som innehåller våra uttalanden. Rimlig säkerhet är en hög grad av säkerhet, men är ingen garanti för att en revision som utförs enligt ISA och god revisionsred i Sverige alltid kommer att upptäcka en väsentlig felaktighet om en sådan finns. Felaktigheter kan uppstå på grund av oegentligheter eller misstag och anses vara väsentliga om de

enskilt eller tillsammans rimligen kan förväntas påverka de ekonomiska beslut som användare fattar med grund i årsredovisningen.

Som del av en revision enligt ISA använder vi professionellt omdöme och har en professionellt skeptisk inställning under hela revisionen. Dessutom:

- identifierar och bedömer vi riskerna för väsentliga felaktigheter i årsredovisningen, vare sig dessa beror på oegentligheter eller misstag, utformar och utför granskningsåtgärder bland annat utifrån dessa risker och inhämtar revisionsbevis som är tillräckliga och ändamålsenliga för att utgöra en grund för våra uttalanden. Risken för att inte upptäcka en väsentlig felaktighet till följd av oegentligheter är högre än för en väsentlig felaktighet som beror på misstag, eftersom oegentligheter kan innefatta agerande i maskopi, förfalskning, avsiktliga utelämnanden, felaktig information eller åsidosättande av intern kontroll.
- skaffar vi oss en förståelse av den del av bolagets interna kontroll som har betydelse för vår revision för att utforma granskningsåtgärder som är lämpliga med hänsyn till omständigheterna, men inte för att uttala oss om effektiviteten i den interna kontrollen.
- utvärderar vi lämpligheten i de redovisningsprinciper som används och rimligheten i styrelsens och verkställande direktörens uppskattningar i redovisningen och tillhörande upplysningar.
- drar vi en slutsats om lämpligheten i att styrelsen och verkställande direktören använder antagandet om fortsatt drift vid upprättandet av årsredovisningen. Vi drar också en slutsats, med grund i de inhämtade revisionsbevisen, om huruvida det finns någon väsentlig osäkerhetsfaktor som avser sådana händelser eller förhållanden som kan leda till betydande tvivel om bolagets förmåga att fortsätta verksamheten. Om vi drar slutsatsen att det finns en väsentlig osäkerhetsfaktor, måste vi i revisionsberättelsen fästa uppmärksamheten på upplysningarna i årsredovisningen om den väsentliga osäkerhetsfaktorn eller, om sådana upplysningar är otillräckliga, modifiera uttalandet om årsredovisningen. Våra slutsatser baseras på de revisionsbevis som inhämtas fram till datumet för revisionsberättelsen. Dock kan framtida händelser eller förhållanden göra att ett bolag inte längre kan fortsätta verksamheten.
- utvärderar vi den övergripande presentationen, strukturen och innehållet i årsredovisningen, däribland upplysningarna, och om årsredovisningen återger de underliggande transaktionerna och händelserna på ett sätt som ger en rättvisande bild.

Vi måste informera styrelsen om bland annat revisionens planerade omfattning och inriktning samt tidpunkten för den. Vi måste också informera om betydelsefulla iakttagelser under revisionen, däribland de eventuella betydande brister i den interna kontrollen som vi identifierat.

Rapport om andra krav enligt lagar och andra författningar

Uttalanden

Utöver vår revision av årsredovisningen har vi även utfört en revision av styrelsens och verkställande direktörens förvaltning för HxH International AB för räkenskapsåret 2023-01-01 - 2023-12-31 samt av förslaget till dispositioner beträffande bolagets vinst eller förlust.

Vi tillstyrker att bolagsstämman disponerar vinsten enligt förslaget i förvaltningsberättelsen och beviljar styrelsens ledamöter och verkställande direktören ansvarsfrihet för räkenskapsåret.

Grund för uttalanden

Vi har utfört revisionen enligt god revisionssed i Sverige. Vårt ansvar enligt denna beskrivs närmare i avsnittet *Revisorns ansvar*. Vi är oberoende i förhållande till HxH International AB enligt god revisorssed i Sverige och har i övrigt fullgjort vårt yrkesetiska ansvar enligt dessa krav.

Vi anser att de revisionsbevis vi har inhämtat är tillräckliga och ändamålsenliga som grund för våra uttalanden.

Styrelsens och verkställande direktörens ansvar

Det är styrelsen som har ansvaret för förslaget till dispositioner beträffande bolagets vinst eller förlust. Vid förslag till utdelning innefattar detta bland annat en bedömning av om utdelningen är försvarlig med hänsyn till de krav som bolagets verksamhetsart, omfattning och risker ställer på storleken av bolagets egna kapital, konsolideringsbehov, likviditet och ställning i övrigt.

Styrelsen ansvarar för bolagets organisation och förvaltningen av bolagets angelägenheter. Detta innefattar bland annat att fortlöpande bedöma bolagets ekonomiska situation och att tillse att bolagets organisation är utformad så att bokföringen, medelsförvaltningen och bolagets ekonomiska angelägenheter i övrigt kontrolleras på ett betryggande sätt. Verkställande direktören ska sköta den löpande förvaltningen enligt styrelsens riktlinjer och anvisningar och bland annat vidta de åtgärder som är nödvändiga för att bolagets bokföring ska fullgöras i överensstämmelse med lag och för att medelsförvaltningen ska skötas på ett betryggande sätt.

Revisorns ansvar

Vårt mål beträffande revisionen av förvaltningen, och därmed vårt uttalande om ansvarsfrihet, är att inhämta revisionsbevis för att med en rimlig grad av säkerhet kunna bedöma om någon styrelseledamot eller verkställande direktören i något väsentligt avseende:

- företagit någon åtgärd eller gjort sig skyldig till någon försummelse som kan föranleda ersättningskyldighet mot bolaget, eller
- på något annat sätt handlat i strid med aktiebolagslagen, årsredovisningslagen eller bolagsordningen.

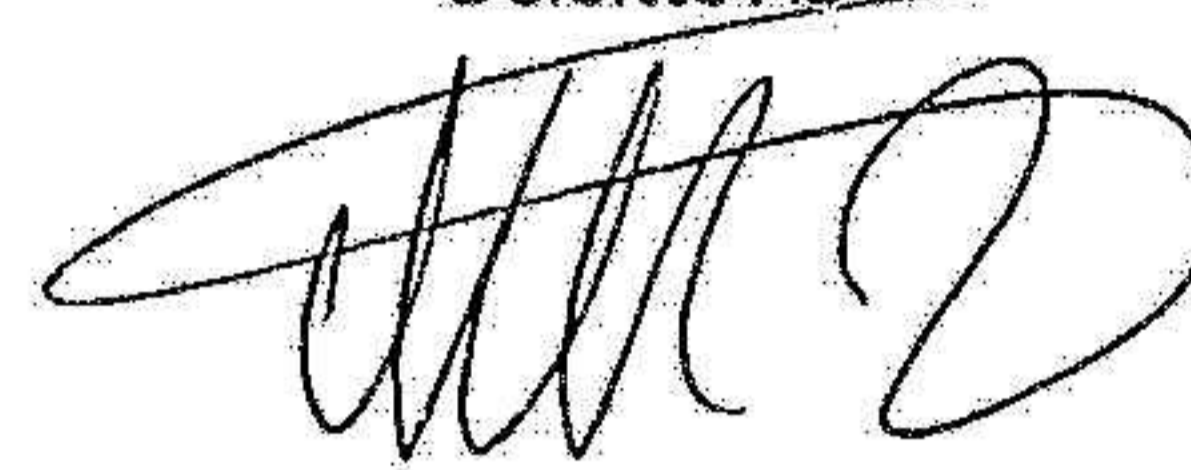

Vårt mål beträffande revisionen av förslaget till dispositioner av bolagets vinst eller förlust, och därmed vårt uttalande om detta, är att med rimlig grad av säkerhet bedöma om förslaget är förenligt med aktiebolagslagen.

Rimlig säkerhet är en hög grad av säkerhet, men ingen garanti för att en revision som utförs enligt god revisionssed i Sverige alltid kommer att upptäcka åtgärder eller försummelser som kan föranleda ersättningskyldighet mot bolaget, eller att ett förslag till dispositioner av bolagets vinst eller förlust inte är förenligt med aktiebolagslagen.

Som en del av en revision enligt god revisionssed i Sverige använder vi professionellt omdöme och har en professionellt skeptisk inställning under hela revisionen. Granskningen av förvaltningen och förslaget till dispositioner av bolagets vinst eller förlust grundar sig främst på revisionen av räkenskaperna. Vilka tillkommande granskningsåtgärder som utförs baseras på vår professionella bedömning med utgångspunkt i risk och väsentlighet. Det innebär att vi fokuserar granskningen på sådana åtgärder, områden och förhållanden som är väsentliga för verksamheten och där avsteg och överträdelser skulle ha särskild betydelse för bolagets situation. Vi går igenom och prövar fattade beslut, beslutsunderlag, vidtagna åtgärder och andra förhållanden som är relevanta för vårt uttalande om ansvarsfrihet. Som underlag för vårt uttalande om styrelsens förslag till dispositioner beträffande bolagets vinst eller förlust har vi granskat om förslaget är förenligt med aktiebolagslagen.

Report of Independent Auditors

To the Management and Manager of Madison IAQ LLC

Opinion

We have audited the accompanying consolidated financial statements of Madison IAQ LLC and its subsidiaries (the "Company"), which comprise the consolidated balance sheets as of December 31, 2023 and 2022, and the related consolidated statements of income (loss), of comprehensive income (loss), of members' equity and of cash flows for the years then ended, including the related notes (collectively referred to as the "consolidated financial statements").

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the financial position of the Company as of December 31, 2023 and 2022, and the results of its operations and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are required to be independent of the Company and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for one year after the date the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The accompanying schedule of earnings before interest, taxes, depreciation, amortization and other ("EBITDA") for the years ended December 31, 2023 and 2022 (the "supplemental information") is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. The supplemental information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The supplemental information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves and other additional procedures, in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the consolidated financial statements taken as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises Management's Discussion and Analysis of Financial Condition and Results of Operations, but does not include the consolidated financial statements and our auditors' report thereon. Our opinion on

the consolidated financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the consolidated financial statements or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Notes to the Consolidated Financial Statements

(in millions)

Note 1. Introduction

Nature of Operations

Madison IAQ LLC (the "Company" or "Madison Air") is a leading manufacturer of indoor air quality products and solutions focused on making the world safer, healthier and more productive. The Company has locations serving customers and end markets around the world.

Madison IAQ LLC has 100 units outstanding. The Company is wholly owned by Madison IAQ II, LLC, which is an indirect subsidiary of Madison Industries Holdings LLC (the "Parent"). The Parent's other businesses are not included in these consolidated financial statements.

Note 2. Summary of Significant Accounting Policies

The accompanying consolidated financial statements are presented in accordance with accounting principles generally accepted in the United States of America ("GAAP").

The Company maintains separate operations from its Parent and the Parent provides certain corporate services. As a result of these corporate services, the Company's consolidated financial statements included herein may not necessarily be indicative of the Company's financial position, results of operations or cash flows had the Company operated as a stand-alone entity during the periods presented.

Principles of Consolidation

The accompanying consolidated financial statements include the consolidated results of the Company and its majority-owned subsidiaries and were derived from its own books and records. The Company is financed on a stand-alone basis and therefore no Parent debt is required to be allocated.

The results of acquisitions by the Company are included in the consolidated results from the respective dates of acquisition. All dollar amounts are rounded in millions.

The minority member's interest in majority-owned subsidiaries is reflected as noncontrolling interest in the accompanying consolidated financial statements.

Intercompany accounts and transactions have been eliminated in the consolidated financial statements.

Estimates

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Foreign Currency Translation

Assets and liabilities of foreign operations are translated at the rate of exchange in effect on the balance sheet date. Income and expenses are translated at the weighted average rate of exchange during the year. The related translation adjustments are reflected in accumulated other comprehensive income (loss) in the members' equity section of the consolidated balance sheets. Certain intercompany loans exist between subsidiaries of the Company. To the extent these loans are not denominated in the functional currency of the respective subsidiaries, the intercompany loans are translated at the rate of exchange in effect on the balance sheet date and the noncash translation adjustments are reflected in other (income) expense in the consolidated statements of income (loss).

Cash and Cash Equivalents

The Company considers all liquid investments with original maturities of three months or less to be cash equivalents. The balances may at times exceed insured limits.

Notes to the Consolidated Financial Statements

(in millions)

Marketable Securities

The Company has U.S. Treasury debt securities with original maturities greater than three months and less than one year which are classified as available-for-sale. These available-for-sale ("AFS") securities are recorded at fair value, with the portion of the unrealized gain (loss) that are not credit-related included as a component of accumulated other comprehensive income (loss) in members' equity, until realized. Available-for-sale securities are classified as prepaid expenses and other current assets on the consolidated balance sheets.

The Company monitors the available-for-sale securities for impairment regularly. In the event that the carrying value of a debt security exceeds its fair value, the Company evaluates whether any impairment is a result of credit loss or other factors.

Accounts Receivable

Substantially all sales are made on credit to customers located throughout the world. Accounts receivable are stated at original invoice amounts less an estimate made for credit losses, returns, discounts, rebates and other customer allowances. Accounts receivable acquired as part of a business combination are recorded at fair value. The Company determines an allowance for credit losses for the current expected credit losses inherent over the expected life. The allowance for credit losses is a valuation account deducted from the amortized cost basis to present the net carrying value at the amount expected to be collected. Each period, the allowance for credit losses is adjusted through earnings to reflect expected credit losses over the remaining lives of the assets. The Company estimates expected credit losses based on historical experience, current and projected economic conditions, and reasonable and supportable forecasts that affect the collectability.

On January 1, 2023, the Company adopted *ASU No. 2016-13, Financial Instruments - Credit Losses* ("ASU 2016-13"). ASU 2016-13 requires the Company to prospectively record an allowance for credit losses for the current expected credit losses inherent in the asset over its expected life, replacing the incurred loss model that recognized losses only when they became probable and estimable. There was no material impact to the consolidated financial statements upon adoption of this new standard.

Inventories

Inventories are stated at the lower of cost or net realizable value with cost generally determined on the first in, first out ("FIFO") method or at fair value when part of a business acquisition. Management determines the allowance for excess and obsolete inventory by evaluating inventory levels and customer demand. Inventory reserves were \$30.4 and \$23.6 as of December 31, 2023 and 2022, respectively.

Leases

The Company evaluates leases for classification as operating or finance lease upon lease commencement. At lease commencement, the Company records a lease liability and corresponding right-of-use asset. Many leases contain one or more renewals at the Company's option. Options to extend the lease are only included in the lease term when it is reasonably certain the Company will exercise the option. The Company accounts for lease and non-lease components as a single lease component. The present value of the lease liability is determined using a risk-free rate for a period comparable to the lease term. Leases with an initial term of 12 months or less are not recorded on the consolidated balance sheets. The Company recognizes lease payments for such leases in the consolidated statements of income on a straight-line basis over the lease term.

Property, Plant and Equipment

Property, plant and equipment are recorded at original cost or at fair value when part of a business acquisition. Major improvements that extend the useful life of the asset are capitalized. When assets are retired or sold, their costs and related accumulated depreciation are removed from the accounts and the resulting gains or losses are included in income. Depreciation is computed using the straight-line method over the following estimated useful lives:

	Years
Buildings and improvements	10-40
Machinery and equipment	3-10

Notes to the Consolidated Financial Statements

(in millions)

Leasehold improvements are depreciated over the lesser of the remaining useful life of the asset or the term of the lease. Maintenance and repairs which neither materially add to the value of the property nor appreciably prolong its life are charged to expense as incurred.

Goodwill

Goodwill is recorded as a result of business acquisitions. Goodwill represents the excess of purchase price over the fair value of the identifiable tangible and intangible net assets acquired. The Company performs its annual review for impairment in the fourth quarter of each fiscal year, or more frequently if impairment indicators exist. Initially, the Company evaluates various pertinent qualitative factors to assess whether it is more likely than not the fair value of a reporting unit to which goodwill has been assigned is less than its carrying value. Such qualitative factors can include, among others: (1) industry and market conditions; (2) present and anticipated sales and cost factors; and (3) overall financial performance. If the Company concludes based on the qualitative assessment that it is more likely than not that the fair value of a reporting unit is less than its carrying value, the Company then measures the fair value of the reporting unit and compares its fair value to its carrying value. The Company performed a qualitative assessment for goodwill impairment for 2023 and 2022 and the evaluation did not result in any impairment losses.

Other Intangible Assets

Other intangible assets are recorded as a result of business acquisitions. The Company determines if the intangible assets have a finite future life and should be amortized or an indefinite life not subject to amortization. The Company considers its trademarks to be indefinite lived intangibles and, therefore, they are not subject to amortization. Trademarks are assessed for impairment at least annually or as triggering events occur. Customer relationships are amortized using the straight-line method over the estimated useful lives, which range from 7 to 20 years. Technology assets are amortized on a straight-line basis over the estimated useful life, which range from 5 to 12 years. Patents are amortized on a straight-line basis over the estimated period of economic benefit of 10 years. Backlog and other intangible assets are amortized on a straight-line basis over the estimated period of economic benefit, which range from 1-14 years. Intangible assets are recorded at their estimated fair values at the date of acquisition. The fair value of trademarks and other intangible assets is determined based on a number of factors that discount estimated future cash flows including operating results, business plans and present value techniques. Rates used to discount cash flows are dependent upon interest rates and a market-based risk premium at a point in time.

Impairment of Long-Lived Assets

The Company evaluates the recoverability of its long-lived assets, which include amortizable intangible assets and property, plant, and equipment, for impairment whenever events or changes in circumstances indicate that the carrying value of long-lived assets may not be recoverable. The Company will record an impairment loss to reduce the carrying amount to fair value in the event the net book value of such assets exceeds the future undiscounted cash flows attributable to such assets.

Deferred Financing Costs

Deferred financing costs are capitalized and amortized over the term of the related debt agreement. Deferred financing costs related to long-term debt of \$67.5 and \$83.6 are netted against long-term debt as of December 31, 2023 and 2022, respectively.

Product Warranties

The Company provides for estimated product warranty expenses when the Company sells the related products. Because warranty estimates are forecasts that are based on the best available information, mostly historical claims experience, claims costs may differ from amounts provided. Current warranty costs of \$25.9 and \$28.5 were recorded within accrued expenses and other current liabilities on the consolidated balance sheets as of December 31, 2023 and 2022, respectively. Long-term warranty costs of \$30.8 and \$38.1 were recorded within other long-term liabilities on the consolidated balance sheets as of December 31, 2023 and 2022, respectively.

Revenue Recognition

The Company recognizes revenue when control of performance obligations, which are distinct goods or services within the contract, is transferred to the customer. Control is transferred when the customer has the ability to direct the use of and obtain the benefits from the goods or services. When revenue is recognized at a point in time, control generally transfers at time of shipment. Revenues are recognized over time if the customer simultaneously receives control as the Company performs work under a contract, if the customer controls the asset as it is being produced, or if the product produced for the customer has no alternative use and the Company has a contractual right to payment with a reasonable profit margin. Revenue over time is primarily recognized using a cost-to-cost input method, measured by the percentage of costs incurred to date compared to estimated total costs for each contract. This method is used as management considers costs incurred to be the best available measure of progress on these contracts. The transaction price for

Notes to the Consolidated Financial Statements

(in millions)

long-term contracts are primarily fixed; however, may include variable consideration, which includes, for example increases or decreases to the transaction price for change orders. Change orders which modify the scope of terms of an original contract are included in the transaction price once approved, the recovery amount is probable and the amount can be reliably estimated. Revenue recognized over time was \$147.0 and \$165.4 for the years ended December 31, 2023 and 2022, respectively.

Revenue is measured based on the amount of consideration the Company expects to receive, reduced for estimates for return allowances, discounts and rebates. Product returns, customer allowances and rebates are estimated based on contractual obligations, historical experience and known trends. Revenues also exclude any impacts from value-added taxes, sales tax and other taxes where the Company is a pass-through conduit for collecting and remitting such taxes to governmental authorities. Taxes collected are included in accrued expenses and other current liabilities until the taxes are remitted to the appropriate taxing authorities. Payment terms vary by customer and the time between invoicing and due date is typically not significant. Some customer contracts require an upfront cash deposit, which is included within customer deposits and deferred revenue on the consolidated balance sheets until control is transferred to the customer. Deferred revenue represents billing in excess of revenue recognized, which is included within customer deposits and deferred revenue on the consolidated balance sheets. Contract assets represent revenue recognized in excess of amounts billed and is included in accounts receivable on the consolidated balance sheets. Contract assets of \$28.7 and \$5.1 were recorded as of December 31, 2023 and 2022, respectively. The Company does not capitalize costs to obtain a contract as these amounts would generally be recognized over a period less than one year and are not material.

Shipping and Handling

Shipping and handling costs related to freight and distribution expenses for delivery directly to customers are recorded in selling, general and administrative expenses and totaled \$110.0 and \$124.6 for the years ended December 31, 2023 and 2022, respectively. All other shipping and handling costs are included in cost of goods sold.

Advertising Expenses

Advertising expenses are recorded as expense in the period incurred.

Income Taxes

In the U.S., the Company files income taxes as part of a consolidated return with its Parent and income taxes paid are treated as distributions to Parent. The accompanying consolidated financial statements are prepared on a separate return basis reflecting the Company on a stand-alone basis.

The Company accounts for income taxes under the asset and liability method. Deferred income tax assets and liabilities are recognized for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax bases. Deferred income tax assets and liabilities are measured using enacted rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred income tax assets and liabilities from a change in tax rates is recognized in earnings in the period that includes the enactment date. Non-U.S. subsidiaries pay income taxes in their respective countries and accordingly foreign income taxes related to their income are also recorded in the consolidated financial statements.

The Company annually assesses the realizability of deferred income tax assets recorded in each jurisdiction of operation. The Company records a valuation allowance against deferred income tax assets recorded in a particular jurisdiction if, based upon all available positive and negative evidence, the Company concludes that it is more likely than not that all or a portion of the deferred income tax assets recorded in such jurisdiction will not be realized.

The tax effects from an uncertain tax position can be recognized in the consolidated financial statements if the position is more likely than not to be sustained on audit based on the technical merits of the position. The Company recognizes the financial statement benefit of a tax position only after determining that it is more likely than not that the position would be sustained. For tax positions meeting the more likely than not threshold, the amount recognized in the consolidated financial statements is the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement with the relevant tax authority. When applicable, interest and penalties are calculated based on guidance from the relevant tax authority and recorded in the consolidated financial statements. As of December 31, 2023 and 2022, the Company has recorded uncertain tax positions of \$14.2 and \$8.4, respectively, inclusive of penalties, interest and federal benefit of state uncertain tax positions.

Notes to the Consolidated Financial Statements

(in millions)

In December 2019, the FASB issued ASU No. 2019-12, *Simplifying the Accounting for Income Taxes* ("ASU 2019-12"), which simplifies the accounting for income taxes by removing certain exceptions to the general principles of Topic 740, Income Taxes, and also improves consistency of application by clarifying and amending existing guidance. ASU 2019-12 is effective for fiscal years beginning after December 15, 2021, with early adoption permitted. The Company adopted the new standard on January 1, 2022, with no material impact to the consolidated financial statements.

Derivative Financial Instruments

The Company uses derivative financial instruments designated as cash flow hedges to manage exposure to the volatility in interest rates and foreign currency exposure. See Note 13 for additional information about derivative financial instruments.

In March 2020, the FASB issued ASU No. 2020-04, *Reference Rate Reform (Topic 848): Facilitation of the Effects of Reference Rate Reform on Financial Reporting* ("ASU 2020-04"), which provides optional expedients and exceptions to lessen the burden of accounting for contract modifications and hedging relationships that reference London Interbank Offered Rate ("LIBOR") or other reference rates that could be discontinued due to reference rate reform. ASU 2020-04 is effective immediately and may be applied through December 31, 2024. The transition from LIBOR to Secured Overnight Financing Rate ("SOFR") did not result in a material impact to the consolidated financial statements.

Allocated Corporate Costs

The Company received support from the Parent for certain corporate activities including, but not limited to consolidation accounting, tax services, legal, and other Parent corporate and infrastructure related costs. The total allocated corporate costs recorded in the consolidated financial statements were \$12.5 and \$11.6, respectively for the years ended December 31, 2023 and 2022 and are recorded in selling, general and administrative expenses. The expense and cost allocations were determined on a basis that management considered to be reasonable, primarily based on revenue and specific identification and applied consistently by the Company during the years ended December 31, 2023 and 2022.

Distributions to Parent

Distributions to Parent are recorded in units within members' equity and relate to return of capital to an affiliate as well as the difference between current income tax expense recorded on a separate return basis and payments made to Parent to reimburse Parent for income taxes paid on the Company's behalf, and equity appreciation right payments made on the Parent's behalf. For the years ended December 31, 2023 and 2022, the Company paid tax distributions of \$74.7 and \$58.6, respectively.

All intercompany transactions effected through equity in the accompanying consolidated financial statements have been considered cash receipts and payments and are reflected in the financing activities in the consolidated statements of cash flows.

Note 3. Fair Value of Financial Instruments

The Company's financial instruments consist primarily of the following: cash and cash equivalents, accounts receivable, accounts payable, marketable securities, pension assets, debt, and interest rate and foreign currency swaps (derivative instruments are discussed further in Note 13). The carrying values of the short-term financial instruments approximate their estimated fair values. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company uses a fair value hierarchy based on three levels of inputs used to determine fair value as follows:

Level 1 Quoted prices in active markets for identical assets and liabilities

Level 2 Quoted prices for similar assets and liabilities in active markets, quoted prices in inactive markets for identical assets and liabilities, and inputs other than quoted market prices that are observable for the asset or liability; and

Level 3 Valuations based on inputs that cannot be corroborated by observable market data and reflect the use of significant management judgment.

Interest rate and foreign currency swaps are derivative financial instruments and are carried at fair value on the balance sheet. The fair value of interest rate swaps is determined by using pricing models that incorporate quoted prices for similar assets and observable inputs such as interest rates and yield curves.

ark=20240703;2024070418018

Notes to the Consolidated Financial Statements

(in millions)

Note 4. Business Restructuring

Restructuring expenses of \$17.2 and \$32.3 were incurred in 2023 and 2022, respectively. These costs primarily relate to product line movements and severance associated with workforce reductions. As of December 31, 2023 and 2022, restructuring costs of \$4.7 and \$3.1, respectively, were included in accrued expenses and other current liabilities as they are expected to be paid within the next 12 months.

Note 5. Business Acquisitions

The Company acquires businesses in order to broaden and deepen its portfolio of businesses. The Company acquired one business in 2022 for \$89.3, inclusive of \$7.2 of deferred acquisition consideration. The acquisition is accounted for as business combinations in accordance with ASC 805, "Business Combinations".

Goodwill represents the amount of consideration in excess of the fair value of identified tangible and intangible assets and liabilities at the dates of acquisition and is primarily attributable to other intangible assets that do not qualify for separate recognition in the consolidated financial statements. The following table summarizes the estimated fair values of the assets acquired and liabilities assumed at the dates of acquisition for the 2022 acquisition. Subsequent adjustments were made in 2023 relating to the finalization of purchase accounting for prior year acquisitions. Changes to deferred acquisition consideration resulted from changes between estimated and final working capital amounts.

	2022 Acquisition
Cash paid, net of cash acquired	\$ 82.1
Deferred acquisition consideration	7.2
Purchase price	\$ 89.3
Identifiable assets acquired and liabilities assumed	
Current assets	\$ 15.8
Property, plant and equipment	2.1
Intangible and other long-term assets	50.8
Total assets acquired	68.7
Current liabilities	16.6
Long-term liabilities	15.1
Total liabilities assumed	31.7
Noncontrolling interest	0.9
Identifiable net assets acquired	36.1
Purchase price	89.3
Less: Identifiable net assets acquired	36.1
Goodwill	\$ 53.2

Deferred acquisition consideration of \$1.2 is recorded as of December 31, 2023 in accrued expenses and other current liabilities. \$3.3 of contingent and deferred acquisition consideration payments were made during the year ended December 31, 2023.

Deferred acquisition consideration of \$7.9 was recorded as of December 31, 2022 and include estimates of future seller earnouts, which are recorded in accrued expenses and other current liabilities. \$13.8 of contingent and deferred acquisition consideration payments were made during the year ended December 31, 2022.

Notes to the Consolidated Financial Statements

(in millions)

Note 6. Goodwill and Other Intangible Assets

Goodwill was recorded as a result of business acquisitions. The majority of tax goodwill is not deductible for tax purposes. The changes in the carrying amount of goodwill for the years ended December 31, 2023 and 2022 are as follows:

	Goodwill	
Balance at December 31, 2021	\$	2,680.1
Additions		54.7
Adjustment for prior year acquisition		16.5
Foreign currency translation		(6.8)
Balance at December 31, 2022	\$	2,744.5
Adjustment for prior year acquisition		(1.5)
Foreign currency translation		2.6
Balance at December 31, 2023	\$	2,745.6

The following table provides the gross carrying amounts and accumulated amortization for other intangible assets subject to amortization at December 31, 2023 and 2022:

	Trademarks	Customer Relationships	Technology	Patents	Backlog and Other	Total
Gross carrying amount	\$ 915.2	\$ 1,258.4	\$ 266.3	\$ 16.0	\$ 106.7	\$ 2,562.6
Accumulated amortization	—	(153.7)	(48.7)	(7.5)	(97.7)	(307.6)
Balances at December 31, 2022	\$ 915.2	\$ 1,104.7	\$ 217.6	\$ 8.5	\$ 9.0	\$ 2,255.0
Gross carrying amount	917.0	1,260.4	266.7	16.0	106.9	2,567.0
Accumulated amortization	—	(236.5)	(81.6)	(9.1)	(102.0)	(429.2)
Balances at December 31, 2023	\$ 917.0	\$ 1,023.9	\$ 185.1	\$ 6.9	\$ 4.9	\$ 2,137.8

Amortization expense related to intangible assets subject to amortization totaled \$121.0 and \$150.4 for the years ended December 31, 2023 and 2022, respectively.

As of December 31, 2023, future amortization expense for the next five years is expected to be the following:

2024	\$	118.5
2025		118.3
2026		116.1
2027		110.4
2028		101.8

Note 7. Marketable Securities

The Company made the initial investment in U.S. Treasury securities during 2023. These available-for-sale debt securities are recorded at fair value, with the portion of the unrealized gains and losses that are not credit-related included as a component of accumulated other comprehensive income in members' equity, until realized. There were no impairments due to credit loss on available-for-sale debt securities during 2023. As of December 31, 2023, marketable securities consisted of the following:

Notes to the Consolidated Financial Statements

(in millions)

Balances at December 31, 2023	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Fair Value
U.S. Treasury securities	\$ 24.7	—	—	\$ 24.7
Total	\$ 24.7	\$ —	\$ —	\$ 24.7

The marketable securities are presented as follows on the consolidated balance sheets for the year ended December 31, 2023:

Cash and cash equivalents	\$ 9.9
Prepaid expenses and other current assets	14.8
Total	\$ 24.7

Note 8. Inventories

Inventories consisted of the following:

	December 31, 2023	December 31, 2022
Raw materials	\$ 164.6	\$ 228.1
Work in process	31.9	31.4
Finished goods	127.4	136.9
Inventories	\$ 323.9	\$ 396.4

Note 9. Property, Plant and Equipment

Property, plant and equipment consisted of the following:

	December 31, 2023	December 31, 2022
Land	\$ 14.6	\$ 16.1
Buildings and improvements	112.4	115.0
Machinery and equipment	265.3	235.1
Right-of-use assets - finance leases	10.2	9.9
Construction in progress	18.9	26.6
Total property, plant and equipment	421.4	402.7
Less: Accumulated depreciation	(137.5)	(90.6)
Net property, plant and equipment	\$ 283.9	\$ 312.1

For the years ended December 31, 2023 and 2022, depreciation expense totaled \$52.5 and \$55.2, respectively. In April 2023, the Company sold land and buildings associated with a previously used manufacturing facility for \$8.3, resulting in a gain on disposal of \$1.2.

Notes to the Consolidated Financial Statements

(in millions)

Note 10. Income Taxes

Income tax expense was as follows:

	Year Ended December 31,	
	2023	2022
U.S. federal	\$ 55.2	\$ 48.9
U.S. state and local	21.5	9.1
Foreign	28.9	18.6
Total current	105.6	76.6
U.S. federal	(49.3)	(56.9)
U.S. state and local	5.1	(13.0)
Foreign	(6.9)	3.0
Total deferred	(51.1)	(66.9)
Total income tax expense	\$ 54.5	\$ 9.7

For the year ended December 31, 2023, the differences between the income tax expense recorded above and the amount computed by applying the federal statutory rate of 21% are primarily due to state income taxes, an increase in the valuation allowances, foreign earnings taxed at different rates than the U.S., and research and development credit.

For the year ended December 31, 2022, the differences between the income tax expense recorded above and the amount computed by applying the federal statutory rate of 21% are primarily due to state income taxes, additional valuation allowances, foreign earnings taxed at different rates than the U.S., and research and development credit.

As a result of the 2017 Tax Act, all unremitted foreign earnings have been taxed through December 31, 2017, and future foreign earnings generally qualify for a 100% exemption from U.S. taxation upon repatriation to the U.S. The Company does not consider foreign unremitted earnings to be indefinitely reinvested. The Company evaluated whether unremitted foreign earnings are subject to local withholding and distribution taxes and recorded a deferred income tax liability of \$6.6 of foreign withholding taxes as of December 31, 2023. The Company considers all other outside basis differences relating to foreign subsidiaries to be indefinitely reinvested and has not estimated the unrecorded deferred income taxes as it is not practicable due to complexities of the hypothetical calculation.

Significant components of the deferred income tax assets and liabilities were as follows:

Notes to the Consolidated Financial Statements

(in millions)

	December 31, 2023	December 31, 2022
Deferred income tax assets		
Disallowed business interest	\$ 97.4	\$ 64.6
Right-of-use assets	40.5	45.6
Reserves and accruals	31.5	30.3
Net operating loss and other carryforwards	28.2	26.4
Capitalized research and development	21.3	10.6
Equity appreciation rights	14.6	16.0
Inventory	7.2	7.4
Property, plant and equipment	1.1	1.0
Other	2.8	5.7
Total gross deferred income tax assets	244.6	207.6
Valuation allowance	(29.7)	(24.0)
Net deferred income tax assets	\$ 214.9	\$ 183.6
Deferred income tax liabilities		
Intangibles	\$ (429.6)	\$ (440.7)
Investment in partnership	(48.8)	(43.1)
Right-of-use liabilities	(39.7)	(45.1)
Property, plant and equipment	(30.3)	(40.2)
Other	(7.6)	(5.0)
Total gross deferred income tax liabilities	(556.0)	(574.1)
Net deferred income tax liabilities	\$ (341.1)	\$ (390.5)

As of December 31, 2023, the Company recorded deferred income tax assets for foreign and state net operating loss carryforwards and foreign and state tax credits carryforwards of \$15.7, \$5.1, \$5.9 and \$1.5 respectively. Of those deferred income tax assets, \$15.4 expire on or before December 31, 2043 and \$12.8 may be carried over indefinitely. As of December 31, 2023, the Company recorded valuation allowances of \$29.7 primarily related to these deferred income tax assets.

As of December 31, 2023, the tax years 2017 through 2023 generally remain open to audit in the U.S. and foreign locations.

Note 11. Accrued Expenses and Other Current Liabilities

Accrued expenses and other current liabilities consisted of the following:

	December 31, 2023	December 31, 2022
Seller earnout and deferred acquisition consideration	\$ 1.2	\$ 7.9
Personnel and restructuring costs	67.6	57.7
Commercial costs	19.7	20.8
Warranty costs	25.9	28.5
Accrued interest	51.3	6.0
Right-of-use liabilities	26.9	26.4
Insurance and legal costs	11.1	16.4
Taxes payable	11.1	9.3
Other	13.3	16.4
Total accrued expenses and other current liabilities	\$ 228.1	\$ 189.4

Notes to the Consolidated Financial Statements

(in millions)

Note 12. Debt

Debt consisted of the following:

	December 31, 2023	December 31, 2022
Term notes	\$ 2,476.5	\$ 2,501.9
Original issue discount on term notes	(8.8)	(11.0)
Senior notes	1,035.0	1,035.0
Senior secured notes	700.0	700.0
Revolving credit facility	—	—
Equipment loans and finance leases	5.9	5.8
Deferred financing fees, net	(67.5)	(83.6)
Total debt	4,141.1	4,148.1
Less: Current maturities	(27.7)	(27.4)
Long-term debt	\$ 4,113.4	\$ 4,120.7

Term Loan

The Company has a term loan which requires quarterly payments and has a maturity date of June 2028. At December 31, 2023 and 2022, the interest rate on the loan was 8.7% and 8.0%, respectively.

In order to reduce the Company's exposure to variability in future cash flows attributable to interest rate risk, the Company entered into interest rate swap agreements beginning in 2019 where the Company receives floating interest rate payments in exchange for fixed interest rate payments, effectively converting a portion of the floating rate borrowing into a fixed rate borrowing. All interest rate swaps expired by December 2023.

Senior Notes

The Company has \$1,035.0 in Senior Notes payable as of December 31, 2023 and 2022. The Senior Notes accrue interest at 5.9% per annum and are due in June 2029.

Senior Secured Notes

The Company has \$700.0 in Senior Secured Notes payable as of December 31, 2023 and 2022. The Senior Secured Notes accrue interest at 4.1% per annum and are due in June 2028.

Revolving Credit Facility

The Company has a revolving credit facility with an available commitment of \$200.0. During the year ended December 31, 2023, no amounts were borrowed or repaid. During the year ended December 31, 2022, \$134.0 was borrowed and \$134.0 was repaid under the revolving credit facility, which expires in June 2026. The interest rate on the revolving credit facility is SOFR plus 3.25%.

Equipment Loans and Finance Leases

The Company has various equipment loans and finance leases outstanding from several banks and lessors. The loans and leases typically require monthly payments and have maturity dates through September 2028. See Note 14 for additional information on finance leases.

Seller Promissory Note

The Company had one unsecured subordinated promissory note with the former owners of an acquired company. There were no principal payments due until maturity and interest was not paid but instead added to the principal outstanding on the note. The interest rate was 4.0% and the promissory note was paid in January 2022.

Notes to the Consolidated Financial Statements

(in millions)

Maturities on all debt, inclusive of finance leases, as of December 31, 2023, are as follows:

2024	\$	27.7
2025		27.5
2026		26.7
2027		25.8
2028		3,075.0
Thereafter		1,035.0
	\$	4,217.7

Certain indebtedness contains a financial covenant and non-financial covenants. The financial covenant is only operative if the Company has outstanding amounts drawn on the Revolving Credit Facility above a certain threshold. Borrowings under the Revolving Credit Facility, Term Loan, and Senior Secured Notes are collateralized by a majority of the Company's assets.

Note 13. Derivative Financial Instruments

The Company does not enter into derivative financial instruments for trading or speculative purposes. As noted in Note 12, the Company has entered into interest rate swaps to manage interest rate exposure.

The fair value of the Company's derivatives is estimated with a market approach using third-party pricing services, which have been corroborated with data from active markets or broker quotes. The fair value of the Company's derivatives is measured using Level 2 fair value inputs.

The Company entered into interest rate swap agreements to reduce the Company's exposure to variability in future cash flows attributable to interest rate risk. These interest rate swaps expired by December 2023. The amount of gain (loss), net of tax, recognized in other comprehensive income ("OCI") during the year ended December 31, 2023 was \$(0.9). The fair value of the interest rate swaps as of December 31, 2022 of \$1.4 was recorded in other long-term assets. The amount of gain (loss), net of tax, recognized in OCI during the year ended December 31, 2022 was \$1.2. For the years ended December 31, 2023 and 2022, the amount of gain (loss), net of tax, recognized in interest and financing expenses in the consolidated statements of income relating to interest rate swaps was \$(0.1) and \$0.3, respectively.

In January 2023, the Company entered into foreign currency swaps to manage foreign currency exposures on international operations where the Company receives fixed foreign exchange rate payments in exchange for floating exchange rate payments. These foreign exchange rate swaps expired in December 2023. The amount of gain (loss), net of tax, recognized in net income on these swaps during the year ended December 31, 2023 was \$3.8.

Additionally, the Company had entered into foreign currency swaps to manage foreign currency exposure on a foreign currency denominated revenue contract beginning in July 2021. These foreign exchange rate swaps expired in July 2022. The amount of gain (loss), net of tax, recognized in OCI on these swaps during the year ended December 31, 2022 was \$0.2.

Note 14. Leases

The Company leases manufacturing, warehouse and office facilities as well as manufacturing and office equipment under operating leases that expire at various dates through 2038. The facility leases generally provide that the Company is responsible for taxes, utilities, maintenance, and insurance.

The weighted-average remaining lease term for operating leases was 6.8 and 7.6 years and the weighted-average discount rate was 1.8% and 1.7% as of December 31, 2023 and 2022, respectively. The weighted-average remaining lease term for finance leases was 2.8 and 3.3 years and the weighted-average discount rate was 3.0% and 2.2% as of December 31, 2023 and 2022, respectively.

Notes to the Consolidated Financial Statements

(in millions)

Supplemental balance sheet information related to leases is as follows:

Operating Leases	Financial Statement Line Item on the Consolidated Balance Sheets	December 31, 2023	December 31, 2022
Right-of-use assets, net	Other long-term assets	\$ 149.0	\$ 173.5
Current lease liabilities	Accrued expenses and other current liabilities	26.9	26.4
Long-term lease liabilities	Other long-term liabilities	125.5	149.8
Total operating lease liabilities		\$ 152.4	\$ 176.2

Finance Leases	Financial Statement Line Item on the Consolidated Balance Sheets	December 31, 2023	December 31, 2022
Right-of-use assets, net	Property, plant and equipment, net	\$ 6.1	\$ 6.2
Current lease liabilities	Current maturities of long-term debt	2.3	2.0
Long-term lease liabilities	Long-term debt	3.6	3.7
Total finance lease liabilities		\$ 5.9	\$ 5.7

The Company recorded \$31.1 and \$30.3 in operating lease expense during the year ended December 31, 2023 and 2022, respectively. The amounts recorded in operating lease expense include short-term leases and variable lease costs, which are immaterial.

Future minimum noncancellable lease payments under these leases as of December 31, 2023, were as follows:

	Operating Leases	Finance Leases
2023	\$ 29.0	\$ 2.3
2024	27.1	2.1
2025	24.1	1.3
2026	22.2	0.4
2027	19.1	0.1
Thereafter	40.0	—
Total	161.5	6.2
Present value adjustment	(9.1)	(0.3)
Present value of lease liabilities	\$ 152.4	\$ 5.9

The following table presents supplemental cash flow information related to cash paid for amounts included in the measurement of lease liabilities:

	Year Ended December 31,	
	2023	2022
Operating cash flows for operating leases	\$ 30.0	\$ 28.1
Operating cash flows for finance leases	0.1	0.1
Financing cash flows for finance leases	2.5	2.1

Note 15. Employee Benefit Plans

Defined Contribution Plans

The Company has various defined contribution 401(k) profit sharing plans covering substantially all full time U.S. employees and certain employees outside the U.S. participate in defined contribution plans maintained by the Company. For the years ended December 31, 2023 and 2022, the Company's matching contributions were \$7.6 and \$8.7, respectively.

Notes to the Consolidated Financial Statements

(in millions)

Pension and Postretirement Plans

The Company has defined benefit pension plans ("Pension Plans") which cover certain U.S. full-time and part-time as well as certain international employees. The benefits in the Pension Plans are determined based on a fixed monthly payment per year of service or on a combination of years of service and earnings. The Company's funding policy is to make the minimum annual contributions required by applicable regulations. Certain Pension Plans are not fully funded by pension assets, so benefits paid under the obligation will be greater than benefit payments relieved from pension assets. Most of the long-term pension liability is due to certain hourly and salaried pension plans carried over from a business acquired in 2021. These plans are frozen and as a result, no new individuals, other than spouses of deceased participants, are eligible for participation in the Pension Plans.

The funded status of the Pension Plans is measured as the difference between the plan assets fair value and the projected benefit obligation.

Obligation and Funded Status

The following provides information for these Pension Plans:

	Year Ended December 31,	
	2023	2022
Projected benefit obligation at end of year	\$ 92.1	\$ 91.7
Employer contributions	1.5	2.3
Benefits paid	8.4	32.5
Fair value of plan assets at end of year	83.3	81.8
Funded (underfunded) status	(8.8)	(9.9)

During the year ended December 31, 2022, the Company purchased a group annuity contract utilizing \$21.7 of plan assets which decreased the Company's projected benefit obligation by \$20.3. In conjunction with this transaction, the Company recorded a loss on pension settlement of \$1.9 which is presented in other (income) expense on the consolidated statements of income (loss).

The funded status of each plan is determined on a plan by plan basis. The funded status of the Company's Pension Plans are included as follows in the consolidated balance sheets:

	December 31, 2023	December 31, 2022
Other long-term assets	\$ 1.5	\$ 1.4
Accrued expenses and other current liabilities	0.2	0.2
Other long-term liabilities	10.1	11.1

The accumulated benefit obligation is \$92.1 and \$91.7 as of December 31, 2023 and 2022, respectively.

Amounts recorded in accumulated OCI (pre-tax) related solely to net actuarial gains and (losses) which were \$(8.8) and \$(9.2) as of December 31, 2023 and 2022, respectively.

Net periodic pension cost recognized in net income (loss) was \$1.2 and \$(0.3) in 2023 and 2022, respectively.

Notes to the Consolidated Financial Statements

(in millions)

Assumptions

The Company determines actuarial assumptions on an annual basis. The following assumptions, which are the weighted average for all plans, are used to calculate the benefit obligation at December 31 of each year and the net periodic cost for the subsequent year:

	Year Ended December 31,	
	2023	2022
Assumptions used to determine benefit obligations		
Discount rate	4.8 %	5.0 %
Assumptions used to determine net periodic benefit cost		
Discount rate	5.0 %	3.9 %
Expected return on plan assets	5.8 %	4.9 %

For the years ended December 31, 2023 and 2022, the discount rate used to determine benefit obligations for U.S. plans was 4.9% and 5.1%, respectively. For the years ended December 31, 2023 and 2022, the discount rate used to determine benefit obligations for foreign plans was 4.5% and 4.8%, respectively. Several factors are considered in developing the estimate for the long-term expected rate of return on plan assets. For defined benefit pension plans, these factors include current and projected asset allocations, historical rates of return on broad equity and bond indices and projected long-term rates of return obtained from pension investment consultants.

Plan Assets

The Company's investment objective is to meet the Pension Plans' benefit obligations, while minimizing the potential for future required Company plan contributions. The investment strategies focus on asset class diversification, liquidity to meet benefit payments and an appropriate balance of long-term investment return and risk. Target ranges for asset allocations are determined by matching the actuarial projections of the Pension Plans' future liabilities and benefit payments with expected long-term rates of return on the assets, considering investment return volatility and correlations across asset classes. Plan assets are diversified across several investment managers and are generally invested in liquid funds that are selected to track broad market equity and bond indices. Plan assets are rebalanced to target allocations on a periodic basis and with continual monitoring of investment managers' performance relative to the investment guidelines established with each investment manager.

The Company's target asset allocation for the year ended December 31, 2023, and actual asset allocation by asset class as of December 31, 2023 and 2022, was as follows:

Asset Class	Target Asset Allocation 2023	Actual Asset Allocation 2023	Actual Asset Allocation 2022
Cash	3 %	3 %	4 %
Diversified equity mutual funds	55 %	55 %	52 %
Fixed income mutual funds	42 %	42 %	44 %
Total	100 %	100 %	100 %

Fair Value Measurements

The following information sets forth the fair value of the Company's plan assets as of December 31, 2023 and 2022 segregated by level within the fair value hierarchy (refer to Note 3 for further discussion on the fair value hierarchy and fair value principles). The fair value of equity and fixed income funds is based upon the quoted market prices for the funds or their net asset values ("NAV"). These investments include collective investment funds which are pooled accounts held by a financial institution as well as funds of funds.

Notes to the Consolidated Financial Statements

(in millions)

Plan assets measured at fair value are categorized consistently by level and are as follows:

Asset Class	December 31, 2023			
	Level 1	Level 2	NAV	Total
Cash and cash equivalents	\$ 2.9	\$ —	\$ —	\$ 2.9
Diversified equity funds	—	27.8	17.9	45.7
Fixed income funds	—	1.7	33.0	34.7
Total	\$ 2.9	\$ 29.5	\$ 50.9	\$ 83.3

Asset Class	December 31, 2022			
	Level 1	Level 2	NAV	Total
Cash and cash equivalents	\$ 3.7	\$ —	\$ —	\$ 3.7
Diversified equity funds	—	24.5	17.8	42.3
Fixed income funds	—	2.8	33.0	35.8
Total	\$ 3.7	\$ 27.3	\$ 50.8	\$ 81.8

Cash Flows

The Company's best estimate of cash requirements for the Pension Plans for the year ending December 31, 2024, is approximately \$0.8.

Estimated benefits paid to participants of the Pension Plans in each of the next five years and in the aggregate for the five years thereafter are as follows:

2024	\$	7.3
2025		7.1
2026		6.9
2027		6.8
2028		6.6
Five years thereafter		29.8

In addition, a U.S. subsidiary has a postretirement medical plan which provides fixed health and life insurance benefits for eligible employees upon retirement. Employees hired after 2010 are not eligible for this plan. The postretirement medical plan covers approximately 50 current and former employees and as of December 31, 2023 and 2022, the projected benefit obligation was \$1.7 and \$1.8, respectively. For the years ended December 31, 2023 and 2022, the plan's postretirement medical expense was \$0.0 and \$0.1, respectively. The subsidiary made \$0.1 of plan contributions in both 2023 and 2022. The postretirement medical plan liability is not supported by any plan assets and is annually funded by a combination of employer and employee contributions. Amounts recorded in accumulated OCI (pre-tax) related solely to net actuarial gains and (losses) which were \$1.0 and \$1.2 as of December 31, 2023 and 2022, respectively.

In August 2018, the FASB issued ASU No. 2018-14, *Compensation-Retirement Benefits-Defined Benefit Plans-General (Topic 715-20): Disclosure Framework-Changes to the Disclosure Requirements for Defined Benefit Plans* ("ASU 2018-14"). The standard modifies the disclosure requirements for employers that sponsor defined benefit pension or other postretirement plans. ASU 2018-14

Notes to the Consolidated Financial Statements

(in millions)

is effective after December 15, 2021. The adoption of this guidance did not have a material impact on the consolidated financial statements.

Equity Appreciation Rights Plan

Certain employees of the Company participate in an Equity Appreciation Rights Plan ("EAR Plan") offered by a subsidiary (the "Plan Sponsor") of the Parent. The purpose of the EAR Plan is to provide certain key employees an equity-value based long-term incentive to align their interests with those of the owners of the Parent and to retain key employees. Awards under the EAR Plan are subject to performance conditions and are only earned and payable upon the attainment of performance conditions, the occurrence of a qualifying liquidity event (as defined in the EAR Plan) and at the discretion of the plan manager. Awards under the EAR Plan are subject to restrictive covenants including noncompete provisions. Valuation of the awards is based on the Company's best estimate of amounts to be paid based on the plan manager's assumptions around equity value, service period, and expected term/payout date. In addition, the Company has elected a policy of discounting the liability associated with the awards to its expected payout date and estimating forfeitures throughout the life of the awards. The obligation for any payout under the EAR Plan remains an obligation of the Plan Sponsor and not an obligation of the Company. For the years ended December 31, 2023 and 2022, expense related to the EAR Plan was \$23.6 and \$64.9, respectively.

Note 16. Related Party Transactions

For the years ended December 31, 2023 and 2022, the Company reimbursed an affiliate \$12.5 and \$11.6, respectively, for direct and allocated costs incurred on behalf of the Company. For the years ended December 31, 2023 and 2022, the Company received contributions from Parent of \$0.0 and \$83.3, respectively. For the years ended December 31, 2023 and 2022, the Company paid distributions to Parent of \$9.9 and \$8.9, respectively. In 2023 and 2022, the Company made purchases from an affiliate of \$5.2 and \$3.7, respectively. Refer to Note 15 for information regarding the EAR Plan offered by a subsidiary of the Parent.

Note 17. Contingencies

The Company may be subject to claims and lawsuits arising in the ordinary course of business. While any such matters contain an element of uncertainty, management believes that adequate provisions have been recorded and the ultimate disposition or resolution of such claims and lawsuits, if any, will not have a material adverse effect on its consolidated financial position.

Note 18. Subsequent Events

The Company has evaluated subsequent events occurring through March 26, 2024, the date that the consolidated financial statements were available to be issued, for events requiring recording or disclosure in the Company's consolidated financial statements.

0001404703, 2024070418030

Schedule of Earnings Before Interest, Taxes, Depreciation, Amortization and Other (EBITDA)
(in millions)

In addition to GAAP measures of financial performance, the Company measures its financial performance based on EBITDA because management believes it is an appropriate supplemental measure that provides important information about the performance of the business. It should not be considered a substitute for measures of performance under GAAP. Management uses this measure to monitor business performance. The Company's calculation of EBITDA includes earnings before interest, taxes, depreciation and amortization and certain other nonoperational and nonrecurring items, based on management's judgment. The table below represents the reconciliation between net income as reported in the combined statements of income and EBITDA for the years ended December 31, 2023 and 2022.

<i>(in \$ millions)</i>	2023	2022
Net income (loss)	75.4	(0.9)
Interest and financing expenses	319.8	241.9
Income tax expense	54.5	9.7
Depreciation and amortization	173.5	205.6
Transaction expenses	0.3	1.6
Restructuring expenses	17.2	32.3
Equity appreciation rights expense	23.6	64.9
Foreign currency gain	—	4.5
Allocated corporate costs	12.5	11.6
Amortization of operating lease right of use assets	30.8	30.3
Non-recurring professional and consulting expenses	4.2	10.1
Remeasurement of contingent consideration	(1.9)	(8.6)
Purchase accounting inventory adjustment	—	0.3
Other	0.1	2.0
EBITDA	710.0	605.3
